CHICAGO ROLL COMPLETED

Taft 454 1/2, Roosevelt 469 1/2; President Expected to Get Four-fifths of Unassigned, Which Will Give Him a Majority.

Twenty-two delegates to the Republican National Convention have been elected since the Tribune's last tabulation of delegates-elect was published, on June 2. All the delegates have now been chosen. The national convention will consist of 1,076 delegates, and 339 will be a majority.

Of the 22 delegates added to the convention's list since June 2, Taft got 12 and Roosevelt 10.

According to the Tribune's earlier information both sets of district delegates from the 5th District of Alabama were instructed for Roosevelt. It now appears that one set will support Taft, so the delegates from this district are transferred from the Roosevelt column to the "unassigned because contested" column.

It has been difficult to assign the six votes from New Mexico because eight delegates were elected, contrary to the terms of the national committee's call. It is probably safe to divide the state's vote on the basis of 5 for Taft and 1 for Roosevelt, and they have been thus assigned in the Tribune's table.

Of the 1,076 delegates elected Taft has 454 1/2, Roosevelt 469 1/2, La Follette 36 and Cummins 10. Ten are unassigned because uncommitted, and 36 are unassigned because contested.

In the Tribune's table 120 contested delegates are given to Taft and 10 contested delegates are given to Roosevelt. In nearly all these cases the grounds of contest appear to be trivial. Of the 106 unassigned delegates four-fifths are not unlikely to go to Taft, giving him in that case a majority of the convention.

ARIZONA. The state convention, organized by the state committee at Tucson on June 3, elected six delegates-at-large and instructed them for Taft.

SOUTH DAKOTA. At a primary election held on June 4 Roosevelt carried the state and will receive the support of its ten delegates.

The delegates elected by states, territories and dependencies, with their preferences, are shown in the following table:

Table with columns for State/Territory, Delegate Name, and Preference (Taft, Roosevelt, etc.). Includes entries for Alabama, Arizona, Arkansas, California, etc.

CONTESTS. There are two sets of six delegates-at-large from Alabama and two sets of district delegates from the 1st, 2d, 5th and 9th districts, and these delegates are put in the unassigned column.

There are two sets of four delegates-at-large from Arkansas and two sets of district delegates from the 1st, 2d, 3d, 4th, 5th, 6th and 7th districts of Arkansas. There are two sets of six delegates-at-large from Michigan, one for Taft and one for Roosevelt, and these six votes are carried in the unassigned column.

There are three sets of six delegates-at-large from Louisiana, two sets for Taft and one set for Roosevelt, and double or triple sets in the 1st, 2d, 4th, 6th and 7th districts, and these votes are put in the unassigned column.

There are two sets of eight delegates-at-large from Texas and two sets of delegates from the 1st, 2d, 3d, 4th, 5th, 7th, 8th, 9th, 10th and 14th Texas districts, and these delegates are put in the uncommitted column. There are two sets of fourteen delegates from Washington, and these delegates are put in the unassigned column.

Four Roosevelt delegates are contestants from the State of Indiana, six from the State of Arizona, four from the State of Mississippi, two from the 3d Missouri District, two from the 3d Oklahoma, two from the 1st Indiana, two from the 3d Indiana, two from the 13th Indiana, two from the 2d, 3d, 4th, 5th, 6th, 7th and 8th Mississippi, two from the 8th Kentucky, two from the 10th Kentucky, two from the 1st South Carolina, two from the 2d South Carolina, two from the 2d Tennessee, two from Alaska, two from the Philippines, two from the District of Columbia, twenty-eight from Georgia, twelve from Florida and twenty-four from Virginia.

Two Taft delegates, contestants from the 5th Missouri, two from the 14th Missouri, two from the 1st Missouri, two from the 7th Missouri and two from the 11th Kentucky. There are four protesting Taft delegates-at-large from Missouri.

In the Tribune's tabulation 120 contested delegates are assigned definitely

of the saloon, "Chick" Triger, a friend of Sirocco, who escaped unhurt, while his companion, "Mike" Fagin, was wounded in the foot.

An hour later a shot was fired from "Jack" Progi's saloon, in Doyers street, at a youth named Ginsberg, who was mistaken for a follower of Zelig.

Three More Wounded. But this did not end the gun play, for yesterday morning there were two other gun fights, in which three men were wounded.

