

WILSON BREAKS RULE TO TALK TO VETERANS

Reconsiders Decision Not to Speak During Congress, and Will Visit Gettysburg.

PALMER WINS HIM OVER

Points Out Spirit of Sectional Sympathy Resulting from Speech of Southern-Born President.

Washington, June 28.—President Wilson to-night decided to attend the fiftieth anniversary celebration of the battle of Gettysburg, on the Fourth of July.

The President's decision followed a conference with Representative A. Mitchell Palmer, of Pennsylvania. The President had taken the position previously in declining to go that he would be breaking his rule, established months ago, not to leave Washington for any speech making occasion while Congress was in session.

Mr. Palmer pointed out, however, the importance of the Gettysburg celebration, its nation-wide significance and particularly the spirit of sectional sympathy that would result from a speech by a Southern-born President at the reunion of the North and South.

The President had intended to leave on Tuesday for New Hampshire to spend a few days with his family, but the trip will make necessary a rearrangement of plans. Mr. Wilson probably will be in Gettysburg only a few hours, and it has not yet been decided whether he will go by motor or by train. His plans probably will be announced on Monday.

Secretary Tumulty gave out this statement for the President:

"The President has felt constrained to forego his chance for a few days of much needed rest in New Hampshire this week because he feels it his duty to attend the celebration at Gettysburg on Friday, the Fourth of July."

Gettysburg, Penn., June 28.—Coming from as far west as the State of Washington and from as far south as Texas and Oklahoma, Civil War veterans by the hundreds are pouring into Gettysburg to-night by regular and special trains, which are also bringing scores of friends and visitors for the opening of the battle anniversary celebration next week.

The town, with its population of 4,500, is coping well with the problem of taking care of the crowds, and ample accommodations, up to this time, have been afforded.

News received at the office of the Pennsylvania commission on the Gettysburg College campus to-day told of the passage by the Legislature of the \$25,000 additional appropriation to provide for the extra ten thousand veterans expected in the big camp, and late this afternoon further advices were received that a carload of tents, cots and other equipment would arrive from Philadelphia during the night.

It will be distributed quickly to-morrow, and when the camp opens at 5 o'clock in the evening everything will be in readiness to receive the veterans.

Three Thousand from Virginia.

A telegram from General J. Thompson Brown to-day places at three thousand the present enrollment of Virginians, old veterans who intend coming to Gettysburg, with constant additions. It is probable that the original estimate of 1,800 from that state will be doubled.

Four troops of Pennsylvania state constabulary are now in camp here and are patrolling the streets of the town establishing traffic regulations.

The squadron of cavalry which arrived on Thursday from Fort Myer has similar duties on the battlefield avenues, with additional instructions to protect all monuments and other government property.

General Hunter Liggett, of Washington, has been named as commandant of the camp and will arrive here on Monday, when Governor Tener is also expected. The buildings of Gettysburg College were opened to-day to the guests of honor, among the first arrivals being General Lewis A. Grant, of Minneapolis, and George E. Lovejoy, of Lawrence, Mass., chaplain in chief of the Grand Army of the Republic.

Adjutant General Stewart, of Pennsylvania, was another arrival to-day, and he went under canvas in the tents reserved for the Governor and his staff.

Final arrangements at the big camp were completed to-day. The assignment of space for the correspondents was made, and newspaper men from all the principal dailies in the country will find accommodations there.

Three hundred and fifty Philadelphia Boy Scouts arrived this evening and were scattered about the camp at various stations, where they will assist the veterans in any manner possible.

BLUE AND GRAY SHAKE HANDS AT GETTYSBURG.

movement invited exhaustion. Thus far the veterans already here have contented themselves very largely with sitting about in shady places talking.

By the telephone system in the camp, the construction of which involved the stringing of 120 miles of wire, it will be possible to telephone from any point in the camp to any part of the country reached by the telephone system.

