

UNAPPRECIATED PORTRAITS OF DEPARTED SPEAKERS OF THE HOUSE OF REPRESENTATIVES.

They decorate, some say desecrate, the lobby of the House, and a movement is on foot to replace them with better ones. On another page will be found a complete list of all the Speakers, together with the dates of their incumbency and the numbers of the Congresses in which they officiated. It is doubtful if even Macaulay's famous schoolboy could name all these once eminent statesmen offhand.
