TRAVIS AND BYERS OUT TRAVERS AND GRAHAM IN.

Brilliant and Hard Fought Matches Mark National Golf Tourney.

Cleveland, July 12.—Jerome D. Travers, of Montclair, and Archie Graham, of the North Jersey Country Club, qualified for the final round in the national golf championship tournament on the links of the Euclid Club here to-day.

Travers, of course, has been one of the favorites all along, although some of his supporters were inclined to weaken because of the brilliant scores of Travers in the qualification round.

Travers took the lead at the second hole in 8, laying his approach two yards from the cup and a distance of 120 yards from the hole.

THE BRIGHTON TO-DAY, PRETTY RACE IN CHASE

PETER PAN THE CHOICE. KERNEL BEATS GARRETT.

Good Field Will Do Battle for the Coveted Turf Prize.

The Brighton Handicap, at \$25,000, the companion stake to the Brooklyn and Suburban, and the richest of the three, will be run to-day at Brighton Beach. Fourteen horses have been named as probable starters, and on paper the race has every appearance of being the equal, if not the superior, of any run this year.

Under favorable weather conditions, the inclosure will hardly be big enough to accommodate those who will want to see the race decided, and it is safe to say that all records in the matter of attendance, at Brighton Beach will be broken.

James R. Keene's Peter Pan, the biggest money winner so far this season and a colt which stands out as the probable champion three-year-old of the year, is named to start, and will probably go to the post favorite, in spite of the fact that he must take up 115 pounds and concede weight according to the scale, to every other horse in the race.

A well known layer quoted 3 to 1 against his chances last night, but in all probability he will be at an even shorter price when the field goes to the post. Netter, who handled him to such good advantage in the Advance Stakes, will have the reins, as Miller must ride Monty.

Among the horses which will do battle with Peter Pan are Montgomery, which won the Commonwealth Handicap last Saturday; Nealon, the hero of the Suburban; Dandelion, which is always deserving of consideration; Beacon Light, which ran second to Superman in the Brooklyn Handicap; Tokalon, the winner of the Brooklyn Handicap last year; Georgetown, McCarter and Fountainbleu, Cory Maid, First Premium and Miss Crawford, can hardly be accepted seriously on recent form, while Galloway is such a slow breaker that he hardly looks dangerous. Faust, which made the running in the Suburban Handicap, which his stable companion Nealon won, is also in, but while C. E. Turner, his owner, has expressed his confidence in the colt, the form players do not accept him seriously.

Montgomery appears to be the horse which is likely to give Peter Pan the most trouble. His victory over Frank Gill in the Commonwealth Handicap was a sterling performance. Nicol will come on to ride, but this is not particularly in his favor. Nealon's race in the Suburban Handicap was too bad to be true, but the Suburban winner has had to recover from a slight lameness, and under the circumstances and at the weights does not look tempting. McCarter will have a following, but Beacon Light and Dandelion are the ones which are most likely to be fighting it out through the stretch with Peter Pan and Montgomery, if form can be depended on.

The race, like the Brooklyn and the Suburban, is at a mile and a quarter, and will be run shortly after 4 o'clock. The track is so fast that there is a bare possibility that Broomstick's American record of 2:02.4 for the distance may be broken. Broomstick made this mark in beating Irish Lad a head for the same stake in 1904.

Previous winners of the Brighton Handicap are Ram's Horn, Artful, Broomstick, Waterboy, Gold Heels, Tiddy, Jack Point, Imp, Ornament, Ben Brush and Nanki Poo.

One more victory for the Giants over Cincinnati by a score of 3 to 2 at the Polo Grounds yesterday kept their grip secure on second place. The victory was needed, too, for both the Pirates and the Cubs won also, which kept the relative standing of the leaders unchanged.

Hogan Bresnahan was back in the game for the first time since one of Coakley's balls hit him on the head and knocked him out in Cincinnati. He signaled his return to the game by sending out a good single over the fence, but he was not popular at the Polo Grounds, and his single was cheered more vociferously than many a home run which has been made up there.

The Giants scored in the first inning, the mud having a lot to do with it. Shannon was out on an easy fly, but Brown beat out an easy punt to first, and when Schell slipped in the mud as he tried to field the ball, the runner got to third. Devin then scored out to Gansel, but Brown beat the ball in and fielded it.

With Schell on third and trying to get home in the fourth inning, Morway smashed a hot liner over the fence, but Devin did not catch it, but he managed to block it, and Dahlen caught the ball before it struck the ground, leaving Schell still dancing on the base. He came in a minute later, however, on a long, slow single past Dahlen.

In the sixth inning the Giants took two, Devin walking and Bresnahan following with a single. Dahlen also walked, filling the bases, and then Devin and Bresnahan scored on Howersmann's single. The lights were out on the game, but could not be the Giants. The score follows:

Superbas shut out by Pirates. Pittsburgh shut out the Superbas in an interesting game at Washington Park, Brooklyn, yesterday by a score of 3 to 0. The home players could do nothing better than a first base on an error, but were able to bunch a few hits in the sixth and eighth innings off McIntyre.