The telephone stations have been arranged so that the greatest distance any person in the camp will have to walk to reach one will be 400 feet. Thus, within two minutes after the discovery of illness, the telephone will have carried word to the nearest regimental hospital.

There are two motor ambulances, each carrying six passengers. Less than ten minutes will elapse from the time a veteran is found to be ill until he will be in the hands of the most efficient medical men in the government service. By day the hospital will be indicated by Red Cross flags, and at night by green lanterns.

TOLEDO KEEPS PERRY FLAG

But Must Turn It Over to Government After July 4.

Washington, June 28.—In response to an urgent request from officers of the Toledo Museum of Art, Rear Admiral Blue, Acting Secretary of the Navy, to-day granted permission for the institution to keep Commodore Perry's flag until July 5, when it will then be taken by Ensign Lowry and placed on the restored frigate Niagara, to remain there, with other Perry relics, throughout a cruise of the Great Lakes.

Chicago, June 28.—A tattered portion of the battle flag of Commodore Perry's frigate, the Lawrence, at the battle of Lake Erie, was the commander's standard to-day in the cruise to Lake Huron for Illinois state officials' day at the naval training station. The excursion is under the auspices of Perry's Victory Centennial Commission of Illinois, to which was loaned the historic relic by Adam Weckler, Jr.

The treasured silken remnant was hoisted to the masthead of the gunboat Dubuque when the booming of a gun gave the signal to start the cruise.

AUTO KILLS BICYCLIST

Unidentified Man Dies from Injuries Received in Accident.

East Orange, N. J., June 28.—An unidentified cyclist was fatally injured to-night shortly after 6 o'clock when he crashed into an automobile in Central avenue, as it turned out from behind a trolley car directly in his path. He died at the Orange Memorial Hospital at 9:45 o'clock without regaining consciousness.

The autoist was John L. Marsters, of the Park House, Morristown, N. J. He was released in \$2,000 bail for appearance on Tuesday.

The cyclist was a man about twenty-seven years old.

TURPENTINE TO GO UP

Naval Stores Men Also Plan to Raise Price of Rosin.

Jacksonville, Fla., June 28.—Naval stores, factors and operators will meet here Monday to discuss the formation of an organization to better conditions and advance the prices of rosin and turpentine. Both these commodities are selling at their lowest price and must be advanced, they say.

At the meeting an attempt to provide for a naval stores market with daily quotations at Jacksonville will be made. It is said the Georgians also are figuring on a market at Brunswick, Ga., to facilitate the handling of the stores.

DEATH STOPS GETTYSBURG TRIP

Rochester, June 28.—With his plans completed to leave to-day for the Gettysburg reunion, William H. Groescup, of Geneva, seventy years old, a Civil War veteran, was killed at a coal trestle. Groescup was engineer there and was instructing the man who was to take his place when he fell into a conveyer and was crushed to death.

ILLINOIS SENDS GREENHUT.

Cutting short his European stay for the purpose, Captain J. B. Greenhut will attend the fiftieth anniversary of the Battle of Gettysburg, which will be held at the scene of hostilities on July 1, 2, 3 and 4. Captain Greenhut was appointed by Governor Dunne to represent the State of Illinois.

FOUR CANOEISTS DROWNED.

Manchester, N. H., June 28.—Four persons were drowned in the Merrimack River to-day when a canoe upset. Two others in the craft were saved.

RECALL MONMOUTH FIELD

Hundreds Attend Battle Celebration at Asbury.

SONS OF REVOLUTION DINE

Speeches by Local and National Officers—Programme Ends To-day with Service in Tenth Church.

Asbury Park, N. J., June 28.—People from all sections of the country came to Asbury Park to-day to witness or participate in the celebration of the 125th anniversary of the battle of Monmouth, arranged by the recently organized local chapter of the Sons of the American Revolution.

