

BOOMBS EXPLODED IN CHICAGO CLUBS SHOOK THE CITY, BUT HURT NO ONE.

Chicago, Oct. 31.—Two bombs were exploded to-night in downtown buildings occupied by gambling clubs. The bombs were a thirty-second and thirty-third that had been hurled in gambling establishments within the last two years. No one was injured, but many windows were broken and store stocks were damaged.

Chicago, Oct. 31.—The One Bis, which started at 8 o'clock this morning from Bracciano, near Rome, for Naples, a distance of 190 miles, arrived here at 1:30 o'clock this afternoon. An immense crowd witnessed the coming of the balloon and cheered the aeronauts heartily. The dirigible sailed to the military harbor, where it was saluted by the French squadron. An hour later it left on the return trip to Bracciano.

Chicago, Oct. 31.—A dispatch to the "Tagblatt" from Addis Abeba says that the patriarch has anointed Prince Lidj Joassu, grandson of the King and heir apparent to the throne, in the presence of the ministers, in order to be prepared for King Menek's death.

Chicago, Oct. 31.—A dispatch to the "Tagblatt" from Addis Abeba says that the patriarch has anointed Prince Lidj Joassu, grandson of the King and heir apparent to the throne, in the presence of the ministers, in order to be prepared for King Menek's death.

Chicago, Oct. 31.—A dispatch to the "Tagblatt" from Addis Abeba says that the patriarch has anointed Prince Lidj Joassu, grandson of the King and heir apparent to the throne, in the presence of the ministers, in order to be prepared for King Menek's death.

Chicago, Oct. 31.—A dispatch to the "Tagblatt" from Addis Abeba says that the patriarch has anointed Prince Lidj Joassu, grandson of the King and heir apparent to the throne, in the presence of the ministers, in order to be prepared for King Menek's death.

KILLED BY AIRSHIP.

Lieutenant's Head Cut in Two by Propeller Blade.

Rome, Oct. 31.—As the dirigible balloon One Bis was making a landing here to-day on its return trip from Naples to Bracciano, Pietro Rovetti, lieutenant of engineers, in keeping the crowd back stepped too near the whirling propeller of the dirigible and was instantly killed, half of his head being torn away. The propeller was damaged, and the departure of the dirigible was postponed until Monday morning.

Naples, Oct. 31.—The One Bis, which started at 8 o'clock this morning from Bracciano, near Rome, for Naples, a distance of 190 miles, arrived here at 1:30 o'clock this afternoon. An immense crowd witnessed the coming of the balloon and cheered the aeronauts heartily. The dirigible sailed to the military harbor, where it was saluted by the French squadron. An hour later it left on the return trip to Bracciano.

MENELEK SINKING.

Complications Feared Regarding Succession.

Rome, Oct. 31.—Reports received here say that King Menek of Abyssinia is sinking fast. It is feared that complications will arise over the succession.

SNAKE BIT CHARMER.

Rattler Turns on Vaudeville Performer, Who May Die.

Albert Pierce, of Hazleton, Penn., a snake charmer, who has been exhibiting himself in Huber's Museum, is in the Post-Graduate Hospital, at 26th street and Second avenue, in a serious condition from the bite of a rattlesnake.

MILLION SPURNED.

Bishop Candler Denounces Rockefeller Gift.

Atlanta, Oct. 31.—An outrage on the South, a "slander on this section of the country" and a "dum-dum nation" are a few of the comments made by Bishop Warren A. Candler of the Southern Methodist Church to-day, in a sensational attack on the \$1,000,000 gift and hookworm commission announced by John D. Rockefeller.

FIGHT IN NICARAGUA.

President Cabrera Said To Be Aiding Rebels.

Managua, Oct. 31.—A cable message was received here from Managua, Nicaragua, this afternoon stating that a battle had been fought between the government forces and the revolutionists. The message was brief and failed to give the result of the fight.

