TAMMANY BRAND JOKE TO WHITMAN

Ulster County Prosecutor Says That Glynn's Attack Smacks of Silly Season.

"BENSEL" CRY "GOT GOVERNOR'S GOAT"

District Attorney Pleases the Farmers in Talk on Direct Tax.

(From a Staff Correspondent of the Tribune.)
Rochester, Oct. 17.—Speaking at meetings in Medina and Lockport to-night, William D. Cunningham, District Attorney of Ulster County, who is accompanying District Attorney Whitman in his upstate campaign, made reply on behalf of Mr. Whitman to the attacks by Colonel Roosevelt and Governor Glynn regarding the Tammany endorsement in New York County in the fusion campaign last fall. Mr. Cunningham said:

"Governor Glynn's attempt in last night's speech to attach the epithet 'Tammany' to Whitman indicates that the silly season in political discussion has arrived. Mr. Whitman has serious work to do, and can ignore such absurd tactics.

"What are the facts? Will any student of political affairs, with a moment's reflection, discuss the fact that the overwhelmingly popular choice for the fusion majority nomination? Yet Mr. Whitman, realizing that the cause of decent government in the great city for the period of four years was at stake, and that his first duty was to the public, cast aside all considerations of person and party, and sent from his summer home at Bretteau Woods the memorable telegram to Mr. Koenig, chairman of the Republican County Committee, in which he refused to consider the nomination, and urged all Republicans to support Mr. Mitchell.

"If there be Democrats here," said he, "who in this threatening hour to the government will now join hands with the opposite party to defeat the necessary revenue legislation the responsibility will rest upon them. Do you believe the Democratic party will permit five or six gentlemen to stultify the party and starve the treasury? Do you imagine you can win any election by your demagogic politics with the aid of the Democratic party? I warn you that if you attempt to hold up the best interests of the entire nation in order to get assistance in an effort for aid that already has been denied by an overwhelming majority of the Senate I prophesy that you will be tired of your position after a few weeks.

"It is no wise thing for a few men to overturn the fiscal policy of their party. It is still less wise for them to hold up the needed revenues of their country. The country will justify proper opposition to the Republican proposal to Democratic issues, but it will not justify playing politics with the people. The Democrats who cut off the Democratic support in this union may win, but I believe there is patriotism enough on the Republican side to prevent it."

WAR TAX BILL FEATURES Beer, Wines, Theatres and Tobacco on Long List.

Washington, Oct. 17.—The main provisions for war revenue included in the Senate bill are:

"Then in 1911 we see Governor Dix entering office. And with him, arm in arm, I might say, stalked in the direct state tax to be again saddled upon you. In 1912 it was \$11,000,000. In 1913 it was \$6,000,000. And Governor Glynn was directly responsible for that state tax in 1913. He signed the bill while he was acting Governor, which Governor Sulzer before his impeachment had vetoed, that levied the direct tax."

At Lyons, Newark and Palmyra Mr. Whitman read the figures to show what the direct tax had been in Wayne County during the last three years of Democratic rule in the state. The total for that county was \$58,046. In Orleans for the last three years 1911-'12-'13 was \$49,199, and in Niagara County \$163,954. In the ten years prior to that, during Republican regimes, the total had paid hardly a dollar of direct tax, Mr. Whitman showed.

CANDIDATE'S WIFE "HIS 'CHAUFFEUR'"

"Babe" McDonald Gets a Surprise When Mrs. John R. Davies Shows Her License.

Mrs. John R. Davies, wife of one of the Republican candidates for the Supreme Court, is not only acting as an assistant manager of her husband's campaign, but has appointed herself his official "chauffeur."

"Babe" McDonald, champion hammer thrower and traffic policeman at Broadway and 43d st., jumped on the running board of a car at his corner last night. "I beg your pardon," he said to the woman driver, "but don't you think you are nearly exceeding the speed limit? Have you got a license?"

The driver stopped and with a smile exhibited a license which read: "Mrs. John R. Davies, Licensed Chauffeur, No. 12345."

"I hope you will excuse me," Mrs. Davies said. "I am acting as chauffeur for the judge and am hurrying to his headquarters to take him to four meetings. I wouldn't interfere with the judge's campaign manager for the world," said McDonald, as he signalled Mrs. Davies to go on.

Mrs. Davies has driver's licenses in both New York and New Jersey.

WILSON INDORSES GERARD

Proves Tiger Condemnation "Academic," Says Hutchinson

President Wilson has written a letter of indorsement to Ambassador James W. Gerard, who is running on the Democratic ticket for the United States Senate. It reads:

"My dear Mr. Gerard: I have been torn by conflicting desires in the matter of your candidacy for the United States Senate. I have so deeply regretted that the government should lose your services at Berlin, where you have distinguished yourself, and yet, of course, I shall look forward with the greatest satisfaction to seeing you in the Senate.

"It is just fitting to congratulate you on the judgment of the primaries and to express my warmest good wishes for the campaign and my pleasure in your second consecutive years."

"The second but another indication that the President's condemnation of Tammany Hall was merely academic," said John W. Hutchinson, Jr., campaign manager for James W. Wadsworth, Republican, in the contest of Ambassador Gerard. "One can't help wondering whether President Wilson before writing his letter had seen the charges of William D. Guthrie made at the recent campaign last fall. Mr. Cunningham has been denied in no particular."