The first was at 15th street and Third avenue, at 2 o'clock, when a taxicab said to contain four members of the Zelig gang brought up short at the corner as Richard Curley, a prizefighter referee and a friend of "Chick" Triger, was entering a restaurant. All emptied their revolvers at Curley and he dropped wounded to the floor of the restaurant.

Friends carried Curley away. An hour later "Ike" Schneer, a companion of Zelig, was shot in the ankle and thigh, and Antonio Angerzo, said to be a member of the Sirocco gang, was shot in the right leg, when four of the Sirocco crowd and twelve of Zelig's followers clashed at 9th street and Second avenue.

The police arrested Frank Hart, Albert Leonardo and James Martello, and they were held without bail by Magistrate Appleton, in the Essex Market court, charged with the shooting.

And as though this was not enough, two members of the Gopher gang, perhaps members of the same of their East Side brethren, shot two members of a West Side "social" club at 15th street and Tenth avenue.

BLIND GIRL WINS HONORS. Awarded Phi Beta Kappa Key at Goucher College.

Baltimore, June 5.—Miss Mary Melvin, a blind girl, graduated from Goucher College this evening and was awarded the Phi Beta Kappa key, the symbol of scholarly work. She was always among the first in her class, excelling not only in her studies but in gymnasium work. She lost her sight when six years old.

Her classmates elected Miss Melvin to deliver the valedictory at the commencement to-night. This is one of the highest honors that can come to a Goucher girl. The young woman is an accomplished swimmer and a fine all-around athlete. She intends to read for a year and then to graduate with honors in economics and sociology at Johns Hopkins. Having perfected herself in these branches, she will write.

Miss Melvin is an earnest suffragist and has pleaded several times in public for the cause. She has been engaged by the Just Government and the Equal Suffrage League to make speeches this summer. Her mother is a suffrage organizer on the Eastern Shore.

CIGAR FREE, BUT NOT SHINS. Suing Cyclist Condone Motorist's Smoke on Him.

Suppose while riding a bicycle you were carrying a box of cigars, four plum puddings and two five-foot curtain poles, and an automobile came along and hit you and scattered all these things in the road, and you saw a member of the automobile party pick up one of your cigars and smoke it. "Wouldn't that aggravate you?"

All these things happened to Abraham Cohen while he was peddling along the Merrick Road, and he was in the Supreme Court yesterday to voice his indignation in the form of a suit for \$5,000 against George Boger, the owner of the automobile.

Cohen seeks balm for the bruises his shins and other areas of his anatomy received, and not for his lacerated feeling, nor for recompense for the cigar that was smoked.

WOMAN STRANGELY MISSING

Manufacturer Asks Police to Search for His Wife. Frank M. Davis, president of the Davis Manufacturing Company, of Milwaukee, reported to Police Headquarters last night the disappearance of his wife, Gwendolyn, forty-three years old, who was last seen by him in the afternoon in Central Park.

Mrs. Davis was to meet her husband in front of the Arsenal police station at 5 o'clock. After waiting there until 9 o'clock Mr. Davis informed the Arsenal station, and a number of men on reserve were sent through the park by Captain McKewen in search of the woman. Mr. Davis told the police that his wife had no money, but considerable jewelry, diamond rings and a gold watch and chain.

He arrived in the city yesterday morning on business, and was to leave for the West last night.

VALUABLE LOOT RECOVERED

Four Men Arrested as Sequel to \$20,000 Store Theft. More than \$15,000 worth of furs and men's hats were recovered by detectives of the 2d Inspection District last night after they arrested four men.

Between Saturday night and Monday morning the store of Rathleder & Bonart, at Nos. 8 and 10 West 19th street, was broken into and furs and skins valued at \$20,000 stolen. The thieves had forced their way into the place with a jimmy, and after completing their work put a new lock on the door to delay discovery.

Detectives Rafter, Slevin, Oliver and Haggerty were assigned to the case. Late last night they saw a wagon, driven by Morris Sokowitz, of No. 126 East 4th street, leave No. 190 Second avenue with a trunk. They became suspicious and followed it three blocks. The driver picked up John Davidson and his brother, Abraham, of No. 1815 North 23d street, Philadelphia. The detectives thereupon arrested the three. The trunk contained nearly \$6,000 worth of mink, fox and Persian lamb skins, all bearing the mark of the robbed firm.

