

TO HEAR CONTESTS TO-DAY

ADDICKS MEN GATHER

The Wisconsin Case To Be Considered—State Safe, Spooner Says.

(BY TELEGRAPH TO THE TRIBUNE.) Chicago, June 14.—The Wisconsin contest is prominently in the minds of the members of the Republican National Committee who have arrived here. "You may say for me, and emphatically, that Wisconsin will not be endangered," said Senator John C. Spooner. "We control that situation, and we shall see to it that Roosevelt's chances are not hurt."

Senator Spooner has been informed that the committee will scarcely be ready to hear the Wisconsin contest before Friday. It is the plan of some members of the National Committee to grow out both contesting delegations from Wisconsin, in the interests of harmony, and to leave the contest to the courts of that State. The junior Senator from Wisconsin, Joseph V. Quarles, and Representative Babcock, of the same State, were among the morning's arrivals.

Senator Cullom is here and has taken rooms at the Beach Hotel. He and Acting Chairman Payne were in conference this morning. Members of the National Committee who are in the city are Secretary Elmer Dover, Harry S. New, of Indiana; Harry C. Payne, of Wisconsin; Senator Scott, of West Virginia; Senator Penrose, of Pennsylvania; Senator Hansbrough, of North Dakota; R. B. Schneider, of Nebraska; Governor Murphy, of New Jersey, and W. C. Van Vleet, of California. Charles W. Johnson, of Minnesota, secretary of the convention, and who has been a delegate to the Republican conventions for two decades, has arrived.

The National Committee will hold its first session to-morrow afternoon. The roll of States will be taken up alphabetically and contests discussed, in order to make up the temporary roll of the convention. Senator Fairbanks's friends have denied the report that headquarters would be opened in the interest of his Vice-Presidential campaign. No headquarters will be opened, and he still declines to become an admitted candidate.

Delaware will bring the Addicks war to Chicago and fight it to a finish before the National Committee. The vanguard of J. Edward Addicks supporters has taken rooms at the Great Northern Hotel to-day. At the headquarters at the Coliseum a large package of mail was delivered for the National Committee. It included pamphlets for and against the Delaware war.

Representative Hitt's friends are here, and by the end of the week they will be swarming in the various headquarters, busily urging him for President Roosevelt's naming mate.

"HARMON AND HARMONY" OHIO'S CRY. Ex-Attorney General's Name To Be Presented to St. Louis Convention.

(BY TELEGRAPH TO THE TRIBUNE.) Cincinnati, June 14.—Unless present plans are changed, the name of Judson Harmon, Attorney General under Cleveland, will be formally presented to the Democratic National Convention for the nomination for President. It was intended at first that the Harmon nomination speech should be made by Harlan Cleveland, of Cincinnati, but since then those who have the interests of Judge Harmon in hand have decided that it will be had policy to have Cleveland make the speech, as it might offend some of the delegates who are opposed to ex-President Cleveland. Harlan Cleveland is a distant relative of the ex-President. Already the cry, "Harmon and Harmony" has been heard, and it will doubtless be a slogan at St. Louis.

Lewis G. Bernard, the Democratic leader of Hamilton County and one of the Ohio delegates to the St. Louis convention, said to-day: "With Tammany and the New-York Democrats fighting among themselves and unable to agree on a man, the convention will more than likely look elsewhere for a candidate. Where else, then, can they look than to our own Judge Harmon?"

AGAINST CHURCH COLOR DIVISION. Bishop Brewster Also Opposed to Marriage of All Divorced Persons.

New-Haven, Conn., June 14.—Bishop Brewster discussed the subject of marriage and divorce in his annual address to-day at the convention of the Connecticut diocese of the Protestant Episcopal Church, held in St. Paul's Church. He advocated the return of the Church to solemnize the marriage of any divorced persons, saying that while it would in some cases work hardship on individuals, the interest of the individual must give way to the interest of society. He urged comity between Christian churches as well as between States in regard to the solemnization of matrimony, and appealed to ministers of other denominations in Connecticut to refuse to perform the marriage ceremony for any person whose marriage there is reason to believe is forbidden by the laws of the Church wherein such person has membership.

Discussing missions, Bishop Brewster declared against any division of the Church on color lines, but thought it might be necessary to devise some machinery of ecclesiastical organization or adjustment of the present machinery. He also urged a much more vigorous fight among the colored people.

MISSISSIPPI DELEGATES ASSEMBLE. Jackson, Miss., June 14.—Many delegates to the Democratic State Convention, which will meet here to-morrow arrived to-day. There was some talk to-day of starting a Presidential boom for John Sharp Williams, but Mr. Williams has discouraged anything of the kind, telling his friends that he believes Parker is the man for the Democrats to nominate.

