

MOSLEM MESSIAH BOBS UP AGAIN. PREACHING THE JEHAD AGAINST EUROPEANS.

Universal Mahometan Uprising May Follow, Many Think.

Japan has just given the most convincing proof of the fact that she intends to remain at peace for the next five, and possibly ten, years, by the official announcement that she will return the whole of her army...

Not that in years to come this country may find itself compelled to try conclusions with the island empire, and those who fondly imagine that this could be avoided by the abandonment of the Philippines or their sale to the Mikado are entirely mistaken.

JAPAN'S AMBITION.

It is not from the Far Orient, but rather from the Near East, that the next international problem will come to threaten the peace of the civilized world.

That, indeed, is the meaning of the appointment of King Edward's brother, the Duke of Connaught, the only field marshal on the active list of the British army, to the post of commander in chief and high commissioner of the British possessions in the Mediterranean and of Egypt and the Sudan.

KHEDIVE MAY GO.

The nature of the services that are likely to be required of the duke early next year is sufficiently indicated by his being invested with the powers not only of a commander in chief but also of a lord high commissioner—that is to say, with powers enabling him to assume in case of necessity supreme military and civil control in Egypt.

PERFECTED PLANS.

To such perfection are they carried, however, that the Bedouins of the Pyramids of Gheezeh, near Cairo, announced the massacre of Colonel Sir Herbert Stewart's party at Merawi and the fall of Khartoum nearly a full week before the official news of it reached Cairo by wire from Dongola.

EXCUSABLE.

"I suppose," remarked the coy widow, "that you are not an advocate of early marriages?" "Oh, yes, I am," replied the saucy haired bachelor.

CRUDE SOCIALISM. Universal Pensions at Sixty—A Demoralizing Policy.

London, September 11. Trade union socialism will not be a cheap luxury. Mr. Barnes's scheme of a weekly pension of five shillings for every one over sixty having received the unanimous approval of the congress at Bath is now before the country as the minimum demanded by working England.

THE HOLY WAR.

This holy war, or jihad, so long looked for by the followers of the Prophet, and which not even the Turkish sultans in the hours of their direst necessity and of their greatest danger have dared to call forth, is at length about to be proclaimed by orders of the only man who is accorded to Koranic tradition the status of a prophet and a messenger of God, namely, the Mahometan Messiah, Senoussi el Mahdi, head of the greatest, most powerful and remarkably organized religious order in the world.

MANY ARE SKEPTICAL.

To those who are skeptical as to the feasibility of any concerted movement or rising of the Moslems in various parts of the world, and at points so far apart as Morocco, on the shores of the Atlantic, and the Mahometan provinces of China, on the shores of the Pacific, it may be pointed out that the most extraordinary feature of the order of the Senoussi is its wonderful organization, its solidarity and discipline.
