

MADRIZ'S NEW CABINET

All But One of the Members Were Staunch Zelaya Adherents.

HOSTILE TO UNITED STATES

War Minister Is Bitterly Anti-American—Nicaraguan Peace Commissioners Coming.

Washington, July 21.—A new Cabinet has been formed in Nicaragua, according to cable advices received here to-day from...

The personnel of the new ministry, which was formed following the resignation of Minister General Chico Baca, is as follows:

Minister of Foreign Affairs and Public Instruction—Francisco Padilla, of Rivas, formerly a minister of finance, but not under Zelaya.

Minister of Finance and Public Credit—Francisco Medina, of Leon, collector of customs at Corinto under Zelaya, and recently his personal representative in Paris.

Minister of War—Benjamin Zeledon, Chargé d'Affaires of Nicaragua in Guatemala under Zelaya and more recently secretary to Julian Irujo, commissioner of the Madrid government, who was in command of the western half of Nicaragua, now in command of the gulf coast.

Zeledon's appointment seems to be the most significant in a Cabinet of Zelaya supporters. Mr. Olivares advised that the new War Minister is bitterly anti-American and is the author of a number of incendiary articles against the United States.

Dr. Louis F. Cores, representative of Madrid here, has arrived at Managua, the capital, where he has been published recently in the newspaper press at Managua.

Dr. Louis F. Cores, representative of Madrid here, has arrived at Managua, the capital, where he has been published recently in the newspaper press at Managua.

It can be said, however, that should they come to Washington they can have an audience such as the State Department has granted representatives of both Estrada and Madrid for several months.

Managua, Nicaragua, July 21.—In the first complete Cabinet formed during the administration of President Madrid, which was announced to-day, it is notable that the appointments were made from the civil rather than the military element.

The Bluefields blockade Norway Has Probably Obtained Wrong Impression of Conditions.

Washington, July 21.—Announcement of the attitude of this government toward the recognition by Norway of the Madrid blockade at Bluefields, Nicaragua, may be made at the State Department late to-day.

A telegram from the American Vice-Consul at Bluefields, also had been acting in a similar capacity for Norway. Clancy's report of the situation at Bluefields to the Norwegian Consulate at Havana is said at the State Department to have been declared by Moffatt as misleading and incorrect.

It is alleged in the warrant against members of the Steele-Miller Company that forged bills of lading or fraudulent drafts were mailed to F. Van Griper & Co. of New York.

The witnesses summoned by the government in the Steele-Miller case are: F. Van Griper, of New York; Bernard Ehrhart, of Bremen, Germany; E. R. Elliott, of Memphis, and W. C. Watson, a postoffice inspector.

Industry Not Advancing on Same Scale as in England.

Hamburg, July 21.—The report of the Shipbuilders' Society for the year ended June 30 is rather pessimistic in tone regarding the prospects for the trade. It points out that the demands for freight and transport facilities meet with a considerable over-supply, and adds...

FIGHT FOR RUBENS'S FORTUNE New York Diamond Dealer's Nephew Contest Will in French Courts.

Paris, July 21.—The Appellate Court today reversed the decision of the lower court, which had declared their incompetent to distribute the fortune of Charles Woog, who at one time lived in New York under the name of Charles Rubens.

Rubens left a will in which he claimed a domicile in New York City, and bequeathed his fortune to two friends, Henry R. Tokohne and Julia Heidemann, of the American metropolis.

Under the decision rendered by the Appellate Court to-day the will can be tried in Paris. Rubens made a fortune in diamonds while residing in New York.

GUN FACTORIES RUSHED South America, Turkey and China Buying War Munitions in Germany.

Berlin, July 21.—German gun factories are feverishly swamped with orders. A delivery has been made with arsenals of two hundred thousand and Mauser rifles, while an order for a similar quantity has been received from Brazil.

South America, Turkey and China American states have made smaller contracts. Turkey, Serbia and Rumania are all purchasing machine guns, and negotiating proceedings with the Chinese consular, now in Europe, looking to the sale of guns and ammunition.

