

BOYVILLE "Fresh Airs" Delighted with the Hospitality of Warren, Penn. NEW CAMP BY GLAD WATERS

Boysville on the Conewago was what the founders, the inhabitants of Warren, called the place, but the boys claim that the name was a mistake. "Joyville" is the name of the Glad Waters' is the way they intend to remember it.

But if there was a mistake made in the name it was the only one the Warreners made during the two weeks they entertained the 120 Tribune Fresh Air boys who came to town yesterday morning.

The whole town simply said, "The boys are our guests; we will show them what all this Western Pennsylvania hospitality is all about." And there wasn't anything that speaks to a boy as a "good time" that was left undone.

CHINESE CONFERENCE ENDS John W. Foster Speaks of Young Women Good Reception.

Hartford, Conn., Aug. 31.—With a big bonfire, music, singing, dancing, and yelling, the sixth conference of the Chinese Students' Alliance of the Eastern States ended to-night.

"You Chinese students of this country should learn our political economy, Christianity and respect for women," said John W. Foster, of Washington, Secretary of State under President Harrison, who addressed the conference to-day.

Mr. Foster said a college should be erected in China as a monument to the industry of that country.

The conference passed a resolution asking Yung Kwang, superintendent of Chinese government students in America, to formulate rules for applicants who wish to share the fund that has already been appropriated by the Chinese government for the use of deserving students who now have to work their way through colleges.

HARD WORK FOR TAFT Lays Y. M. C. A. Cornerstone at Beverly.

Beverly, Mass., Aug. 31.—In laying the cornerstone of the Young Men's Christian Association building in this city to-day, President Taft officially announced that Beverly would continue to be the "summer capital" of the country, "at any rate" for two years more.

Mr. Taft had invited earlier in the season that he found Beverly much to his liking, but his official public announcement to-day called out great cheers from his hearers.

The President worked hard at the cornerstone. The big block of granite measured three by four feet, and not an ounce of mortar had been spread on the foundation when he took up the silver trowel.

He worked in silence for nearly five minutes, and then, with a somewhat reddened face, he looked up and laughingly inquired: "Where's the mason? Where's my boss?"

Every one laughed, and the mason stepped forward. He gave some directions, but he did not offer to relieve the Chief Magistrate of the trowel, and Mr. Taft resumed his job.

REED MONUMENT UNVEILED Ex-Speaker of the House Honored at Portland, Me.

Portland, Me., Aug. 31.—A bronze statue of Thomas Brackett Reed, for many years Speaker of the House of Representatives at Washington, was unveiled here to-day on the western promenade overlooking Casco Bay.

The statue is eight feet high, and represents the former Speaker in an attitude of repose, with the sword and the gavel. The pedestal is of Maine granite, nine feet high. The statue is the work of Burr C. Miller, of New York and Paris, a son of Warner Miller, who was an intimate friend of Mr. Reed. The cost was about \$35,000.

Judge Joseph W. Symonds, president of the Thomas Reed Memorial Association, and Mr. Reed's college classmate of the Bowdoin class of '60, presided at the exercises and delivered a tribute to the worth of his friend of a lifetime.

The principal oration was delivered by Congressman Samuel W. McCall, of Massachusetts. The address was a tribute to a warm personal as well as a staunch political friend.

Mr. Reed's son, Thomas Reed Ballentine, the only son of the late ex-Speaker's only daughter, lifted the flag concealing the statue, which was presented to the city by Judge Symonds for the association, and accepted in behalf of the city by Mayor Charles A. Strout.

CLEVELAND HAD NO DEBTS Ex-Speaker's New York Estate Appraised at \$39,065.

The gross total of the estate of the late Grover Cleveland in New York amounts to \$39,065. This value is fixed in the appraisal made by William Blau, State Transfer Tax Appraiser, whose report was filed yesterday in the probate office.

The lawyers for the executors, who are Mrs. Cleveland and Frank S. Hastings, did not furnish the appraiser's office with the value of Mr. Cleveland's property in New Jersey, of which state he was a resident, so that it is unknown here.

Mr. Cleveland had no debts to be deducted from the gross estate, so that the only deductions to be made were for medical and administration expenses and the commissions of the executors, which aggregated \$6,872.22, leaving the net value of the estate \$32,192.78.

The entire New York estate is in personal property. Mr. Cleveland had 50 shares of stock of the New York Trust Company and 50 shares of the Realty Associates. The appraiser valued the trust company shares at \$80 each and those of the Realty Associates at \$15 each, the total of the two holdings aggregating \$8,500.

NO OPERATION OF GAYNOR Six Doctors Agree That Bullet Cannot Do Any Harm.

Six doctors visited Mayor Gaynor yesterday, and an examination was held to determine whether the trouble he experiences with his speech was likely to be permanent. A bulletin issued last night is to the effect that absolute rest will bring about a restoration of his voice to its normal condition.

The five doctors who were in attendance upon the Mayor while he was in St. Mary's Hospital, at Hoboken, Dr. George D. Brewer, Dr. George D. Stewart, Dr. Charles N. Dowd, New York surgeons; Dr. William J. Arlitz, visiting surgeon of St. Mary's Hospital, Hoboken, and Dr. J. W. Parsons, of Brooklyn, the Gaynor family physician, were accompanied on their visit by Dr. Cornelius G. Coakley, specialist in diseases of the eye, ear and throat.

Mayor Meets the Doctors. The six medical men reached St. James by train and were somewhat surprised to find their patient sitting in his automobile at the station platform awaiting their arrival. He had gone for a long automobile drive alone with his chauffeur and came to the station a few minutes after noon.

