

BANKS IN OTHER CITIES

New York's Clearing House Certificate Plan Being Copied.

South, Oct. 28.—As a precautionary measure against the withdrawal of currency from circulation, and not because of any extraordinary local necessity, the Boston Clearing House Association decided to-day to issue Clearing House loan certificates bearing interest at 7.5 per cent. The high rate of interest is for the purpose of retiring the certificates at the earliest possible date. The New York rate is 6 per cent. The loan committee of the Clearing House will pass upon collateral and approve the issue of the certificates at 75 per cent of the market value of the securities. A total of \$2,425,000 was issued to-day.

The last time this method of bank settlement was adopted in Boston was in 1892, beginning on June 28, reaching its height on August 29, when \$11,445,000 was outstanding, and ending on October 20 of the same year.

ACTION IN PHILADELPHIA.

Philadelphia, Oct. 28.—Following the action of the Clearing House in issuing Clearing House certificates, the trust companies here decided to-day that until further notice they will meet the checks of their depositors by the issuance of checks drawn by the trust companies upon their respective national banks, stamped as "payable through the Clearing House only." They will pay out money over their counters in the same way as the national banks do; that is, only for business requirements, payrolls or the personal needs of depositors in cases where bankable funds payable through the Clearing House will not answer.

A committee of trust company presidents was appointed to co-operate with the national banks. Effingham B. Morris, of the Girard Trust Company, the chairman of the committee, said after the meeting that the situation in Philadelphia is in a desirable shape, and that this action of the trust companies was taken merely to co-operate with the national banks to prevent large withdrawals of cash either to other cities or its hoarding by depositors.

PRECAUTION IN BALTIMORE.

Baltimore, Oct. 28.—The Baltimore Clearing House Association decided to-day to issue Clearing House certificates. President C. C. Homer said the association had made a careful study of the situation, and while conditions here were on the whole fairly good it was thought an improvement might be brought about by taking a step similar to that decided upon by the New York Clearing House.

The action of the local association is not looked upon in financial circles as an emergency method, but one of expediency and precaution. It is said the step is especially timely for grain exporters, who have been handicapped by inability to borrow money for their needs.

INDIANIANS COPY NEW YORK.

Indianapolis, Oct. 28.—Port Wayne and Lafayette bankers decided last night to issue clearing house certificates and to require notes for savings withdrawals.

SIOUX CITY FALLS INTO LINE.

Sioux City, Iowa, Oct. 28.—The Sioux City Clearing House Association decided last night to issue clearing house certificates.

DECISION IN BIRMINGHAM.

Birmingham, Ala., Oct. 28.—The Birmingham Clearing House decided to-day to limit individual cash withdrawals from all associated banks to \$50 a day, to conserve the currency of Birmingham banks from New York withdrawals. Payrolls and pay checks of industrial corporations will be paid in cash, however.

NOTICE REQUIRED IN MEMPHIS.

Memphis, Tenn., Oct. 28.—Several savings banks gave notice to-day that depositors would be required to give the legal sixty days' notice before withdrawal of funds.

NO ALARM IN ARKANSAS.

Little Rock, Ark., Oct. 28.—Not one of the presidents of the sixteen Little Rock banks in the Clearing House Association, when asked to-day as to the effect of the financial disturbance in Little Rock and the state, expressed any fears of the results. The unanimous opinion is that the New York troubles will not affect business in Arkansas at all.

AID FOR WESTINGHOUSE.

Three Years' Extension Planned Under Direction of Trustees.

Pittsburg, Oct. 28.—It is stated that in order to prevent the personal stock holdings of George Westinghouse being sacrificed arrangements are being made to place them in the hands of three trustees, chosen by Mr. Westinghouse and the creditors. It is proposed to grant an extension of three years. Mr. Westinghouse's personal obligations are said to be \$8,000,000, for which he had put up \$20,000,000 securities. A rumor that Kuhn, Loeb & Co., of New York, will have a representative on the board of the reorganized Securities Investment Company is current in Pittsburg. On August 1, 1937, Mr. Westinghouse is known to have negotiated a loan of \$8,000,000 with Kuhn, Loeb & Co., a collateral two-year loan at 6 per cent interest, one of the stipulations being that Mr. Westinghouse must keep on hand with the New York firm a certain margin on the securities which he had deposited.

