NEWAMSTERDAM MOTOR CO., 152 West 56th St., New York

The Viqueot Car

26-32 Horse Power
40-45 Horse Power

SILENT, SIMPLE, EASE OF CONTROL.

Speed, Five to Seventy Miles an Hour on High Gear
The Viqueot cars are made by the Viqueot Company at its own works in France. The Viqueot Company is the only American concern manufacturing automobiles in France with its headquarters in America.

The purchaser, therefore, receives the greatest possible value in buying a Viqueot, because Viqueot cars are sold and guaranteed direct by the Viqueot Company, thus eliminating the usual commissions and enormous profit of dealers and agents, and assuring to the purchaser complete satisfaction in his dealings with the company at its home office.

The design of the chassis and the improvements which have been made from year to year give the Viqueot car a superiority over other cars, so that a purchaser may know that he will have an automobile noted for its reliability, for which we challenge comparison with any make car, for general results and economy in operation.

The ability of the Viqueot car to negotiate steep grades on the high gear admits of no comparison.

28-32 Horse Power . . . \$5,000.00
40-45 Horse Power . . . \$7,500.00

Do not buy an automobile until you have seen the Viqueot. Remember that the Viqueot car is sold directly by the Viqueot Company and has no connection whatever with any dealer or agent of automobiles.

PREMIER

The Quality Car

It's well to know the after-facts about any car before you purchase it.

The PREMIER is easy on your pocketbook. The light weight keeps down the cost of fuel and running expenses, and reduces the wear and tear on the tires to a minimum.

American Automobile Storage Co., 40 West 60th St., Eastern Agents
Premier Motor Mfg. Co., Indianapolis, Ind.

The "Maxwell"

Perfectly Simple—Simply Perfect

The MAXWELL is the embodiment of those principles which the KNOWING ONE'S demand—Motor up front, Shaft Drive, Multiple Disc Clutch, Large Rummy Steel Body, Pumpless Water Circulation, Three Point Suspension, Motor and Transmission Cases in one unit. The MAXWELL is the MOST RELIABLE car. IT ALWAYS RUNS. It is the BEST hill climber. GOLD MEDAL WINNER at the MOUNT WASHINGTON HILL CLIMB.

PRIDE vs. RIDE!

If you would rather be fashionable than happy pay \$4,000 or upward for a more complicated car. You may get more "Pride Satisfaction," but you don't get the "RIDE SATISFACTION" you can in a RELIABLE MAXWELL.