Money will oppose instructions, but he will not make a vigorous fight on the floor against instructions.

CROWDS OF WIGWAM BRAVES GOING. Senator George W. Plunkitt said yesterday that an application for accommodations on the St. Louis convention Tammany special trains would be received after to-morrow.

"The demand for accommodations this year has been enormous," said Senator Plunkitt. "Heretofore we have had three trains, and the number carried has rarely exceeded four hundred. In 1888, at the second nomination of Cleveland, we had a higher mark by sending five trains to the convention. This time we shall send seven trainloads of delegates and their friends. They will start over the New-York Central and the Pennsylvania roads on the Sunday before the convention, between the hours of 9 and 11 o'clock. This will land the trains in St. Louis on Monday night. The convention will open on Wednesday. This will give the delegates a little time to look around and take in the position."

Miss F. Murphy has not decided as yet just what day he will leave town for St. Louis. He is likely to go on Saturday, July 2.

MISSOURI BOODLERS SENTENCED. Jefferson City, Mo., June 14.—The Supreme Court to-day affirmed the decision of the lower court in the boodler cases of Emil Hartman and Julius Lehmann, of St. Louis, formerly members of the House of Delegates, and reversed and remanded the case of Robert M. Snyder, of Kansas City, who was convicted of boodling in St. Louis. The court sentenced Lehman to serve seven and Hartman six years in the penitentiary. Snyder pleaded the statute of limitations of three years as a resident of Missouri, while the State attempted to prove that he lived in New-York and could not prove such a statute. The court sustained the defendant and gave him another trial.

Hartman and Lehmann have been arrested in St. Louis, and are held there, awaiting the arrival of the Jefferson City marshal.

J. W. PERRY DECIDES TO RESIGN. It was announced last night that James W. Perry, the Republican leader in the XXVth District, had decided to resign. His resignation will be offered to the County Committee to-morrow night. Mr. Perry is in poor health, and intends to go abroad for a rest. No successor will be named, and his resignation will be held on the table. The leaders hope to see him in time to take an active part in the election this fall.

WHOOOP IT UP FOR HEARST. SHEPARD'S FRIENDS' HOPE

IT DEPENDS ON DEADLOCK

Think Convention May Turn to Him—Murphy Sure of Success.

The friends of Edward M. Shepard cherish the hope that if the St. Louis convention becomes deadlocked the leaders will turn to the man who was a good enough Tammany Democrat in 1901 to run on the Tammany ticket for Mayor, who was a good enough Bryan man to welcome the Nebraskaan at the Victoria Hotel when Mr. Bryan returned from his trip to Europe last winter, and who was a good enough Gold Democrat to help organize the Palmer and Buckner convention at Indianapolis in 1896.

Mr. Shepard is not going to St. Louis. He is attending strictly to his law business, and keeping his political lightning rod out.

All the indications now point to a deadlock at St. Louis. The Illinois State Convention yesterday shows that the Parker men cannot get any considerable number of votes from the State. The combination formed by Charles F. Murphy, Colonel James M. Guffey, of Pennsylvania; Senator A. P. Gorman, of Maryland, and ex-Senator Smith, of New-Jersey, is growing more and more formidable.

Charles F. Murphy is confident that he has Hill and Belmont beaten at St. Louis. A Supreme Court judge, a personal friend of Judge Parker and of Mr. Murphy, suggested to Mr. Murphy this week that it would be a good idea for Tammany to fall into line for Parker and make his nomination certain, at the same time getting a pledge from Hill that McCarran should be removed from the chairmanship of the State Executive Committee, and not embarrass Tammany any more by arraying the Brooklyn machine against Murphy. The would-be peace-maker was informed that any such moves would have to come directly from Hill and McCarran, and, furthermore, he was told that as Parker already was beaten the overtures at this time would be of little use.

The idea of the anti-Parker men is that the onus of the failure to unite on a candidate from this State can be placed on Hill and Belmont, and that, no matter what happens in November in the way of an overwhelming Roosevelt victory in this State, all the blame can be charged up to Hill. On this assumption the Tammany men are going to St. Louis, with a bitter determination to fight it out with Hill and Belmont on the convention floor if necessary.

