

AMATEURS HOLD RING
Mortimer L. Schiff's Horses
 Win Four Cups at Show.
BIG DAY FOR LITTLE RIDERS
 New Grounds at Piping Rock
 Prove Attractive to Large
 Crowd on Hand.

Amateurs had the ring to themselves yesterday on the grounds of the Piping Rock Horse Show Association, at Locust Valley, Long Island, although the best of the professional riders and drivers were on hand to watch how things progressed. It was the first show on the grounds, which, with the polo field and racecourse, are overlooked from the terrace of the new clubhouse. "New" as it may be, but no old world view commands a more beautiful landscape than that from the terrace. It was estimated that four thousand or five thousand persons watched the competitions and an onlooker said, "Every third footprint on the turf was made by a millionaire."

Mortimer L. Schiff was in the lead by taking four cups, and Mrs. Schiff, with a black hat and daintily clad in white linen and lace, was the driver of his entries. In class Q, for single harness horses, the Schiff entry, Baron Brown, and Prince of Jersey, entered by the Misses Dolan, were placed over Edward Klieriem's famous old champion, Kissling.

This bay mare, after a retirement to the home farm, has come back full of vigor and snap. Kissling's coat was glossy and her action faultless. Mr. Klieriem drove Kissling, and many thought that Joe F. Carlisle, who judges in the harness classes, made a mistake in not putting the mare higher up, as she was not a ripple of her content, against the ruling of the judges, who, besides Mr. Carlisle, were Louis E. Waring, John R. Townsend, Joseph K. Thomas, and for officers' charges, Captain Lincoln C. Andrews. Mr. S. Allen was an efficient director of the show ring.

Mrs. H. D. Atterbury, of the Riding Club, won in three classes, with her saddle horses, and double wins were scored by F. Ambrose Clark, the Misses Dolan, Mr. Attmore Robinson and Mr. and Mrs. H. C. Phillips, although they entered singly. Miss Elsie Dolan drove the entries of her sisters to the blue in two harness horse classes.

Children were in prominence in both riding and driving classes, but there were some young that a groom had to lead the pony, as at Mineola last week. Among the winners were the little Misses Joan Whitney, Eunice and Constance Jennings, Barbara Whitney, Constance Regan, Beatrice, Hilda and Sheila Byrnes and Harriet Platt, and Masters Alfred Steele, Herbert Platt, Thomas Lemming and Frederic R. Couderc, jr.

Miss Lida L. Feltman, of Manhattan, was very cleverly over the jumps against eight men with Gypsee Queen in the class for novice heavyweight hunters. F. Ambrose Clark, the amateur steeplechase jockey, rode his mounts to the blue in two classes for hunters, but for the cup given by Jeremiah Beall for novice lightweight hunters, Mr. Clark, on Sam Ott, was palpably outdriven by J. E. Davis, master of the hounds of Meadow Brook, who was on the bay gelding Wayside and secured the blue. In a later class, for women to ride, Miss Helen Hitchcock won a blue ribbon with Sam Ott.

Aside from the classes for children, in which H. P. Whitney sprinkled cups for everybody, the prize in each class was a personally donated cup, with ribbons for the minor placings. In the jumping contest for W. Russell Grace's cup Wallen C. Gunther's great pony jumper, Mr. Mealey won. This was a repetition of many successes at shows about New York and makes the more amazing the utter fall of this fourteen-hand pony at the last Olympia show in London.

The summary of the chief classes follows:

Class 1 (Harness horses over 14.2 and not over 15.2; cup given by Charles A. Coffin); first, Mortimer L. Schiff's ch. m. Coquette; second, M. Martin's ch. g. Gold Coast; third, H. H. Murray's br. m. Lady Parilla; fourth, W. L. Sulphim's br. m. Margaret Hillington.

Plenty of Action
 on the Gridiron

The football eleven of Yale, Princeton and Harvard will be put to a further test to-day, particularly the two first named, as Syracuse is likely to give a good account of itself, while Lehigh, from all accounts, is much stronger than usual, and hopeful even of beating the Blue. The more important games to-day follow:

EAST.

Yale vs. Syracuse. At New Haven, Oct. 4.—A light and somewhat shorter practice than usual was given for the Yale football squad to-day in preparation for an expected hard game with Syracuse to-morrow. Much of the work took place behind closed gates.

