

POLITICS IN CHEMUNG.

HEARST A POOR THIRD.

Rise of the Radical Independence League Bodes Ill to Bryan.

[From a Special Correspondent of The Tribune.] Elmira, N. Y., July 21.—The Hearst machine in Chemung is smashed and nearly out of business from front and rear collisions with the Republican and Democratic machines in Elmira.

Senator William F. Mackey, of Buffalo, state organizer for Hearst, came down here and organized an Independence League. He decried the election of his own "trustees." There was a fight, helped on by both the Fassett and Sheehan men, the outcome being that the Hearst forces are all torn up.

Franklin Aldrich, twice a Republican District Attorney, has flopped to Hearst because the Republicans refuse to give him a third term. HEARST'S FATE IN MURPHY'S HANDS.

John B. Stanchfield, Democratic candidate for Governor in 1906, says if Tammany is for Hearst he will be nominated for Governor by the Democratic State Convention, and that if Tammany is against Hearst he will not be nominated.

Mr. Stanchfield has been elected by the indicted New Rochelle aldermen, and will be in New York next week. His successful defence of Ex-Senator Green, of Binghamton, has largely increased his prestige as a successful pleader.

Tammany Hall holds Chemung County as in the hollow of its hand. Tammany, acting unaided, controls the state situation. If you will tell me that Tammany will be for Hearst, I can assure you that Hearst will be the candidate for Governor.

"What about the Bryan men? Will they oppose Hearst?" "I think it will be generally admitted by thoughtful Democrats that the rise of Mr. Hearst is identical to the candidacy of Mr. Bryan for President."

"Bryan's cause hurtful to Bryan." "The Hearst people are not strong here," said Mr. Lovell to-day. "William J. Bryan has lots of friends here, and they think that if they make Hearst Governor it will hurt Bryan's Presidential prospects."

Representative J. Sloat Fassett says that Hearst is not a menace to Republican success. Mr. Fassett returned to-day from Canada, where he and some friends have bought a hundred square miles of hardwood timber on the Ottawa River, about seventy-five miles from Montreal.

"The Hearst movement here at present is in no sense a serious menace to the Republican party. A few Republicans, mostly disappointed office seekers, have allied themselves with Hearst, largely, I think, as a matter of political speculation, but for every Republican who has allied himself with Hearst there are three or four Democrats who also have gone over as an offset.

URGE PARTY LOYALTY.

Fassett and Dunn Voice Republican Feeling in the State.

[From a Special Correspondent of The Tribune.] Elmira, N. Y., July 21.—Representative J. Sloat Fassett is for Eilihu Root, Charles E. Hughes or Lieutenant Governor Bruce for Governor, provided Governor Higgins is not a candidate for renomination.

"When asked to-day to make a statement, Mr. Fassett said: "I suppose it is rather too early yet to select candidates for Governor. If Governor Higgins wishes to be renominated, or would announce that he desired a renomination, that fact would make a difference in the situation."

"It would be a wise thing for the Republicans of this state to form a Get Together Club, but not a Get Together to Club Club. There is a wide distinction between these somewhat similar sounding terms. The issues presented this year are very serious and important."

Colonel George W. Dunn, of Binghamton, former state chairman, when seen to-day, gave utterance to similar sentiments. He said: "This is not the time for any Republican, high or low, to be against this or that other Republican."

Senator William J. Tully, of Corning, was unanimously renominated for Senator in the new 43d District here this afternoon, in a convention which applauded the President, Governor Higgins and Senator Tully.

TULLY FOR HIGGINS.

Senator Says No Recent Governor Has Served Better.

[By Telegraph to The Tribune.] Hornell, N. Y., July 21.—Senator William J. Tully, of Corning, was unanimously renominated for Senator in the new 43d District here this afternoon, in a convention which applauded the President, Governor Higgins and Senator Tully.

The Republican party in the state of New York can well invite the attention of the people to the administration which is now drawing to a close. Two years ago we placed in nomination for the office of Governor one who had long been the object of our admiration and respect.

