## BARNARD GIRLS IN PLAY

### They Both Swear and Die with Great Heroism—Men Attend.

Barnard College underwent an invasion of "men" last night an invasion which carried everything before it and sent those who saw it away with praises for Barnard dramatic talent on their lips. The "men" were clad in the quaint costume of the late eighteenth century, when doublet and hose and long, loose coats were the garments that graced the masculine form. The same garments, just coming by being transferred to feminine forms, as they were yesterday.

The occasion of the invasion was the sixth annual undergraduate play given by Barnard students, and "The Critic," by Sheridan, was produced. There is little plot to it, but many chances for skilful acting.

Altogether there were seventeen "men" in the play, and every one of them, even when he had to mention the name of his satanic majesty or say "I—", spoke with due force and precision. The play culminated in a scene in which every body is killed, or kills himself. Shouting and screaming, the amateur actresses fought like mad and then died.

The first year that men have been admitted to the undergraduate play was in 1905, when it was expected, for in addition to the musicians and reporters there were just five men in the theatre, and they looked just like mad and screaming, the amateur actresses fought like mad and then died.

About seven hundred people played. The euchre was given under the patronage of Mrs. W. K. Vanderbilt, Jr., Mrs. Hermann Oelrichs, Mrs. Charles B. Alexander, Mrs. E. H. Harriman and Mrs. Collins. ## Women in the Churches.

The Woman's Home Missionary Society of the Presbyterian Church will appropriate funds to be forwarded to San Francisco, at the annual meeting of the board, to be held in Des Moines on May 18. A report from San Francisco to the boards of Home Missions and Church Extension says: "Many of our churches are in ruins. Our people are stripped of everything. The only way these scattered flocks had for finding one another was to meet on Sabbath around the ashes of their churches." A telegram just received reads: "Many Presbyterian churches destroyed. Pastors and people penniless. Seminary badly injured." Dr. John

street, yesterday morning. Mrs. Page has added to the interest of several of her lectures by showing photographs of individual Indians, giving insight into the homes and lives of "Indian families."

The normal class in foreign missions, conducted by Mrs. W. Conklin, field secretary of the Foreign Mission Board of the Methodist Church, met for its last session on Wednesday. The meetings will be resumed in the autumn.

Mrs. E. M. Whittemore, of this city, arrives here to-day, having concluded what she reports to be a most successful evangelistic tour through the country, following the meetings in Philadelphia, where she was associated with Dr. Torrey and Mr. Alexander. Mrs. Whittemore has made over a hundred addresses, conducting twenty-eight services in ten days in the churches of the Illinois Presbytery and concluding the campaign with meetings in California. She left just before the earthquake, and word has been received of the safety of her son and daughter, who live in Los Angeles.

Mrs. J. Woodbridge Barnes conducted an interesting course for elementary workers in Sunday schools at the Temple Chapel of Broadway Tabernacle yesterday afternoon. This afternoon a model session will be conducted from 2 until 4 o'clock, followed by an exhibit and demonstration of manual methods in Sunday school work, including the use of sand tables, notebooks, stereoscopic pictures, map drawing and coloring.

The annual meeting of the New York League of Unitarian Women will be held next Friday in Hackensack, N. J. Mrs. Samuel J. Barrows, No. 29 Central avenue, Tompkinsville, Staten Island; Mrs. S. S. Bryan and Mrs. H. H. Harding form the committee in charge of the day. This will be the last meeting of the year.

An entertainment under the auspices of the Luther League of the Evangelical Lutheran Church of the Atonement, Edgecombe avenue and 160th street, will be given on Friday evening. The programme will include illustrated songs, monologues and a series of new and original moving pictures.

The members of the King's Daughters' Missionary Circle of the North Presbyterian Church will visit Ellis Island to-day. They have just finished the study of the classbook on immigration.

The devotional meeting of the Ladies' Christian Union, to be held next Wednesday at 11 a. m. in the chapel of the Collegiate Church, Fifth avenue and 48th street, will be the last meeting until October. Women are cordially invited.

The Evangelical Lutheran Church of the Trinity, 6th street and Central Park West, thinks it was one of the first churches to take up a contribution for the earthquake sufferers. At an organ recital given in the church the evening after the news from California had been received the pastor, the Rev. Dr. C. Armand Miller, suggested that any woman who would like to make an offering for the sufferers might leave it in the box at the door. One hundred dollars was collected, and another hundred added the following Sunday at the thirty-eight anniversary exercises.

MRS. E. M. WHITTEMORE.

Willis Esar writes: "You cannot begin to estimate the desolation." An appeal for help has been sent by the board to all Presbyterian churches. Contributions designed for the help of the congregation in the support of the ministers may be sent to Harvey C. Clark, No. 126 Fifth avenue, and for church buildings to Adams Campbell, No. 156 Fifth avenue.

