

SUMMER SIGHTSEERS IN THE ARCTIC REGIONS LOSE NO TIME THROUGH DARKNESS.

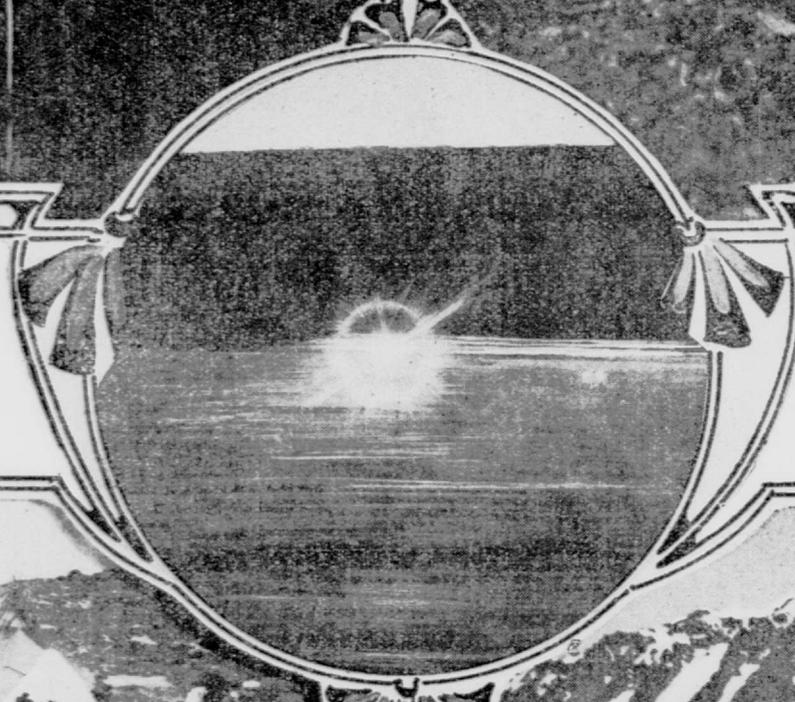

A page of time exposure photographs taken by the light of the midnight sun at the Far North.
(From stereographs, copyright, 1908, by Underwood & Underwood, New York.)

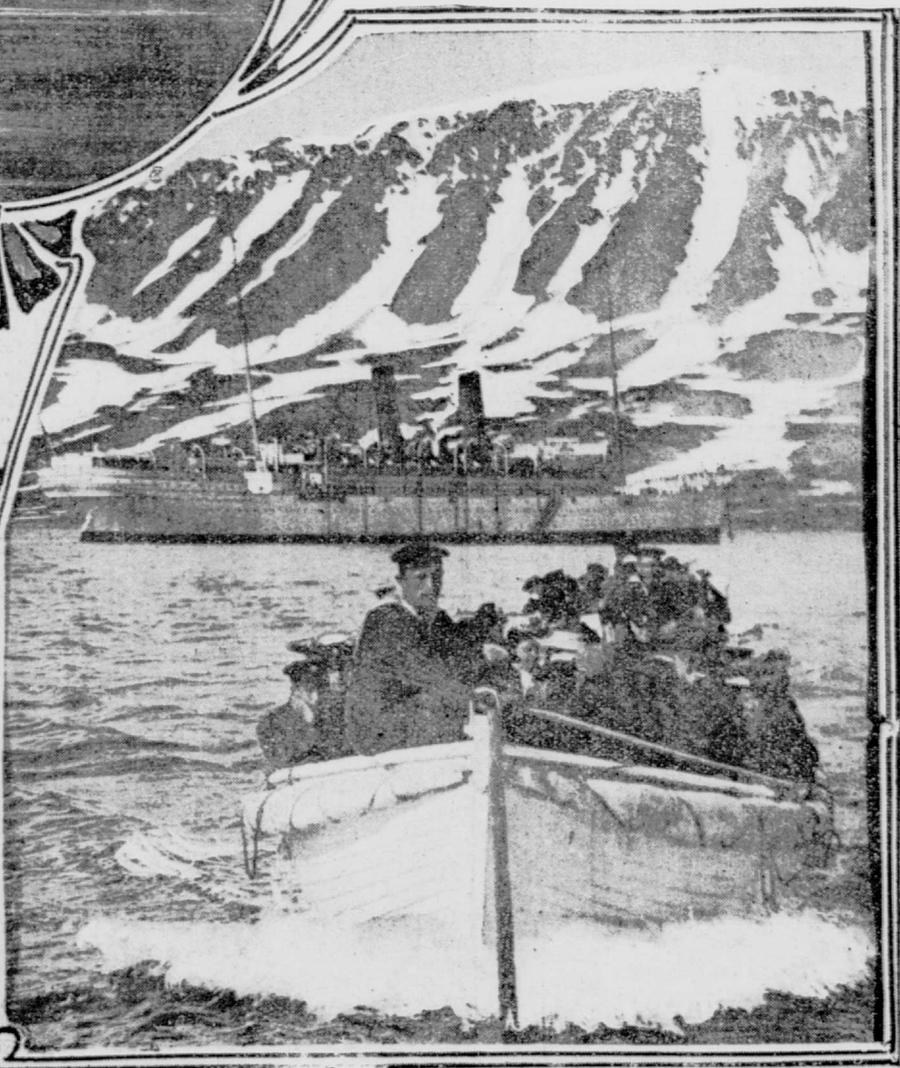

PASSING THROUGH A NORWAY FJORD AT 11 P. M.

ON A SPITZBERGEN HILLTOP AT 1 A. M.

AMERICANS IN A LAPP VILLAGE AT 2 A. M.

A SIDE TRIP FROM THE STEAMER AT 12 P. M.

THE MIDNIGHT SUN.