The investigation that preceded the passage of the insurance bills is commonly accepted as having been the most important and far reaching legislative investigation of this generation. There is an evident attempt in some directions to take from Governor Higgins the credit that belongs to him for his part in the matter.

HURT IN AUTO PLUNGE. Dr. Todd Smith, who was returning from a professional visit in his automobile, saw the machine in the ditch, and finding the men unconscious, undertook to resuscitate them.

NEW-YORK, SUNDAY, JULY 22, 1906.—5 PARTS—FIFTY-EIGHT PAGES.

DREYFUS DECORATED.

FRANCE MAKES AMENDS.

Major Named Chevalier on Scene of Former Degradation.

Paris, July 21.—In the presence of a brilliant military assemblage, Major Alfred Dreyfus, wearing the full uniform of his rank, this afternoon received the Cross of Chevalier of the Legion of Honor. The ceremony, which took place in the courtyard of the Military School, was made doubly impressive by being held on the very spot where the buttons and gold lace were stripped from his uniform and his sword was broken twelve years ago.

The decoration of the major was a striking ceremony. His brother officers, who were prominent figures in various stages of the controversy, were among the spectators. Outside of the circle of troops stood Mme. Dreyfus and the little son of Dreyfus; Brigadier General Picquart, who shared in the court's acquittal of the famous prisoner; Anatole France, of the French Academy; Alfred Capus and other literary men who aided Zola's campaign in behalf of revision.

Previous to the ceremony Major Dreyfus was presented to General Gillain, commander of the First Division of Cavalry; General Pererin and other prominent officers, who warmly shook hands with him, testifying their satisfaction at his return to the army.

In the name of the President of the Republic and in virtue of the powers intrusted to me, Major Dreyfus is hereby named a chevalier of the National Order of the Legion of Honor.

After pinning the cross on Dreyfus's breast, the general saluted the major, the trumpets sounding and the spectators applauding. The troops then filed before General Gillain, Dreyfus occupying the post of honor on the general's right, Colonel Targe and the generals being on his left.

On reaching his residence, Major Dreyfus, who has heart trouble, suffered a violent attack, but, thanks to his strong will, the faintness soon passed and he was able to receive Prosecutor General Baudouin and Brigadier General Picquart, to whom he expressed his sincerest thanks for their exertions in his behalf.

PULL THE JUDGE'S HAIR.

Mob of Women Attack Him on the Bench.

Louisville, July 21.—Angered by a decision dismissing Minnie Reynolds, charged with disorderly conduct, twenty excited women, all witnesses in the case, almost mobbed Judge Swagner, of the city court in Jeffersonville, today. The charge was made by neighbors, who when they heard she had been released they made a break for the judge, even pulling his hair. Court officers rushed in, and they succeeded in pulling the judge away from the mob.

HURT IN AUTO PLUNGE.

Brooklyn Man Seriously Injured and Companions Bruised.

[By Telegraph to The Tribune.] Middletown, N. Y., July 21.—An automobile accident in which five New York men were injured, one seriously, occurred between Goshen and Chester to-night. The most seriously hurt is William T. Mason, of No. 140 Hicks street, Brooklyn, a broker at No. 142 Duane street, who sustained fractures of the collar bone, shoulder, hand and nose. He is at the Thrall Hospital, in this city, where the physicians say that if no internal injuries have been received he will recover. The other four men, who refused to give their names, were taken to the Red Farm Inn, in Warwick, twenty miles from here, where the party was staying. Before he reached the hospital, Warwick this morning and were planning to remain over Sunday. Late this afternoon they went out for a spin. While the machine was descending a steep hill the wheels skidded on the muddy road, and the automobile swerved and overturned into the ditch, pinning three of the men underneath it. All were knocked unconscious.

F. C. HAVEMEYER MARRIES.

His Bride the Widow of William R. Travers—Wedding Here.

