"PEE WEE" HAWKINS IS CHEERED IN DEFEAT

More than Four Hundred Match Prowess in Annual Spring Indoor Track Games.

One record was broken and more than four hundred boys had a gala time last night at the eighth annual spring meet of the Sunday School Athletic League in the 12th Coast Artillery Corps armory, at Sumner and Gates avenues, Brooklyn.

The record that went by the boards was the one-mile relay handicap race for seniors, in which the crack quartet of the Central Congregational first team romped across the tape with an eight-yard lead. The time, 3:33.4, broke the previous record, made in 1909, by 31.5 seconds.

W. M. Gobel, Jr., of Good Shepherd, with a handicap of sixteen feet, won the 100-yard dash for seniors in 10.25 and then turned around, loped back, and got second place in the 75-yard dash for intermediates from the 12-foot mark.

The number of entrants (416) was the largest ever recorded in these games, and included boys from seven years of age and forty-five pounds in weight to their big brothers of nineteen and twenty. And the little fellows tried even harder for the medals and cups than their elders.

"Pee Wee" Hawkins, was eight years old and tipped the scales at fifty-five pounds. Although he was just "outside the money," "Pee-wee" received the lion's share of applause from the gallery, and took his honors modestly.

After the race he confided the information that he had been fostered in the home of his mother, who is now in the hospital, and that he had been thrown out of his home else he might have won. Also his racing lights were so long they seriously interfered with "Pee-wee's" knee action.

The 600-yard race for seniors proved a thrilling struggle between L. H. Miller, of the Bushwick Avenue Reformed, and F. W. Kister, of St. Paul's, Coney Island. Miller had a 40-yard handicap and Kister, 45, and the two made a runaway race of it, leaving the scratch man in the ruck.

Miller had the most strength left at the finish, however, and breasted the tape two feet ahead of Kister. The time was 1:17.5. The record, made by R. E. Palsey from scratch, is 1:24.5.

There were thirty-nine events on the programme, and almost every event necessitated the running of half a dozen heats.

The summaries follow: 100-yard dash (senior); handicap—Won by W. H. Gobel, Jr., Good Shepherd (16 feet); R. E. Palsey, Central Congregational (4 feet); second, A. E. Bengels, Central Congregational (scratch); Time, 10.25.

500-yard dash (intermediate); handicap—Won by R. E. Palsey, Central Congregational (scratch); W. H. Gobel, Jr., Good Shepherd (12 feet); second, S. Ackery, James M. E. (8 feet); third, Time, 6:31.5.

600-yard dash (senior); handicap—Won by L. H. Miller, Central Congregational (40 feet); R. E. Palsey, Central Congregational (45 feet); second, A. E. Bengels, Central Congregational (scratch); Time, 1:17.5.

150-yard dash (intermediate); handicap—Won by F. A. Larson, F. A. (2 feet); second, W. Merker, Bethany Presbyterian (4 feet); third, Time, 6:07.

200-yard military hike (closed to 5th Company)—Won by Fred Fisher, C. W. Edine, second, E. Lenz, third, Time, 6:35.

One-mile relay (senior); handicap—Won by Central Congregational first team (Atherton, Beardley, Selover, and Galt); second, Wyckoff Heights Presbyterian (Faber, Gerbach, Stellas, and Wendling); third, Central Congregational second team (Freeman, Allen, Clark, and Merkes) (4 yards); third, Time, 8:31.5.

200-yard dash (novice); handicap—Won by E. H. Adams, Central Congregational; G. Williams, Central Congregational; second, R. Orr, Central Presbyterian; third, Time, 6:24.

Eight-pound shot (intermediate); novice—Won by R. M. Chan, Wyckoff Heights Presbyterian, with 49 feet 10 inches; F. Brant, Central Congregational; second, with 38 feet 10 inches; A. Larsen, City Park Chapel, third, with 27 feet 7 1/2 inches.

500-yard dash (intermediate); championship—Won by R. E. Palsey, Central Congregational; H. E. Jurek, Central Congregational; second, A. H. Figg, Park M. E.; third, Time, 6:38.

600-yard run (senior); handicap—Won by L. H. Miller, Central Congregational; R. E. Palsey, Central Congregational; second, Charles Hill, Concord Baptist (50 yards); third, Time, 1:17.5.

MAKE GOOD SCORES IN DRIVING RAIN

Small Field of Gunners Has Keen Contest at New York Athletic Club Shoot.

There was only a small field of gunners at the Travers Island traps of the New York Athletic Club yesterday. The bad weather and the fact that several cups were to be decided at the Westchester Country Club kept down the attendance. However, the nimrods on the firing line had an afternoon of excellent sport.

Being the final Saturday of the month, interest centered in the March cup. The final leg was won by C. W. Berner. It placed him in a triple tie. However, C. J. Stein was the only other gunner in the tie on the firing line, and he and Mr. Berner had the closest shot of the year in trying to win the prize. On the third shoot-off, C. J. Stein won by 25 to 23 targets.

F. A. Baker was the only double winner of the afternoon. He first scored a leg on the accumulation cup, with a full score of 25 targets. Then he captured the Travers Island trophy, with a card of 24 out of 25 blue clubs.

The club trophy was won by R. R. Debacher, with a 24 out of a possible 25 targets. W. B. Ogden was the high scratch runner of the day, with 82 out of 100 targets. He also made the longest straight run of the day—19.

