

FOOTBALL ON MEND WILL BE SAVED BY RADICAL CHANGES.

Solons Fail to Complete Work, but Indicate Lines for Reform.

While the fate of American college football still hangs in the balance, much has been accomplished in the last two days to bring about a reform in the game so urgently demanded by educators in all parts of the country and so greatly desired by the public...

It was recommended for consideration in connection with this combination that teams might change goals in the discretion of the captain or referee at the beginning of the second and fourth periods, provided the ball and distance to be gained to remain the same...

It must be understood that these suggestions are in the rough and are not developed in detail, but they serve to show, as Mr. Hall explained, along what lines the committee is working to evolve a set of rules that will preserve the character of the game to a large extent...

RECORD SAYS HOPPE Wants Score for Billiard Match Corrected.

Pittsburg, Feb. 5.—Willie Hoppe to-night made a statement correcting the averages made by the press in the match between him and Dr. Carl Williams, University of Chicago...

PLAYERS FITTING FOR CHAMPIONSHIP—GARDNER'S WORK.

In preparation for the first of the national lawn tennis championships of the year, the indoor title, more than twenty players held the board courts of the 7th Regiment armory, 66th street and Park avenue, yesterday...

INDOOR COURTS. Players Fitting for Championship—Gardner's Work.

The committee was of the opinion that those who are to participate in intercollegiate or interscholastic sports should be subjected to a thorough physical examination before they should be under careful supervision throughout the season...

FIRST COMBINATION. Seven men to be on the line of scrimmage at all times.

No pushing or pulling of the man with the ball. The man receiving the ball to be allowed to advance, thus eliminating restriction on quarterbacks.

SECOND COMBINATION. Seven men on the line of scrimmage, with center to be supplemented by rule to take care of situation when near side lines.

Ball field of offense to be limited to four yards. Eliminate neutral zone and onside kick. Limit forward pass to back of the line of scrimmage.

THIRD COMBINATION. Set back goal posts six feet, with horizontal projecting bars for crosspiece, to avoid chance of injury near goal line.

No player of the side in possession of the ball to use his arms or body to push, pull or hold on his feet the man running with the ball.

SPORTS OF THE DAY MORE GIANTS SIGN. Hoping to Find a Second Mat-ty Among New Pitchers.

John J. McGraw, the manager of the Giants, who has been wide awake to the importance of strengthening his team in the box, has high hopes of developing a second Matty or, at least, a pitcher who can take his regular turn in the box...

Six more signed contracts were received at the office of the club, in the St. James Building, yesterday, bringing the total up to fourteen. Al Bridwell, than whom there are few better shortstops, was satisfied with the terms offered, and his contract was signed...

Parsons comes to New York with an excellent record and of the five or six new pitchers who will be carefully and thoroughly tried out, which include Daley, who signed last Wednesday, his chances to "make good" look exceedingly bright.

Spencer, the new first baseman, had a fielding average of .971 with Portsmouth, Ohio, last season, while his batting average was .234.

Connie Mack, of the Philadelphia Athletics, is wearing a broad smile. Eddie Plank and Ira Thomas, his star batters, have signed their contracts. Thomas held out a long time last year after being secured from Detroit.

Thomas J. Lynch, president of the National League, has issued a call for the regular spring meeting of the directors of the Waldorf-Astoria, in this city, on February 15.

Jack Field and Ted Lilly, football stars, are now working with the battery candidates on the catching squad. Both will be transferred to the first base candidates as outdoor work begins.

COY OUT FOR NINE PITCHING GOOD BALL. Yale Team to Begin Training Under Lash on February 22.

New Haven, Feb. 5.—Captain Steve Philbin of the Yale baseball nine has issued orders for training to begin February 22. He will have a pitching coach here next week, it is expected, and Billy Lush, the general coach, will arrive February 22.

Yale's baseball outlook is good, provided one or two strong pitchers can be developed from promising, although inexperienced material. Captain Philbin has been in charge of the battery squad, which was drilled three or four afternoons a week in the gymnasium, and four promising pitchers, who, however, lack intercollegiate experience, are working out in good style.