SENATE PASSES WAR TAX BILL

Continued from page 1

revenue bill should the cotton amendment be defeated. Administration leaders and even President Wilson were not at all sure of the result.

The rollcall was about to be taken when Senator John Sharp Williams, of Mississippi, himself a champion of the cotton amendment, arose from a post-poned position of the Democratic seats and faced the Southern Senators and spoke with feeling, declaring that the responsibility for the welfare of the entire country would rest upon them if their effort should succeed.

"If there be Democrats here," said he, "who in this threatening hour to the government will now join hands with the opposite party to defeat the necessary revenue legislation the responsibility will rest upon them. Do you believe the Democratic party will permit five or six gentlemen to stultify the party and starve the treasury? COLLEGE MEN PLAN AID League to Help Whitman in State-wide Campaign.

Plans for the coming two weeks for the Whitman College Men's League have been almost completed, under the active direction of William Ziegler, Jr. A state-wide campaign will be started early in the week by the formation of branches, and beginning Tuesday, roving meetings will be held at the league headquarters, 20 East 41st st., while there will be evening social meetings for different colleges. A speakers' bureau has been organized which will send out 150 speakers in the next few days.

The first announcement of the league, George W. Wickersham, Henry W. Taft, Jacob Gould Schurman, Samuel W. Fairchild and George T. Wilson, have become members of the advisory committee.

REGISTRATION IN MANHATTAN DROPS

Loss of 0,000 in Borough Total for Four Days Compared with 1913 Figures.

The total for the four days was 650,106, with three election districts in Queens 3d Assembly District missing. This was 8,517 less than in 1913.

BRONX SHOWS GAIN OF 1,500

Less than 400 Increase in Brooklyn—Disappointing to Politicians of All Parties.

The fourth and last day of registration yesterday showed a loss of 10,297 for Manhattan, a gain of 1,509 in the Bronx, an increase of 363 in Brooklyn, and a loss of 711 in Richmond as compared with the totals for last year.

The fluctuation in the Assembly districts accredited as Democratic or Republican strongholds about offset each other, so that they furnished no certain index as to the gains or losses of either.

Samuel Koenig's district, the 6th, showed a heavier total registration for the four days than any year since and during 1910, while the 6th Assembly District, Charles F. Murphy's, showed the lightest in the same period.

The total for the four days for the Bronx was an increase over the four preceding years, being 84,881, as compared with 83,580 in 1912, the highest former year.

The total registration for the greater city for the four days was 650,106, with three election districts in Queens 3d Assembly District missing. This was 8,517 less than in 1913.

District leaders were busy getting the voters out, particularly in the downtown Tammany districts, where considerable disappointment was felt over the showing of previous days, so that the officials at the polling places were kept on the jump at times during the early morning and at night.

In the 5th Assembly District there was an attempt at illegal registration that turned out to be a case of bad memory. Eugene W. Wood, a Republican, registered in the 4th Election District on October 11 and insisted on registering again yesterday. He asserted he had no memory of any previous registration.

Ray Jones, discharged in Jefferson Market court by Magistrate Barlow by request of the Deputy Attorney General, as it was manifest he did not intend to register, was charged with charge the same name and address.

Three election districts in Queens had not been completely counted up to 2 o'clock this morning, and the totals for that borough and the grand totals are therefore incomplete.

The following are the registration figures for the four days of 1914, 1913, 1912 and 1910, together with the total registration figures for the four days of the same years.

M'CABE REFERS TO T. R. Turns to Colonel in Answering Whitman's Charge.

(By Telegraph to the Tribune.) Albany, Oct. 17.—Patrick E. McCabe, Democratic boss of this county, takes exception to the assertion of District Attorney Whitman concerning McCabe's appointment as Conservation Commissioner that "the only conserving he ever did was the conserving of money for himself."

"Of course, the inference is," said Mr. McCabe in a statement he handed to the newspaper men here to-night, "that I in some way, or at some place, have never seen him, but Colonel Roosevelt knows him very well. He used to call on the Colonel, and the Colonel daily affirms that Mr. Whitman is incapable of telling the truth."

"I see no reason why I should enter into a quarrel with the Colonel over his accusation."

3 CONGRESS SEATS REPUBLICAN GOAL

Victories Predicted in the Bronx and New York County Fights.

Republican leaders expect they will be able to elect at least three members of Congress from New York and Bronx counties at the coming election. At present not one of the fourteen Congress districts in this territory is represented by a Republican. The Democrats hold thirteen and the Progressives one.

The districts the Republicans believe they should carry are the 19th, 20th and 21st, and they have a fighting chance in the 17th, 18th and 22d.

If it had not been that a fusion arrangement with the Progressive leaders in the 14th and 23d districts was unsuccessful and Democrats stepped in and got the Progressive nomination in these districts, they would have been carried by the Republicans.

Progressive leaders in the Bronx district charge that fusion with the Republicans in the 23d District went wrong because Steven R. Ayres, Democrat, who got enough signatures to run as a Progressive primary, surreptitiously secured some Progressive literature. He sent this around the district, causing the Progressive leaders to charge that fusion with the Republicans in the 23d District went wrong because Steven R.