MOTOR BOATS FOR RUSSIANS. Captain Ivan de Rovensky, a Russian naval officer who has been in this country a week in search of motor boats for officials of the Russian government, sailed for London yesterday on the steamship "Compagnie."

VICTIM OF LAW'S ERROR

Tramp Admits Killing Children for Which Father Died in Prison.

Tours, France, July 21.—A ragpicker named Joseph to-day confessed to the assassination on April 21, 1901, of five children of a farmer named Briere in the vicinity of Chartres.

The trial of Briere attracted the attention of the whole of France. Four of his daughters, aged respectively fourteen, eleven, five and four, and his son, seven years old, were found in bed one morning, stabbed and beaten to death.

According to a theory advanced by the police to provide a motive for the crime, Briere, who owned a small farm near Chartres, wished to marry a woman of considerable wealth.

A pathetic incident of the trial occurred when Briere's surviving daughter, who, the police declared, only escaped the fate of the other children by not responding to Briere's invitation to go to see him, went on the witness stand, sobbingly protested that her father was innocent and begged the court to restore him to her.

LONDON ASKS GUARANTEES American Cotton Bills of Lading Must Have Bank Indorsement.

London, July 21.—At a meeting of the bankers of London to-day a resolution was adopted and cable to the leading American bankers to the effect that, beginning in November, American cotton bills of lading shall be negotiated only when they are guaranteed by an American banking institution.

The meeting followed the report of a committee recently appointed to inquire into the cotton trade situation. The committee made its investigation as a result of the discovery at Liverpool last April of irregularities in the bills of lading on American cotton.

COTTON HEADS ARRESTED Echo of Knight-Yancey Failure in Alabama.

Birmingham, Ala., July 21.—J. I. McKnight was arrested in Birmingham to-night by United States deputy marshals and later taken to Huntsville to give bond. Both were members of the Steele-Miller Company, the bankrupt cotton firm of Smith, Miss.

The witnesses summoned by the government in the Steele-Miller case are: F. Van Griper, of New York; Bernard Ehrhart, of Bremen, Germany; E. R. Elliott, of Memphis, and W. C. Watson, a postoffice inspector.

CHINA ON MANCHURIA

Makes Public Her Reply to Russo-Japanese Convention.

Peking, July 21.—China's reply to the announcement of the recently concluded Russo-Japanese convention was delivered at the legations of these two countries to-day.

As had been expected, the Peking government does not fall to point out its satisfaction at the expressed purpose upon the part of Russia and Japan to adhere to the terms of the Portsmouth treaty and over the mutual pledge for the maintenance in Manchuria of the status quo and the principle of the open door for commercial development.

Japan and Russia mutually engage: (1) To evacuate completely and simultaneously Manchuria, except the territory affected by the Russo-Japanese convention, in conformity with the provisions of additional Article I annexed to this treaty; and to the exclusive administration of China all portions of Manchuria now in the occupation of Russian troops, with the exception of the territory above mentioned.

QUAKER CITY RECORDS GO

Balloon Philadelphia II Breaks Those for Distance and Time.

Pasco, R. I., July 21.—The balloon Philadelphia II broke the Philadelphia II record for distance and time, and after passing over six states during the night and journeying nearly three hundred miles, came down this morning on a farm two miles south of Pasco, 235 miles in an air-line from Philadelphia.

The balloon was piloted by Dr. Thomas E. Aldridge, president of the Philadelphia Aeronautical Recreation Society, who was making his nineteenth ascension. The passengers, also of Philadelphia, were Fred C. Underhill and Andrew B. Underhill, his seventeen-year-old son.

In distance and duration of time—12 hours 15 minutes—the trip broke the Philadelphia II record. The highest altitude reached was 15,500 feet, or only ten feet less than two miles. This record stands second for Philadelphia balloons, the best previous elevation mark being 17,000 feet, made by Dr. Aldridge last June.

CRIPPEN NOW IN SPAIN?

French Police Sure He Was Seen in Pyrenees Village.

