

YANKEES MEET DEFEAT. LOSE GAME TO MACON. Home Team Bats Out a Victory in the Ninth Inning.

(By Telegraph to the Tribune.) Macon, Ga., March 22.—The New York American League baseball team met its first defeat of the season here to-day. Twelve of the players came from Atlanta to take the field against Macon, and the local nine won by a score of 9 to 7, to the great delight of the big crowd in attendance. Clark Griffith took the defeat to heart, as he was counting on a clean record for the exhibition games. Macon won the game in the ninth inning by scoring four runs. Clarkson, who had replaced Doyle in the box in the fifth inning, went to pieces, and the home team batted out a victory, aided by four home runs and a bad throw by Conroy. Harshish was caught at the plate for the third out, in trying to stretch a three-base hit, on which two men and one out were on base.

IN THE GOLF LINKS. White House Gets Preference Over Jackensack Club—Various Notes.

The last session of the Winter Nights Dinner club will be held to-night at the Jackensack Golf Club. Thereafter the members will devote themselves to the royal and ancient game. The much looked for two-ton motor roller and cutter, the largest ever made for such a purpose, has not arrived. It is because the manufacturer received a call for a machine of this style to be used on the White House lawns, and he obtained permission from the committee in charge to send it to Washington. A second machine is in course of construction and will be employed by the Jackensack Golf Club early in April.

Although the regular spring schedule of competitions has not as yet been drawn up, the Dyker Meadow Golf Club members will probably take part in a ball sweepstakes this afternoon. All the snow and ice has disappeared from the course, but there are some soft spots and a little casual water in the hollows.

Tom Gourlay, the veteran professional golfer, has been engaged by the Forest Hill Field Club for the ensuing season. Gourlay, who will report on April 1, succeeds George Pearson, who goes to the Yontakah Country Club. Gourlay came to this country from Musselburgh, Scotland, twelve years ago, and one of his first greens was at Baltusrol. Last season he was employed by the Marine and Field Club.

Forest Hill Field Club, which won the East Jersey Golf team championship last year, is preparing to muster another strong team. Paul Heller has refused to serve as captain again, and the team manager is trying to induce William E. Egner to fill the vacancy. A schedule of club competitions will be issued shortly.

The Wee Burn Golf Club, near Stamford, Conn., has secured George Thomson for professional. Walter Stoddard, who had the green for the last year, has gone out of the golf business.

It is said that Dave Ogilvie, for the last two seasons professional at the North Jersey Country Club, is not to return there this spring. Ogilvie's name has been mentioned in connection with another prominent club in the Metropolitan district. During the winter he had the Augusta Country Club, and a recent open tournament there won him some money.

PRESIDENT'S SON GETS APPOINTMENT. Named as the Second Assistant Manager of the Harvard Crew.

Cambridge, Mass., March 22.—Theodore Roosevelt, jr., was appointed second assistant manager of the Harvard University crew by the university athletic committee to-night. The appointment was made from a list of a dozen candidates, all of whom have been competing for the place since last October by activity in securing subscriptions for the crew and doing other work for the management. If the usual order of succession in the crew management is followed, young Roosevelt will probably be assistant manager next year, and manager in a few years.

Seven Rhodes scholars were among the Oxonian competitors, including P. M. Young, of South Dakota, in the broad and high jumps, both of which he won last year; Albert M. Thayer, of Harvard, who was in the second string of Oxford's hammer throwers.

New Orleans, March 22.—Jungle Imp won the third race at the Fair Grounds track to-day at the fancy price of 60 to 1. DARLINGTON WORRIED. Health Commissioner Explains Views on Pasteurization.

About the most worried man in this city yesterday was Health Commissioner Darlington, on account of the misadventure at the milk hearing of the Health Committee of the Board of Aldermen on Thursday. The principal thing that worried him was the statement given out by the New York Milk Committee, which Dr. Darlington had not authorized. This was especially in relation to the cost of pasteurization, and in order to correct any misapprehension that may have arisen Dr. Darlington gave out the following yesterday for what it might be worth:

The estimate of the cost of pasteurization of the whole milk supply of the city of New York was one presented to the Health Committee yesterday. Further investigation was regarded as necessary to determine the accuracy of the estimates as experts in the question hold widely divergent opinions. It was, therefore, deemed wise to withhold this statement from publication until the investigation had been completed and a more reliable data. When given to the New York Milk Committee it was not intended for publication.