The Parker men are trying to prevent Tammany from carrying its opposition to Parker further than the conference. They are afraid of the moving effect of one of W. Bourke Cockran's speeches if the fight is carried to the convention floor. Things are shaping so that it is almost certain that the method of trading in pig iron in the United States. The promoters of the new plan, which, by the way, is an old one, it having been adopted for a number of years in England, intend to interest the speculative element of this country in pig iron as well as cotton and other commodities, and they are now carrying on a campaign of education in which the advantages of buying pig iron as a speculation are set forth.

The call of pig iron warrants was taken up by several banks and the members of the new plan expect to reach a larger percentage of the speculative element when the market opens to-day. The exchanges of other cities have also taken up the plan.

JAPANESE AND POLICE IN FIGHT. New-Haven Woman and Boy She Had Not Seen Since He Was Two Years Old Meets.

(BY TELEGRAPH TO THE TRIBUNE.) Mobile, Ala., June 14.—Mrs. Elizabeth Brown, of New-Haven, Conn., saw her son at Fort Barrancas, Florida, near here, this afternoon for the first time in twenty years. The meeting was a most affectionate one. The young man's name is Arthur. When he was two years old his mother was sunstruck, and for five years was seriously ill. During this time he had lived with distant relatives, and when he grew up heard nothing of his mother.

Five years ago he went to Cuba, and, after remaining there for a year, enlisted in one of the artillery companies stationed on the island. He has now been in the command for four years. Recently the troops were moved from Cuba, and the company to which Brown was attached was sent to Fort Barrancas. Both mother and son have spent years trying to find each other. The meeting was finally brought about by a friend who knew both.

NAVAL ARMORY CEREMONY. Cornerstone of Second Battalion's New Home Laid on Anniversaries.

The cornerstone of the armory of the 2d Naval Battalion, at Fifty-second-st. and the Bay, Brooklyn, was laid by Borough President Littleton and Commander Robert P. Forshaw, of the battalion, yesterday afternoon. It was the seventh anniversary of the organization of the battalion, and the sixth of its being mustered into the United States service for the Spanish war. Several thousand spectators were present.

The bay in front of the armory was crowded with vessels containing guests, including the 1st Naval Battalion, of Manhattan; Dock Commissioner Featherstone, and other city and borough officials.

Borough President Littleton delivered an address, in which he reviewed the history of the battalion. The cornerstone was then put in place, while a national salute of twenty-one guns roared over the bay.

On behalf of the officials of the battalion President Littleton presented a dress sword and Left to Commander Forshaw. After the exercises the officers and their guests had luncheon on the upper deck of a big barge at the pier.

WOMAN GETS J. D. FROM CHICAGO. Miss S. T. Breckinridge First to Receive the Degree from the University.

Chicago, June 14.—The first woman to obtain the degree of doctor of jurisprudence at the University of Chicago received her diploma to-day at the annual convocation exercises. She is Miss Sophroniska T. Breckinridge, a member of the Kentucky Breckinridge family. Seven members of the graduating class obtained the same degree.

The honorary degree of LL. D. was conferred on Professor Joseph Henry Beale, Jr., who is to return to Harvard University this summer. Professor Beale served for a number of years as dean of the law school, and was the first to receive the degree of LL. D. from the University.

TEXAS LACKS A NEGRO. Galveston, Tex., June 14.—"Ike" Bledsoe, a former Dallas negro, was shot and killed in a restaurant at El Paso last night. The cause of the trouble was that Bledsoe took a seat at a table already occupied by John McBride, a white man. McBride insisted upon the negro going to another table, but Bledsoe replied that Booker T. Washington dined with President Roosevelt, and he saw no reason why he should not eat with McBride. The latter replied that the instance referred to occurred in Washington, and this was Texas. Further expostulations were useless, and at last McBride shot the negro.

JOY OF BLOOMER BRIDE-TO-BE. Maiden of Eighty Summers Receives Letter from Her Sweetheart.

Vineland, N. J., June 14.—The unexpected has happened. George Edward Fowler has written to his bloomer bride-to-be, Miss Susan P. Fowler. He had hardly touched land in England before he sent an ardent note, with a promise of more as quick as he got home. Miss Fowler really blushed as she opened the letter, and she has never before seen citizens of both sexes had bet ice cream or George Edward Fowler has written to his bloomer bride-to-be, Miss Susan P. Fowler. He had hardly touched land in England before he sent an ardent note, with a promise of more as quick as he got home. Miss Fowler really blushed as she opened the letter, and she has never before seen citizens of both sexes had bet ice cream or George Edward Fowler has written to his bloomer bride-to-be, Miss Susan P. Fowler. He had hardly touched land in England before he sent an ardent note, with a promise of more as quick as he got home. Miss Fowler really blushed as she opened the letter, and she has never before seen citizens of both sexes had bet ice cream or

EXAMINE INTO CANNON'S SANITY. Convicted Lawyer's Children to Apply for Commission. It Is Said.

