

THE ST. PATRICK'S DAY PARADE.

IRISH VOLUNTEERS PASSING 50TH STREET AND FIFTH AVENUE.

69TH REGIMENT PASSING THE CATHEDRAL.

HEAD OF THE ANCIENT ORDER OF HIBERNIANS PASSING 50TH STREET AND FIFTH AVENUE.

AMERICA AND MOROCCO

A HINT TO THE POWERS.

Suggestion to Intrust Police to Diplomatic Corps.

Washington, March 17.—Advices received at the State Department from Algiers contain criticism of the German insistence on the adoption of practically without modifications of the American proposal for policing Morocco.

Algiers, March 17.—Neither the Moroccan conference nor the committee met to-day. Everything has been deferred until the French and Germans agree on the remaining details.

Oran, Algeria, March 17.—The forces of the Moroccan pretender have had another skirmish with the Moroccan troops, the former losing two men killed and seven wounded.

THE KAISER TO VISIT MADRID.

Has to Welcome German Emperor at Spanish Capital in April.

Madrid, March 17.—It is announced that Emperor William will visit Madrid in April. Elaborate entertainments are being planned to show the cordial sentiments which continue to exist between Spain and Germany.

"BOMB" WORTH OVER \$1,000.

Patrolman Carried Jewelry at End of Fifty-Foot Line.

South Brooklyn was amused last night by the spectacle of a big patrolman carefully dragging a boy's sled behind him at the end of a 50-foot line. Behind it walked a trembling Swede from Bohemia, and behind him a few hundred small boys.

LONG ELECTRIC POWER LINE OPENED.

Opensburg Gets Current From Hannawa Falls, 35 Miles Away.

Opensburg, Pa., March 17.—The longest electrical power transmission line in the East, with the exception of a line running from Niagara Falls, was successfully put in operation here at midnight last night. It is the transmission line of the Northern Power Company, of Potsdam.

PRINCETON MAN A COUNTERFEITER.

Tampa, Fla., March 17.—The jury in the federal court to-night convicted George H. Stephens, a Princeton graduate and formerly professor in Lafayette College, Pennsylvania, on the charge of counterfeiting. Stephens made an impassioned plea to the jury in his own behalf. Judge Boardman reserved sentence until Monday. Stephens admitted on the stand that he had served a term in a Pennsylvania penitentiary for arson.

GREATEST PHILANTHROPIST OF N. Y.

Known world over, was always a testator of his old age became feeble and weak; by visiting Mrs. Vinton's, Passaic, N. J., he began to use her Fort Grape Wine daily for several years; his strength again, and claimed Mrs. Vinton's Wine prolonged his life. Write Super's Vineland for circular.

SHAMROCK TO THE FORE

CROWDS WEAR THE GREEN

Marching Thousands and Waving Flags Honor St. Patrick's Memory.

All New-York City, from the Battery to the Bronx, from the North River to East New-York, seemed to feel imbued with the spirit of St. Patrick yesterday. As usual, green was the hue of the day, and Irish flags and banners fluttered side by side from houses and office buildings with the Stars and Stripes.

There was one place in Manhattan yesterday where the Irish flag swung to the breeze alone. Everybody going through 14th street saw it and thousands in other sections saw it also, because it was conspicuous in its eminence. Even cause patriotic Irishmen could not help observing that Tammany must have used all its American flags for advertising purposes during the late campaign.

"Why didn't Grand Sachem Cockran send them one?" somebody on the street inquired. Irishmen and Irish-Americans went to mass in the morning and got in line with the thousands in the afternoon. The feature of the day, of course, was the parade. All the Irish county organizations and the divisions of the Ancient Order of Hibernians in Manhattan and the Bronx were in line, decorated with green badges, green sashes and that greenest of all things that grow, the immortal shamrock.

Early in the morning the different divisions of the Ancient Order of Hibernians and Irish county organizations began to gather on the upper East Side streets adjoining 42d street and Fifth avenue, from which the parade moved at 2 o'clock. The parade was scheduled to move at 2 o'clock, but owing to the thousands upon thousands of men, women and children who gathered it was impossible to get the line in order before 3 o'clock. At that hour the mounted police escort turned into Fifth avenue and pushed through the crowds. Martin J. Kane, grand marshal of the day, and his assistants, Patrick J. Gilroy and Peter J. Malloy, astride spirited horses, followed. Then came the 6th Regiment, with Colonel Edward Duffy. The band struck up "The Harp That Once Thro' Tara's Halls," and to this tune the head of the parade turned into the avenue.

FRIENDLY SONS DINE.

Eight Hundred Honor Memory of Patron Saint.

A fitting climax to the celebration of St. Patrick's Day was the dinner given by the Friendly Sons of St. Patrick at Deacon's Hall, eight hundred or more attended. Joseph L. C. Clarke, the president of the society, was at the head of the table of honor, and Mayor McClellan, Archbishop Farley, John D. Crimmins, Justice James A. Fawcett, John D. Morgan, J. O'Brien, Justice O'Gorman, Justice Morgan J. B. Coghlan, and the Fitzgerald, Rear Admiral J. B. Coghlan, and the Attorney General, Peter F. Collier, H. W. Vreeland, and Rhinelander Waldo, the First Deputy Police Commissioner, were also present.

