CHINESE MORE HOSTILE.

Native Papers Arousing People Against Foreigners.

London, March 19.—"The Times" correspondent at Shanghai says: "The native papers, using the same black, have published the picture of the Nan-Chang magistrate's head after death, displaying ghastly wounds. It was evidently a prearranged plan to stimulate the passions of the people against foreigners. The increasing hostility of the native press is viewed with concern by the Chinese officials. BOW DOWN TO MOST.

Johann J. Most, the anarchist leader, who died on Saturday in Cincinnati, was placed on the highest pedestal in the gift of anarchy yesterday afternoon at a meeting of the International Propaganda Groups at Plitts Hall, No. 240 East 80th street, and was worshipped with all their fervor. He was declared, in so many terms, to have been at once great and almost endowed with supernatural gifts to spread the principles of anarchy.

SAYS POSTAGE WOULD COST \$20,000.

If these documents have been sent to every policyholder the cost to the company on postage alone would be about \$20,000, and the cost of printing and stationery would be about \$10,000. It is estimated that the cost of postage alone so far has been \$30,000 and that of printing and stationery much more.

EMMA GOLDMAN PRESIDED.

Emma Goldman presided, and in a fiery speech aroused the meeting to an unusual pitch of enthusiasm. She said that Most's body might be dead, but that the "great principle of the group which he so well propagated" would live after him and some day "reach the zenith of his expectations. . . . Then Most will be glorified above the petty horde of capitalists, and the poor will live as they never lived before."