A feature of the celebration was a dinner this afternoon in the Coleman House. John Leonard Merrill, of East Orange, president of the New Jersey Society of the Sons of the American Revolution, was toastmaster. The speakers included David L. Pierson, of East Orange, historian general of the national society; Mrs. S. Faruch, regent of Knickerbocker Chapter, New York City; Colonel William Libbey, of Princeton University; Mrs. Matthea Stetman, president of the Daughters of the War of 1812; Mayor Reginald S. Bennett, of Asbury Park; Mrs. William Gunning, of New York, president general of the Daughters of the American Revolution, and Samuel Craig Cowart, of Freehold, N. J.

The three-day celebration will end to-morrow with exercises in the Tenth Presbyterian Church. Addresses will be made by the Rev. Dr. Stimmus, pastor of the church, and Edmund Wilson, Attorney General of New Jersey.

The Tenth Church, a relic of the Revolutionary period, stands three miles from the Monmouth battlefield. It was built about 1750. Its first pastor was the Rev. William Tennent, after whom the old church was named.

At the battle of Monmouth the church was used as a hospital, and in the adjacent graveyard are buried many of the Continental and British soldiers killed in the famous battle, in which Molly Pitcher played a prominent part.

AUTO RECIPROCITY URGED

France May Recognize Licenses of New York Chauffeurs.

Albany, June 28.—Mitchell May, Secretary of State, has been advised by the Department of State at Washington that the French government, acting through its ambassador at the capital, is making arrangements for international automobile regulations, with a view of effecting some definite reciprocal touring relations between the United States and France.

All operators, owners and chauffeurs desiring to motor in France are obliged to demonstrate their ability to drive a car through the most congested and intricate points in street traffic and in and out of narrow alleys.

"It is the desire of the French Minister of Public Works," said Secretary May to-day, "to simplify and expedite these formalities so far as possible, and he is considering especially the feasibility of recognizing chauffeurs' licenses in New York."

QUINBY NOT AN INEBRIATE

One Charge Fails, but Others Are Upheld by Naval Board.

Washington, June 28.—The naval board of inquiry which reviewed an unfavorable report upon the fitness of Captain J. B. Quinby, commandant of the receiving ship Franklin, by Rear Admiral Robert M. Doyle, commandant of the Norfolk Navy Yard, reported to-day to Secretary Daniels, which accused Captain Quinby of inebriety was not sustained. The Navy Department announced that other portions of the report "unfavorable to Captain Quinby" were sustained. Secretary Daniels ordered the findings filed with the records of Quinby and Doyle and ordered the affair closed.

REAR ADMIRALS RETIRED

Ransome and Bailey Both Natives of New York.

Washington, June 28.—Two rear admirals, George B. Ransome, inspector general of machinery, and Frank H. Bailey, inspector of ordnance and engineering material, have been placed on the retired list of the navy.

Admiral Ransome was born in New York, was appointed to the Naval Academy from that state and became an admiral in September, 1911. Admiral Bailey is also a native of New York, and reached his present grade this year.

WOMEN SCORE FIRE HEAD

Say Johnson Misused Power About Inspectors.

The Women's Auxiliary to the Civil Service Reform Association of New York issued last night a statement, signed by Miss Agathe Schurz, the president, and Miss Emilie J. Hutchinson, secretary, condemning Fire Commissioner Johnson for his failure to appoint women as inspectors in the Fire Prevention Bureau.

"The main facts of the case," the statement reads, "show that the Fire Commissioner was employing three women as temporary inspectors before the examination was held. The examination was open to both men and women, and the announcements of the examination stated that there were six vacancies to which women would be appointed. The Civil Service Commission certified both men and women from the eligible lists, but when the appointments were made by the Fire Commissioner only men received permanent appointments.

"This seems to us an arbitrary and therefore unwarranted discrimination against women as inspectors. The action of the Commissioner looks like a misuse of his discretionary power. But it goes even further in this particular instance, and in the light of the announcements becomes a plain breach of faith."

