

and at the close were a trifle under the final figures of the previous session. Weather conditions were a factor in to-day's trading in the wheat pit. Too much moisture caused apprehension of rust in the Southwest. Anxiety has been increased as to the source of the supplies for the next few weeks, and that was forcibly shown by the almost entire absence of offerings for the current month's delivery. Receipts were only three cars. Both July and May advanced on small buying. Estimates for to-morrow, eight cars. May closed at \$1.01; the highest was \$1.00 and the lowest 88c. July closed at 88c, after selling as high as 89c and as low as 87c. May corn had even a greater advance than May wheat the first hour, on small business. There was no undue pressure on May shorts, who realized their predicament, and made the sacrifice in hopes of forcing better prices. Local receipts were 133 cars, of which fifteen were contract and only eight cars and 14,000 bushels were transferred from private houses. Shipments hence were 128,000 bushels. Estimate of 412 cars for to-morrow took much of the bullishness out of the market. The range of May was from 83c to 85c, closing at 85c. July sold from 74c to 84c, closing at 84c. Business in the oat pit started fairly active, but later became dull and quiet. The Northwest trade was buyers of July against September, and were reported taking off the hedge. Inspection was for 12 cars and 23 cars estimated for to-morrow. Shipments were 211,000 bushels. May closed at the bottom, 39c; the highest was 39c. July sold from 29c to 30c, closing at 29c. Provisions were extremely dull and firm early in the week. The local crowd were buying early induced by the light run of hogs, advancing in price at the yards and the strength in coarse grain markets. Selling was scattered, principally by commission houses. July pork sold at \$1.70 to \$1.72, and eased off to \$1.71. July ribs sold at \$1.75 to \$1.78. Hog receipts were 25,000 head, and prices at the yards were 5c to 10c higher.
