

WHITMAN'S ELECTION REPUBLICAN TRIUMPH IN NATIONAL SWEEP

Plurality 133,174--Wadsworth's 53,000-- Democrats Outnumbered 2 to 1 in Assembly--Senate Changes Hands.

DEMOCRATS BARELY HOLD U.S. HOUSE

Ohio and Pennsylvania Make Brilliant Showing --Women Win Montana and Nevada--Prohibition Gains, While Moose Get Crushing Defeat.

Above all the splendid Republican victories throughout the country, emphasized by later and more detailed returns received yesterday, the election of Charles S. Whitman for Governor of New York stands out as the most striking.

The final figures give him a plurality of 133,174 over Martin H. Glynn. The plurality of James W. Wadsworth, Republican, over James W. Gerard, Democrat, for United States Senator is about 53,000, there being still approximately 300 election districts missing.

All the returns on the election of Representatives in Congress were not in last night, but there is no doubt that the Democrats' hold has been greatly weakened. It is now figured that the Democrats have a majority of only seventeen.

The Republican landslides in Pennsylvania and Ohio was as complete as that in this state. In Pennsylvania Boies Penrose was re-elected Senator by approximately 100,000. Dr. Martin G. Brumbaugh was elected Governor by an even greater plurality, despite the combined opposition of Progressives and Democrats. In Ohio the entire state ticket was elected, Theodore E. Burton, Democratic candidate for United States Senator, and James M. Cox, Democratic candidate for re-election as Governor, both being defeated by large pluralities. The Ohio returns insure a Republican majority in the state Congressional delegation.

Nicholas Longworth, Colonel Roosevelt's son-in-law, was elected in the 2d Ohio Congress District.

West Adds to Victory. Though complete returns of the election in Illinois have not been received, the indications were last night that Roger Sullivan, Democratic candidate for United States Senator and President Wilson's ally in that state, had been defeated, Senator Lawrence Y. Sherman being re-elected. "Uncle Joe" Cannon has been returned to the House and William B. McKinley will go with him.

With the returns still incomplete at midnight, the indications are that the Democrats will have 226 members of the House; Republicans, 200; Progressives, 8; Socialists, 1. The Democratic majority in the present House is 147.

The political complexion of the New York State Senate has been completely changed, the Republicans electing 54 members and the Democrats 17, as against 33 Democrats and 18 Republicans. Twenty additional Republicans have been elected to the state Assembly. In the new Assembly there will be 100 Republicans and 50 Democrats.

The Republicans will control the New York constitutional convention by a large majority.

The New York State delegation to Congress will be composed of 22 Republicans, 19 Democrats, 1 Progressive and 1 Socialist. These figures show a Republican gain of 10. The socialist Representative in Meyer London, of this city. He defeated Representative Henry M. Goldfogle in the 12th District by a narrow margin. London was born in Russia.

The late returns last night indicated that the suffrage had been won by women in two of the seven states wherein the question was voted on, Montana and Nevada. This was a cause of rejoicing among the suffragists.

The early returns on Tuesday night indicated that they had lost in all seven states. The vote in Nebraska was so close that the suffragists were in doubt. First returns had indicated defeat in all seven.

Montana and Nevada, according to the latest returns, granted votes to women, while Nebraska showed such a small vote against the proposal that the women claimed the state. Missouri, Ohio and North and South Dakota refused suffrage, the majority against it increasing with the size of the population concerned.

In Montana, where workers of the American Woman Suffrage Association made heroic efforts to win the ballot, the vote was so close that the official count will be necessary to decide the outcome, but the women have a slight lead on incomplete returns.

In Nevada, which seems won to the cause of equal suffrage, 105 precincts out of 240 gave 9,919 votes for woman suffrage and 2,508 against.

The effect of women's votes on prohibition in the various states indicated that women do not unanimously oppose saloons. In Illinois the proportion of female to male voters in the Democratic, Republican and Progressive parties was about the same. The women political leaders were mostly identified with the Progressive party. Figures in many precincts showed, however, that the percentage of women to men was larger in the Democratic party than in the Progressive.

SUFFRAGE WINS IN TWO STATES

Montana and Nevada Sure, Nebraska Claimed--Defeat in Three.

Chicago, Nov. 4.--Woman suffrage leaders rejoiced to-night when belated returns indicated victory in two of the seven states voting on the question in Tuesday's election, with a third state in doubt. First returns had indicated defeat in all seven.

Montana and Nevada, according to the latest returns, granted votes to women, while Nebraska showed such a small vote against the proposal that the women claimed the state. H. M. S. MINERVA SHELLS A TOWN ON THE RED SEA

President Wilson Awaits Declarations of War to Declare Neutrality.

DARDANELLES FORTS AGAIN BOMBARDED

Russian Battleship Sunk; Also Two Turkish Vessels--Berlin Claims Check to Allies.

London, Nov. 4.--The British cruiser Minerva has bombarded the Arabian town of Diddah (Jiddah?), on the Red Sea.

Available records show no seaport of Diddah on the Red Sea, but Jiddah, a town of some 30,000 inhabitants, is the chief seaport of Arabia, in the Province of Hejaz, sixty-five miles northwest of Mecca.

Jiddah is a picturesque town, with narrow and irregular streets and houses of coralline limestone. From the sea the white minarets show plainly within the walls of the town and give it a picturesque appearance. The angles of the walls on the sea front are surrounded by forts.

In the northern part of the town is a tomb said to be that of Eve. Nearly half the population is Arab. Large numbers of pilgrims pass through Jiddah each year on the way to Mecca.

Athens, Nov. 4.--An American warship has arrived at Beirut, Syria, to protect the Christian population in Asia Minor.

During the bombardment of the Dardanelles a Turkish aeroplane ascended from Gallipoli, but was hit and was obliged to descend.

Petrograd, Nov. 4.--The following official communication from the staff of the Russian army in the Caucasus was made public to-day:

"Our troops have crossed the frontier of Turkey, and, after having driven back the Turkish advance guards, they took possession, after engagements, of the towns of Zivine, Karkalissee, Passinka, Akhty, Boutakh, Khorun, Myssoun and Arzap.

"The Turkish forces retreated after having suffered losses, and abandoned their dead."

The towns mentioned in the above dispatch are in Asiatic Turkey, short distances south of the boundary line dividing Turkey from the Black Sea in a southeasterly direction to Persia.