The question of reorganizing the Securities Investment Company was taken up to-day with financiers in New York and Boston, and a final decision is expected within forty-eight hours. The close of the first day of the new work saw local financial conditions in better shape than at any time last week. Not a single financial institution has been obliged to take advantage of the precautionary measures arranged. Robert W. Wardrop, president of the People's National Bank and a member of the Clearing House committee, said to-night: "Nothing has occurred since last week to disturb the feeling of confidence here that the storm has been weathered and that the skies are fast clearing."

The Stock Exchange remained closed to-day and the probabilities are it will not resume for several days. An effort is being made to bring the local banks together in a plan whereby a considerable sum of money will be placed with some banking institution, to be available for local stock brokers at a fixed rate of interest when the Stock Exchange resumes business. The idea is to facilitate matters so far as the brokers are concerned. Instead of having to run from one bank to another to obtain loans on collateral, the broker would need to go only to the depository and present his security to a committee or a trustee. If satisfactory collateral was presented he would be accommodated with the funds.

WORK ON POWDER PLANT STOPPED.

Tozoma, Wash., Oct. 28.—Orders were posted to-day on the grounds of the Du Pont powder works, laid off, indicating a suspension of work on the large powder plant now building. One hundred men are affected.

Wilmington, Del., Oct. 28.—It was announced to-day by W. G. Ramsey, head of the engineering department of the Du Pont Powder Company, that the construction work on the new dynamite mill at Tozoma, Wash., has been stopped because of the present condition of the money market.

PINCH FELT IN WEST.

Continued from first page.

HAMPERED BY NEW YORK FAILURE.

McCall's Ferry Company, with Big Baltimore Contract, Lays off Men.

Lancaster, Penn., Oct. 28.—The failure of the Knickerbocker Trust Company, of New York, has caused the McCall's Ferry Company to lay off three hundred men who were at work on the dam across the Susquehanna River. At the time it closed its doors the trust company is said to have had on deposit about \$500,000 belonging to the McCall's company.

The company is under contract to supply the city of Baltimore with electric light and power service in 1938.

RADICAL MEASURES IN NASHVILLE.

Banks to Allow Only \$50 To Be Paid Against Any Account in One Week.

Nashville, Tenn., Oct. 28.—The Nashville Clearing House Association announced to-night that Nashville banks "have reluctantly been compelled to take the same radical measures as elsewhere, as otherwise this city would have been used as a point from which to withdraw currency."

Beginning to-morrow, only \$50 will be paid in any one week against any one account.

ONE FAILURE IN KANSAS CITY.

Bankers' Trust Company Closes Doors, but Otherwise Situation Is Strong.

Kansas City, Oct. 28.—Outside of the failure of the Bankers' Trust Company, with deposits of \$800,000, there was no financial trouble here to-day. The failure had no apparent effect on the general situation. There were no rumors of any of the banks here in Kansas City.

The Bankers' Trust Company had asked aid of the Clearing House, but it was declined because of the class of collateral offered. James F. Downing, president of the Clearing House Association, said no other banking institution had requested aid.

The Bankers' Trust Company was organized last year, and had a capital of \$500,000 and a surplus of \$140,000. It took over the business of the City National Bank, which failed in July, 1936. The Bankers' Trust Company was not a member of the Clearing House, and it was decided temporarily to suspend business to protect depositors and stockholders. S. C. Hadden, the cashier, said the bank had ample assets to meet all liabilities. Its foreign correspondents are the Oriental Bank of New York and the Prairie National Bank of Chicago.

Members of the Clearing House Association advised their correspondents in the Southwest by telephone to-day to restrict payments to depositors to the extent of the cash on hand. The indications were that this advice would generally be accepted.

A statement of the condition of the Bankers' Trust Company at the close of business last Saturday night showed: Loans and discounts, \$65,793; stocks and bonds, \$38,381; cash and sight exchange, \$14,477; deposits, \$78,247. There was only \$50 cash on hand when the bank opened this morning.