The detectives then went to No. 190 Second avenue, where they found two more trunks and a wicker hamper containing expensive furs and hats in the rooms of Isidor Sternbach. Sternbach was arrested on a charge of receiving stolen goods. He is an auctioneer.

The Davidson brothers said they had paid Sternbach \$1,145 for the trunk they had. They had no bill of sale, however. They are members of the firm of Davidson & Sons, at No. 914 Arch street, Philadelphia. They were locked up on charges of receiving stolen goods. Sokowitz was also held.

HEAR MASTER ROADMAKER

Highway Officials Invited to London Congress by Briton. Men interested in highway improvement gathered at the Hotel Astor last night and listened with interest to W. Ross Jeffreys, one of the best known of English road builders, who is here in the interest of the third International Road Congress, which is to be held at London in June, 1913. His talk followed a dinner of the American Road Builders' Association, which consists of men associated with highway construction and maintenance in this country and the foremost highway officials of America.

Nelson P. Lewis, chief engineer of the Board of Estimate, who is president of the association, was the toastmaster. Among those present were Logan W. Page, director of the Office of Public Roads of the Department of Agriculture; A. G. Batscheider, of the American Automobile Association; Commissioner Lewis R. Pounds, of the Department of Public Works, of Brooklyn; A. R. Shattuck, of the Automobile Club of America; George T. Tilson, consulting engineer of the Borough of Brooklyn; Professor Arthur H. Blanchard, of Columbia; Clifford Richardson, H. A. Bonnell, John N. Brooks, W. A. Edwards, C. T. Coleman and Harold Parker.

Mr. Lewis urged that this country be represented at the coming congress in London. Mr. Jeffreys outlined the plans for the congress, and said the English engineers practiced to show the engineers of the world desired results—where the roads have stood certain tests. It was easy for cities to waste money on public works, and he believed the congress would do much to remedy this evil.

COLONEL'S PLURALITY 15,000

South Dakota Primary Vote May Show Those Figures. Sioux Falls, S. D., June 5.—Latest returns from the South Dakota primary election indicate that the plurality for the Roosevelt delegates may reach 15,000.

On Governor, returns from about seven hundred precincts—about one-half of the precincts—gave Byrne a lead of about 7,000 over Egan. For Senator, Thomas Sterling's friends claim he had about 8,000 plurality. Returns thus far received in the 2d Congress District give Representative Burke, for renomination, a lead of about 500 over Curtiss, his nearest Republican opponent. Representative Martin is conceded to have won in the 3d District. Nearly complete returns show that in the 1st Congress District C. H. Dillon, of Yankton, has a lead of about 500 over O. L. Branson, of Mitchell.

AMERICAN MARINES NOW ON CUBAN SOIL

BATTLESHIPS GO TO CUBA

Four Sent to Guantanamo Following Landing of Marines. (From The Tribune Bureau.) Washington, June 5.—Officials of the State and War Departments do not believe actual intervention in Cuba will be necessary to crush the negro revolution, although there were several important developments in the situation to-day, following reports from consular sources that the revolutionists were becoming more dangerous to lives and property.

Four battleships—the Missouri, the Mississippi, the Minnesota and the Ohio—under command of Rear Admiral Nathaniel R. Usher, were ordered from Key West to Guantanamo and sailed at once. The first order for 450 marines to land at Guantanamo was also given early this morning by Captain Kline, commander of the naval station at Guantanamo. The marines will simply guard property and will not fight the negroes unless it is necessary to protect American interests.

Frank confession of President Gomez that he was unable to meet the demands of the large plantation owners for adequate guards was the factor that led Captain Kline to issue the order. Several of the large American, British, French and Spanish companies operating plantations and mines in Eastern Cuba telegraphed the Cuban government, through the alcalde of Guantanamo, a demand for one hundred regular troops for each of their mills and fifty for each of their cane fields.

In reply President Gomez pointed out that a compliance with their request would require the use of 1,250 of his best troops for the protection of one group of foreign properties in a single section of the disaffected district. If he acceded to such demand, he said, his whole regular army would not suffice for police work alone, and he would have no forces left with which to carry on the campaign against the insurgents.

Meanwhile complaints multiplied, the situation in Guantanamo was becoming more alarming and the Guantanamo Sugar Company had definite information that the rebels intended to destroy one or more of the foreign estates there. The manager of the Spanish-American Iron Company, having declined a meeting with the rebel leader with one hundred followers near Cuero, was threatened with the destruction of all property between that place and Juraguá.