Frederick Christian Havemeyer, son of Mrs. Theodore A. Havemeyer, and Mrs. Lillie Travers, widow of William R. Travers, were married quietly at noon yesterday at the rectory of the Church of the Holy Innocents, the ceremony being performed by Father O'Farrell. The witnesses were Mr. and Mrs. Harry O. Havemeyer, Jr., the former a brother of the bridegroom.

Mrs. Travers was separated from her husband when he committed suicide last September. Mrs. Travers left Newport on Thursday to attend the funeral of Miss Cameron, and it is understood that Mr. Havemeyer, who had been the guest of his sister, Mrs. Cameron McCrea Winslow, at Newport, left there the following day. On Friday evening a message was sent to H. O. Havemeyer, Jr. asking him to come to New York to act as witness at the marriage.

Following the ceremony Mr. Havemeyer and his bride went to Hempstead, Long Island, where they will spend their honeymoon. Mrs. Havemeyer having a house there. Mrs. Havemeyer before her marriage to William R. Travers was Miss Lillie Harriman, daughter of Oliver Harriman. She has figured in Newport society for years. Mrs. W. K. Vanderbilt is her sister.

GOV. HANLY OVERCOME.

Succumbs to Heat While Delivering Lecture in Elkhart.

[By Telegraph to The Tribune.] Elkhart, Ind., July 21.—Governor J. Frank Hanly was overcome by the heat while delivering a lecture here to-day. The atmosphere was very oppressive, and just as he was closing his lecture the Governor became greatly distressed. Members of the reception committee crowded about him and urged him to leave the grounds, but a reception had been arranged and he stayed. The reception had hardly begun, however, when his weakness became more pronounced, and he was put in an automobile and hurried to a hotel. Rest and a bath refreshed him greatly, but his physician warned him to be careful.

AFter MR. ROCKEFELLER.

Ohio Official Says He Must Appear or Be Arrested.

[By Telegraph to The Tribune.] Cleveland, July 21.—Unless John D. Rockefeller, through attorneys, enters his appearance in Findlay and gives bond, the Sheriff of Hancock County will make an honest and vigorous effort to arrest him, said Prosecutor David, at Findlay to-night. "If he comes to Ohio he must either submit to arrest or enter appearance and give bond. There is no desire on the part of the Hancock County authorities to inconvenience Rockefeller, but if he comes to this state and refuses the alternative I have mentioned he will be arrested, even on his own golf links, if found there."

ARTIST FOUND DEAD.

New Rochelle Portrait Painter's Forehead Crushed in California.

Pasadena, Cal., July 21.—Miss Euphemia B. Wilmarth, of New Rochelle, N. Y., a portrait painter, was found dead in the bathroom of her house, in Pasadena, to-day. Her forehead was crushed and she was lying in a pool of blood. Miss Wilmarth was fully attired for the street, and evidently had been intending to go downtown. The physician who examined the body gave it as his opinion that she had been seized with a hemorrhage of the stomach and had fainted, striking her head in falling. She lived alone in the house at No. 116 East Mountain street, which she had occupied since coming to California several months ago.

Further investigation showed that the death of Miss Wilmarth was due to the bursting of a blood vessel in the head. In falling she had struck her head, causing the injury to the skull. News of the death of Miss Euphemia Wilmarth, who was a member of an old and well known family in Westchester County, was received last night with much sorrow by the people of New Rochelle. Miss Wilmarth was about fifty years old, and was the daughter of the late John P. and Caroline B. Wilmarth, descendants of the Huguenots, who settled New Rochelle. Mrs. Wilmarth before her marriage was Miss Caroline Bennett. Both Mr. and Mrs. Wilmarth were well-to-do, each owning large tracts of land in New Rochelle and Larchmont. About ten years ago Mr. and Mrs. Wilmarth celebrated their golden wedding anniversary. Mr. Wilmarth died seven years ago, and Mrs. Wilmarth died last October.

VANDERBILT YACHT HIT.

The Tarantula Damaged by Striking Submerged Object in Fog.

[By Telegraph to The Tribune.] Newport, R. I., July 21.—The Vanderbilt yacht Tarantula, owned by William K. Vanderbilt, Jr., met with a mishap early this morning while on her way to Newport, and came limping into port under reduced speed. She will have to be hauled out for repairs. Mr. Vanderbilt was on board and the Tarantula was proceeding slowly, on account of the dense fog. At about 1 o'clock this morning, while half way between Point Judith and Beaver Tail Light, she struck some unknown object, submerged, and the yacht stopped. Captain Haskell made a hasty examination and found that the middle backing shaft and two of the propellers had been carried away, but after seeing that the yacht was not making any water, he proceeded to Newport under the forward propellers. There was quite an impact when the yacht struck the unknown object, but the fog was so thick that it could not have been seen if it had been on the surface. Mr. Vanderbilt was awakened by the crash, but, ascertaining that there was no danger, he immediately retired to his cabin.

DOUMA DISSOLVED BY CZAR.

The Russian Emperor Takes Action to Maintain the System of Autocracy.

MARTIAL LAW DECLARED IN CAPITAL.

Another Assembly Summoned to Meet on March 5, 1907—Great Force of Troops Massed in St. Petersburg.

St. Petersburg, July 22.—Russia's first experiment in parliamentary government came to an ignominious end this morning with the promulgation of two imperial ukases, the first dissolving the present parliament and providing for the convocation of its successor on March 5, 1907, more than six months hence, and the second proclaiming the capital of Russia and the surrounding province to be in a state of extraordinary security, which is only infinitesimally different from full martial law. This measure of safety is to provide for the outbreak which undoubtedly will be provoked by this daring measure. It is now only a step to a dictatorship.

According to Paragraph 5 of the fundamental laws, we order the imperial parliament dissolved, and fix the time for the convocation of the newly elected parliament for March 5, 1907. Regarding the time for the new elections to the imperial parliament we will later issue special instructions. The Ruling Senate will not fail to take proper measures to place this in effect. Peterhof, July 21. NICHOLAS.

With these pithy, momentous orders, which were promulgated at 3 o'clock this morning, Emperor Nicholas by a stroke of the pen set Russia back to where she stood two years ago—in the full grip of autocracy and irresponsible government. There is little doubt that the new assembly will not meet on the date set unless the new body promises to be more amenable than the present. The delay in fixing the time for the new elections seems to indicate a decision to change the present basis of suffrage to a basis of general suffrage, with which the advisers of the Emperor hope to swamp the educated liberals, the socialists and the workmen with the vast mass of the peasantry.

The only uncertainty is the coming storm—when and where it will break. The advocates of repression believe that by dissolving parliament and provoking a collision now they will find the revolutionary leaders not prepared for an uprising, whereas further delay might give the revolutionists the time needed to bring about the corruption of the army. There are no precedents in Russian history for the execution of an order of prerogative, but Monday probably will find the Tauride palace in the possession of the military and the surrounding streets held by the Guards. The Constitutional Democratic caucus adjourned before the news of the dissolution of parliament was received, but the information already has reached the leaders of the party, and a meeting has been summoned for to-day to discuss procedure and whether they shall attempt to continue existence as a revolutionary body in defiance of the sovereign's will. Fourteen men of the 2d Battalion of the Preobrazhensky Regiment, including two non-commissioned officers, have been arrested on charges of stirring up mutiny, and conveyed to the Fortress of St. Peter and St. Paul. Two squadrons of dragoons and hussars have been sent to Cronstadt, where there is a recurrence of the ferment among soldiers and sailors. A meeting of twenty-five hundred sailors from the warships at Sebastopol to-day drew up economic demands for presentation to Admiral Skrydloff. Unless these demands are fulfilled, the men say, the whole of the Black Sea fleet will revolt.

BLOODSHED ANTICIPATED THROUGHOUT EMPIRE.

