## IN THE WORLD OF SPORTS.

### The City Baseball Mad—Largest Automobile in the World.

The Giants have lost only one game so far. Philadelphia has the distinction of this single victory. The crowds that gathered at the Polo Grounds on Thursday, the opening day, and on Saturday show that the city is baseball mad.

## AMATEUR AND PROFESSIONAL.

The prize list for the Lakewood Horse Show, which opens on May 5 and 7, shows not only the horses singly, in pairs and four-in-hands, but provides for a class for unicorns, or, as it is sometimes called, a "snick," being one lead horse ahead of a team, and also a class for pairs of jumpers, or two horses jumping at the same time.

FLOYD McDOWELL, Captain New-York University baseball team.

The defeat that Brown gave Princeton on Saturday was a surprise, even to the undergraduates of the Providence university. So little confidence was felt in the "purified" team that the management issued a protest because only fifty tickets had been sold.

The largest automobile in the world is owned by M. Bellamy, who built it. It is an eight-cylinder car of 20-horsepower. Its cylinders are 13 1/2 inches, and each can be used independently of the others.

## THE RACETRACK.

### Excelsior To Be Run To-day—Major Dangerfield Top Weight.

The Metropolitan Jockey Club will begin its nine days' meeting at Jamaica this afternoon, and the number and quality of the entries received for the various stakes to be decided warrant the presumption that the meeting will be productive of some excellent racing. The opening to-day will be celebrated by the second running of the Excelsior Handicap, for three-year-olds and over, at a mile and a sixteenth. Fifteen owners have accepted the weights assigned by Mr. Voshburn and signified their intention of sending their horses to the post by naming them in the overnight list of entries.

Top weight, 120 pounds, falls to the lot of W. B. Leeds's Major Dangerfield, the five-year-old son of Handspring—Mou Drott. The black horse has not been seen in public this year, but "Tom" Welsh, it is said, has him ready, and unless something unforeseen happens he will face the starter this afternoon. In the weight assignments Charles Elwood is next to the Major, with 116 pounds. He is a colt, named after the Aqueduct with 125 pounds up, but with the difference in weight he no doubt will show to better advantage. Rose, trainer of the Queens County Handicap on Saturday, is in with 100 pounds. The only three-year-olds entered are the Hampton Stables' Racer, 95 pounds, and the Boston Stable's Orchest, 82 pounds.

The third race should prove one of the best of the afternoon, as it promises to be a contest of which were winners at Aqueduct, and a number of others that have worked well.

THE LARGEST AUTOMOBILE IN THE WORLD. Built by M. Bellamy.

The club has purchased a tract of land of 113 acres, upon which it is erecting a commodious clubhouse, tennis courts, squash courts and other adjuncts of a well equipped country club, and the golf course will ultimately be made one of the best in the country. The main building is 83 by 60 feet, with wings at either end measuring 29 by 46 feet. At the centre of the clubhouse is three stories high and a broad piazza extends around three sides. The fittings and equipment will be of the most luxurious character, billiard rooms and roof garden providing all the recreative means of enjoyment in inclement weather.

The home green of the golf course is on the lawn immediately in front of the clubhouse. The first hole is 374 yards long, down a gentle slope. The second runs down another incline for 200 yards. The third measures 490 yards, and is on comparatively level ground. The fourth is short, but full of interest. It is only 120 yards from tee to green, but calls for a long carry. The fifth is 220 yards, the drive being over a pond, and the sixth 250 yards. The seventh runs uphill for 400 yards to a green surrounded on three sides by woods.

So tricky is it that it has been dubbed the "graveyard." The eighth hole is 420 yards and the ninth 400 yards. The tenth is 370 yards, and the eleventh 350 yards. The twelfth is 500 yards and fair going. On the thirteenth, measuring 225 yards, the ball is to be carried 120 yards from tee to the next is uphill for 220 yards, and then comes the longest hole on the course, the fifteenth, 524 yards. The sixteenth is 400 yards, and the seventeenth 500 yards, while the home hole measures 500 yards. This gives a total par of 5,200 yards, and the club expects to be in readiness in a few weeks and the second nine early next fall.