Paris, July 21.—A special to the "Matin" from Vernets-les-Bains says that, according to a telephone message received there, a man answering the description of Dr. Hawley H. Crippen was seen at Puigcerdà, a town just across the frontier in Spain, on Wednesday night.

The police at Vernets-les-Bains, which is a little French watering place at the foot of the Pyrenees Mountains, are positive in their belief that Dr. Hawley H. Crippen was in their little city last Sunday, and a vigorous search is being made for the fugitive.

The procurer at Vernets-les-Bains telegraphed to-day to the director of the Sûreté Generale at Paris confirming the identity of the man who arrested there under the name of Tarbot on Sunday as Dr. Hawley H. Crippen. The procurer added that he believed Crippen had crossed the French frontier into Spain.

The French detective department in Paris is inclined to accept the procurer's doubt whether he crossed the Spanish frontier at Vernets-les-Bains, as all the positive information in the possession of the police indicates that he left the train before it reached Mont-Louis, to which point he is said to have taken passage en route to Spain.

The suspect, according to the belief of the police, instead of making for Spain, is headed for Andorra, the little and almost forgotten republic of six thousand shepherd inhabitants, nesting in the foothills of the Pyrenees. Once in this country, it is said, extradition would be difficult, if not impossible.

Andorra, which is under the nominal suzerainty of the President of the French Republic and the Bishop of Urgel, has sometimes served as a refuge for persons who have committed a crime.

A warrant was issued to-day at Vernets-les-Bains for Henri Tarbot. Persons who saw the man during the stop at that place on Sunday say he is identical with Dr. Crippen, photographs of whom were shown them by the police. The suspect left here on Monday morning, purchasing a ticket for Mont-Louis. Before leaving he telegraphed to Mont-Louis, engaging a carriage to meet him there and to convey him to Puigcerdà, Spain, ten miles distant.

The detectives learned of this without difficulty and promptly notified the police on the other side of the Spanish boundary to be on the lookout for the man and to apprehend him if he turned up, as expected. The traveller, however, did not reach Mont-Louis, and later it developed that he left Vernets-les-Bains on the train for Puigcerdà, Spain, ten miles distant.

Mr. Scobie, head of the research department of the police, who is directing the search in France for Dr. Crippen and his typist, Ethel Clara Le Neve, who is supposed to have left London in his company, opposes the theory that the woman who killed herself at Bourges on July 15 was Miss Le Neve. He says that the woman who died at Bourges was a Slavonic type, and M. Scobie believes that she was a nihilist.

Photographs of the Bourges suicide have not, however, as yet been compared with those of Miss Le Neve. Should the coincidence prove to be Miss Le Neve it would give credence to the story told by a man on the train running between Dieppe and Paris, that he had seen a couple answering the description of Dr. Crippen and his typist on July 12. According to this guard, the couple came through to Paris on his train. Here they are supposed to have separated, Crippen hurrying south and the girl going to the south coast, where she subsequently took her life.

Another theory of the police is that the couple went by steamer to Marseilles and separated at that port.

Bourges, France, July 21.—A young woman who committed suicide at a hotel here on July 15 is now believed to have been Ethel Clara Le Neve, the companion of Dr. Crippen. There are striking points of resemblance. The woman was a foreigner and gave the name of Jeanne Maze.

Much mystery surrounded the suicide. The police, who were called to the scene, recognized that the guest, who arrived at the hotel shortly before she killed herself, was not of French birth. When the lifeless body was discovered in her room every effort was made to determine her identity or to get some trace of her friends and acquaintances, but without success.

The suicide was young, about twenty-five years of age, rather slight in build and of prepossessing appearance.

When nothing could be learned regarding her antecedents the matter dropped from public discussion, only to be revived to-day when the authorities received from Scotland Yard photographs of Miss Le Neve, Crippen's typist, who disappeared from London on a French steamer. It was recognized that the guest, who arrived at the hotel shortly before she killed herself, was not of French birth. When the lifeless body was discovered in her room every effort was made to determine her identity or to get some trace of her friends and acquaintances, but without success.