St. Petersburg, July 21.—The government is not blind to the fact that an order to disband parliament will be accompanied by tremendous excitement, riots and bloodshed. Troops are being massed at St. Petersburg, Moscow, and other centres, and in addition to the guard regiments, which hurriedly entered the capital on Thursday night, the entire Twenty-third Division of Infantry arrived here this afternoon from Pskoff. This imposing military array is expected to overawe the masses. The Socialists and the Group of Toll in parliament have prepared for an emergency. They have drafted an address to the country the moment dissolution is declared. The arrival of the troops at the capital has been followed by the strengthening of the patrols through the industrial quarters, where the workmen are greatly angered by the complete suppression of the socialist press. Orders have also been issued to all printing offices to inform the chief of police immediately of any attempt to set up the address of the lower house to the country. The temper of the masses can be Continued on second page.

FOUR DROWN IN SURE.

Father Dies in Vain Attempt to Save Daughter.

Atlantic City, July 21.—The surf claimed four victims within an hour late to-day. All met death under stirring circumstances. A father lost his life in a vain attempt to save his drowning daughter; a young man drowned after a friend nearly lost his life in an heroic endeavor to rescue him, and a middle aged visitor was fatally stricken with hemorrhage while bathing. The dead are Robert L. Thomas, aged forty-nine years, Camden, N. J.; Miss Helen D. Thomas, thirteen years, Camden; C. W. Sharpless, aged twenty-eight years, Jenkintown, Penn.; and Walter N. Whitlock, aged fifty-seven years, No. 205 East Grace street, Richmond, Va. Mr. Thomas and his daughter entered the water soon after 5 o'clock. Mrs. Thomas did not have on a bathing suit, but sat on the beach, watching the father give the little girl her first lesson in swimming. Finally, tired with the exercise, Mr. Thomas went up on shore and joined his wife. Helen remained behind, wading in the water, that did not reach her waist. The first inkling Mr. Thomas had of her danger was when he heard a plaintive cry of "Papa, papa, help me." Before he could reach his daughter a swirling current had carried her beyond his depth. Striking out, he managed to reach her, and, seizing her bathing suit, attempted to swim ashore. For fully ten minutes he battled in the waves, but, becoming exhausted, the father sank to his death, still clutching the bathing suit of the lifeless girl. The lifeguards used every effort to rescue the two bathers, but were unable to do so because of the heavy undertow. Whitlock was ill when he entered the surf. It was not known that he had drowned until the body was washed up on the beach.

STARVING TO SAVE GOLD.

Canal Laborers Hereafter to Get Pay in Silver.

Panama, July 21.—Henceforth the Panama Canal Commission will pay all laborers in silver. It seems that simultaneously with the decision to pay the men in gold the mortality among the West Indian laborers increased considerably. It is reported that in many instances the Negroes have preferred practically to starve than to spend the gold coin, little of which they had ever seen before. Nashville, Tenn., July 21.—Judge Childress, of the Circuit Court, granted to-day an injunction restraining all those who say they still are Cumberland Presbyterians from interfering in any way with the Presbyterian Church, formerly known as the Cumberland Presbyterian. The bill asking for the injunction was prepared under the supervision of the committee on pastoral oversight, appointed by the last Cumberland Presbyterian Assembly. Dr. Ira Landrith, moderator of that assembly, is named as the complainant, together with the heads of the Cumberland Presbyterian boards and other well known persons. The principal defendants are the Rev. J. L. Hudgins and the Rev. T. H. Padgett, of Tennessee, the moderator and stated clerk of the body which was organized at Decatur, Ill. after the Cumberland Assembly adjourned, and which styled itself "The True Cumberland Presbyterian Assembly." The restraining order applies to the whole of Tennessee. Shelbyville, Tenn., July 21.—The controversy between the unionist and loyal factions of the Cumberland Presbyterian Church over the question of union with the Presbyterian Church is at fever heat in this section. Last night a part of the loyalists, headed by the Mayor, made their way to the Cumberland Presbyterian Church and nailed up the door. ATLANTA—BIRMINGHAM—MEMPHIS. Through Pullman service via Seaboard Air Line Ry. Office 133 Broadway.—Adv.
