The best work of the afternoon was done by A. W. Church and Dr. D. L. Cuiver, both of the visiting team. They had high totals of 179, out of a possible 200.

In addition to the interclub shoot, the Bath Beach gunners also decided their weekly contest. G. M. Camp did the best work, winning a leg on the Monthly Cup and scorning the most points on the President's trophy. He took the former with a total of 46 out of 50 targets, and the latter with 50 out of a possible 100.

The Take Home trophy ended in a tie between Dr. Sauer and Clinton R. James, both gunners having 22 out of a possible 100 targets. As it was so late when the final blue rock was trapped in the race for the Take Home prize the nimrods decided to shoot it off next Saturday.

#### WILLIAMS DEFEATS UNION Weakens in Last Half of Hard Fought Basketball Game.

By Telegraph to The Tribung Williamstown, Mass., Feb. 7.-Exhibiting speedy team work and accurate shooting throughout the contest, Williams defeated Union in basketball here this evening by the score of 24 to 14.

The teams fought to a 10 to 10 tie in the first half, but Union could not stand the pace and weakened soon after the second period began. The score was tied four times during the game. Fouls on Williams gave Union a substantial lead at the start, which was difficult to overcome.

Hay and Deeley guarded well and neither of the Union forwards caged a basket. Houghton played the best game for Union, scoring a total of 10 points. The score follows:-WILLIAMS.

There has been talk of a post season series between the winners of the Harlem Navy and the Long Island Navy leagues, but somehow or other it never has been brought about. While George Haller, of Hoboken, tied Harry Cohn in percentage of series won and lost in the Great New York individual last week, the latter has won six more series than the exponent of the 'comeback' ball, while he has lost only one more. Thus Haller must win four out of his next five series before he is really on an equal footing with Cohn. The average of the last named is 207 for 247 games, while Haller's figures are 201 for 188 games. George Newman has replaced Alexander V. Dunbar in this competition and represents the Peerless Alleys.

There are eighteen bowlers competing in the tournament, four of whom have averages of better than 209 for approximately 200 games. As yet the 200 mark has not been reached in a single game, the best score to date being 279 made by both Asa Harris and Henry Mahlenbrock.