The Bankers' Trust Company has a credit balance with the Oriental Bank, which is its New York correspondent. Mr. Adams, cashier of the Oriental Bank, said: "The Bankers' Trust has a moderate credit balance with the Oriental Bank. The suspension can in no way affect the Oriental Bank."

NOT ENOUGH MONEY FOR BUSINESS.

Indianapolis, Oct. 28.—The rule of the banks limiting withdrawals by depositors caused much inconvenience to depositors to-day in every city in Indiana. In this city employees of large firms found payment of their checks a problem. The limit was fixed as low as \$10, and there was not enough money with which to do business.

MICHIGAN BANKER BANKRUPT.

Kalamazoo, Mich., Oct. 28.—E. W. Bowman, proprietor of Bowman's Bank, which closed its doors following the failure of the Michigan Union Bank, in which he was a heavy stockholder, filed a statement in bankruptcy to-day. He gives his liabilities as \$135,301.89, of which \$52,500 is secured and \$82,801.89 unsecured. Of this amount only \$31,572 is in available assets.

MICHIGAN DRYGOODS HOUSE CLOSES.

Port Huron, Mich., Oct. 28.—The G. C. Melsel Company, one of the largest drygoods houses in the city, closed its doors this morning, after filing a trust mortgage with George A. Corwin, secretary of Burnham, Steepel & Co., of Detroit, for the benefit of its creditors. The company's difficulties were said to be due to the shortage of the money market. It is believed it will be able to resume in a few days.

RENO BANKS PAY PROMPTLY.

Reno, Nev., Oct. 28.—Every bank in Reno opened for business to-day. A few depositors gathered at the local institution and all their demands were promptly met. Stacks of coin and currency were in plain sight, and the general air of confidence that pervaded the institutions did much to dispel any fear.

BATH TRUST COMPANY SUSPENDS.

Maine Institution Controlled by Charles W. Morse Ceases Operations.

Bath, Me., Oct. 28.—The Bath Trust Company, a small institution, controlled by Charles W. Morse, of New York, closed its doors to-day as the result of the withdrawal of deposits. W. B. Skelton, State Bank Examiner, immediately took charge.

BOTH READY FOR DEBATE.

The debate on whether President Roosevelt is responsible for the recent banking troubles between State Chairman Woodruff and Senator Patrick H. McCarrren is scheduled for to-night at Prospect Hall, Prospect avenue, near Fifth avenue, Brooklyn. Isaac M. Kapper, McCarrren's second, and Jacob Brenner, Woodruff's second, were in a series of verbal thrusts yesterday. Two or three times it looked as though McCarrren would not see the matter through, but when the day ended the intimations were that the debate would occur.

SOUTHERN STEEL RECEIVERS.

Chattanooga, Tenn., Oct. 28.—Creditors of the Southern Steel Company agreed on Edgar L. and Morris Adler yesterday for general receivers, and to compose the firm of Adler Brothers and command necessary money to continue the business.

VERMONT'S DEER HUNTING RECORD.

Durlington, Vt., Oct. 28.—During Vermont's deer hunting season of six days, which has just closed, three persons lost their lives and another lost a leg as a result of accidental shootings. About one hundred and twenty-five deer was killed.

ROGERS FOUND GUILTY.

Jury Quickly Brings in Verdict of Murder in First Degree.

Goshen, N. Y., Oct. 28.—Charles H. Rogers was convicted of murder in the first degree here to-night, for killing Fred R. Olney, near Middletown on October 6, 1935. Rogers is also indicted for the murder of Willis Olney and Alice Ingerick at the same time. The jury deliberated only fifteen minutes before reaching an agreement. Senator Taylor occupied two hours and a half in his plea for the prisoner, alleging insanity. District Attorney Rogers spoke for an hour and a half. Justice Tompkins, in his charge, referring to the statements of four alienists that Rogers is of a low order of mentality and justice would be served by imprisonment for life, told the jury not to consider this portion of the evidence.

Rogers smiled when the verdict was announced. Justice Tompkins remanded the prisoner for sentence on Thursday, when he will listen to motions from counsel. It is believed that Senator Taylor will appeal the case.