The high handicap prize went to C. W. Berner, only, however, after a shoot-off against R. R. Debacher. Each had 90 out of 100 targets in the original shoot. C. W. Berner won the shoot-off, with a total of 24, against 22 targets. It was the first time in the history of the sport at Travers Island that a fraction of a target won a prize.

With the distance handicap no longer on the programme, the gunners were called upon to decide a special shoot at 25 targets. After a shoot-off it was won by F. S. Willis. Dr. Culver won the variety cup.

Killifer has been subpoenaed to appear before the federal court in Grand Rapids, Mich., which is a long way from Philadelphia. It looks as though these legal proceedings were going to cut into the playing of the organized boys something awful this summer.

It is rumored that the National Commission is going to raise the ban against juries writing for newspapers. As a matter of fact, their famous ruling made little difference one way or another, and in these tempestuous war times it is not politic to cross our leading stars in their pursuit of the golden dollar.

CUE WIELDERS SET SOME GOOD RECORDS

J. Mayer Makes Best Grand Average in National Billiard Tournament.

The official records of the national Class A amateur billiard championship were completed yesterday, and Joseph Mayer, the defeated champion, still holds first place with his grand average of 10.74 for the tournament.

The records were compiled by Frank G. Airy, secretary of the Amateur Billiard Club of New York, and officials of the National Association of Amateur Billiard Players. Edward W. Gardner, who won the title after a tie with Morris D. Brown, is a close second to Mayer, as his grand average stands at 10.67. Brown's grand average was 10.42, and that of J. Ferdinand Poggenburg, who finished in third place, was 10.18.

Charles Heddon, of Dowagiac, Mich., who showed such remarkable skill with the cue and ivory balls, finished with a grand average of 9.26, despite the fact that he won only two games in the tournament. Heddon's high run of 135 is expected to stand as an American Class A record for some time.

WANTS 'LADIES' DAY' BACK

President of Cubs Seeks Leave to Re-establish Custom.

Chicago, March 28.—Charles Thomas, president of the Chicago National League baseball club announced today that he will petition the National League to abolish the rule prohibiting "ladies' day" at ball games.

The White Sox have had a "ladies' day" for some years and Charles Weeghman, president of the Chicago Federal League club, recently announced that women will be admitted free one day each week to the Federal League games in this city.

President Thomas later announced a similar policy, but yesterday received a notification from President Tener that the National League had abolished "ladies' day" in 1907.

PITCHERS COMING NORTH

Yankees and Superbas Planning for Clash on Thursday.

Both Chance and Robinson intend to send their star pitchers home two or three days before the clash between the New York Yankees and the Brooklyn Superbas at Ebbets Field on Thursday afternoon.

Chance notified President Farrell yesterday that he would order "King" Cole, Roy Keating and "Slim" Caldwell to come home ahead of the regular team, Tuesday in the case of Tom Daly. Chance wants to have them become used to the sudden change of climate so that they will not catch cold in their sandy wings.

Robbie has picked Elmer Brown, his \$7,000 wonder, to help out Rucker, Ragan or Reulbach, and these men will start North tomorrow. Reulbach is particularly anxious to pitch against the Yankees.

The fans are busy calling up the officials at Ebbets Field or paying personal visits to the Flatbush stadium in their eagerness to obtain good seats. The grandstand will be thrown open to the public today for a sort of spring inspection. Unless cold weather brings snow between now and next Thursday the infield and outfield will be in first-class condition.

WILSON WILL MEET NEWARK INDIANS

International Winners Will Stop at White House on the Way North.

President Wilson will show his appreciation of the Newark Indians for bringing the International League pennant to his home state of New Jersey by giving them an audience in Washington when the baseball players arrive there next Wednesday for a four-game series of exhibition contests with Clark Griffith's Senators.

The meeting with the nation's Chief Executive had been set for the morning, as announced yesterday by Representative Eugene Kinkead, from New Jersey, part of whose district lies in Newark.

The suggestion to Mr. Kinkead was made by John Shields, one of the party of Newark men who have been with the team during its five weeks of training in the South.

The Newarkers are scheduled to finish their training trip next Saturday, and will arrive home for a game with the Philadelphia Athletics in Newark next Sunday afternoon. The Redskins have not met with good success in the South. They were all right when in Columbus, where they were training, but since starting on their trip North playing exhibition games they have encountered cold and wet weather, which is said to have thrown them off, and they have lost six straight games.

They are without a regular first baseman to fill the vacancy left when Harry Swainson journeyed to the Baltimore Federals and they are without a good substitute for him. Zach Erhard, a Bronx boy, is holding down the initial sack and he is doing it pretty well.

They also lost their star outfielder when Charley Ebbets took Jack Dalton over to Brooklyn a week ago.

SPRING FOOTBALL WORK Early Training for N. Y. U. Squad an Innovation.

Tom Reilly, coach of the New York University football team, has announced the spring football practice, beginning the first of April, has revolutionized the football policy at University Heights.

Reilly's announcement was, indeed, the biggest surprise that has been sprung in the athletic circles of the university in several years.

According to present plans, one practice each week will be held during April and then two each week during May. The purpose of the practice will be to develop kickers and backfield men and to drill the students of football into prospective candidates for line positions. On this point, "A" Yule, ex '13, the best fullback the university has had in recent years, has promised some aid, and Earle S. Huntley, '15, next year's captain, who plays quarterback, also will assist.
