NO CHANGE AT YALE SCRIMMAGE WORK OVER.

Football Team Ready for the Princeton Game Saturday.

New Haven, Nov. 11.—Biglow, head coach of the Yale football team, said to-night that he has no further change to be made in the eleven and that he does not believe that there will be any more scrimmage work before the Princeton game on Saturday.

Following the signal drill, which was conducted with the greatest care and which lasted nearly an hour, the freshmen were called to the varsity gridiron for a twenty-minute scrimmage.

While Biglow may decide to give the team a short scrimmage to-morrow, it is felt that the eleven needs two days rest between now and the Princeton game to acquire the necessary dash.

NO GAG ON TEACHERS

Effort to Prevent Electioneering Beaten in Education Board.

Women school teachers filled the balcony when the Board of Education met yesterday. They were present to hear the arguments which it was known would follow the attempt to pass a bylaw prohibiting the teachers from publicly electioneering in support of or in opposition to candidates for office because of their attitude toward teachers' salary legislation.

No member of the teaching or supervising staff shuttled off otherwise by any means or method publicly advocate the election or defeat of any candidate for public office or institute or take part in any movement to elect or defeat such candidate by reason of such candidate's attitude toward legislation affecting the salaries of members of the supervising or teaching staff.

After an hour's debate the vote stood 29 to 16 in favor of the resolution, but as twenty-four votes were required to pass a measure of this kind it was lost.

The speeches by commissioners on both sides of the question were full of feeling.

The bylaw was submitted by Commissioner Harrison, chairman of the committee on bylaws, as a substitute for the rather sweeping resolution originally introduced two weeks ago by Nathan S. Jonas, who then criticized Miss Grace Strachan, a district superintendent of Brooklyn.

Hugo Kanaler said: "There is no reason for a drastic measure in the treatment of our teachers, and drastic measures are certainly not in the best interests of the State."

General George A. Winstate said: "A state representative has claimed, and has not been contradicted, that the political death unless he bound himself to work for them for higher pay."

Commissioners Donnelly and Cosgrove made urgent appeals to let the entire matter drop as not within the province of the board.

After Abraham Stern said the dignity of the profession should be upheld, and that no right-minded teacher could object to the bylaw, it was put to a vote and defeated.

CLERK DROPPED \$40,000.

Occurred in Figuring Budget Totals and Metz Did Some Shifting.

Controller Metz informed the Board of Aldermen yesterday that an error of \$40,000 had been made in making up the budget. The Controller said the mistake was due to the hurry to get the figures ready for the last meeting in October.

All the department and bureau figures were correct, but when the totals were added up, a mistake was discovered. The \$40,000 had to be taken out of the budget somewhere, and the Controller decided that as he could not deprive any head of department of his allowance the best place to make the change was in rents.

Borough President Coker said he was willing to let that Controller Metz would find the mistake in his own department, and then suggested that a change be made in the rents.

METZ'S LONDON OFFICE.

Controller Will Open One in Connection with City Bond Sale.

Controller Metz will offer for sale on November 23 \$2,500,000 of 4 per cent stock and bonds of the city of New York. A year ago it was impracticable to sell 4 per cent bonds at par, but the election of Taft and Sherman and the business revival mean that money is easier in Wall Street, and that the Controller will have no trouble in selling it at a premium.

The Controller said yesterday that to facilitate the sale of the city bonds was in February, when an issue of \$9,000,000 4 1/2 per cents was oversubscribed six times. It was the largest sale in the history of the city.

The new bonds are for the following purposes, \$7,000,000 for various municipal purposes, \$1,000,000 to extend and develop the city's water supply system, \$500,000 for school purposes, \$250,000 for Public Works in Bryant Park, and \$500,000 (yearly) assessment bonds to cover the cost of improvements for which assessments must be levied.

The Controller says that he believes the bidding for the new offering will be almost as spirited as it was in February, although this issue commands a lower rate of interest.

STAPLETON GETS VERDICT FOR \$8,000.

Suit Against Wife of Kirk La Shelle for Royalties Won by Plaintiff.

The suit brought by John Stapleton, a former Chicago newspaper man, against Mrs. Joseph Hunt, who prior to her marriage to the architect was the widow of Kirk La Shelle, the playwright, for the recovery of \$8,000 for royalties from his collaboration with Kirk La Shelle in the production of "Checkers" and "The Virginians," ended yesterday, after a long trial before Justice Gerard in the Supreme Court, a verdict of \$8,000 in favor of Stapleton being rendered.

Stapleton claimed to have had a verbal contract with La Shelle by which he was to receive \$200 a week and 5 per cent of the royalties on the La Shelle plays until the death of the playwright. Mrs. La Shelle denied there was such a contract. The jury, after returning their verdict, shook hands with the plaintiff and congratulated him on the result of the trial.

Large San Francisco Property Gained with Union Iron Works.

San Francisco, Nov. 11.—Charles M. Schwab announced to-day that the Bethlehem Steel Company, which controls the Union Iron Works of this city, had bought a controlling interest in the San Francisco Dock Company, which owns two big docks at Hunter's Point, in San Francisco Bay, as well as a number of floating docks for small vessels. CASTLEMAN HOCKEY TEAM CAPTAIN.

Rivalry Promised for Places on N. Y. A. O. Seven This Year.

At the annual meeting of the New York Athletic Club hockey team, held last night at the St. Nicholas rink, R. C. Castelman, a member of the E. J. O'Donnell team, was re-elected captain and E. J. O'Donnell was chosen as manager for the coming season.

Both teams appear to have a stronger defence than attack, and it would not surprise any one to see the tie between these two teams. Yale may be able to uncover something in this new form in which has put her team, but it is not to be denied that the outlook is far from bright for the great football and hockey rivalry.

The announcement was also made of the regular annual meeting of the Hockey League to be held at the St. Nicholas rink to-night.

NO MOVE IN MORSE CASE.

Must Stay in Tombs Until Bill of Exceptions Is Filed.

Wallace Macfarlane, counsel for Charles W. Morse, said yesterday that he contemplated no further move in his effort to obtain bail for his client pending the filing of a bill of exceptions which would be made under thirty days.

Justice Lacombe's order restraining the marshal from removing Mr. Morse from the Tombs until the final determination of his case on the writ of error before the higher court. The order follows:

Whereas, lately sentence has been pronounced against the said Charles W. Morse, one of the defendants under said indictment, and a writ error procured by the said defendant Morse and served on the attorney of the United States for this district to reverse the judgment in this cause, and whereas, a citation to the United States to be and appear at the United States Circuit Court of Appeals for the Second Circuit, pursuant to said writ of error, has been issued;

It is ordered that the said writ of error operate as a stay of proceedings under said sentence and that the execution thereof be superseded pending said writ of error.

Morse is chafing under his confinement in the Tombs, and the warden think he is aging perceptibly. He has not lost his nerve, however, and keeps himself busy with his business affairs and callers. Mrs. Morse and his sons visited him yesterday, as did his lawyers. His meals were sent in to him, as usual.

Mineola, Long Island, Nov. 11. (Special.)—A long contest is promised over the will of William M. Ingraham, the Brooklyn lawyer, who died in June leaving an estate valued at more than \$2,500,000, cutting off a son with \$100,000. The trial was set down this morning before Justice Jackson for November 25. The witnesses for the will, Frank Bailey, Martin Josat and Clinton Burdick, all officers of the Title Guarantee and Trust Company, were examined to-day by the Surrogate.