A feature of the game was the batting of Wagner, who made a double and a home run and drove in four of the five runs made by Pittsburgh. The teams will meet in a double-header this afternoon. The score follows:

TOURISTS IN CHICAGO. Only Two Clubs Have Perfect Scores for the Glidden Cup.

Chicago, July 12.—The run to-day from South Bend, Ind., to Chicago of the American Automobile Association for the Glidden and Hower trophies, a distance of 109 miles, brought the tourists over the best roads so far traversed. With the exception of West Chicago, and a bad spot some sixty miles out, the automobiles were driven over perfect macadam roads. Many of the cars were driven at tremendous speed. At West Chicago the cars had to plough through black mud, up to the hubs. This may have been responsible for the fact that several of the cars were penalized for not arriving on time.

The record of the eight clubs competing for the Glidden Cup shows that the Automobile Club of Cleveland and the Automobile Club of Buffalo are leading, with close scores. The Automobile Club of America had 230 points, charged against it, and the New York Motor Club, 213. All the automobiles competing for the Hower trophy were on time to-day.

The 40-horsepower American Motor of Great Lakes ran into a telegraph pole while making a turn near the railroad track at Highland. None of the passengers in the car were hurt.

A broken plank on a small bridge some sixty miles from Chicago came near causing a serious accident to the 20-horsepower Premier car, entered by H. O. Smith, Moore, the driver of the car, who was setting a hot pace at the time, suddenly ran on the brakes and shut off the power a few inches in front of the hole.

E. E. Myers, of the Chicago Automobile Club, a member of the executive committee, resigned to-day. He said that he was dissatisfied at the way Chairman Hower was running things to suit himself.

Refreshed by a night's rest, the Glidden tourists left South Bend for Chicago early this morning. The run was through La Porte, Valparaiso and Hammond. Before reaching South Bend the tourists experienced much trouble in getting supplies of gasoline, garages in Western Ohio and Eastern Indiana raising prices unreasonably.

The first of the touring cars to arrive in this city was that of Montgomery Halliwell, of Buffalo, driving a 40-horsepower Premier. He arrived at 12:45, with a perfect score. The second car to arrive was that of H. K. Sheridan, of Cleveland, who was followed closely by A. M. Robins, of New York; S. Day, of Buffalo, and A. K. Knicker, of Buffalo.

Charles J. Glidden, the donor of the trophy for the trip, was in a car which preceded that of Halliwell. He declared that the roads between South Bend and Chicago were in fair condition, all things considered, and said that the run of 109 miles had been made in five hours.

Mr. Halliwell, the owner of the first car, said that the run of 109 miles was made in five hours and thirty minutes. Near Crookston, Ind., he was stuck in a mud hole that was stuck fast in the mud and was utterly helpless. We never could have got through the mud if it had not been for the chains on the wheels.

The tour will be resumed from here on Monday. Charles J. Glidden said to-night: "The disagreeable and wretched condition of the roads between South Bend and Chicago, which were the cause of the accident to the automobile yesterday, will be automobile expert care a drive of 109 miles in thirty-six countries, and members in the world have entered such poor roads as in the states of New York and Ohio. Such conditions are allowed to exist in constant peril, whether the use of the road is by horse-drawn power or motor."

TWO PLAYERS LEFT IN. Anderson and Westfall Reach Final Round in State Tourney.

The field of sixty-eight starters in the New York State lawn tennis championship singles was finally narrowed yesterday to Frederick G. Anderson and Herbert L. Westfall on the courts of the New York Athletic Club, at Travers Island. Anderson and Westfall were the only two players left in the tournament after a first round in which 50 of the 68 players were eliminated.

Westfall fairly dazzled the experts during his match with N. W. Niles, the Bostonian. Niles was knocked out in the first set, and Anderson was the probable challenger. Anderson, who was the champion last year, made a superb effort for victory in the third and deciding set. The wet surface helped Niles more than it did Westfall, but the King of Kings, as he is called, held his own with splendid drives and won by the score of 6-3, 3-6, 7-5.

The final match of the tournament proper will be played on Monday afternoon at 2 o'clock, and the winner of the match will receive the trophy. Anderson will challenge Matt of the winning amateur racketeer will be decided to-morrow. Hackett was out on the courts yesterday preparing for the challenge match. The summary follows:

New York State championship singles (first round): N. W. Niles, Longwood Cricket Club, defeated Herbert L. Westfall, New York Athletic Club, 6-3, 6-2. Fred G. Anderson, New York Athletic Club, defeated N. W. Niles, Longwood Cricket Club, 6-3, 6-2. Fred G. Anderson, New York Athletic Club, defeated N. W. Niles, Longwood Cricket Club, 6-3, 6-2.

There will be an innovation in doubles this year. Instead of Eastern and Western tournaments being held, as in past years, and the winners meeting to decide the championship, the preliminary play will be divided into three sections. Play in each section will be held at Atlantic City, N. J., on August 1 and 2. The pair winning the event will be called upon to play Holcombe Ward and Beals C. Wright for the championship at Newport, probably on August 20.