CHARLES M. SCHWAB FOR SENATOR.

Omaha, March 17.—Charles M. Schwab will be a candidate for Senator from Nevada this next winter, said Thomas Moonan, a business man from Bullfrog, Nev., where Schwab owns large mining interests. When Schwab was in Nevada two weeks ago he purchased a home and announced that he would immediately build a house and make that his home. He also told his friends in Bullfrog that he was a candidate for the Senate to succeed Senator Newlands.

WILL CARVE DISTRICTS.

Reapportionment Committee Appointed by President Parsons.

President Parsons of the Republican County Committee announced the special committee of the County Committee on reapportionment yesterday, which he authorized at the last meeting of the County Committee. It is made up as follows: William C. Wilson, of the 27th District; Senator Alfred R. Page, of the 31st; William H. Ten Eyck, of the 34th; Abraham Gruber, of the 21st; Charles Adler, of the 8th; John P. Windolph, of the 11th, and John Shea, of the 20th. The committee held a brief meeting yesterday afternoon and will meet again this week.

The number of Assembly districts will not be increased, although there has been a great increase in the population in the last ten years. There will be two new districts in the 25th, because of the fact that the population there is about 179,000. In order to provide for these several downtown districts will be consolidated. Here is where the pinch comes. The leaders who are "consolidated" look at the proposition from their own particular point of view, and they think that there is just one man who should be allowed to shine as the survivor of the fittest. The changes will be particularly hard on some of the districts where much money has been spent on a clubhouse. While the blow will fall hard on Republicans, it will be still harder for the Tammany men, as their clubhouses, as a rule, are much more expensively furnished.

It is the general plan of President Parsons and his friends to carve out of the whole three Senate districts which in normal times will be regarded as "safe Republican." One of these will be the district at present represented by Senator Eisberg, comprising the 25th, 27th and 29th Assembly Districts. Another will take in the 19th and 23rd Assembly Districts, and another will include the 22d and part of the 31st District. After the Senate districts are marked off the carving of the Assembly districts will follow, and the hardest fighting will be over the lines of the minor divisions.

FATHER TRIED TO KILL.

Wanted to Shoot Physician Charged with Daughter's Murder.

Memphis, March 17.—Dr. J. Herman Feist, a physician of Nashville, Tenn., was called into court here to-day to give bond on the charge of murdering Mrs. Rosa Mangrum, whose body was taken from the Ohio River at Cairo, Ill., in January. As the physician was attaching his signature to the bail bond, the old father of Mrs. Mangrum made a desperate effort to shoot Feist, his pistol being thrown up just as he fired.

STEEL TRUST IN CANADA.

Report That Company Will Spend \$75,000,000 There.

Toronto, March 17.—"Hardware and Metal" says that the United States Steel Corporation has definitely decided to enter Canada, and that agreements for the purchase of the necessary lands were signed in New-York this week. The first expenditure, it is said, will be \$10,000,000, which will be increased to \$75,000,000 before the plant is complete. The site is believed to be on Lake Erie.

LEAVES ALL FOR WOMAN SUFFRAGE.

Rochester, March 17.—The will of Miss Susan B. Anthony was offered for probate this afternoon. The estate amounts to about \$10,000, all of which is left to the woman's suffrage cause. The Rev. Dr. Anna Shaw, of Philadelphia, and Lucy E. Anthony, of Philadelphia, and Mary S. Anthony, of this city, are the trustees. The Anthony homestead is in Mary S. Anthony's name. By the terms of the will she will not receive anything from her sister's estate. The object in offering the will for probate to-day is to settle the estate before Miss Mary S. Anthony starts for Oregon next Saturday.

SCOUTS DEATH REPORT

Mr. Olcott Believes Jones Is Alive and Will Testify.

There is an impression in some circles in Texas that Charles F. Jones, former valet of William Marsh Rice, on whose testimony Albert T. Patrick was convicted of murder, has been killed. It is known that before he disappeared last autumn his life was threatened by an irate father and the brother of a girl he wronged.

DEFENDS STRIKE BOARD.

Coal Companies' Statement Tells of Conciliation Work Accomplished.

The anthracite coal carrying companies in a statement issued yesterday evening on their behalf emphasized the stand they took in reply to the demands of the miners that the conciliation board established by the Anthracite Strike Commission be intended as a permanent institution. The issuing of such a statement now is looked upon as significant, owing to the apparent movement on the part of President Mitchell of the United Mine Workers to bring about a modification of the demands and seeking another conference with the anthracite operators.

JUDGE SAYS JONES WILL TESTIFY.

Houston, Tex., March 17.—Judge A. R. Ralley who procured the evidence presented in the application for a new trial in the Patrick case, said to-day that he had been informed on trust, by authority that Charles F. Jones would appear at the proper time and go to New-York to take the stand in Patrick's behalf. He says Jones is now in a foreign country.

MR. ROCKEFELLER WELL.

Exercises in Sun Pavilion—Has Methodist Church Painted.

