A Most Extraordinary Sale of High Grade Tailored Suits and Coats

MANUFACTURERS' SAMPLE GARMENTS

At Extremely Radical Price Concessions.

Its power to institute mighty events such as this depends upon the scope and character of the business. Ours devoted to garments for women has established itself as one of the greatest in this town. \$75 fur lined coats, \$54

WHERE is the woman who does not prize the luxury of a fur-lined coat? Besides being a garment of extreme elegance, it is far the most comfortable coat a woman can wear on a chilly day.

\$75 has been considered very reasonable for these coats up to this time. Way back in the Spring, when our fur buyer was negotiating for furs for this season's business, we secured a large quantity of squirrel skins at much less than the usual prices.

Materials are the best imported broadcloth, the kind that wears for years. The model is one of the season's favorites—a beautiful 50-inch coat. Tailoring is of the very highest standard.
