SPORTS OF THE DAY

EBBETS UP IN ARMS.

Hoots at Syndicate Baseball in Brooklyn Club.

Charles H. Ebbets, president of the Brooklyn Baseball Club, is wrought up over the intimation in a Cincinnati paper of February 28...

So far as known, Mr. Ebbets is the first president of a major league club who has expressed a willingness to sign his hand for the good of baseball on the old cry of joint ownership in one or more clubs.

"Nap" Rucker, the star pitcher of the Superbas, and Tim Jordan, the hard hitting first baseman, are in the fold once more.

Jordan will report to-morrow, when the first squad of the Superbas starts for Hot Springs, while Rucker will join the cavalry at Memphis on March 4.

The first professional Marathon race of the season will be decided to-night at the 6th Regiment armory, Lexington avenue and 26th street, when Jim Crowley, Hans Holmer and Johanson Ljström will fight out what promises to be a stirring and hard fought struggle.

Holmer's poor showing in the fifteen-mile race at Madison Square Garden, when Fred Meadows romped to victory, must not be accepted seriously.

Twenty-four players have now signed with the Pittsburgh club of the National League, the latest contract to be received being that of Edward J. Abbatichio, the utility infielder.

Vincent Powers, the jockey, will ride in France this year, according to a statement made by Phil T. Chinn. The latter will sell his horses at auction on March 5 at Jacksonville and cast in his lot with a number of other racing men.

Fowers headed the list of winning jockeys in this country last year in spite of the fact that he was under suspension for three or four months after incurring the displeasure of the stewards of the Saratoga Racing Association.

A powerful pitching machine has been installed at the United States Naval Academy at Annapolis, Md., for use in training in batting. It can "pitch a curve eight feet wide," according to the story.

Billy Lush, who will coach the Yale baseball team this year, arrived at New Haven yesterday, and lost no time in getting the candidates at work.

Cambridge, Mass., Feb. 28.—Paul Withington, Harvard's great football player and all round athlete, has decided to go to California, en route to Honolulu.

Withington was one of the best all round athletes the Crimson has ever had. He won his "H" in two major sports—football and rowing.

Reverse Rulings of Stewards

National Steeplechase and Hunt Association Interprets Meaning of Word "Disabled."

At a meeting of the board of stewards of the National Steeplechase and Hunt Association, in the Windsor Arcade, yesterday a ruling of the stewards who acted at the meeting of the United Hunts Racing Association at Belmont Park terminal on Election Day was reversed, and the Middlesex Hunt cup was awarded to Allan Pinkerton's Macedonia.

This action is of more than usual interest, as it establishes an interpretation for Rule 84, concerning which there was some conflict and misunderstanding.

In the race for the Middlesex Hunt Cup at Election Day, only two horses went to the post—Allan Pinkerton's Macedonia, ridden by Fred Alpers, and Harry S. Page's Parson Kelly, ridden by his owner.

The stewards based their ruling on Rule 84, Section 1, in steeplechases and hurdle races any horse getting away from the rider, or any horse which is in the same field or inclosure in which the occurrence took place, but should such horse not be caught until he has entered another field, then he shall be ridden or brought back to the one in which he started from his rider.

Whereas, we, the board of stewards of the National Steeplechase Association, feel that in the death of Robert Neville we have lost a valuable member, and a loyal supporter of steeplechasing, therefore be it

FIGHT AT HOCKEY

Wanderers Box to Toronto Seven in Rough Game.

Fast, rough hockey, which ended in a free-for-all fight, marked the contest at the St. Nicholas Rink last night between the seven from Toronto University, of Canada, and the Wanderers Hockey Club, of New York.

The referees and some spectators who had joined to see the final, succeeded in disentangling the mass, Frith and Cleghorn were banished from the game, and Smeaton was penalized for three minutes.

The referees and some spectators who had joined to see the final, succeeded in disentangling the mass, Frith and Cleghorn were banished from the game, and Smeaton was penalized for three minutes.

MRS. STOUT AT TOP

Many Names on Golf Handicap List for Women.

Mrs. C. T. Stout, of the Richmond Country Club, has the distinction of heading the first handicap list issued by the Women's Metropolitan Golf Association. The table given out yesterday by Mrs. M. D. Peterson, president of the association, contains 106 names, with the ratings extending all the way from plus 1 to 25.

Mrs. Stout is at plus 1, while Miss Julia R. R. of Englewood, the metropolitan champion, and Miss Georgianna M. Bishop, of Brookline, a former national and metropolitan titleholder, are bracketed at scratch.

RACE PROBLEMS UP

Sunrise Club Hears Speakers To Provide Hot Food for Soldiers in Field.

The Sunrise Club, which meets every three weeks for material and mental food, broke bread last night with members of the negro race and afterward discussed the race problem. Dr. W. E. B. Dubois, the negro educator, of Atlanta, was the principal speaker. Other negroes, prominent in the local colonies, also presented their views.

There was one discordant element present in the person of one Joseph H. Rimm, who, in contradiction of the speakers, negro and white, who had preceded him, declared that the white and black races could not be made to mix.

"I stand here in refutation of the last speaker's statement that the races of the country will not mix," thundered Dr. Rimm. "I stand here to say that the races of the country will mix."

UP IN ARMY AND NAVY

To Provide Hot Food for Soldiers in Field.

Washington, February 28.—NEW MARTIN'S KITCHEN—The army subsistence officers are conducting important experiments on the Pacific Coast as to the feasibility of providing hot food for soldiers in the field.

The marching kitchen is an additional vehicle and would be of little use except on the march. When the movement of troops is by rail, it would be carried on the car, and there might be places, such as in the jungle country of the tropics, where the marching kitchen would have to be left behind and dependents placed solely upon the pack animals for the transportation of kitchen utensils, going back to the primitive custom of preparing food over a fire built in the open.