BURTON'S TRACTION PLAN ACCEPTED.

Cleveland Electric Railway Company Weakens Mayor Johnson's Cause.

Cleveland, Oct. 28.—Mayor Tom L. Johnson's most powerful weapon in his counter attack on Congressman Theodore E. Burton, Republican nominee for Mayor on a traction plan opposed to the three-cent issue raised by Mr. Johnson, was wrested from him to-day by the Cleveland Electric Railway Company.

Horace E. Andrews and H. J. Davies, respectively president and secretary of the company, announced in a signed statement that the board of directors had voted to pledge the company to accept a renewal of its franchise, under which it can now charge a five-cent fare, based on Mr. Burton's traction plan of a fare no higher than seven tickets for 25 cents, with the double transfer system and numerous other concessions to the city. Mayor Johnson has declared repeatedly that the old line never would agree to Mr. Burton's plan.

RAYMOND HITCHCOCK ARRESTED.

Accusations Made by Young Girl—Four Separate Felony Charges.

Raymond Hitchcock, the comedian, who last week caused the arrest of Hugo Veocks on a charge of blackmail, was himself arrested yesterday afternoon by officers of the Children's Society on charges made by a young girl. Hitchcock went to the Criminal Courts Building in answer to a summons, and was arraigned later in the Centre street police court, before Magistrate Walsh, who was told by Assistant District Attorney Garvin that there were four separate felony charges of a serious nature against the prisoner. The magistrate then placed Hitchcock's bail at \$5,000, which was furnished, and also ordered an examination for Thursday afternoon at 2 o'clock.

The complaint in the case against Hitchcock, on whose evidence the officers of the Children's Society made the arrest, is Helen Von Hagen, a girl said to be fifteen years old.

Mr. Hitchcock appeared as usual in "A Yankee Tourist" at the Astor Theatre last night, and was received by his audience with unusually hearty applause.

KNOTS IN SATURN'S RINGS.

Cambridge, Mass., Oct. 28.—A telegram has been received at the Harvard Observatory from Professor W. W. Campbell, director of the Lick Observatory, stating that prominent knots have been visible in Saturn's rings in the last week. The knots appear systematically placed, two east and two west.

PROMINENT ARRIVALS AT THE HOTELS.

BELMONT—G. W. Hibbard, Mexico City. BUCKINGHAM—Louis G. Beaumont, England. GOTHAM—L. KING, Chicago. MANHATTAN—J. L. Milton, Oakland, Cal. NETHERLAND—F. P. Lehmann, New Orleans. ST. REGIS—R. P. Shott, St. Louis. VICTORIA—A. Hoffner, Essen, Germany. WASHINGTON—J. C. Stubbs, Chicago.

THE WEATHER REPORT.

Official Record and Forecast.—Washington, Oct. 28.—The storm that crossed the Great Lakes Sunday remained nearly stationary over the Middle Atlantic States on Monday. It was attended by heavy rain in the Atlantic States and by gales from Hatteras northward. In the interior and western districts the weather was fair, except in the northern Rocky Mountain districts, where showers occurred. The temperature fell generally in the south and east, except in England, where it rose. Missouri and upper Mississippi valleys. Tuesday will be cloudy, fair, with fair weather, except in the northern States, where rain will be followed by fair weather. Fair and warmer weather is indicated for the central valley. A cold wave is expected moving the North Pacific coast will cause stormy weather in the middle and North Atlantic. The temperature will be high from the northwest; on the Middle Atlantic coast, becoming variable, and on the Gulf coast, fresh northerly, becoming variable, and on the Great Lakes, variable, shifting to light.

Forecast for Special Localities.—For New England, rain and cooler to-day; Wednesday, fair; high winds, shifting to northwest and west.

For Eastern New York and New Jersey, rain, followed by fair and cooler to-day; diminishing northwest winds; Wednesday, fair, with fair weather, except in the northern States, where rain will be followed by fair weather.

Local Official Record.—The following official record of the weather for the last twenty-four hours, in comparison with the corresponding date of last year:
