

"SAMMY" WHITE DOES IT AGAIN—FLEET PRINCETON END RUSHING DOWN THE FIELD FOR A TOUCHDOWN THAT WON THE BIG GAME FOR THE TIGERS.

In the photograph White is leading the pack, having snapped up the ball when Dunn fumbled and failed to drop on it. Dunlap is blocking off Captain Howe, of Yale, who, if he had not been held off, would have been able to tackle White before the end of his sixty-five-yard run.

WHITE'S HISTORY MAKING RUN

The first period was almost over when Sam White launched himself into a foremost place in Princeton's football history. The rival captains had been testing each other's strength and carrying on a punting duel to a large extent, with Yale having a slight advantage. Slowly, but none the less surely, the ball was carried into Princeton's territory until it rested in the 25-yard line. Then somebody blundered. A mistake in signals, to all appearances, brought disaster to the Blue. Ketcham passed the ball back, but there was nobody to receive it, and it rolled along the rotten turf. Dunn threw himself at it, but the slippery oval escaped his grasp, and Sam White, charging through, took the same chance that he did against Harvard, and snapping the ball up, instead of falling on it, raced away for the Yale goal line with a clear field and a good ten yards start.