INDOOR POLO PLAYERS UNITE Well Known Enthusiasts Form National Association to Regulate and Promote the Game.

For several months there has been a movement on foot among the polo enthusiasts to organize a body similar to the Polo Association, to formulate uniform rules and exercise supervision over indoor polo players.

Indoor polo has been played at the large academies for a number of seasons and has become a most popular equestrian sport, but there are several drawbacks to the game as played on the tankard which must be overcome before the game can be said to have reached its highest development.

Indoor polo originated in New York in 1902. It was first played at the Durland Riding Academy, where the ring, which is the largest in the world, offered nearly all the advantages of outdoor polo.

WILL ROY BE GOOD. Former Catcher of Cubs Wants Reinstatement.

Cincinnati, Feb. 5.—John Kling, the hold-out catcher of the Chicago National League Club, who refused to sign with the Cubs a year ago, has applied to the National Baseball Commission for reinstatement.

At the time Kling left the Chicago team he announced that he would never play ball again. He said he wanted more time to care for his private business.

Kling for many months has been a puzzle to the baseball enthusiasts throughout the country. Many interviews have been given out, in which it was declared that he wanted to go back into baseball, and then a few days later it would be reported that he would never again play ball.

It is probable that the National Commission will now reinstate him on condition that he pay a fine. Kling is armed with a written application as received by August Herrmann, chairman of the commission, today.

YALE IS DEFEATED CORNELL SEVEN WINS. Ithacans Take Listless Hockey Game from Blue.

Cornell defeated Yale by 2 goals to 1 last night at the St. Nicholas rink in a poorly played and listless game of the Intercollegiate Hockey League series. The match on which has been hanging on the championship, as that has already been won by Princeton, was devoid of any feature, and the play was mediocre throughout.

Cornell owes its victory to the splendid goalkeeping of Yale, who stopped many shots in the second period. He had far more work to do in the final half than Williams, but most of the shots he was called upon to stop were from a distance, for the Blue seemed unable to get in close.

The losers threw away chance after chance to score by foolish passing and poor judgment. As one Cornell player recovered the puck he seemed to think it incumbent upon him to rid himself of it as if it were a thing to be avoided, rather than nursed, and he sent the rubber flying in any old direction, regardless of who received. As it happened, a Cornell man picked up the pass as often as his opponent.

The Blue's style of play seemed to bear out the remark of one of the spectators, that the goal players had been sent on the ice in mistake for the hockey seven.

Heron, who played a sterling game for the New Havenites last year, was in poor form last night, and in the second half he was incapacitated, but continued in the game, as he was also hurt and gave way to Brooks.

For Cornell Jones and Creswell played well-in fact, with Merritt, were the only men on the ice who showed any knowledge of hockey. The shooting of the winners was superior to that of their opponents, but Cornell's second score was a fluke and luck out a considerable figure in the victory.

Several men were penalized for tripping and slashing and at one time in the second period three Yale men and two Cornellians were with the timers, leaving only nine men on the ice.

The first goal was scored by Cornell in the lead by 1-0 to 0 and in the second period each side tallied once, although Yale forced the pace for the greater part of the time.

The first goal went to Creswell, who scored unassisted in nine minutes on a pretty shot. For the next seven minutes play was very even and then Jones broke away from a scrimmage in front of his goal and dashed down the ice to score again, passed Williams for the second and final tally of the half.

In the second period Yale came back with a hard attack on the Cornell nets and on several occasions came within an inch of scoring, one shot by Laurel landing right by the posts. It looked like a goal, but the umpire did not allow it. On the face of it, the Cornell goal was a narrow escape.

A minute later Cornell again drew star when Creswell tallied on a lead fumble of Martin's. He had an easy chance to get the puck near his own net, but once again Creswell failed. Point H. A. Williams came out to check him, he easily sidestepped in for the third tally. The game was further scored, although Yale fought hard for the last few minutes.
