

MOTOR BOATS NEXT SHOW ON THIS WEEK. Fast Craft Will Be on View at Garden Exhibition.

What is predicted will prove the largest and best exhibition of motor boats ever held in this country will open at noon Saturday next in Madison Square Garden.

The exhibition will demonstrate the great progress that has been made in the development of the marine gas engine.

Crushing yachts capable of accommodating parties of from ten to twelve are to be exhibited. Engines varying from one-half horsepower two-cycle motors to motors of 300-horsepower will be shown working.

Never before in the history of the country has the outlook for the future of motor boating, both in a sporting and business sense, been so bright as now.

In the last year every manufacturer has been striving for more power, more speed, more economy, and more reliability.

The development of the power boat has been so marked in the last two years that one who has not kept abreast of the improvements will find cause for surprise.

Not only has the motor boat become a better and more reliable engine, but the motor boat has also shown a marked superiority over the product of a few years ago.

The notable feature of the opening night of the show will be the display of many of the latest and most advanced types of motor boats.

TOYED WITH QUAKERS Columbia's Basketball Players Had Easy Time.

Columbia trounced Pennsylvania at basketball last night in the Columbia gymnasium to the tune of 33 to 11. The Quakers were completely outclassed and outplayed from the beginning.

Pennsylvania played a rough and hard game, and the visitors were ruled off the court. The score at the end of the first half was 16 to 5, and Columbia maintained the same relative lead throughout the second period.

The crowd that has been on hand for the game was the largest in many a day. Every Columbia seat was occupied, and standing room was at a premium.

The play was sluggish for the opening minutes of the second period, and then it looked as if the Quakers were coming to life.

Columbia got into its stride again, however, before the Quakers had gained much ground. The Columbia team was almost completely changed by substitutions at the end.

The summaries follow: Columbia (33). Position: Pennsylvania (11). Right forward, Kennedy; right guard, Walton; left guard, Sommer; left forward, Benson; center, Benson (2); goals from field, Kennedy (1), Walton (2), Sommer (2), Benson (2).

WEISSMAN IN LEAD Columbia Still Unbeaten in Rifle Shooting Matches.

Washington, Feb. 12.—Columbia University increased her lead in the Intercollegiate Rifle Shooting League this week by defeating George Washington University by a score of 1,810 to 1,750.

Washington State College and the University of Iowa are in a tie for second place. Columbia has won five matches and lost none. Washington State College has the highest score of the shoot thus far with 1,823 points, which is an average of 182.3-10 points of a possible 200 for each member of the team.

The one-mile, handicap, which attracted a field of thirty starters, proved the most interesting race. It was won by M. Weissman, of Grade 3A, who ran an excellent race, winning by his allowance, which was five yards. L. Nankin led the pack at the gun, but only for a short time.

Lauer by a desperate sprint managed to pass Weissman, but soon relinquished the lead to the latter. From there on Weissman was hard pushed, but succeeded in leading the pack to the line by a narrow margin. L. Sand, a first year student, made a strong effort in the last few laps, and finished second, with Lauer third.

L. Sand won a pretty victory in the one-half mile handicap, breasting the tape only inches before E. A. Vossler and V. Mayrart, who were mentioned in the scratch race. The one-quarter mile run, closed to the 4th Regiment, resulted in a dead heat between W. Murphy and E. Riley, both of Company C. On the toss-up of a coin the last named received first prize.

The representatives of Grade 3B carried off the point competition trophy, with J. C. Smith, of the 2d Regiment, with 12, while SA was third, with 10. The summaries follow: 100-yard dash (handicap)—Won by T. Rosen, 3B (scratch); A. Fox, 2A (5 yards); second, A. Hirsch, 4A (scratch); third, Time, 0:11.5.

100-yard dash (handicap)—Won by B. Burman, 4A (scratch); V. Henschel, 2A (10 yards); second, E. Marcus, 4A (5 yards); third, Time, 0:20.5.

SLUSH COVERS CITY RAIN FOLLOWS SNOW. Cold Weather Promised To-day—To-morrow Uncertain.

The rain and snow which were whirled up the coast from the Gulf of Mexico to the St. Lawrence Valley left New York under five inches of slush yesterday. Several small ships were wrecked, and traffic along coast towns was generally crippled.