The game to-morrow is looked upon as important. The team is supposed to have reached the second stages of development, and is expected to show something better than rudimentary football. The players on the first squad are about settled, even though the precise line-up of the varsity is still figurative. They have worked on new plays to secret all week, and with a slightly stronger line-up of coaches and undergraduates alike are expected to "make good."

Howe, the head coach, remarked to a Tribune correspondent after to-day's work: "We will show you something to-morrow," which means much coming from the silent coach. It is probable that Yale will exhibit a definite system of play. Howe plans to use a number of first substitutes to try them out against stiff opposition. "Lefty" Flynn will play his first game for Yale. As much interest centres in his work as in that of the team. Flynn will start the game at fullback, having distanced all competitors. The short and stocky halfback Markie, whose line plunging is strong, will be one-half and Captain Spalding the other back.

The practice to-day consisted of a long and painstaking signal drill of more than an hour, in which the entire repertory of plays was thoroughly rehearsed. The lines worked at breaking through. In the long drill the "varsity," as it will start to-morrow, was used as follows:

Gallauer, left end; Talbot, left tackle; Cooney, left guard; Ketcham, centre; York, right guard; Warren, right tackle; Avery, right end; Cornish, quarterback; Markie, left halfback; Spalding, right halfback, and Flynn, fullback.

SIGNAL DRILL AT HARVARD
 Hitchcock, Storer and O'Brien To Be in Game.

(By Telegraph to The Tribune.)
 Cambridge, Mass., Oct. 4.—All of Harvard's regulars were in to-day's signal drill. Hitchcock and Storer will be able to play tackle to-morrow against Holy Cross, while the faculty has just decided that O'Brien will be eligible to play football. O'Brien, therefore, will be at right end, with Felton, the other side, and with two veteran tackles Harvard will be even against Holy Cross which scored only seven points a week ago.

Captain Wendell will play in his first game of the season to-morrow, also, so that Harvard's backfield will be the same as it promises to be for the big games later.

The Cambridge team is much better equipped to meet Holy Cross than it was to play against Maine in the opening game last week. There have been several hard scrimmages in which the regulars have tried out some new plays, and the team, as a whole, should work much smoother than at its first contest of the year. Penneck and Driscoll, the guards, have been taken in hand by Bob Fisher, and both are expected to show results.

The line-up, as announced to-night, will be:

Felton, left end; Storer, left tackle; Penneck, left guard; Parmenter, centre; Driscoll, right guard; Hitchcock, right tackle; O'Brien, right end; Gardner, quarterback; Hardwick, left halfback; Wendell, right halfback; Brickley, fullback.

MISS MARCUS ON GAME
 Wins Two Matches to Pair with Mrs. Williams for Title.

REACH FINAL IN SINGLES

Fast Matches on Courts in Women's Lawn Tennis Tournament.

Mrs. E. N. Williams, of Chicago, and Miss Erna Marcus, of this city, qualified to play for the metropolitan singles championship by winning their respective matches yesterday in the semi-final round of the lawn tennis tournament in progress since last Tuesday on the courts of the West Side Tennis Club. Mrs. Williams defeated Miss Elizabeth Bunce, at 6-4 and 6-2, and Miss Marcus took the measure of Miss Ina Kissel, of Morristown, at 6-1, 6-2. They will play for the championship at 11 o'clock this morning.

Miss Marcus had to engage in two matches before she could reach the final round, her first opponent being Mrs. William Pouch, of Staten Island. In that match Miss Marcus was forced to extend herself to defeat the conqueror of Miss Marie Wagner at 6-2, 9-7. Mrs. Pouch was unable to return the baffling drives of her opponent in the first set. In the second set, however, Mrs. Pouch played as steady as she did when she eliminated Miss Wagner last Thursday, and kept Miss Marcus at the top speed of her game.

Miss Marcus won the first four games, but a late rally on the part of her opponent enabled Mrs. Pouch to even matters. With the score at 4 all, each alternated at leading thereafter until the eighth game, where Miss Marcus forged ahead and won. Miss Marcus had no difficulty in defeating Miss Kissel in the semi-final match.

