Casino at Paul Smith's

Paul Smith's Hotel

St. Regis Lake

LAUNCHES AT PAUL SMITH'S

Here is a forest park of more than 30,000 acres, being the largest hotel holding in the State of New York. This magnificent playground of Nature is free to every guest at Paul Smith's Hotel to fish in, to hunt in, to row in, to drive in, to walk in, to camp in, to breathe the Adirondack air in, and to use for every benefit stored among the life giving recesses of the North Woods. It would be difficult to find another place that so combines the luxuries of conventional living with the sports and delights of the open air as does Paul Smith's Park.

On the north side of the Lower St. Regis Lake, on the Paul Smith's Electric Railway, has grown up the great Paul Smith's Hotel, the largest in the mountains, with its surrounding cottages and the numerous other buildings necessary to the extensive establishment, the whole forming a summer city in the woods. The country itself is glorious and is easily accessible from the great cities by the way of the New York Central Railroad and Paul Smith's Electric Railway and through Pullman service to Paul Smith's Hotel. You leave New York in the morning and arrive at Paul Smith's for dinner, in the evening, or leave New York in the evening and arrive for breakfast the following morning. Connections are made at Utica for Western points, at Albany for Eastern States and at Lake Clear for other places in the Adirondack and for Montreal and Quebec. Casino life, music, dancing, theatricals, golf, hunting, fishing, launches and rowboats and all outdoor sports. Provisions have been made for taking care of launches and automobiles. Long distance telephone. Postal and Western Union Telegraph, American Express, Money Order Postoffice and direct wires to the New York Stock Exchange.