Charles K. Cannon, the wealthy Hoboken lawyer who was convicted in the Court of Sessions in Hudson County, N. J., on indictments found on the testimony of little girls, and is liable to go to jail for fifteen years and pay a fine of \$100, is to be examined as to his mental responsibility. It was stated yesterday that his children would apply for the appointment of a commission de lunatico inquiring.

NEW MOTOR RECORDS MADE. Cambridge, Mass., June 14.—James F. Moran easily outclassed the fleet of motor-paced riders by looping the loop in a twenty-five mile race behind small machines, creating new records for that class of motors from six miles to twenty-five. The starters, besides Moran, were: "Will" Stinson, Basil De Gulchard, "Benny" Munroe, Louis Metting and "Sammy" Sulkins. Stinson had the lead, but Moran overtook him on the second mile, and was never headed. His time was 34:24.5, with Stinson second, De Gulchard third, and Munroe fourth.

COTTONSEED OIL EXPORTS. The exports of cottonseed oil, which showed a decrease last year, have been gradually falling off. For the lower grades the market is now little foreign demand, but the grades used in making soap have been supplanted by cheaper vegetable oils which are now obtained in abundance in Europe at a smaller cost than cottonseed oil can possibly be furnished. Six years ago the export of cottonseed oil was valued at \$10,000,000, and last fiscal year they were \$5,642,994 gallons, with the current year they will be much less.

MANY PEOPLE HAVE

Catarrh of Stomach

AND DON'T KNOW IT.

A Beautiful Ohio Belle Cured of Catarrh by the Use of Pe-ru-na.

No medicine in the world has cured more cases of dyspepsia than Peruna. The reason for this is that dyspepsia in a great majority of cases depends upon catarrh of the stomach.

MISS ALTHEA GLYNTON

throat or head. It may be induced by late supper, indigestible diet, rapid eating, drinking ice water, the use of alcoholic stimulants and many other indiscretions.

Miss Ida Freyberg, 529 North 4th St., Sheboygan, Wis., writes: "It is with great pleasure that I recommend Peruna to all who are afflicted with catarrh. I was much troubled with that disease and had tried many doctors' prescriptions and many proprietary medicines, and had about given up in despair of ever being cured of my trouble, when a friend persuaded me to try a bottle of Peruna. I took one bottle, and felt so much relieved that I got another, which benefited me much, and a third entirely cured me. I can always say a good word for Peruna."—Miss Ida Freyberg.

Mrs. Jessie Colton, 439 East 19th St., New York City, writes: "Through overwork and anxiety in my business I was very much run down. Had loss of appetite, and what was worse than that, loss of sleep at night. I was afraid I would have to consult a physician, when one of my customers advised me to try Peruna, as it had made her well and strong. I began to take it, and in a few days began to feel stronger, and from the first dose I slept at night without awakening. I took only two bottles; now I am well, but I am never without Peruna in my house."—Mrs. Jessie Colton.

Peruna cures all such cases of dyspepsia, simply because it cures catarrh wherever located. The reason so many cases of dyspepsia and other ailments are cured by Peruna is that Peruna is a natural medicine, and that medicine, in that these conditions are not recognized as catarrh of the stomach.

Any one suffering from dyspepsia, having tried the ordinary remedies without relief, would be safe to assume that their case is one of catarrh of the stomach, and should at once begin a course of Peruna. Peruna is sure to cure these cases. It never fails.

We have on file many thousand testimonials like the ones given above. We can only give our readers a slight glimpse of the vast array of unsolicited endorsements we are receiving every month. No other physician in the world has received such a volume of enthusiastic and grateful letters of thanks as Dr. Hartman for Peruna.

LAKE STRIKE AT END. Declared Off by Captain of Masters and Pilots.

Cleveland, June 14.—After six weeks of tie-up on the Great Lakes that has directly involved only two thousand men, but indirectly more than a hundred thousand, who have been idle because of its existence, a cessation was brought to the strike to-night by the surrender of the masters, who, with the pilots, have been holding out for a more uniform scale of wages this season than was offered by the Lake Carriers' Association, whose boats were most affected by the difficulty between the vessel owners and their employees.