At the Weather Bureau the recording instruments clicked off a variety of weather conditions during a period of twelve hours from noon until midnight. Earlier in the day, at 4:30 a. m., thunder was heard plainly. A northwest wind on the heel of the mixture led the local forecaster to promise cold weather for to-day.

Although the storm was sighted Friday morning by the weather forecasters, it was disregarded by many of the street railway lines which carry the city and suburban traffic. Commissioner Edwards was among the first to accept the weather squall.

DEEP SNOW UPSTATE. Three Feet Fall in Mohawk Valley—Trains Delayed.

Fort Plain, N. Y., Feb. 12.—The Mohawk Valley is snowbound to-night. Snow began to fall early last night, and continued without a break until this afternoon, adding at least three feet to an already exceptionally deep covering. Rural highways are impassable, while in Fort Plain the streets are drifted three feet high.

Geneva, N. Y., Feb. 12.—Twenty-two inches of snow have fallen here since 11 o'clock last night. It is the worst storm since March 1906. All trains were late, and traffic on the electric roads, except the Rochester & Eastern, was paralyzed. Snowdrifts five feet high line the principal snow streets.

Saratoga, N. Y., Feb. 12.—The worst blizzard since 1883 swept the lower Adirondacks yesterday and to-day. In Saratoga County roads are impassable, and trolley cars and suburban roads are piled with snow. Many feet in height and country roads are impassable.

Buffalo, Feb. 12.—The total fall of snow here from 10 o'clock Friday night until 10 o'clock to-night was sixteen inches. Since December 1 eight feet of snow has fallen in Buffalo. The total fall this winter has been 104.8 inches.

Albany, Feb. 12.—Eight inches of snow had fallen here when the storm abated this forenoon.

Hornell, N. Y., Feb. 12.—Two passenger trains on the Allegany division of the Erie & Shawmut Railway were snowed in this forenoon, and relief crews were sent out.

POLICE SHAKEN UP. Mayor Is Now Boss. Commissioner to Handle Routine Only in the Future.

Home rule for Brooklyn in police matters and the elimination of all clubbing and all but the most necessary "mugging" were the three facts that stood out prominently in yesterday's development of the city's police situation under the direct supervision of Mayor Gaynor.

With Acting Commissioner Buehler in full charge at Headquarters and the Mayor evincing the most careful desire to know exactly what is doing in police circles, the department were well prepared yesterday to forsake that pleasant habit of making the news of the prompt suspension of three Manhattan men concerned in the attack on a woman in East 23rd street and five Brooklyn officers in connection with two clubbing affairs only served to clinch them in that determination.

Meanwhile Inspector McCafferty is being held personally responsible by Mayor Gaynor and Deputy Commissioner Buehler for the appearance of all witnesses who can testify in the case of the policemen accused of complicity in the attack on Ann Anderson, the woman of the East 23rd street case, which has been set for Wednesday.

In Brooklyn Fourth Deputy Commissioner Buehler is handling police affairs from the State street headquarters without any running to and fro between there and the Centre street headquarters, where his immediate superiors hold forth. Instead of that, the chief of management at present is autonomy for Brooklyn with orders coming only from the Mayor's office.

The new way, which is exactly the opposite of the method of the former administration, when Brooklyn affairs were decided upon in Mulberry street, was decided upon when it was learned yesterday that Deputy Commissioner Buehler was acting entirely on his own initiative, either with the approval of or by the direction of the Mayor himself, and also that the Brooklyn Deputy Commissioner Baker more than once since the start of the year.

The three patrolmen concerned in the East 24th street attack will be served with charges on Monday. Deputy Commissioner Buehler has announced yesterday that he will hold a holiday followed by Sunday precludes previous service, according to the regulations, and on Wednesday, the forty-eight hours prescribed by the regulations for them to arrange their defence having elapsed, they will be brought to as quick a trial as possible.

Commissioner Baker, the nominal head of the department, has gone to Adams City for a "vacation," just as the Mayor when Police Department matters are being handled, and the only intimates given as to his return was his own statement that he would be back in the city on the police lieutenant's dinner on February 21.

It is thought that even should he return to his position he would be obliged to keep the Mayor well informed of police matters that Centre street would have to handle, and that the general policies and particular programs, such as the wholesale reduction of the Rogues' Gallery and the general breaking up of the system of police corruption, would be directed entirely from the Mayor's office.
