

FEAR LACKAWANNA STRIKE

May Be Called to Take Effect at Midnight.

BOTH SIDES REMAIN FIRM

Road Appeals to Employees Not to Obey an Order to Quit Work.

Scranton, Penn., April 16.—Both the management of the Delaware, Lackawanna & Western Railroad and the grand lodge officers of the conductors and trainmen are waiting apparently for the call for a strike, which is now looked for to take effect at midnight Sunday.

The Brotherhood officials are standing on their demand for an acceptance of all points of the award which is to be handed down by the arbitrator on the New York Central Railroad. The company officials remain equally firm in their stand that the company will grant a 5 per cent increase, and nothing more.

The management of the Lackawanna Railroad has posted circulars at all points of the system urging the men not to obey the strike order, if it should come, and to consider their own interests before making a sacrifice which they cannot afford.

No appeal for mediation to Commissioners Neill and Knapp, in case of a strike order, was the decision arrived at this afternoon by the federated board and the officials representing the conductors and trainmen. The company can do one of two things, the labor leaders said, to avoid a strike—grant the Baltimore & Ohio settlement, or agree, as we are prepared to, to accept the award of the arbitrator of the New York Central, the same to be retroactive as of April 1.

A circular is being prepared to-night by the officers of the federated Brotherhood setting forth what has passed between the Lackawanna officials and the employees' representatives, which will be sent to all members of the Brotherhood to-morrow. The purpose of this circular, as stated by the officers of the Brotherhood, is to give the men an "intelligent understanding" of the situation and to counteract the influence of circulars sent out by the company officials which gave the company's side of the case and appealed to the men to refrain from obeying the strike order.

This action on the part of the Brotherhood officers is taken here to mean that no strike order will be issued until, at least, there has been time for the men to receive and consider the circular, in other words, that no strike call will come before Monday night at the earliest.

Vice-President E. E. Loomis of the Delaware, Lackawanna & Western Railroad said last evening that in case of a strike the railroad would not be caught sleeping. As to the threat of the trainmen and conductors that there would also be a strike of firemen and engineers, in case the demands were not granted, he said:

"Mr. Clarke (general superintendent) will not ask for another conference. Without discussing the prospects of a strike, I may say that the company would not under any circumstances agree to accept the decision of a board of arbitrators appointed to settle the demands on another line before we know what the decision of the arbitrators might be, and without even having representation in the arbitration proceedings. No company could afford to agree to such an arbitrary proposition. We have not the slightest idea of what these arbitrators may decide on, and would not go blindly into such an arrangement. Our arbitration offer was fair and reasonable. The ultimatum of the representatives of the men is both unfair and unreasonable."

TUGBOAT STRIKE ENDED

Captains and Pilots Now Ask Railroads for Former Jobs

The committee in charge of the strike of the tugboat captains and pilots declared the strike off yesterday. The strikers were instructed to seek reinstatement, and some of them were successful. It was thought last evening that most of them would be taken back.

The strike was called off unconditionally, as the conditions did not look favorable for a victory. Before the strike was declared the Pennsylvania and Erie railroads settled with their men, who accepted an advance in wages of 8 per cent. The New York Central Railroad, the Bush Terminal Company and the Eastern Terminal Company averted a strike by agreeing to the demands, and the Arundel company yielded as soon as the strike started.

This confined the strike to the Central Railroad of New Jersey, the Lehigh Valley, the Baltimore & Ohio and the Lackawanna. The demands were originally for a ten-hour workday, but were changed to an increase in wages of \$5 a month, a day off every week and a week's holiday with pay every year.

"After all," said Captain Luther B. Fox, counsel and general manager of the strikers and pilots' Association, "we had two-thirds of a victory, as two-thirds of our men won without a strike."

PHILADELPHIA CARMEN VOTE

Will Probably Ratify Strike Settlement Result To-day

Philadelphia, April 16.—Contrary to expectations, the striking motormen and conductors of the Philadelphia Rapid Transit Company did not call off the strike at today's mass meeting, but decided to put the question to a vote of all of the men at the nineteen hours to-night and to-morrow. It is expected that the poll will show a majority for a return to work. The strikers leaders hope to be able to make the vote public to-morrow afternoon.

STRIKE ON NEW HAVEN ROAD

General Hundred Section Hands Demand Higher Wages

Boston, April 16.—Demanding more pay and fewer hours of labor, several hundred section hands on the New York New Haven & Hartford Railroad to-day went on strike. The section between Boston and Providence is said to be the one chiefly affected. The men seek a reduction in hours from eleven and an increase in wages from \$1.90 to \$1.75 a day, with double pay for Sunday work.

NEW CENTRAL HUDSON BOAT

Probably Will Be Named for ex-Governor Odell's Father.

[By Telegraph to the Tribune.] Newburgh, N. Y., April 16.—The Central Hudson Steamboat Company will build a new steamer to run on the New York-Newburgh route, that action having been decided at a meeting of directors in New York to-day.

It will probably be named Benjamin B. Odell, in honor of the father of ex-Governor Odell, president of the line. It is contemplated to run it as a day boat up during the summer, and down at night. The building committee includes Charles W. Hogan, of New York; Samuel A. Crum, of Poughkeepsie, and Benjamin B. Odell, Jr., of Newburgh.