HER LAST PICKABACK

Father Falls with Little Girl, Who Is Seriously Hurt.

Five-year-old Georgiana spent part of last evening mounted upon the broad back of her father, while he "galloped" through his apartments at No. 43 East 115th street.

The game was at its height when father, George Frank, stumbled and fell down the cellar steps. The little girl fell upon her back. She was taken to a hospital, suffering from internal injuries and in a serious condition.

COUCH A TREASURE CHEST

Police Find Missing Silverware in Porter's Room.

The police of the East 65th street station found yesterday 163 pieces of silverware, bearing the mark of an apartment house at No. 15 East 60th street and 149 bearing the mark of the Hotel Elberon, of Elberon, N. J., under the couch of Gaetano Torchi, of No. 349 East 61st street, formerly a porter in the apartment house. He was charged with grand larceny.

Torchi was employed in the apartment house as a porter three years ago. A great amount of silverware was missed, but it could not be traced.

Later Torchi worked in the Elberon hotel. Yesterday a letter was sent to the agent of the apartment house telling him that the porter was attempting to sell the silverware.

SUFFRAGISTS ON WHEELS

Roll, Roll, Roll Up the Boardwalk for the Vote, Vote, Vote.

Atlantic City, June 28.—Preceded by a khaki-clad bugler and waving aloft yellow banners bearing the inscription "Votes for Women," fully one hundred suffragists stormed the Boardwalk to-day in a roller chair parade. Immediately behind the bugler came Mrs. Ella Guilenrod, attached to the Mrs. Belmont wing of the suffragettes. She was marshal of the demonstration. Venerable old ladies, stern-visaged women of middle age, sweet young misses of seventeen or thereabouts, young children and two more men comprised the aggregation.

They all appeared to take themselves seriously, but this could not be said for the crowds at South Carolina avenue and other popular bathing points along the beach front. There was no horse play as the suffragettes passed demurely through the solid lanes of humanity lined up at these points, but there were many good-natured jibes, all of which passed unnoticed by devotees of the "cause."

TING NG LIANG FUNERAL

Brother at Services for Chinese Boy Drowned in Lake Hopatcong.

Services were held yesterday afternoon in the Funeral Church, at No. 21 West 23d street, over the body of Ting Ng Liang, the fourteen-year-old son of Liang Shih, secretary to the President of China, who was drowned on Thursday at Lake Hopatcong. The Rev. Dr. C. H. Keller, of Trinity Church, officiated.

Only immediate friends of the family were present and they included Ping Kai, the older brother; N. K. C. Loo, Acting Consul of China; King L. Yen, who brought both of the boys to this country from China two months ago; M. MacDonald and G. M. Muehlin. The body will be sent to China.

Better than any player-piano sold by any other music-house—at any price

The Stroud Pianola Piano

One of the six Pianola Pianos Price, \$550

Any player-piano may seem a wonderful instrument—the height of perfection—until you have seen one of the six genuine Pianola player-pianos.

Then your opinion of the ordinary player-piano will undergo an immediate change.

For the genuine Pianola is years in advance of any other player-action. And its superiority is evidenced by the fact, that you, yourself, inexperienced though you may be in playing a Pianola Piano, can obtain musical results with it, such as even an expert cannot equal on any other player-piano in the world.

More than 300 patents in the Pianola cover expression devices, methods of motor control and scores of highly important details of construction. The lack of these make all other player actions limited and incomplete in comparison with the genuine Pianola.

The Stroud Pianola Piano is

A Genuine Pianola Combined with the Stroud Piano

The Stroud is a piano on which there is expended more ability, more skill and better piano craftsmanship, to say nothing of better materials, than on any but a few of the best-known pianos made in America.

This excellent piano, combined with the genuine Pianola, offers a better ability to play, and greater actual musical value, than any player-piano of other make on the market today, irrespective of name or price.