The strike was declared off to-night by Paul Howell, district captain of the Masters and Pilots' Association, who gave out the following statement: "The Masters' and Pilots' Association has concluded that it would be good policy at this stage of the game, to advise our captains of the fact that we have no control, to advise our captains to go to work and make the most of a bad situation. Our mates will meet at the earliest possible opportunity and make arrangements along the lines of their own ideas, and present them to the Lake Carriers' Association for acceptance. In the meantime the mates will remain where they are until this arrangement is made and agreed upon by the two associations."

It is understood that the Lake Carriers' Association will soon come to an agreement with the mates, and that the full fleet of the Lake Carriers' Association will be got under way within a very few days.

MOTHER FINDS LONG LOST SON. New-Haven Woman and Boy She Had Not Seen Since He Was Two Years Old Meets.

(BY TELEGRAPH TO THE TRIBUNE.) Mobile, Ala., June 14.—Mrs. Elizabeth Brown, of New-Haven, Conn., saw her son at Fort Barrancas, Florida, near here, this afternoon for the first time in twenty years. The meeting was a most affectionate one. The young man's name is Arthur. When he was two years old his mother was sunstruck, and for five years was seriously ill. REACH EXPORT BASIS FOR PIG IRON. Prediction Fulfilled Sooner than Expected—Proposed Big Merger Abandoned.

Those who predicted that the present depression in pig iron would result in the export basis being reached after finding their predictions fulfilled sooner than expected. The president of one steel and iron company, who arrived here yesterday, says that his company sold 1,500 tons of pig iron for export last week, and that prices are already on a basis in Great Britain which renders it possible for the Southern producers to sell in that market.

Several thousand tons of Alabama iron are reported sold for export, the prices obtained for gray being \$8 40 a ton, and for No. 4, \$8 75. It was expected that the Southern furnaces would be the first to begin the exportation of pig iron in large quantities, as it can be produced in that section at a much lower cost than in the other iron producing centers. An easier tone is reported in the Pittsburgh iron region, and plants through the Middle West are rapidly closing, because they find it unprofitable to produce iron at the prevailing prices.

The proposed merger of the Tennessee Coal and Iron Company with the Republic Iron and Steel Company and the Sloss-Sheffield Steel and Iron Company has been abandoned. The disposition of the pig iron producers seems to be set at independently.

CAPTAIN'S WIRELESS PROTEST. Bradford, of the Illinois, Says Fishermen Hold Up Target Practice.

(BY TELEGRAPH TO THE TRIBUNE.) Newport, R. I., June 14.—Some days ago the mackerel fishermen who make Newport their headquarters at this season of the year made a protest against the appearance of the battleship Illinois off No Man's Land for target practice, declaring that the firing of the guns scared away all the fish within a radius of ten miles. Since then the fishermen have insisted, with the practice and have repeatedly been ordered off the course by the tender of the battleship. To-night a message was received at wireless station at the torpedo station from the vessel, giving Captain Bradford's views in the matter. The message is as follows: "I regret that the Illinois should in any way contribute to the bad luck of the fishermen, but I have no discretion in connection with conducting target practice off No Man's Land. If the target range is kept clear of fishing vessels, the practice will soon be over, otherwise it may last all summer. To-day's target practice was held up twice for a long period, each time by fishing smacks deliberately crossing the range, when there was ample room and a fair wind to pass either side. These hold-ups, I am glad to say, are the general, but confined to a class of small sloops and smacks. I think a battleship of the United States Navy is entitled to more courteous treatment and request that the Illinois, in the performance of a public duty, may receive greater consideration."

MADDOO AT CONEY ISLAND. Police Commissioner Maddoo and a party, including Mrs. and Miss Maddoo, Deputy Commissioner Lindsay, John B. McDonald, Justice Mor-

"Hammocks." A SUPERB LINE MEXICAN, ALGERIAN AND DOMESTIC. LEWIS & CONGER. 130 and 132 West 42d Street, and 135 West 41st Street, New York.

CARPET CLEANSING COMPRESSED AIR. The G. H. BROWN CO., 221 & 223 E. 38th St. Tel. 1531-2828. N.Y.C. Taking Up. Altering. Re-laying.

gan J. O'Brien, Dr. McGowan and Mr. and Mrs. R. A. C. Smith, visited Coney Island last night. The party sailed from Fort Lee on the steam yacht Sapphire, landing at Seagate, where they entered a special car, which took them to Luna Park. While there the Commissioner and his friends saw a fire drill in the Circus Maximus, and after looking all the Thompson & Dundy shows were the guests of R. A. C. Smith at luncheon in the Alhambra Hall. A slight fire in a restaurant opposite Luna Park, which was extinguished by the city department, furnished another show for the Commissioner's party. The return trip to Manhattan was made in a parlor car.