To add to all this the owners and representatives of several of the large American properties near Guantanamo, having failed in their application to the Cuban government, appealed directly to Captain Kline.

The gunboat Paducah about the same time reported the situation at Santiago as critical, which determined Captain Kline to call on the Navy Department for more marines.

In one way the distribution of the American marines as plantation guards will serve to test the real purpose of the Cuban government. It is calculated that General Montegudo's troops, being recruited in large part from the onerous duty of guarding plantations, will no longer have excuse for failing to move on the insurgent negroes.

Orders are on the desk of Major General Leonard Wood, chief of staff, read to be sent at a minute's notice, should the President decide on intervention. Transports are in readiness at Savannah and Newport News, and within five days several regiments of infantry could be thrown into Cuba in accordance with plans now ready to be put into operation.

Several instances of white women being assaulted by negroes have been reported, among the victims being the wife and two daughters of a former Governor. This man and his son were tied with ropes and witnessed the attack by the negroes, the son being killed when trying to break away.

A request for more marines has been received from the commander of the naval station at Santiago. Conditions there are reported to be serious. In response to the requests the four battleships were sent to the southern waters, and it is expected they will take up positions at different ports for the moral effect such an arrangement will have on the rebels. Each warship has about 125 marines on board.

One reason for sending the battleships closer to the scene of the disturbance is to improve the wireless communication.

WOMAN BEATEN BY WOMAN. Victim Attacked with Stick and Left Stunned in Street. Mrs. Rose Zink, twenty-one years old, of No. 214 Second avenue, was assaulted with a stick last night by an unidentified woman in front of No. 212 Second avenue. She was struck on the head several times and was stunned. A patrolman assisted her into a drug store, where she was attended by Dr. J. H. Harlan, of Harlem Hospital. Her condition is not serious. She later went to the 10th street police station, where she was interrogated by detectives.

LIEUT. LOUGHRY EXONERATED. Proves He Was Not to Blame for Gun Accident at Fort Greble. (By The Tribune Bureau.) Newport, R. I., June 5.—A court martial which was ordered to convene at Fort Adams yesterday to try Lieutenant Howard E. Loughry, ordnance officer at Fort Greble, has been abandoned.

Friction with MacVeagh Causes Taylor to Leave Office. Washington, June 5.—James Knox Taylor, supervising architect of the Treasury Department, to-day tendered his resignation, to take effect June 15. Mr. Taylor has been in the government service since 1882. He will engage in business.

W. H. Wheeler, N. Y. Steamboat Captain, Sued for Divorce in Reno. (By The Tribune Bureau.) Reno, Nev., June 5.—Charlotte D. Wheeler has filed suit for an absolute divorce from Walter H. Wheeler, a steamboat captain of New York. She alleges extreme physical cruelty. The couple were married in 1894 and have two children. The complaint charges that Wheeler's abuse became unbearable and that the complainant left him three years ago. She asks an alimony, a property settlement having been made out of court.

HUSBAND CRUEL, CHARGES WIFE. (By The Tribune Bureau.) Poughkeepsie, June 5.—The Whitbecks were secretly married in Delaware. Soon afterward they went to Millerton, Dutchess County, to live. They soon quarreled, and then followed a series of disagreements which finally resulted in Mrs. Whitbeck bringing here. Mrs. Whitbeck told her husband she intended to kill her, and she had her with a revolver, or locking her in a closet and of compelling her to assist him in his business.

MRS. CARERE WINS POINT. After a fight which has lasted nearly three months Mrs. Clarion Carere, widow of John M. Carere, who was killed in an automobile accident a year ago has at last succeeded in obtaining an order for the removal of his body from Silver Mount Cemetery, on Staten Island, to her own family plot in the Moravian Cemetery. The order was signed yesterday by County Judge J. Harry Hogan, at Lincoln.

WHITBECK ASKS DIVORCE. New York Man Seeks Decree in Nevada—One Suit Dismissed. (By The Tribune Bureau.) Reno, Nev., June 5.—Harold Whitbeck, a soda water manufacturer of Millerton, Poughkeepsie and Brooklyn, who married Florence Green, of Brooklyn, at Wilmington, Del., February 7, 1891, filed a divorce to-day, charging desertion after a short and unhappy married life. There are no children, and a property settlement was made before Whitbeck left for Nevada.
