

EDWARD VII IN PARIS. WELCOMED BY FRENCH. City in Gala Attire—King Greeted by President Loubet.

(Special to The New-York Tribune by French Cable.) (Copyright, 1903, by The Tribune Association.) Paris, May 1.—The keynote of the attitude of the Parisian public was given this afternoon when, as King Edward, in the uniform of a field marshal, descended from the train and shook hands with President Loubet and exchanged a few cordial words with him, the Emperor of the French Republic played "God Save the King." As the King came out of the station...

KING GOES TO THEATRE. Escorted by President Loubet to the Performance.

(By The Associated Press.) Paris, May 1.—King Edward proceeded to the Theatre Francaise in the Rue du Faubourg St. Honoré, where sumptuous apartments had been prepared for him, including a throne room, furnished above the art treasures of the Borghese Palace. Above the embassy, transformed into a palace, the royal standard of Great Britain was raised. The Rue du Faubourg St. Honoré was densely packed, and the crowds continuously acclaimed his majesty.

FINED A UNITED STATES CONSUL. German Judge Also Imposed a Sentence of Imprisonment on Mr. Landger.

Solingen, Rhenish Prussia, May 1.—United States Consul Landger was fined \$750 to-day by the judge of a local court for disorderly conduct in the courtroom, where he was present as a witness. Mr. Landger protested that he was a United States official, and could not be fined in that manner; thereupon the judge sentenced him to one day's arrest for continued disorderly behavior.

AMERICAN CASE SUBMITTED. Alaskan Boundary Brief Delivered to the British Embassy.

Washington, May 1.—The case of the United States which is to be laid before the Alaskan Boundary Commission was completed, and was today delivered to the British Embassy here to-day. The case makes a volume of 650 pages. The next step will be the preparation of the counter cases, and these must be delivered, one in Washington and one in London, on July 3. All this is preparatory to the meeting of the joint commission, which will take place in London on September 3, on which date the printed arguments of counsel must be submitted.

SECRETARY HAY THANKS RUSSIA. Her Statement in Regard to Manchuria Gracefully Acknowledged.

Washington, May 1.—Secretary Hay has made a graceful acknowledgment of Russia's statement of her purposes relative to Manchuria in a letter to the Russian minister here to-day. The Secretary's note, addressed to Count Cassini, expressed regret that there should have been any temporary misconception or doubt as to Russia's position in the matter, and returned the thanks of this government for the frank and satisfactory declaration of Russia's principles. Incidentally, of course, the note serves to make a permanent record of Russia's position as verbally explained to the United States.

MAY DAY WALK OF LONDON BROKERS. Eighty-seven Start in a Fifty-two-Mile Race —Won by E. F. Broad.

London, May 1.—Eighty-seven members of the London Stock Exchange started this morning from Westminster Bridge on a May Day walk to the Brighton Aquarium. Great interest had been excited in this contest, for which the competing members had been training for weeks past. Handsome prizes were offered to the competitors in this fifty-two-and-one-quarter-mile tramp, and considerable interest was shown in the race. A large crowd was present when the start was effected at 6:30 o'clock, in cloudy, unpromising weather. Most of the men donned running costumes, and the striking appearance of many of them led to such a fire of jeers that when the word "go!" was given they started off with the greatest alacrity, evidently glad to get beyond the reach of the chaffing spectators. For some time after the start the route followed resembles the road to the Derby Day. Many motors and carriages and hundreds of cyclists and pedestrians formed a convoy for the contestants, while patent food purveyors utilized the occasion to the fullest extent, scores of them sending out their wares in baskets and trays. Before five miles had been covered one-third of the men had become exhausted, and many were covered with mud, looking, with few exceptions, decidedly sick as a result of the unwieldy exertion. The motor and carriage traffic was held up to greet the pedestrians, whose numbers had been reduced nearly one-half by the time they passed the first twenty miles from the start.

EASTERN TRUST CO. STATEMENT. Says Stockholders Should Not Be Disturbed by Circular of Unauthorized Agents.

The Van Norden Trust Company, as announced in the Tribune on Thursday, is desirous of taking over the Eastern Trust Company, of No. 115 Broadway. The first public intimation of the merger project came in the form of a circular, which was sent out Wednesday to the stockholders of the Eastern Trust Company by the brokerage house of Lisman, Lorge & Co. opposing the proposition. Yesterday Charles M. Jesup, president of the Eastern Trust Company, sent to the stockholders another circular giving the condition of the company and saying, among other things: "This committee desires to assure you that there is no necessity whatever for you to be disturbed by the unauthorized and self-appointed agents who have recently issued the circulars and propositions above referred to."

THE ALASKA BOUNDARY. TURKS-IN MACEDONIA. BRITISH CASE SUBMITTED. King's Visit to France—A Shannon Academy. A Strong Force Concentrating at Verosovich Military Plans.

(Special to The New-York Tribune by French Cable.) (Copyright, 1903, by The Tribune Association.) London, May 2, 1. a. m.—The British Alaska case has been worked up with scientific thoroughness by the Canadian staff under the general direction of F. C. Wade and Edward Blake. The first portion of the evidence, with maps, documents, correspondence, surveys and other material, bound in scarlet morocco, was sent last evening to the American Ambassador. It was expected that the American Commission at Washington would transmit the first portion of its case simultaneously to the British ambassador. It is not known whether any discoveries have been made in the archives of the Foreign Office, but the Hon. C. Sifton, Joseph Pope and eight experts, who have been assisting the counsel, have been laboring assiduously for weeks in a critical examination of the evidence and preparation of the entire outfit. The Canadian Commission admitted last night that the evidence was ready for the American ambassador, but considered it un diplomatic to present a summary of the budget, or to reveal the general line of argument. Mr. Sifton and the majority of the commission will return to Canada before the end of May, but Mr. Wade will remain until the general meeting of the international tribunal in September.

It is anticipated by many acute observers here that the visit of King Edward to Paris will have important political consequences. This anticipation is mainly based on the fact that the visit is the first one paid by a British monarch, as such, to the French Republic. Queen Victoria was frequently in France of late years, but she invariably travelled as the Countess of Balmoral. Thanks in a great measure to the persistency of Sir Gilbert Parker, the Deceased Wife's Sister bill was advanced a stage further yesterday than it has attained for a great number of years. The debate, however, showed that the House of Commons is heartily sick of the subject.

The warmth of the King's reception at Paris has created a profound impression here. The editorial columns of this morning's papers ring with praises of France and the French, while the King himself is credited with having achieved a notable personal triumph. Dispatches from all the Continental capitals agree in declaring that the Balkan situation has been rendered exceedingly grave by the dynamite outrages at Salonica.

There was a great crush at the private view at the Academy yesterday. The general comment was that it was a Shannon Academy, and that Mr. Sargent's work was rivaled, if not outclassed, by the portraits of his American colleague. I. N. F.

STATE OF SIEGE AT SALONICA. Outrages There Produce Alarm at Constantinople.

Constantinople, May 1.—A state of siege has been proclaimed at Salonica, where the Ottoman Empire was destroyed by dynamite yesterday and the Turkish postoffice and other buildings were attacked by bands of men armed with bombs, and extraordinary military precautions have been ordered everywhere in the empire, as it is anticipated that similar anarchistic outrages may be attempted at Constantinople and elsewhere. The greatest indignation has been aroused in directing attacks on foreign property was evidently with the view of provoking the intervention of the powers. It is feared that the outrages may lead to massacres of Macedonians and Bulgarians by Mussulmans, who are in a state of dangerous excitement. The treasure of the Ottoman Bank is safe.