EAPOK INSTEAD OF COTTON.

German Discovery of Process Permitting Spinning of Fibre.

Chicago, Oct. 31.—Owing to the high price of cotton, the German textile experts have been turning their attention to other fibres which might be used as a substitute for it. A spinning company at Chemnitz has succeeded recently in using the fibre contained in the seeds of the kapok, or silk cotton tree, of the tropics. In its natural state this fibre cannot be spun, owing to its extreme brittleness, but Professor Goldberg, of Chemnitz, has found a method of treating it which makes it soft and pliable.

ARREST AUTOIST FOR DEATH.

Hartford, Conn., Oct. 31.—Daniel M. Bradley, a manufacturer, was arrested to-day on a charge of manslaughter in connection with the death of Jeremiah Crowley, who succumbed last night to injuries received when Mr. Bradley's car struck him. Witnesses exonerate Mr. Bradley, whose automobile skidded on wet leaves.

C. H. GAUS DEAD.

PASSES AWAY AT CANADIAN CAMP.

State Controller Away on Hunting Trip—Governor to Name Successor.

Albany, Oct. 31.—State Controller Charles H. Gaus died early to-day at a hunting lodge on the preserve of the Bourbinnais-Kiamika Club, on Long Lake, in the Laurentian Mountains, Province of Quebec, Canada, according to a dispatch received here to-day.

CHARLES H. GAUS, Controller of the State of New York, who died yesterday.

making the trip, as it involved a journey by wagon of more than forty miles northward into the Canadian woods from Papineauville, a station on the Canadian Pacific Railroad between Montreal and Ottawa.

Mr. Gaus contracted a cold on the journey, which brought on pneumonia, and his condition became so serious on Thursday that Dr. Arthur Sautter, his physician, was summoned from this city. Dr. Sautter, a son, Dr. Edward Gaus; a daughter, Mrs. Charles Russell, and Robert Lenox Banks, of Albany, were with the Controller when he died. Mrs. Gaus had been advised of her husband's serious illness and was preparing to start for the camp to-night, when a brief message was received this afternoon telling of his death.

THE GOVERNOR'S TRIBUTE.

Governor Hughes, when advised of the death of Mr. Gaus, said: "I am shocked to learn of the death of Controller Gaus. I had supposed that he was much improved in health. He was highly honored in this community and in the state, and had a wide circle of friends. The fatal termination of his long illness will evoke great and general regret."

The death of Controller Gaus will be a great political loss to State Committee-man William Barnes, Jr., and also to the Republican state organization, as the patronage at the disposal of the State Controller is probably larger than that of any other state elective office, with the exception of Governor.

The public office law provides that when a vacancy occurs or exists, other than by removal, in the office of Secretary of State, Controller, Treasurer, Attorney General or State Engineer or Surveyor while the Legislature is in session the Senate and Assembly by joint ballot shall fill the vacancy, but if the vacancy occurs when the Legislature is not in session the appointment power is lodged with the Governor and the appointee holds office for the remainder of the term. Thus it will be seen that the Governor will name Mr. Gaus's successor and the appointee will serve until January 1, 1911, when the Controller's term would have expired.

SUGGESTED HE RESIGN.

Mr. Gaus was in ill health almost from the time he took office. His condition was such last winter while the Legislature was in session that it was suggested that he resign and the Legislature elect as his successor a man friendly to the Republican state organization—possibly Otto Kelsey, first deputy under Mr. Gaus. A consultation of physicians decided that Mr. Gaus, while suffering from a complication of diseases, could live for years.

It was then suggested that the Legislature should not adjourn sine die, but take a recess until December 31 next, so that in the event of the Controller's death the Republican state organization would control the appointment. Both plans were finally abandoned.

TWO DIE IN CRASH.

TRAIN MEETS AUTO AT CROSSING.

Another Man Badly Injured in Collision Near Long Beach.

Two men were instantly killed and a third was seriously injured about 4 o'clock yesterday afternoon, when a train of the Long Island Railroad, running between Lynbrook and Long Beach, struck an automobile at the Wreck Lead Crossing. The men who were killed were Robert Welch, of No. 5 Hart street, Brooklyn, and Dr. William G. Terwilliger, of No. 616 Hancock street, Brooklyn. The injured man is Gilbert Rhoades, a medical student at the College of Physicians and Surgeons, of Milton, N. Y. He was taken to St. Mary's Hospital, Jamaica, Rhoades, who is twenty-five years old, was a nephew of Dr. Terwilliger, with whom he lived.

The three men were returning to Brooklyn in a runabout, with a rumble seat, when they met the train going at full speed toward Long Beach. A double turn in the road at Wreck Lead streets off a view of the tracks, and it is almost impossible to see a train coming until the crossing is reached. When the train and the automobile came together the occupants of the machine were thrown fifty feet in the air, and the automobile was demolished, flying pieces of the machinery striking the telegraph wires overhead and cutting them.

The engineer put on the brakes and stopped the train a few hundred feet beyond the crossing. The passengers poured out, among them a physician whose name was not learned. The bodies of Welch and Terwilliger were found fifty feet away from the road. Rhoades was found to be still alive, and leaving the physician in charge of him, the train continued on its way.

TWO KILLED INSTANTLY.

Dr. Arthur D. Jaques, of Lynbrook, was summoned, and arrived in an automobile within a few minutes. He said that the death of the two men had been instantaneous. The skulls of both were crushed. Rhoades was found to be suffering from internal injuries, and he was taken on the next train to the hospital at Jamaica, where he lies in a serious condition.

The bodies of the two other men remained by the side of the railroad track until Coroner Ed. and T. New gave orders for their removal to Ronald's undertaking rooms at Lynbrook. Both were identified by means of cards and papers found in their clothing.

Welch, who was a member of the real estate firm of Ross & Welch, No. 198 Montague street, Brooklyn, lived at the Hart street address with his wife. Saturday night they celebrated the eighth anniversary of their wedding, among their guests being Dr. and Mrs. Terwilliger. Sumner Jones, another guest, who is a brother of Mrs. Welch, met the reporters at their home yesterday.

REASONS FOR COL. SCOTT'S ACTION.

Colonel Scott's action was taken after careful consideration of all phases of the situation. He said to-night that he had first inquired whether any complications would be caused by calling off the game. On assurance that no tickets had yet been sold by the University of Maryland, through the hands of which all arrangements for the game pass, he decided to request the Naval Academy to agree to call the game off.

It is the expressed belief here to-night that there will be no hesitancy at Annapolis in complying with Colonel Scott's request. The decision at West Point not to take part in a game with the Navy this year is believed to be conclusive. In any event, the remaining games on the schedule—those with the Springfield Training School next Saturday, with Villanova the following week and with Washington and Jefferson a week before the scheduled Army-Navy game—are cancelled.

In the deep gloom that hung over to-night there still is no hesitancy at Annapolis in complying with Colonel Scott's request. The decision at West Point not to take part in a game with the Navy this year is believed to be conclusive. In any event, the remaining games on the schedule—those with the Springfield Training School next Saturday, with Villanova the following week and with Washington and Jefferson a week before the scheduled Army-Navy game—are cancelled.

TWELVE MEN KILLED.

Explosion in Mine Causes Death by Suffocation.

Johnstown, Penn., Oct. 31.—Twelve men were killed in the Cambria Steel Company's coal mine, two miles from here, to-night as the result of what is supposed to have been a dynamite explosion. All the dead men are foreigners and none has yet been identified. Three men escaped with their lives by a perilous climb on life-ladders through poisonous mine gas and falling slate up the steep walls of the main shaft. At the time of the explosion only fifteen workmen, all track layers, were in the mine.

The explosion occurred at sundown, as the workmen were putting their tools away at the end of their day's work. A force of men, working in shifts, began clearing the debris and fallen slate in the lower levels of the mine, where the explosion occurred. It was hours before the workers gained perceptible headway.

When the final barrier of rocks was passed the rescue party found twelve huddled forms close together, the bodies indicating that the men had died of suffocation.

Mine officials refused definite information as to the cause of the disaster, saying they were awaiting the arrival of state mine examiners to-morrow before issuing a statement.

SEE A LONG, COLD WINTER.

Livingston, N. J., Oct. 31 (Special).—The farmers in this section are getting ready for a long, cold winter, all on account of the prophecy of John Campbell, who has decreed that on account of the overabundance of hickory nuts and the scarcity of chestnuts, the coming winter will be a terror.

CADET VICTIM DEAD.

ARMY-NAVY GAME IS CALLED OFF.

Byrne's Death Results in Stopping of Game by Army for Season.

West Point, N. Y., Oct. 31.—Just as the sun which set as he was being carried off the football field last evening rose this morning, Eugene A. Byrne, left tackle and acting captain of the Army football eleven, died in the cadet hospital. A member of the fourth class, Byrne, whose home was in Buffalo, was hurt in a driving play at tackle, in which Minot, the Harvard fullback, was smashing through the West Point line in the second half of yesterday's game. John Byrne, the father of the injured cadet, was at his son's bedside when the end came.

Late to-night the following telegram was sent to Annapolis: "owing to the loss of one of the members of our football team, and out of respect to his memory, West Point desires to cease playing for the season."

(Signed), H. L. SCOTT, "Colonel, U. S. A., Superintendent."

This action by West Point means the cancelling of the rest of the schedule for the year, including the game with Annapolis on November 27, one of the great spectacles of the football year.

REASONS FOR COL. SCOTT'S ACTION.

Colonel Scott's action was taken after careful consideration of all phases of the situation. He said to-night that he had first inquired whether any complications would be caused by calling off the game. On assurance that no tickets had yet been sold by the University of Maryland, through the hands of which all arrangements for the game pass, he decided to request the Naval Academy to agree to call the game off.

It is the expressed belief here to-night that there will be no hesitancy at Annapolis in complying with Colonel Scott's request. The decision at West Point not to take part in a game with the Navy this year is believed to be conclusive. In any event, the remaining games on the schedule—those with the Springfield Training School next Saturday, with Villanova the following week and with Washington and Jefferson a week before the scheduled Army-Navy game—are cancelled.

In the deep gloom that hung over to-night there still is no hesitancy at Annapolis in complying with Colonel Scott's request. The decision at West Point not to take part in a game with the Navy this year is believed to be conclusive. In any event, the remaining games on the schedule—those with the Springfield Training School next Saturday, with Villanova the following week and with Washington and Jefferson a week before the scheduled Army-Navy game—are cancelled.

STORM TUESDAY.

Election Day Guess of the Weather Man.

The weather forecast for Election Day is for increasing cloudiness, with showers and continued warm weather. The storm which was centered in the middle Rockies on Saturday night has continued its movement eastward, now being centered in Eastern Kansas.

It is expected that the storm will move northeastward across the lake region, causing rains in the Middle States to-day, and from the upper Mississippi Valley eastward to the Atlantic Coast to-morrow.

CEMETERY VANDALS.

Hallowe'en Celebrators Do \$8,000 Damage to Monuments.

Carlinville, Ill., Oct. 31.—Damage estimated at more than \$8,000 was done last night in the Carlinville city cemetery by vandals celebrating Hallowe'en.

More than one hundred tombstones were damaged. Twenty of the finest monuments there were badly broken and some of the costliest stones were demolished.

No clew to the guilty persons had been found by the authorities up to to-night. Great indignation was expressed in the churches here to-day.

"ECONOMY" IN CUBA.

Government's Estimates for Next Year's Expenses.

