

The Wonders of Vibration

Scientists and Physicians Hail Vibratory Massage, Which Cures Nine Out of Every Ten Diseases, As the Greatest Medical Discovery Ever Granted to Suffering Humanity

Special Article

Vibration is intensely rapid motion to and fro. The world's greatest scientists show us that the little metal disc, called the diaphragm in the receiver of your telephone vibrates six million times in a second and the violet rays of light vibrate or move to and fro at the wonderful speed of one hundred million 100,000,000 times in a single second. Just think of that! Now, these great scientists and doctors find that our very lives depend upon vibration. Without vibration we must die, because vibration is actually the cause of life, and when vibration is gone life itself is gone.

When we have pains and aches, when we are sick or diseased in any way it means that there is a lack of this wonderful vibration—a lack of proper circulation in some part or parts of our bodies. It is now positively known that ninety-five cases in a hundred of all "the ills that human flesh is heir to" are caused by congestion, and it is just as positively known that proper vibration produces perfect circulation—breaks up the congestion and sends the sickness and disease out of our bodies in the safest, quickest, easiest and most natural way. This vibration gives us longer life, the greatest health, strength, beauty and happiness. And when we have all these advantages we reap greater success in life than our fellow beings who continue to suffer with the handicap of sickness and poor health.

We are informed that in order to be made perfectly healthy we must secure a vibrator which gives 30,000 vibrations per minute, because this wonderful speed is absolutely necessary in order to produce the proper results. A vibrator has now been invented which gives this necessary speed, and we are glad to call your attention to the announcement of the discoverers of this wonderful mechanism, on this page. Read their announcement and bear in mind that every statement they make regarding the priceless benefits of vibration are proved absolutely true by the experience of thousands upon thousands of cured patients and the leading medical authorities of the world. The Swedish Electric Massage Vibrator is used and endorsed by leading physicians and noted men for the treatment of diseases which they name. Read their testimonials. The honesty and reliability of the Swedish Electric Vibrator Co. is unquestioned because they are most widely and favorably known for square dealing and give the very highest references.

They make a wonderful free trial offer—free vibratory treatment in your own home, which is absolutely free to you if their vibrator does not prove every claim which they make. We are convinced by actual experience and the testimony of eminent specialists and others that the Swedish Electric Massage Vibrator is the greatest medical discovery ever granted to suffering humanity. Read the company's offer and note that their specialists in Swedish Massage will write you a special letter absolutely free of charge telling you just exactly what to do when you write them regarding your case.

Health, Strength, Beauty, Happiness and Success

Read the article about the Swedish Massage Vibrator, in the first column of this page. Read what a few of the physicians and a few from among thousands of cured and happy patients say about it. Doctors everywhere are prescribing vibration—hospitals all over the world are using vibration, and practically all of the prominent men in America and many parts of Europe are taking this vibratory massage—all because of its wonderful benefits.

The Swedish Electric Massage Vibrator is the only vibrator made which gives the necessary number of vibrations—30,000 per minute—to produce the desired results. As compared to the Swedish Electric Massage Vibrator other vibrators, and particularly those worked by hand, are mere *founders*. They cannot be compared with it, but you may as well beat yourself with a hammer as use a hand vibrator, and it could do you no more harm.

The Swedish Electric Massage Vibrator does not pound and hurt. It thrills you from head to foot. No electricity touches you. But look out for vibrators with dangerous heavy motors in them and with which you must use dangerous electric light wires. The sensation which the Swedish Electric Vibrator gives you is something new and different. It sends the rich, red blood, tingling and leaping, and bounding through your entire body. These sensations are most wonderful. You feel new strength in your system. Pains and aches go instantly. And you can almost feel the disease and sickness leaving you, because the congestion, which is really the sickness and disease, is broken up and being forced out of your body by the perfect, forceful circulation produced by Swedish Electric Massage Vibration. You feel new strength and energy and *force*. The tired, worn-out feeling disappears and you feel happier. All this is produced in the most harmless and perfectly natural way. It is because Swedish Electric Massage Vibration creates perfect and healthy action of the heart, brain, lungs, stomach, bowels, kidneys, bladder, and all organs of the human system. This must be so or our Vibrator costs you nothing. And great doctors, scientists and cured patients *praise* it so.

THOUSANDS OF TESTIMONIALS

Chicago, Feb. 2, 1907. Swedish Electric Vibrator Co., 602 Farragut Ave., Chicago, Ill.

Gentlemen: I am using your Swedish Electric Vibrator cases requiring massage treatment, and I am so much pleased with the gratifying results I have obtained from its use.

It gives me great pleasure to recommend it to anyone in need of a good vibrator. Very truly yours, DR. CARL IRENAULT, B.S.M.D.

Franklin, Ind., Jan. 13, 1907. Swedish Electric Vibrator Co., Chicago, Ill.

Dear Sirs: I have been using your Vibrator on my head for falling hair and dandruff. It has been such a benefit, and I cannot say enough in favor of your Vibrator. It has done such wonders for my hair. Yours truly, MRS. M. E. SARGENT.

Nevada, Mo., March 27, 1907. Swedish Electric Vibrator Co., Chicago, Ill.

Gentlemen: A few weeks ago I bought "SWEDISH-ELECTRIC VIBRATOR" for severe nervous trouble of many months standing. I could not eat, I could not sleep nights, and was so nervous, could not endure the slightest noise.

The Swedish Electric Vibrator has certainly done me more good than anything else I have ever tried, and nothing would induce me to part with it if I could not replace it with another.

Using it each night for about five or ten minutes before retiring, I find that it quiets every nerve in my body and I sleep all night soundly. My digestion, also, is becoming "a thing of the past." The Vibrator does even more for me than the makers claim for it.

Very truly yours, MINNIE W. FIELD, 304 West Cherry St., Nevada, Mo.

Orange, Mass., April 9th, '07. Swedish Electric Vibrator Co., Chicago, Ill.

Dear Sirs: In your letter of instructions sent about a month ago you say to use the Vibrator for minutes a day in two periods. Now I am using it twice a day for nervousness, insomnia, and general tonic. I find the Vibrator just what I needed. I am sleeping perfectly all night and haven't felt so well for years. I find it especially beneficial when I come home tired at night and wish to go out to spend the evening. A few minutes with the Vibrator puts me in fine shape to enjoy my self.

Very truly yours, J. B. HOUGH.

Chicago, 2-26-'07. Swedish Electric Vibrator Co., Chicago, Ill.

Gentlemen: Beg to advise you that Vibrator arrived safely and just in time, as I was laid up with a severe attack of lumbago, was unable to be up and around, but after two treatments felt the good it was doing and after three or four more treatments was entirely relieved of all pains and now can recommend your Vibrator very highly, as it has done me more good than all medicines combined that I have ever used for the ailment it cured.

You may use this letter whenever you like in recommending the SWEDISH-ELECTRIC VIBRATOR, and I will cheerfully answer all letters addressed to me. Yours truly, MRS. E. J. RUFIMANN, 16 E. Winnetka Ave.

Indianapolis, Ind., Feb. 27, 1907. Swedish Electric Vibrator Co., Chicago, Ill.

Wishing you the success the Vibrator deserves. I am, Yours truly, KATE TERRY, 1312 Linden St.