The Chinese Home in San Francisco, supported by the Woman's Home Missionary Society of the Methodist Episcopal Church, is destroyed. There are Chinese and Japanese orphans and young girls, now finding temporary shelter, for whom schools and homes must be provided as furnished. A fund for the children's San Francisco Emergency Missions has been started, and money may be sent to Miss Alice M. Gurnsey, secretary for children's work in the Woman's Home Missionary Society, No. 17 Webster place, East Orange, N. J.

## DEATH OF MRS. SUTRO.

### Prominent Club Woman Died Yesterday After Illness of Eight Months.

Mrs. Florence Clinton Sutro, wife of Theodore Sutro and one of the best known club women in New York, died yesterday morning at her home, No. 230 West 104th street. She had been ill for eight months with chronic pleurisy and complications, and had spent most of the winter at Hot Springs and Atlantic City, trying to regain her health. She returned to her home in New York only a few days before her death. The funeral, for which final arrangements have not yet been made, will take place on Monday, and the body will be buried in the family plot at Woodlawn.

Mrs. Sutro was the daughter of Harry W. Clinton, of England, and was born in that country on May 1, 1865. She was the first woman to receive the United States to bear the title of Musical Doctor, the degree being granted to her by the Grand Conservatory of Music in New York. She was also one of the first women law students in the University of the City of New York, and was valedictorian of her class.

As a public worker Mrs. Sutro was known chiefly for her efforts in behalf of women in music, which the Atlanta Exposition recognized by the award of a gold medal. She also received from the exposition a silver medal and an award of honor for her work in behalf of women in law. She was a patron of the American School of Opera and the People's Symphony Concerts, and the author of "Women in Music."

Among the organizations with which Mrs. Sutro was associated were the College Women's Club, Sorosis, the Vassar Students' Aid Society, the Portia Club, the Society of American Authors, the Drawing Room Club, the Women's Legal Education Society, the Society for the Prevention of Cruelty to Children, the Society for Improving the Condition of the Poor and the Hospital for Crippled Children.

## LOVING CUP FOR MRS. CLARK.

### Wheaton Club Honors Its President, Who Has Served Nineteen Years.

They had a printed programme for the annual breakfast of the Wheaton Club, at the Fifth avenue Hotel yesterday, but the best number of all was not down. It stood out in the corridor filled with American Beauties, all through the breakfast, and Mrs. Kate Tyson Clark, the president, didn't get much out of it.

There had been intense regret in the club when Mrs. Clark, who had been the president for nineteen years, was elected to the position. She had been elected to express their affection for her by presenting a silver loving cup, yesterday being the first of the kind ever given to her. Mrs. Susan Hayes Ward, in a tender little speech that made the thirty members dab their eyes with their handkerchiefs, presented the cup.

"Your friends couldn't let you go after leaving so hard on you all these years without making a little show of their affection for you, so we want you to accept this," she said.

"She pushed the loving cup toward the place where 'Kate—my dear Kate,' she began, but couldn't get any further. The president was biting her lip from crying and looking as if she was going to be executed the next minute, and half the others were wiping their eyes.

### The Wanamaker Store Store Closes at 5:30 P. M. This New Store for Men

MEN of New York City are magnificently served in matters of dress. In this city are the men who best know the laws of dress, and are most fastidious in the observance of them. In every line of apparel there are probably a half dozen places where a man may select and secure that particular article at its very best; but this means that he must go to one store for this, to another for that, until his shopping tour may have required a dozen different journeys.

For years it has been our ambition to provide a great general store for men, where every article of apparel would be assembled on one floor, under one roof. The Wanamaker business started in 1861, exclusively in the service of men. And while it has grown to the vast general business it is, men have always had a foremost thought in the store's effort. So, when the New Wanamaker Building was planned, it was immediately decided that the entire Main floor should be devoted to apparel for men and boys.

Situated as this store is, here at Astor Place, in the very heart of New York, in the very center of commercial interests, which call to this section vast numbers of men whose business requires them to be carefully dressed, and right among the best clothing stores in America, we have a high mark to reach and a large service to render. For years its importance has been recognized, and our organization has been in training to meet this day.

The New Store has now been open a full week. Thousands of men already know the completeness and superb character of the stocks presented. Here is the best clothing that can be purchased ready-made, in variety that covers every requirement of the well-dressed man. Here are furnishings which include the finest and most exclusive Neckwear and Shirts that come from abroad, as well as the best productions of foremost American manufacturers. Here are the best Hats from a half dozen different sources, including famous foreign makes. The Men's Shoe Store presents a remarkable stock, which men will just begin to appreciate now the new shoe store enables us to properly display the shoes. Thousands of men have already discovered that Wanamaker Underwear is better made in both points of comfort and service than the usual sorts they find elsewhere. Our Men's Underwear business has grown to tremendous proportions accordingly.

While Wanamaker stocks are remarkable for their excellence and breadth, they shall continue to present most remarkable values in the future as they have in the past. The man who is careful to get most for his money will not only find it in the regular stocks, but in the constant opportunities which the store presents.

Some of today's important news is told below:
