

ALL UP TO ZELAYA

EXPECT SURRENDER.

Further Action Depends on Explanation of Executions.

[From The Tribune Bureau.]

Washington, Nov. 19.—It was declared today in diplomatic circles that Secretary Knox's carefully worded reply to the Bluefields Steamship Company yesterday was a tacit admission that this government recognizes that a revolution is taking place in Nicaragua, and the men under Estrada who have heretofore been considered rebels are now to be officially known as "belligerents."

Nothing was heard by the State Department from Nicaragua to-day. The warships Des Moines and Vicksburg, which were sent yesterday, should arrive to-morrow morning.

Everything was quiet on the surface here to-day, however, there was plenty stirring underneath. A communication was received at the State Department from the Nicaraguan Legation, the purport of which was not divulged, and the ministers from Guatemala and Costa Rica held a mysterious conference with Assistant Secretary Wilson in the afternoon.

NOTICE TO SHIP OWNERS.

A significant development, inasmuch as it disclosed this government's unyielding determination not to interfere with the Nicaraguan revolutionists, was the reiterated announcement that the State Department would not act to insure the safety of any American vessels that might be held up or seized by the insurrectionary vessels now blockading Zelaya's forces at Greytown or elsewhere on the Nicaraguan coast.

The deepest interest is apparent as to the conference among Assistant Secretary Wilson, Señor Cacia, Minister from Costa Rica, and Dr. Harrarte, the Minister from Guatemala. It is believed that the infraction of the Pan-American treaty, signed here a little over two years ago, was the chief question discussed. The violation of the agreement was permitted by General Toledo, in command of Zelaya's forces when he invaded Costa Rican territory in his advance to Greytown.

In the threatened trouble between Nicaragua and Costa Rica, a short time ago, the United States has been called upon to arbitrate. It is pointed to by diplomats to-night as indicating the gravity of Toledo's offense against the Pan-American compact.

A DECISIVE BATTLE AT HAND.

That the revolutionists under General Chamorro are making preparations for the final decisive struggle is being reported by four days was announced to-night by Señor Castillo, the representative here of the Nicaraguan provisional government. The revolutionists have been short of ammunition and for that reason, he said, have hesitated to make a final attack. Looking to the winding up of the struggle, he said, the revolutionists are content, apparently, to wait until they are fully prepared before they strike home. Señor Castillo pointed out that with the coast line in possession of his compatriots, the securing of ammunition and arms now is a simple matter of only a few days. In the mean time, he says, General Chamorro maintains his position in the steep hills overlooking Greytown and holds the Zelaya forces at his mercy.

The State Department is awaiting an explanation of the execution of Cannon and Groce from Zelaya. It is assumed that the dispatch last night from Managua is meant to say that the execution probably was a summary execution. But if they are executed after a court martial trial on a charge that they had attempted by the use of dynamite mines to blow up some of Zelaya's transports. If the story is confirmed, the question at issue will be whether the charge against the men, assuming that it is proved, justifies their execution. Probably everything will depend on the method pursued by Cannon and Groce in their attacks on Zelaya's forces. If it should appear that they slipped within the lines in disguise when they planted their mines, they might be regarded as spies, and subject to summary execution. But if they are engaged in the work openly, it will probably be held that they should have been treated as prisoners of war on the theory that an attack on a ship by a mine is a legitimate act of war. In the latter case there is no doubt that President Zelaya will be called to account and ample reparation demanded.

Harrisburg, Penn., Nov. 19.—Daniel K. Cannon, father of Leroy Cannon, the young Pennsylvania executive in Nicaragua, to-day asked the State Department at Washington to obtain confirmation of the news of the young man's death. "We only know what we read in the newspapers and hope Washington can tell us something," said the young man's mother. "Mr. Cannon and I will try to have the body of the boy sent here, if he is dead. We hope the government will help us to get it."

Mr. Cannon said that he had received no word from her son that he had taken part in any revolutionary uprising such as was contained in other letters received here by school friends. These letters came from Honduras and said that Cannon was in that republic in August and September because of President Zelaya's enmity toward him.