Lakewood, N. J., March 17.—John D. Rockefeller's self-imposed exile has had no apparent effect on his health, according to the testimony of persons who have seen him at his home here. Although deprived of the enjoyment of golf, his favorite pastime, he gets almost as much exercise by tramping back and forth through the glass inclosed sun pavilion at his home. Imprisonment evidently does not wear on Mr. Rockefeller, for he receives his intimate friends and former business associates. Among the latter is S. C. T. Dodd, former general solicitor of the Rockefeller oil Company, who has made several visits to the Rockefeller home lately. A visit from Mr. Dodd is one of the few pleasures that Mr. Rockefeller enjoys nowadays. Among recent visitors at the Rockefeller home were Mrs. George F. Huribut and Miss Kate A. Miller, of Cleveland, who have been intimate friends of the Rockefeller family for many years.

POST MORTEM TO DECIDE.

New-Orleans Officials Await Death in Suspected Fever Case.

New-Orleans, March 17.—There will be no actual decision whether yellow fever has again appeared in New-Orleans until Jules Ebernz, the Italian who is under surveillance at the Charity Hospital died, as now seems inevitable. Then a post mortem will be held to determine whether he has yellow fever or catarrhal jaundice. This decision was reached to-night by the health officials of Texas, Mississippi and Alabama, all of whom agree that a single case of fever at this early season would have little significance. They are simply here that in case the post mortem shows that Ebernz had the fever they may make a careful investigation of his environments before he was taken to the Charity Hospital, and watch for new cases. There is not the least danger of oppressive quarantines or interference with business or travel, as all the health officers here are convinced that Louisiana intends to report every case, whether definite or suspicious, which may appear.

DEWEY'S CLARET OR SAUTERNE PUNCH.

Superior for Weddings and Receptions. 31, T. Dewey & Sons Co., 135 Fulton St., New York. Adv.

EACH DISTRICT TO ACT.

RYAN RESOLUTION VOID.

Miners' Leaders Ignore It—Funds for Steunenburg Defence.

Indianapolis, March 17.—It can be stated authoritatively that the officials of the United Mine Workers of America have decided to allow the Ryan resolution to be eliminated from consideration, and will act upon the assumption that the adoption of the report of the scale committee has actually repealed the resolution which presented one district from signing an agreement with the operators, until all districts had come to an agreement. The report of the scale committee was: Resolved, That we heartily endorse the policy and action of President Mitchell in this matter, and do now hold ourselves in readiness to meet our employers for the purpose of endeavoring to effect a satisfactory settlement of the wage questions.

ADD TO WRECK HORRORS.

Five More Accidents.

One Malicious Attempt Thwarted—Adobe Victims, 22.

Five serious railroad accidents came yesterday on top of the collision at Adobe, Col., on Friday, with its terrible loss of life. The number killed yesterday was five. About twenty persons were seriously hurt, two probably fatally. The latest estimate of the number killed at Adobe on Friday is twenty-two, with twenty-two injured. Only seven bodies have been identified. Responsibility for the wreck was placed on the night operator at Swallows, E. I. Lively, who, the railroad officials say, was asleep at his post.

DEAD NOW TWENTY-TWO.

Operators Blamed for Adobe Wreck—Injured Recovering.

Pueblo, Col., March 17.—Twenty-two dead and twenty-two injured to-night make up the latest estimate of the wreck of two Denver and Rio Grande passenger trains at Adobe, Col., on Friday morning. Only seven of the dead bodies have been positively identified, on account of the mutilation of victims by fire. The wreck was cleared to-night and trains were running on time. A coroner will begin an investigation of the accident on Monday. The following names have been added to the list of known dead: Ray Fields, aged ten, Keystone, Wyo.; Mrs. Belle Webb, Keystone, Wyo., and Mrs. Grace Crowley's baby, Emporia, Kan. Mrs. William Burnside, her daughter and grandchild, said to be from Kansas, were erroneously included in the death list last night. All the injured, it is believed, will recover. It is not likely that the bodies of any of the other victims can be identified.

MISTAKE KILLS THREE.

Head-On Collision Follows When Freight Is Taken for an Extra.

West Windham, N. H., March 17.—Three lives were lost in a head-on collision on the Boston & Maine Railroad, Worcester, Nashua, and Portland division, at a point half way between West Windham and Hudson Centre early to-day because a regular freight train was mistaken for an extra. The dead are Hugh E. Shaw, engineer, of Nashua; S. H. MacLean, fireman, of Nashua; F. R. Tarbell, brakeman, of Concord, N. H. MacLean and Tarbell were killed outright, and Shaw, who had both legs crushed and his head cut, died later at the Lawrence, Mass., General Hospital. Alfred Betters, of Nashua, also was taken to the Lawrence Hospital, suffering from a broken leg and severe cuts and bruises, but he is expected to recover. Several other trainmen were slightly hurt.

COLLISION KILLS ONE.

Two Other Trainmen Fatally Injured in Freight Wreck.

Shreveport, La., March 17.—In a head-on collision between freight trains of the Louisiana & Arkansas Railroad at Long Springs, La., one man was killed and two others fatally injured.