Miss Elizabeth Bunce, joint holder of the national indoor doubles title, with Miss Fleming, after being beaten by Mrs. Williams in the singles, paired with her conqueror in the doubles. They played against Mrs. G. Chapman and Mrs. Marshall McLean, a former national champion, and qualified for the final round. The match was the best of the day and went to three interesting sets before Mrs. Williams and Miss Bunce won at 3-6, 6-4, 6-0.

Mrs. William Pouch and Miss Edith Handy, of Plainfield, defeated Miss Marie Wagner, national indoor title holder, and Miss Fanny Fish in the other semi-final match at 4-6, 6-4, 6-1. Mrs. Pouch and Miss Handy will play against Mrs. Williams and Miss Bunce in the final round for the metropolitan title at 2:30 o'clock this afternoon.

Mrs. Williams played a splendid game in the doubles, and she is picked by many experts to win the singles championship. Her back court game was especially good. Whenever the opportunity presented itself she used long, deep strokes, with baffling effect. Mrs. Williams and her partner after losing the first set, carried the play to her opponents.

Only one semi-final match in the mixed doubles was decided, and one in the consolation singles. Mrs. Barger-Wallach, the former national singles champion, and Raymond Little entered the final round by defeating Mrs. G. Chapman and C. M. Bull, 6-1, 4-6, 6-3.

HONORS FOR PENDLETON
 Captain of Princeton Football Team Class President.

(By Telegraph to The Tribune.)
 Princeton, N. J., Oct. 4.—In view of much hard work this week, Dr. Sharpe and his assistants declared a holiday to-day, and the on obligation on the members of the Cornell football squad was attendance at a blackboard lecture in preparation for the game with Oberlin to-morrow.

Just who will be in the line-up cannot be stated, for after the many changes of the week no definite combination can be picked, but the consensus of opinion is that Cornell's play to-morrow will do much toward redeeming the stigma cast upon the team by the poor showing last Saturday against Colgate.

(By Telegraph to The Tribune.)
 Hanover, N. H., Oct. 4.—In preparation for the game to-morrow afternoon with the Massachusetts Aggies, the Dartmouth eleven went through a light practice to-day. The backfield is doubtful, and it is probable that a number of second-string men will take the places of the veterans.

Captain Bennett, Dunbar and Englehorn were on the field, and Dunbar may be in condition for hard work in two weeks. Bennett is coming along slowly.

The probable line-up for to-morrow follows: Left end, Whitney; left tackle, Estep; left guard, Beer; centre, Whitmore; right guard, Gibson; right tackle, Rector; right end, Loudon; quarterback, Llewellyn or Ghee; left halfback, Horey or Whitney; right halfback, Horey or Snow; fullback, Snow or Rogers.

THOMAS BEATS "DIXIE KID"
 French Welterweight Wins Bout After Fifteen Rounds.

Paris, Oct. 4.—Marcel Thomas, the French welterweight, defeated the "Dixie Kid," an American boxer, in a fifteen-round decision, for a purse of \$5,000, here to-night.

The decision was awarded on points. The American had the better of the earlier rounds, but Thomas lasted well and earned the decision. The verdict of the referee came as a surprise to many of the spectators.

GRAND PRIZE RACE TO-DAY
 Several Famous Drivers Entered for Classic Contest.

With eleven entrants, including half a dozen of the most famous American drivers, the Grand Prize race will have its third renewal over the Watwata course, near Milwaukee, to-day. The field includes a trio of Mercedes cars to be piloted by Ralph de Palma, Spencer Wishart and Joe Clark; three Benz machines, with Louis Bergdoll, Joe Horan and Bob Burman at the wheels; two Fiat, to be handled by Barney Oldfield and Teddy Tetzlaff, and three single entries, Hughes's Mercer, Mulford's Knox and Nelson's Lozier.

De Palma, Bergdoll and Hughie Hughes are the favorites, the last named being thought to have a good chance after his smart effort in the Vanderbilt Cup race on Wednesday. De Palma has won his last three races, and appears to have reached his stride after a long period of hard luck.

A large number of local automobilists was present at the funeral of David Bruce-Brown yesterday morning, and among the floral pieces was a large cross from his friends along Automobile Row. The unfortunate driver was extremely popular in the trade.

It is promised that several of the more important drivers in the Milwaukee races will come to New York immediately after the Grand Prize in order to take part in the track meet at Brighton Beach, a week from next Saturday. Official sanction for the meet has been granted by the Motor Dealers' Exhibit Company.

MISS FARRELLY WINS A CUP.
 Miss Grace Farrelly won the Mrs. S. F. Lefferts memorial competition at the Englewood Country Club yesterday, defeating Mrs. Frank Enos by 5 up and 5 to play in the final round. The winner had to concede her opponent one stroke.

Conditions stipulate that this trophy shall be perpetual, and that the winner each year shall have her name inscribed on the cup. Miss Farrelly won a replica of the original outright.

Yale Eleven Expects Hard Game With Syracuse Team

Flynn to Get His First Real Trial as Fullback For the Blue.

(By Telegraph to The Tribune.)

SIGNAL DRILL AT HARVARD
 Hitchcock, Storer and O'Brien To Be in Game.

(By Telegraph to The Tribune.)
 Cambridge, Mass., Oct. 4.—All of Harvard's regulars were in to-day's signal drill. Hitchcock and Storer will be able to play tackle to-morrow against Holy Cross, while the faculty has just decided that O'Brien will be eligible to play football. QUAKERS IN SECRET DRILL
 Team Practices New Plays To Be Used Against Dickinson.

(By Telegraph to The Tribune.)
 Philadelphia, Oct. 4.—Pennsylvania held its first secret practice of the season to-day in preparation for the game with Dickinson to-morrow, as Smith wanted to work out some new formations and trick plays. Work was lively, consisting of a long signal drill and practicing new plays that had been heretofore simply outlined to the "varsity" squad.

There was no scrimmaging, but there was a punting and tackling rehearsal, Mercer, Minds and Avery being tutored by Eddie Thayer. Dillon, the veteran tackle, will be out of to-morrow's game, his place being taken by Crane. The injury to his ankle, received in the Gettysburg game, is still painful.

Another change hinted at is that Keller is to take McCall's place at centre, as he is considered more reliable in passing the ball and plays a more dashing game. Minds tried kicking placement goals from the 15-yard line with varying success. Hellman was given some live practice. He is rapidly getting into shape, and will be familiar with the "varsity" signals he would undoubtedly be used in to-morrow's game.

PAGERS SET NEW MARK
 Three World's Records Made on Columbus Track.

BABE WINS SIXTH HEAT
 Fast Time Galore at Closing Day of the Grand Circuit Meet.

Columbus, Ohio, Oct. 4.—Grand Circuit racing in Columbus closed to-day with the lowering of three world's records, a sensational third heat by Pickels and failures by Minor Heir and George Gano in attempts to lower their marks.

Babe, by winning the sixth heat of the 2:07 pace in 2:04 1/2, took the record for the fastest sixth heat ever contested, and the race itself is a record one for six heats. The winner got to the front in the last few lengths, Ty Cobb making a strong bid.

Helen Stiles, unsteady in the first two heats of the 2:07 trot, began winning in the third mile. All alone she trotted the fifth and final heat in 2:06 1/2, taking half a second off the world's time for a fifth heat.

Pickels was allowed to brush home in the third heat of the 2:11 pace, which she won without trouble, and took a new record of 2:08 1/2. This mare is named to start next week at Lexington against Braden Direct in the Tennessee Stake. Joe Patchen, 2d, also eligible for the race, was shipped to-day to Springfield, Ill., and will not appear at Lexington.

Minor Heir in his trial paced the first half in one minute flat.

TIGERS READY FOR TEST
 Expect Hard Game Against Strong Lehigh Eleven.

(By Telegraph to The Tribune.)
 Princeton, N. J., Oct. 4.—Princeton's football eleven went through a light practice to-day, in preparation for the game with Lehigh to-morrow. The workout was in secret, and the coaches gave the team a long drill in forward pass and fake kick formations. Toward the end the scrub lined up against the regulars and punting under actual conditions was tried. Andrews, the little left end, was called back to do the kicking. His punts averaged forty yards.

De Witt, Princeton's first strong fullback, was not on the field. The coaches are taking no chances with his injured knee, and in all probability he will only play through part of the game. Weight gave place to Dunlap at right end, but both men will be used to-morrow.