Havana, Oct. 31.—After a conference of the Liberal leaders to-night President Gomez announced that the regular budget of 1910-'11 would not exceed \$35,000,000, and inclusive of the so-called fixed budget, would be about \$35,000,000, indicating that the government is arranging to effect economies of about \$5,000,000, as compared with the current year.

In consequence of recent changes in the Cabinet it is probable that the submission of the budget to Congress will be deferred for some weeks.

SIX KILLED; 12 HURT.

French Electric Train Jumps Track in Speed Test.

Prades, France, Oct. 31.—Six persons were killed to-day and twelve were injured in a speed test of an electric train on the new railroad from Villefranche to Bourg-Madame. The train ran away, jumped the track and plunged into a deep ravine.

GREEK REVOLT ENDS.

Four British Warships Arrive—Fears for Future.

Athens, Oct. 31.—Four British warships have arrived at Phaleron, near the Piræus. The rebellion, for the time being at least, is at an end. The last of the naval vessels in the hands of the mutinous naval officers has been recovered, the torpedo boat destroyer Velos returning to the arsenal last evening. Lieutenant Tibaldos, however, who was the leader in the recent movement, is still at large, and no trustworthy news of his destination has been received.

There is a general belief here that the government will comply in the escape of Tibaldos and his companions in order to avoid the embarrassment their capture would entail, since the government would not venture to execute them, because they are connected with the highest families in Greece. The Cabinet Council has decided to try the other mutineers in ordinary courts.

All the newspapers condemn the mutiny and demand the exemplary punishment of the ringleaders. Premier Mavromichalis said to-day that the government would introduce a bill reducing the age limit for superannuation. This was one of the considerations granted by the government made by the naval officers, supported by the Military League.

Several of those closely identified with the political situation did not attempt to-day to conceal their apprehensions concerning the future. Some think that the only solution of the crisis is for the King to invite the Military League to form a Cabinet. It is reported that the government has purchased a battleship which has just been completed by the Italian firm of Orlando Brothers.

DIES FROM INJURIES.

Football Player Had Head Hurt in Game.

Philadelphia, Oct. 31.—Michael Burke, aged twenty-one years, of Sienandoan, Penn., died in a hospital here to-day from injuries received in a football game yesterday between the teams of the Medico-Chirurgical College and the Philadelphia College of Pharmacy.

Burke, who was a member of the junior class of the Medico-Chirurgical College, received a blow on the head in attempting to tackle one of the opposing players. After the play he was found insensible on the field and died without regaining consciousness.

INDIAN PLAYER KILLED.

Kansas City, Mo., Oct. 31.—Roy Spibuck, nineteen years old, an Indian football player of the second eleven of the Haskell School, died in St. Joseph's Hospital this afternoon from injuries received in a game at Buckner, Mo., yesterday afternoon. He played right tackle. Spibuck was out of the play when the ball was passed, and when a Buckner man carrying the ball was tackled the Haskell tackle dove at the pile of men. He slipped and landed on his head.

BANNARD BY 70,000, SAYS MR. PARSONS.

DOUBLES PLURALITY AFTER REVISION.

Gaynor Is Losing Steadily and Hearst Is Strong Only on East Side.

Otto T. Bannard will be elected Mayor by a plurality of 70,000. This is the estimate of President Parsons, issued last night after carefully going over and revising his figures. He predicts that the vote on Mayor will be about as follows:

Table with 2 columns: Candidate and Votes. Bannard 260,000, Gaynor 190,000, Hearst 140,000.

For purposes of comparison, the figures on the mayoralty election four years ago will be of interest. They are:

Table with 2 columns: Candidate and Votes. McClellan 228,397, Hearst 224,925, Ivins 137,193.

The latest forecast of President Parsons shows how Bannard has been gaining steadily and Gaynor has been losing strength in the last week. Hearst's vote will also be larger, he estimates, than at this time a week ago showed. At that time President Parsons estimated the strength of the respective candidates as follows: Bannard, 252,000; Gaynor, 210,000; Hearst, 135,000.