## COMING MATCHES AT MONTCLAIR.

Paul Wilcox, W. C. Freeman and T. T. Reid, composing the golf committee of the Montclair Golf Club, has announced a series of matches for the coming season that should prove particularly attractive to the members of that organization. One of the penalties imposed by the committee for failing to return cards in medal play competitions is that the delinquent member may have his handicap reduced five strokes. To avoid this penalty, the club has decided to give a growing habit of suppressing cards. The earlier fixtures on the club's calendar are:

## BUILDING RACETRACK IN GARDEN.

The miniature racetrack at Madison Square Garden for the Horse Fair to-morrow was begun yesterday. The course is made of sand and loam, with the turns well banked. Fourteen trotters have been entered in the preliminary races, and the horses will trot mile heats, two and three, carrying 15 pounds in the saddle. The entries include Mr. Billings's Rockley Boy, 2:15 1/2; Brown Boy, 2:14, and Max Boy. It is expected that Joseph E. Meyer, Albert DeCerna and Jack McDonald will ride them. John F. Cockerill's chestnut mare Miss Hibbard, Charles K. Furness's Gold Leaf, 2:09 1/2, and Woodford Knight, Arnetto, Ethan, Black Jump, while Duffee's broad basket, Surprise and Miss Gollygity are among the other trotters entered. The race will be for a purse of \$100 in money or plate, all to the winner, given by J. D. Carroll.

## TRACK ATHLETICS AT TRINITY.

Hartford, Conn., April 24 (Special).—The Trinity College football coach for next fall will be John H. Welsh, of Shamokin, Penn. Mr. Welsh has played on Lehigh and the University of Michigan, and has also coached for several years. The Trinity track team schedule is as follows: April 20—Interclass meet, at Albany. May 7—College of the City of New-York, at Hartford, Conn. May 14—Union, at Albany. May 20 and 21—New-England intercollegiate meet, at Worcester. The outlook is good for a strong team. Gatson, Reed and Boyd are all fast in the sprints, and Pond, Goodale and Bulkey are showing up well in the quarter. Goodale, who is a veteran, is also Trinity's best man in the half. Weekes, a brother of Harold Weekes, of Columbia, has been showing speed in the dash, but he is not yet in training. He is not allowed to run unless he can work off his conditions. Bours is expected to do 5 feet 10 inches in the dash, but he is not yet in training. He is jumping in good shape. Captain Remen is running at his best in the mile, and will probably run the mile in 4:30. He is also in the best shape in the hurdles, especially the 120-yard. The new track is proving fast.

## TO TEST SUNDAY LAW.

### Arrests at Washington Park—Brooklyn Beats Philadelphia.

Whether or not the playing of baseball games in this city on Sunday is illegal is to be decided on a test case, the first step in which was taken yesterday, when, acting under instructions issued by Police Commissioner McAdoo, the police arrested three players and three sellers of score cards on the grounds of the Brooklyn Baseball Club, Washington Park, Brooklyn. Last Friday Police Commissioner McAdoo said that he would not permit the playing of games in Manhattan, but that he would allow such contests at Washington Park, Brooklyn, and Ridgewood Park, in the Borough of Queens.

The Washington Park and Ridgewood Park grounds are in sparsely inhabited districts, and the Commissioner contended that the playing of Sunday games there was not a nuisance to the nearby inhabitants. Yesterday, however, the Commissioner issued instructions to the police officers in Brooklyn and Queens to arrest in good faith any persons offering score cards or programmes for sale on the playing grounds, which he had previously exempted from arrest, the persons whom the police deemed to be the most conspicuous actors in the playing of games, so that the law might be tested.

Nearly fourteen thousand persons assembled at the Brooklyn club's grounds, Washington Park, Brooklyn, yesterday to see a championship game between the Brooklyn and Philadelphia National League clubs. Before the game began three vendors of score cards were arrested by policemen in plain clothes. As soon as Frank Roth, of Philadelphia, had struck the second ball pitched by Poole, of the local team, Police Captain White and four detectives walked out on the diamond and placed the vendors of the score cards under arrest. The six prisoners were taken to the Butler-st. station, where they were charged with violating Section 25 of the Penal Code, which forbids gambling, racing and public sports on Sunday, and the score card vendors were charged with a violation of Section 25, which forbids selling goods on Sunday.

The vendors of the score cards were charged with a violation of Section 25, which forbids selling goods on Sunday.

After the arrests Thatcher and Ritter were substituted for the local players, and the game went on without further interruption. The Superbas won the game by a score of 8 to 6. The vendors of the score cards were charged with a violation of Section 25, which forbids selling goods on Sunday.

MAKE-UP OF PRINCETON TEAM. Princeton, N. J., April 24 (Special).—Surprised by the defeat by Brown, Princeton's ball team will settle down for hard work. The probable personnel of the baseball team that will meet Yale is not yet definitely decided even in the mind of Captain Stevens, the doubtful positions still being first base and shortstop. In the game with Andover on Friday, when Princeton won, 10 to 2, Cormany, great shortstop, was hit by Satterwaite, and Conroy took Bard's place at first, while Stevens took left field and gave Underhill an opportunity to hit the ball. The change of positions was very well suited. Satterwaite, however, will probably continue to cover short, as his work so far has been far superior to all competitors, but it would not afford a great surprise if Conroy were used at first, as his steady and heavy hitting powers are much needed by the team.

