

YOU May Just as Well as Not

HAVE A

Beautiful Complexion

No mysterious skin foods—no salves—just through the use of

CARMEN COMPLEXION POWDER

Dainty—Wholesome and Pure—its use is never objectionable to any one. Softens—Refreshes and Restores the natural hues of the skin—and being so exceptionally fine it

“NEVER SHOWS POWDER”

Carmen Powder also possesses other properties, altogether making it the

Best Beautifier For All Complexions

Carmen Face Powder is so delightful, so satisfying to the user because it is composed of the purest ingredients which money can buy and is made by an improved process of manufacture which reduces these pure ingredients to an infinitesimal degree of fineness.

Carmen Powder is very adhesive and as it is soft as down it applies most readily. No matter if the complexion is rough, Carmen Powder will not “show” powder, but it will give a soft velvety texture to the complexion unobtainable through the use of any other preparation, and best of all is that the ingredients contained in Carmen Powder and which produce these beautiful effects are most beneficial to any skin.

Carmen Powder by reason of its extreme fineness “stays on” until you remove it.

Quite without an equal are your preparations. Really I would consider it a serious handicap if I had to use some other powder than your Carmen. It is beautiful and has kept my skin so perfect.

Note.—This letter is from a professional woman acclaimed for her beauty in three countries.

JUST TRY putting Carmen Powder on one cheek and another powder on the other—observe the difference—notice that Carmen Powder seems to blend and give a clear transparent tone to the skin.