The Stroud Pianola Piano may be purchased this week on a first payment as low as \$15, balance in convenient weekly or monthly payments

THE AEOLIAN COMPANY

The Largest Manufacturers of Musical Instruments in the World

Aeolian Hall 29-31-33 West 42nd Street

WITNESSES IN PORTO RICO

Court Names Commission to Take Divorce Testimony.

Justice Tompkins in White Plains yesterday named a commission, to take testimony of Edward Leaming, in Manati, and Edward Marshall, in Barcelona, Porto Rico, witnesses in the divorce action brought by Mrs. Mary Wallace Tyler, of Mamaroneck, against Dr. Nathan T. Tyler, of Manati.

The couple were married in Tarrytown, June 16, 1884, and Dr. Tyler once had a lucrative practice in New Rochelle, but he and his wife separated and he went to Porto Rico to conduct an orange plantation about six years ago. He was served with the papers in the divorce action as he was about to board a steamer to return to Porto Rico after a visit here.

HINES BACKS UP SIMS

Denies Influencing Him in Attack on Commerce Court.

[By Telegraph to The Tribune.] Watch Hill, R. I., June 28.—Supplementing the statement made by Representative Sims, of Tennessee, at Washington yesterday, that he had not been influenced in his opposition to the Commerce Court by Walter D. Hines, formerly general counsel of the Louisville & Nashville Railroad and now chairman of the board of directors of the Atchafalaya, Topoka & Santa Fe. Mr. Hines, who is staying here, gave out a statement to-day.

"I wrote to the Attorney General," he said, "raising the question as to whether under the Sims bill the district courts would have the power to issue process to other districts, and pointed out that it would be important for the district courts to have that power. I understand that Mr. McReynolds referred that letter to Mr. Sims."

"Subsequently Mr. Sims wrote me that his object was to abolish the Commerce Court and transfer its jurisdiction to the district courts, but at the same time to make no unnecessary changes in the existing law, and he invited my comments on the question of whether his bill accomplished this object. I replied, pointing out several respects in which his bill seemed to make unnecessary changes in the present law."

"I never expressed any opinion on the question whether the Commerce Court ought to be abolished, and Mr. Sims never asked my opinion on that question. I understand that the entire correspondence has been made public. If not, it is available at any time. There is nothing whatever to conceal in regard to it."

ROCKAWAY BOATS RESUME

Commencing to-morrow the steamer Grand Republic will make daily and Sunday trips to Rockaway Beach and Coney Island. This steamer is operated under the same management as the "Iron Steamboats," assuring the travelling public the best with safety and comfort. On Sunday the service will be increased. On one of the "Iron Steamboats," leaving Yonkers at 8:45 a. m.; West 129th street, 9 and 9:40 a. m. and 1:15 p. m.; Pier 1, N. R., 9:45 and 10:20 a. m. and 2:30 p. m., returning from Rockaway Beach at 12 m., 12:30, 5 and 6 p. m.

Before You Go Away See That Your Silverware and Valuables are safe from fire and theft. Telephone Murray Hill 5888 and they will be sent for promptly. Safety guaranteed from your door. Trunks and Cases, and men to pack if desired. Cold Storage will protect from Moth Damage over the Summer. For Household Furniture Storage the Fireproof Warehouses and superior equipment are worthy of your inspection. Prices moderate. Safes for Valuable Papers may be rented for short periods over the Summer or by the year, as desired. \$5 per year upward. Lincoln Safe Deposit Co. 62d Street, Opposite Grand Central Station. At an Express Subway Station.

TO-DAY'S SPECIAL OFFERINGS IN THE LEADING STORES.

New York Tribune

Full announcements appear in the advertising columns of this issue of The Tribune. Read Them. Cut out this list and carry it with you. It will save you many weary steps, many hours and much annoyance. Questions will be gladly answered if addressed to Woman's Dept., Room 910, Tribune Building.

FROM ANNOUNCEMENTS IN TO-DAY'S ISSUE.