Underhill, who was kept out of the box last year by a strained arm, is again showing his old form. The change of positions was very well suited. Satterwaite, however, will probably continue to cover short, as his work so far has been far superior to all competitors, but it would not afford a great surprise if Conroy were used at first, as his steady and heavy hitting powers are much needed by the team.

## ARREST SUNDAY BALL PLAYERS.

### Five Thousand Spectators at Bayonne Game Jeer the Police.

The Jersey City club, champions of the Eastern League, yesterday played a game with the Philadelphia Americans, at the new ball grounds at Hudson Boulevard and Forty-second-st., Bayonne. The game resulted in a victory for the Athletics by a score of 7 to 2.

It was the first attempt of the Jersey City club to play Sunday ball on the new field in Bayonne. In the middle of the third inning Police Captain McBride, with Roundsman Whelan, walked onto the diamond. President Howard Griffith, of the Jersey City club, also stepped out on to the plate. From President Griffith, Pletcher Eason threw the ball and it was caught by Vandergrift, who was caught. The Philadelphia club had made no motion to hit the ball. Griffith, Eason and Vandergrift were arrested. The five thousand persons present jeered the police, and cheered the arrested men. At police headquarters the men were paroled, to appear before Recorder Lazarus this morning.

The Bayonne Minister's Association, the protestant against the playing of Sunday ball, will to-day make application to the Court of Chancery for an order restraining the Jersey City club from using the new field on Sundays.

MAGISTRATE WAS ANXIOUS TO SEE THE STAMFORD BALL TOSERS. Five arrests were made at the Ridgewood ball park yesterday, but no attempt was made to stop the playing of the two games scheduled. The first game was between the Star Athletic Club, of Newark, and the Brooklyn Field Club. After the game the police arrested William Graves, manager of the Field Club, and two players and two men who sold tickets. They were at once paroled by City Magistrate Coffey, for appearance on Wednesday before him at Flushing. The men were paroled at the station house of the Seventy-seventh Precinct, and for appearance on Wednesday before the magistrate at the ball park to witness the second game between the Stamford, Conn. club and the Ridgewood.

NO SUNDAY BALL AT BINGHAMTON. Binghamton, N. Y., April 24.—In spite of the positive statements of the baseball men last week that a game would be played here to-day, no attempt was made to play one. No effort has been made yet to set aside the injunction granted by Justice Lym yesterday afternoon restraining the team from playing to-day or on any subsequent Sunday in this city or Lestershire. The baseball men to-day expressed their intention to fight the case out in the courts.

SPILL AT VAILSBURG. Newark Rider Breaks Collarbone—Kramer First in Half-Mile. Frank L. Kramer captured the half-mile sprint stake at the Vailsburg cycle track yesterday in a convincing manner. He and Fenn were teamed for the race, and had as opponents Root and Menus Bell, each of the latter pair electing to go it alone. Kramer led in most of the journey and at no time did there seem to be any chance for either Root or Bell. He was first into the stretch, with Fenn at his rear wheel, and won from the latter by half a length. Root came last in the last few yards but was about a foot behind Fenn at the tape.

Kramer and Fenn were on scratch in the two-mile professional handicap, but Kramer retired after pacing the back markers for half a mile. There were twenty-four starters in the race, and the field followed Root in the last lap, and refused to move up when Haddfield called to him. Root being third, and Root fourth. The quartet finished abreast across the track, with less than a length between Root and Bell, but the referee took no action against the Lyndbrook rider. Root won the mile race for four starters, with much trouble from John Bell and Floyd Krebs.

A bad spill on the backstretch in the final heat of the quarter-mile sprint, in which the four starters, Charles Frank, of the Yale Bicycle Club, of Newark, had his collarbone broken, Hartigan won from Rupperecht by four open lengths. The referee received the decision over Chappay in the live-mile handicap, though every eye but the judges said Chappay had won easily. Six thousand spectators saw the races.

FAST "AUTO" TRIP ACROSS JERSEY. Atlantic City, N. J., April 24.—George Wilkins, of Philadelphia, made a fast automobile trip across the State this morning in a race against the other automobiles. He started at 7:30 a. m. and reached Atlantic City in 28 minutes for the sixty-two miles. The fastest time was made on a straight level stretch between Hallowood, where a rate of a mile minute was maintained, and the second mile in which Mr. H. Goldschalk, also of Philadelphia, who reached this city eight minutes after the Wilkins machine.
