

FEELING MORE HOPEFUL.

Many Gains in the Stock Market Recorded.

COURSE OF U. S. STEEL COMMON.

The stock market opened yesterday with higher prices throughout the list, and after the subsidence of an early selling movement which seemed directed especially against the United States Steel issues, the leaders in the sharp decline of Tuesday afternoon, continued its advance until mid-afternoon, when renewed selling developed, under which many of the early gains were materially reduced.

United States Steel common, which had closed on Tuesday at 22 1/2, opened with sales of 7,500 shares at 22 1/2 to 22 3/4, and the preferred opened at 70 1/2 to 70 3/4, and the preferred opened at the greatest interest, and when, after touching 22 1/2 and 70 1/4, respectively, early in the first hour, they began steadily to rise, the entire market advanced with them.

Rock Island common, which on Tuesday made a new low record at 2 1/2, advanced yesterday to 2 3/4, and closed at 2 3/4, a net gain of 1/4 point. The big banking houses were credited with placing heavy buying orders in the market, and the commission house buying was more noticeable than of late.

The rumors of impending Wall Street failures died away, a firm which had been in some difficulty having been placed in a position of assured safety. With the prevalence of a more hopeful feeling the shorts began to cover, and the buying for that account naturally had its share in causing the general advance.

BIG CROPS ALONG THE 'FRISCO.

B. L. Winchell, vice-president and general manager of the St. Louis and San Francisco Railroad system, sends the following telegram to 'Frisco's New York office, after a full trip over the company's line in the Southwest.

After a trip through Kansas, Oklahoma and Indian Territory, we are sure our wheat traffic alone will earn our dividends for the year on first and second crop wheat. Corn looks fine and no more rain is now assured. Cotton is improving every day, and we have no doubt of large yields. Traffic in sight is enormous. We are short of day of cars to move grain and lumber.

A high official of the company says: "This means several hundred cars of wheat daily for us within the next forty to sixty days, or when the wheat crop in our territory is ready for movement."

J. W. GATES ON OUTLOOK.

John W. Gates was at his office yesterday for the first time in about six weeks. In discussing stock market conditions he said: "The situation has gone on further than the liquidation warrants. The Steeplechase stock, among them railway shares, with a few exceptions, I have just got back from the West, where there is every promise of at least good average crops, the transportation of which will give profitable drives for the railroads."

ACCUSES TEN DOCTORS.

Brooklyn Physicians Before Lederle on Incompetency Charges.

Ten physicians practicing in Brooklyn were summoned to appear before Commissioner Lederle, of the Board of Health, yesterday to answer charges of incompetency. They were charged with reporting scarlet fever patients out of danger before they had fully recovered.

Commissioner Lederle said only two of the doctors had given satisfactory explanations as to their conduct. He had reserved decision on the other eight. He said he did not think it would be right for him to give out the names of the accused physicians, as it might ruin their business.

RUSSELL'S ASSIGNMENT.

An assignment has been filed in the Register's office, in Brooklyn, by John L. Russell, who resigned recently as secretary of the Journey & Burnham Company, Brooklyn, after he had taken a mysterious trip to Mills-ville, Ga., to the Journey & Burnham Company, of a mortgage for \$2,950 on real estate at Fenimore-st. and Rogers-ave., Flatbush, which was given to him for money loaned to Josephine Hall on May 15, 1902.

The assignment to the Journey & Burnham Company is for a consideration of \$1. Harry Boyd, secretary and treasurer of the company, said yesterday that Mr. Russell had transferred the mortgage to the firm on Tuesday afternoon, not on account of any shortage in Mr. Russell's accounts, but entirely as a precautionary measure. He said the company could not lose anything even if there should be a shortage. The accounts were being audited, and so far everything was correct.

Commissioner Lederle said only two of the doctors had given satisfactory explanations as to their conduct. He had reserved decision on the other eight. He said he did not think it would be right for him to give out the names of the accused physicians, as it might ruin their business.

BARTLETT OFF SLATE.

Labor Leaders Tell Murphy They Will Not "Stand for Him."

The "peepul" in Tammany Hall, as Congressman "Billy" Sulzer likes to call them, are having quite a lot of sport smashing the slate" which Charles F. Murphy week by week sets up for them. Colonel Franklin Bartlett was the last man on the Murphy "slate." The organized labor interests in Tammany Hall, which Mr. Murphy and his associates are cultivating, have smashed the Bartlett slate with one fell blow.

CHANCES OF SHEPARD AND HAFEN

The labor people, it is said, are against Colonel Bartlett because he has at various times appeared as counsel for interests hostile to organized labor, and for this reason they have hinted to Mr. Murphy that if he wants to make sure of defeat next fall the best thing he can do is to have the Colonel on the Tammany ticket.

Several labor leaders called on Mr. Murphy this week and told him that there was nothing sure about the labor men supporting the Tammany ticket this fall, even if the ticket should be a good one; but as for Colonel Bartlett, they said, they would not "stand for" him for a minute.

It is reported that Mr. Murphy assured his callers that the name of Colonel Bartlett was not being discussed in connection with the mayoralty nomination by those who will make up the slate. He said that the Colonel's name had been taken up by certain newspapers without authorization by any recognized leader in Tammany Hall, and that all talk about candidates at this time is premature.

Colonel Bartlett's friends say that there is nothing in his political record that warrants hostility from organized labor, and that if he should be nominated organized labor interests could be placated without any trouble.

Meanwhile the Hafen and Shepard booms are being watched carefully. As already stated in The Tribune, Edward M. Shepard, although a defeated candidate, stands as good a chance for the nomination as any one. The friend of Louis F. Hafen are working quietly and energetically with the idea of forcing his nomination. It is understood that Mr. Hafen and Borough president Cassidy are working together in this regard, and that when the time comes Mr. Cassidy will insist on the naming of Mr. Hafen. Messrs. Hafen and Cassidy are the only regular Democrats in the Board of Estimate and Apportionment. They have assisted each other in getting their full share of good things in the shape of liberal appropriations for improvements, and if Mr. Hafen should become Mayor Mr. Cassidy's interests would be fully protected.