HEARST VOTES THROWN AWAY.

President Parsons repeats his warnings against the insidious and false statements of the Hearst people that Republicans are going to vote for Hearst because the public that a vote for Hearst is thrown away, and that it is a waste of drive Tammany from power is to vote for Bannard and the straight fusion ticket. He exhorts every Republican to stand by his guns and do his duty to-morrow in order that the decisiveness of the victory may be such as to weaken the forces of Tammany Hall to the greatest possible extent.

Information in the hands of Mr. Parsons shows that Tammany is planning wholesale frauds, but he is prepared to combat them. He has laid his plans most carefully to circumvent and checkmate every move of the guerilla bands, and the chances are that his precautions will prove effective.

As for New York County, Mr. Parsons estimates the vote as follows:

Table with 2 columns: Candidate and Votes. Bannard 134,000, Gaynor 101,000, Hearst 80,000.

Reports from Assembly district leaders show that Bannard should get the full Republican vote. Hearst will run strong on the East Side, but in other sections of the city his vote will not be within 60 per cent of what it was four years ago.

DRIVE OUT TAMMANY.

The full statement of President Parsons is as follows: Mr. Bannard will be elected by a fine plurality. The only problem of his campaign has been that he should get substantially the same number of votes that Governor Hughes got in the greater city in 1906 and 1907, which was 120,000. He will have over 260,000 votes. Judge Gaynor will not have over 200,000 votes. I place his vote at 190,000. Mr. Hearst's vote will be over 140,000. Our canvasses made the last week show that Mr. Bannard has made steady gains and that he will get the Hughes vote. They also show that Judge Gaynor is steadily losing and that except for Mr. Bannard's gains Mr. Hearst's vote will see-saw with Judge Gaynor's.

The Republicans of this county have a splendid opportunity to render service to the city. I urge them all in the interest of a business administration and of non-partisanship in municipal affairs to do their part in support of the fusion ticket headed by Mr. Bannard. The organization has waged in the interest of Mr. Bannard and the fusion ticket the most vigorous campaign ever made by it.

WILL ATTEMPT FRAUD.

We ask all Republicans now to do their duty, as will thousands of Democrats and Independents, by voting for Bannard and this force Tammany Hall from power. He who votes for Hearst to beat Tammany throws away his vote. The more overwhelming we and the other fusion forces make the plurality for Mr. Bannard on Tuesday the longer it will be the step forward to effective government in this city.

Tammany, in its desperation, will attempt violence and fraud. But they will not avail. Those who perpetrate them, or attempt to perpetrate them, will suffer judgment from the new administration.

The election of Messrs. Prendergast and Mitchell, of the Borough Presidents and Coroners in Manhattan and The Bronx and of the fusion county ticket will be overwhelming majorities. This election will destroy the Tammany myth.

PRINCIPAL EXPIRES.

Miss Gibson, of St. Mary's School, Drops Dead.

Miss Annie S. Gibson, principal of St. Mary's Cathedral School, Garden City, Long Island, died suddenly last night. With about fifty of her pupils she was preparing to attend a musical in the cathedral by the choir of St. Luke's Church, Brooklyn, and the choir of the cathedral, when she gasped and fell to the floor unconscious.

Several of the girls attempted to revive her, but Dr. Henry M. Warner, of Hempstead, who was hastily summoned, said that Miss Gibson had died almost instantly. More than a score of the girls had fainted, and Dr. Warner, with two physicians from Nassau Hospital, was busy for some time in reviving them. Bishop Burgess was also summoned.

Miss Gibson had been principal of the school for about fifteen years, but was to retire on January 1, her place to be taken by Miss M. I. Bytell. She leaves two brothers, John Wilson Gibson, a lawyer, and Dr. William M. Gibson, both of Utica. The body will be taken to Utica.