Frank C. Poole, a boyhood friend of the dead adventurer, says he received a letter from Cannon stating that Zelaya was his personal enemy. In a letter mailed from Guatemala City on July 16, and received here in August, Cannon said: "I am here against my wishes, as you have read in the papers. I was held prisoner six months with the five generals who were captured in the last war in Honduras and Nicaragua. I can't go to Nicaragua until Zelaya is taken out of power."

"I received a letter from Hoy about every six months," said Poole to-day. "He spoke often about his partner on his plantation, but never named him. I do not know whether he was the other victim. At one time I asked him if he was coming home and his answer was that 'things are pretty interesting down here.'"

Houston, Tex., Nov. 19.—Louis W. Groce, who, with Leroy Cannon, was executed in Nicaragua, was the son of the late President Zelaya, lived in Galveston, where his cousin, T. J. Groce, is president of the Galveston National Bank. At Hempstead, Tex., his former home, Groce's father was a physician, the son's name being the same as the father's. Groce had been in Nicaragua sixteen years as a mine owner, and was planning a trip home in December, according to a letter received from him by a cousin about a month ago.

Zelaya's Arbitrary Methods—Disorder in Army.

[By Telegram to The Tribune.]

New Orleans, Nov. 19.—Carrying arms and ammunition to the forces of President Zelaya of Nicaragua, who are bottled up by the insurgents at Greytown, the steamship Imperator sailed for that port this afternoon. The vessel will attempt to run the blockade.

Advices received to-day from the revolutionists of Nicaragua declare that the steamship company is one of the most potent factors in the conflict and that the revolutionists recognize the company's strength and will attempt to crush it. It is alleged that the company enjoys a monopoly granted by the established government.

GOMPERS INDORSED

Pay at Rate of \$5,000 a Year During Jail Term Voted.

Toronto, Nov. 19.—The American Federation of Labor, at its convention to-day, indorsed the resolution that the salary of President Gompers in the event of his being sentenced to jail for contempt of court, they must go to jail for contempt of court. They will be paid at the rate of \$5,000 a year.

The convention adopted the report of the committee on the president's report, which, among other things, said: "We learn while at this convention with deep regret that there is some doubt as to whether the appeal will be allowed, so that the appeal may be allowed, so that we may know the position of the final judicial tribunal."

COLER BELIES METZ

Letter's Resolution for Salary Shift Goes Over.

Controller Metz was unable to convince the Board of Estimate yesterday that his resolution to shift the appropriation for salaries to his department, thereby increasing the compensation of 192 of his subordinates, was as innocent as he would like to have them believe. He said that it would not mean an additional appropriation and that the amount used in increasing salaries would be saved in places that he had abolished.

As shown by The Tribune yesterday, it would mean, however, that the incoming Controller would need an additional appropriation if he desired to re-establish the places abolished by Controller Metz.

The Controller's "guilty of a misstatement when he says he is weeding out bureaus and loafers," said President Cole, getting into the face. "As nearly as I can make out he is increasing salaries and not dismissing a man. His administration has cost the city more each year, and now he wants to saddle a lot of 'dead ones' on the payroll."

The Controller retorted that if President Cole had minded his own business he might not have been investigated by the Commissioners of Accounts.

The Controller tried to explain, but the members of the board did not seem to understand. President Cole kept chipping in until the meeting degenerated into a personal row, and the Mayor called a halt by putting the resolution over for two weeks.

Counsel for the New York & Queens County Railway Company protested against fixing a hearing for December 23 on the modified franchise of the South Shore Traction Company. He said that at least a year should elapse between the first consideration of the matter and the granting of the franchise.

The board disapproved a form of contract for removing the snow this winter on the "area" basis, and instructed Street Cleaning Commissioner Edwards to submit a modified contract under the "cartload" system.

The four new members of the Board of Education, Mrs. Mirabeau L. Towns, Mrs. A. S. The members of the German-American Friendship Club have arranged two tables of honor for their bazaar, which opened yesterday at the clubrooms, No. 287 Park avenue, and will continue until the evening of Wednesday, November 24, Sunday included. One is a collection of gifts from the Landessmutter, the German Empress, and on the other is a beautifully bound copy of Longfellow's poems from their foster mother, Mrs. William H. Taft. This is marked \$20, because a card with Mrs. Taft's autograph goes with it. Fancy prices have also been placed on the gifts of the Empress, a collection of china from the royal porcelain works in Berlin.