The line-up will be much the same as against Rutgers on Wednesday. Logan and Trenkman, the two uncertain quantities on the right side of the line, have been showing up strongly in the last week. A little more speed and aggressiveness in all that is needed to make them first class men.

There is a general feeling of apprehension as to the outcome of the game. The coaches are none too sanguine, as Lehigh has a strong fighting eleven, and the confidence of a clean slate. The Rutgers contest showed up some weak spots in the Princeton defence, and, unless these defects have been remedied, Paretzti, with his speedy string of backs, will be a dangerous foe for the Tigers.

The Princeton line-up will be as follows: Left end, Andrews; left tackle, Phillips; left guard, Shenk; centre, Blumenthal; right guard, Logan; right tackle, Trenkman; right end, Dunlap or Wright; quarterback, Emmons; left halfback, Pendleton; right halfback, Baker; fullback, De Witt.

LIGHT PRACTICE THE RULE
 Cornell and Dartmouth Teams Do Little or Nothing for Battles To-day.

(By Telegraph to The Tribune.)
 Hanover, N. H., Oct. 4.—In preparation for the game to-morrow afternoon with the Massachusetts Aggies, the Dartmouth eleven went through a light practice to-day. The backfield is doubtful, and it is probable that a number of second-string men will take the places of the veterans.

Captain Bennett, Dunbar and Englehorn were on the field, and Dunbar may be in condition for hard work in two weeks. Bennett is coming along slowly.

The probable line-up for to-morrow follows: Left end, Whitney; left tackle, Estep; left guard, Beer; centre, Whitmore; right guard, Gibson; right tackle, Rector; right end, Loudon; quarterback, Llewellyn or Ghee; left halfback, Horey or Whitney; right halfback, Horey or Snow; fullback, Snow or Rogers.

HONORS FOR PENDLETON
 Captain of Princeton Football Team Class President.

(By Telegraph to The Tribune.)
 Princeton, N. J., Oct. 4.—Talbot Taylor Pendleton, of Berkeley Springs, W. Va., captain of Princeton's football team, was elected president of the senior class here to-day. To use the words of Keene Fitzpatrick, Princeton's trainer, Pendleton is "the highest type of athlete I have ever met."

Pendleton is twenty-one years of age, weighs 190 pounds and stands nearly six feet tall.

Immediately upon his entrance into Princeton in the fall of 1908 he was chosen captain of the freshman football team. He also has been prominent on the diamond.

N. Y. U. READY FOR GAME.
 Light signal practice and a long drill in catching punts comprised the practice of the New York University varsity yesterday afternoon. The men are in fine form, with the exception of Thompson, who twisted his ankle slightly in the scrimmage against Commerce on Thursday. However, he will be able to play to-day.

The squad was put through secret practice last night in the gymnasium, and all the trick plays were gone through thoroughly.

The line-up to-day will be as follows: Left end, Hettcher; left tackle, Wilner; left guard, Makay; centre, Torrence; right guard, Bristol; right tackle, Vesely; right end, Coleman; right half, Baker; left half, Thompson; fullback, Miller.

Sol Metzger to Write on Football for The Tribune

Sol Metzger, former captain and coach of the University of Pennsylvania football eleven, will again write an analytical review of the more important college football games this year exclusively for The Tribune. Last season his stories and criticism aroused widespread interest and comment. He is a keen judge of football, a close student of the game and, furthermore, has a wide acquaintance among those most closely associated with the sport. In view of this, his stories are bound to attract all followers of the game.

Mr. Metzger's views will be an additional feature of football in The Tribune, as the news of the game is the most comprehensive and accurate was possible. With the code more or less radically revised last winter, the games this year will have a new interest, as it begins to look as if a proper solution has at last been found to bring about a better balanced game than the first effort to make the game less dangerous was undertaken.

Mr. Metzger will go to New Haven to-day to see Yale do battle with Syracuse in a game which is almost sure to provide a thorough test for the Blue eleven.

SIGNAL DRILL AT HARVARD
 Hitchcock, Storer and O'Brien To Be in Game.

