

FILES LORIMER CHARGES

His Colleague, Mr. Cullom, Lays Matter Before Senate.

REFERRED TO COMMITTEE

State Representative Browne's Trial Begins After Futile Attempts to Delay It.

Washington, June 7.—Formal charges against Senator William Lorimer, of Illinois, were laid before the Senate this afternoon by his colleague, Senator Cullom.

There were 10 persons in the Senate chamber or in the galleries, in marked contrast with the scene of excitement when Senator Lorimer made his bitter speech ten days ago.

Some Senators Dubious. Many members of the Senate say that even with the submission of the confession of White and the indictments against Browne the Senate still lacks definite charges connecting Senator Lorimer with the paying of bribes.

Chairman Burrows said to-night that he wanted to examine the affidavit made by Barnes before calling a meeting of the committee.

Chicago, June 7.—Senator Lorimer, in his office in the new La Salle Street Bank, read the Washington dispatches relating to the charges. His face, expressionless during the reading, relaxed into a smile at the conclusion, and he asked:

"What would you have me say?" "Just what you think," was the reply.

A Cost Insurance contract is just as simple as it sounds. It means insuring the cost. Brief but adequate, simplicity is its strength.
