R. E. LESTER DEAD. Congressman Succumbs to Shock of Fall Physicians Say.

Washington, June 16.—Representative Rufus E. Lester, of Savannah, Ga., died at the Cairo apartment house this evening at 6:22 o'clock as the result of injuries he received in a fall through a skylight last night. Although Mr. Lester recovered consciousness sufficiently to recognize his wife and young granddaughters, who were with him at the time he fell, he did not utter anything which threw light on the manner in which he was injured.

At 8 o'clock last night Mr. Lester took the elevator to the top floor of the apartment house in which he lived. Nobody saw him after he left the elevator, and he was not seen until he was found at 11:30 p. m. beneath a shattered skylight through which he had fallen. Mr. Lester was in search of his grandchild, the time of the accident, it is supposed that he went to the roof thinking that the little girl might be there looking at an airship which was to make an ascent at a local amusement park. His eyes were poor, and it is thought that he did not see the skylight.

Mr. Lester was 67 years of age. He was a member of the House of Representatives from 1898 to 1904. He was a native of Georgia, and had been born in that State sixty-nine years ago, and was prominent in Southern politics for more than forty years.