(By Telegraph to The Tribune.)
 Cambridge, Mass., Oct. 4.—All of Harvard's regulars were in to-day's signal drill. Hitchcock and Storer will be able to play tackle to-morrow against Holy Cross, while the faculty has just decided that O'Brien will be eligible to play football. O'Brien, therefore, will be at right end, with Felton, the other side, and with two veteran tackles Harvard will be even against Holy Cross which scored only seven points a week ago.

Captain Wendell will play in his first game of the season to-morrow, also, so that Harvard's backfield will be the same as it promises to be for the big games later.

The Cambridge team is much better equipped to meet Holy Cross than it was to play against Maine in the opening game last week. There have been several hard scrimmages in which the regulars have tried out some new plays, and the team, as a whole, should work much smoother than at its first contest of the year. Penneck and Driscoll, the guards, have been taken in hand by Bob Fisher, and both are expected to show results.

The line-up, as announced to-night, will be:

Felton, left end; Storer, left tackle; Penneck, left guard; Parmenter, centre; Driscoll, right guard; Hitchcock, right tackle; O'Brien, right end; Gardner, quarterback; Hardwick, left halfback; Wendell, right halfback; Brickley, fullback.

QUAKERS IN SECRET DRILL
 Team Practices New Plays To Be Used Against Dickinson.

(By Telegraph to The Tribune.)
 Philadelphia, Oct. 4.—Pennsylvania held its first secret practice of the season to-day in preparation for the game with Dickinson to-morrow, as Smith wanted to work out some new formations and trick plays. Work was lively, consisting of a long signal drill and practicing new plays that had been heretofore simply outlined to the "varsity" squad.

There was no scrimmaging, but there was a punting and tackling rehearsal, Mercer, Minds and Avery being tutored by Eddie Thayer. Dillon, the veteran tackle, will be out of to-morrow's game, his place being taken by Crane. The injury to his ankle, received in the Gettysburg game, is still painful.

Another change hinted at is that Keller is to take McCall's place at centre, as he is considered more reliable in passing the ball and plays a more dashing game. Minds tried kicking placement goals from the 15-yard line with varying success. Hellman was given some live practice. He is rapidly getting into shape, and will be familiar with the "varsity" signals he would undoubtedly be used in to-morrow's game.

PAGERS SET NEW MARK
 Three World's Records Made on Columbus Track.

BABE WINS SIXTH HEAT
 Fast Time Galore at Closing Day of the Grand Circuit Meet.

Columbus, Ohio, Oct. 4.—Grand Circuit racing in Columbus closed to-day with the lowering of three world's records, a sensational third heat by Pickels and failures by Minor Heir and George Gano in attempts to lower their marks.

Babe, by winning the sixth heat of the 2:07 pace in 2:04 1/2, took the record for the fastest sixth heat ever contested, and the race itself is a record one for six heats. The winner got to the front in the last few lengths, Ty Cobb making a strong bid.

Helen Stiles, unsteady in the first two heats of the 2:07 trot, began winning in the third mile. All alone she trotted the fifth and final heat in 2:06 1/2, taking half a second off the world's time for a fifth heat.

Pickels was allowed to brush home in the third heat of the 2:11 pace, which she won without trouble, and took a new record of 2:08 1/2. This mare is named to start next week at Lexington against Braden Direct in the Tennessee Stake. Joe Patchen, 2d, also eligible for the race, was shipped to-day to Springfield, Ill., and will not appear at Lexington.

Minor Heir in his trial paced the first half in one minute flat.

The White Berline Limousine
 The Latest Production of the Most Progressive Motor Car Company of America

THE White Berline marks the highest development of the modern motor car, both in beauty of body design, and merit of chassis construction. Every small detail which adds to comfort, convenience, and safety of operation has been carefully and successfully executed.

The logical combination of left-side drive with right-hand control, places the driver in the proper position to handle the car with the greatest amount of safety in traffic, a very important factor in closed cars. The left-side position of the steering wheel, together with the White Electrical Starting and Lighting System, makes it possible to reach the driving seat, start, and light the car without the necessity of stepping into the street. When the services of the chauffeur are not required, the glass partition back of the driving seat can be instantly dropped out of sight, throwing the entire interior into one compartment.

White Berline Limousines are built in Forty and Sixty horse-power models.