Dr. Coakley brought with him all the apparatus necessary for a thorough examination, including electrical batteries and a table on which the patient might lie without fatigue in such a position as to afford the best opportunity for a thorough examination. The doctors shook hands with the Mayor and he greeted them pleasantly, and all entered the big automobile and went to the hotel near by.

Mr. Hyde issued the following bulletin on the subject: "Mayor Gaynor's throat is in excellent condition. No operation is necessary at the present time. Probably a year or more will be necessary at the present time. Mayor shows wonderful improvement in his voice. Absolute rest of his voice would cure him and his voice would finally regain its full power."

At a meeting of the heads of city departments, held at the City Hall yesterday under the presidency of Acting Mayor John Murray Mitchell, resolutions of appreciation and congratulation were voted to Mayor Gaynor. The acting Mayor, A. R. Watson, Corporation Counsel, Henry S. Thompson, Commissioner of Water Supply, Gas and Electricity, William H. Edwards, Commissioner of Street Cleaning, and Acting Mayor Mitchell, Douglas Mathewson were named as a committee on resolutions.

BECOMES RECTOR EMERITUS Dr. Parks Retires from Calvary Church—Parish Prospers.

The Rev. Dr. Lewis Parks, for fourteen years rector of Calvary Episcopal Church, Fourth avenue and 21st street, has resigned, and has been made rector emeritus at a salary of \$3,500 a year. The Rev. Dr. Parks is a deputy to the general convention of the Episcopal Church. He will attend this convention which opens in New York City in October, and thereafter may go abroad for a short time. His personal effects, especially his library, are now being sent from the rectory to Brooklyn Heights, where his son, not long married, has taken a house.

Some time ago it was announced that the rector of Calvary Church had given up his position. The reason for the retirement was a difference of judgment with the vestry over certain plans governing the work of the church.

None of the vestrymen were in town yesterday, but it was said by a man familiar with the situation that Dr. Parks's resignation might be chosen for several months. It was said also that the church would not remove from its present edifice, nor would its work be altered in any way.

Calvary parish is debt free and has an endowment of about \$400,000. Besides this sum it has money in hand for the erection of a parsonage, which was given up for a short time ago. The parish owns, besides rectory, church and chapel, four dwellings in 2d street and three properties in 2d street.

PARADE OF PEDLERS LOST Leaders Come Out of City Hall to Find No Followers.

A man with long and flowing whiskers dashed around the corner of Canal street and the Bowery yesterday afternoon. "Have you seen it a parade?" he said, gestulating wildly. Without waiting for an answer he disappeared up the Bowery.

Before the sound of his footsteps died away another man, with long and flowing whiskers, dashed around the corner, followed by his own and the same question. Somebody had lost it—a parade.

Earlier in the day Jacob Bier, president of the Rivington Street Citizens Merchants' Association, led 3,500 of his pushcart brethren through the streets from Jefferson Hall No. 62 Columbia street to the City Hall, where he read a long set of resolutions in the Mayor's office, Acting Mayor Mitchell being the audience. The set of resolutions explained that the pedlers of the East Side had paraded in honor of the recovery of Mayor Gaynor and to show him that he was beloved of the great East Side.

Mr. Mitchell thanked Mr. Bier for his kindness of thought and accepted the signal honor paid to the Mayor by the pedlers. Jacob Bier then nervously adjusted the large red, white and blue badge in his buttonhole, motioned to his committee and made for the door. He had left the paraders waiting in City Hall Park, he said, and they must be hungry for the kosher at home. Besides, "the parade back, that's a fine business."

When Bier and his faithful followers reached the City Hall steps and looked up and down the length of the park they stroked their whiskers in dumfounded perplexity and shook their heads in mournful silence.

The paraders had made it a get-away. Charles Cherry is to play the detective part in the new play, "The Green" in Jersey City next Monday afternoon.

Thamara de Swirsky, the Russian dancer who appeared at the Metropolitan Opera House and The New Theatre last season, has accepted an offer to dance at the Metropolitan Opera House during the season beginning on September 12. She will present the classic dances in which she appeared at several dinner dances given in her honor at Newport this summer.

THEATRIC NOTES The Belasco Theatre (formerly the Stuyvesant) will open Saturday night with "The Blue Bird." On October 4 Mr. Belasco will introduce "The Concert," Leo Dittrich's adaptation of Hermann Bahr's drama, "Das Concert," which has been playing to crowded houses in Vienna and Berlin for more than a year.

Miss Louise Closser Hale has been engaged by The New Theatre to play the part of Fairy Berylline in "The Blue Bird," which is to be presented on September 26.

Edna May Spooner is to appear at the Fifth Avenue Theatre next week in a one-act farce, "An Obsolete Family."

TRACTION EXPERT GOES ABOARD TO EXHIBIT PAY-AS-YOU-ENTER TYPE. Duncan McDonald, a local traction engineer, sailed on the Cunarder Mauretania yesterday to show London, Paris and Brussels what can be done with a pay-as-you-enter trolley car. While at Brussels he will be the guest of the European Tramway Congress and on his arrival there he will ride about the city in a New York pay-as-you-enter car which was shipped to Belgium several weeks ago.

Mr. McDonald said he expected that Paris would be the first city to take up this sort of trolley car and that the other important municipalities most likely would follow the lead of Paris.

If this type of car becomes popular abroad, it will mean that the Europeans will import them from this country, and it will increase the demand in this country for skilled labor.

The Rev. G. Campbell Morgan also was a passenger on the Mauretania.
