

Fanciers Rally to Aid of Charity Show

Brilliant Outlook for the Exhibition To Be Held in Army.

PATRONESSES ARE HARD AT WORK

Actresses and Singers Volunteer for Service—Famous Dogs on Big Entry List.

Only superlatives will do justice to the brilliant outlook for the Charity Dog Show, to be held on Friday and Saturday in the 71st Regiment Armory, 15th Avenue and 34th Street.

Next to the Westminster Kennel Club fixture it will be the largest dog show ever held in the United States and the greatest ever held for charity in the world.

For the only time in the annals of Manhattan open dog shows there is a board of patronesses who are working to gain a success for the society and box office end.

But full publicity is to be given to the statement of all money received and paid out in conducting the first Charity Dog Show.

The American record entry for "Peke," 142, will confront Mrs. Carl Ehlermann, Jr., while Mrs. F. A. Carlin has an entry of 115 Boston terriers.

Each of the five women to judge has gained a splendid entry. The English toys, Japanese spaniels and Brussels Griffons will greet Mrs. M. Thorpe, who also has a strong array of Pomeranians.

Old English shepherds will be well represented by twenty entries, and the competitions will be more open than usual to homebreds, as Mrs. Tyler Morse is not exhibiting her great champion champion, Mrs. M. Thorpe, the donor of a special trophy for the best non-sporting dog or bitch, terriers barred.

L. H. West's Bradbury trophy for the best dog owned by a resident of Brooklyn will bring out a close contest, as most of the entries are from the city.

The varied conditions of the specials given by the Hotels Manhattan, Biltmore, Gregorian, Park Avenue and Breslin also have inspired keen contests.

Canines Barred From Food Shops

When the housewife goes out to buy the family groceries and meats of a Saturday night she must leave her dog at home or tie him or her to the lamppost nearest to the food emporium.

The ordinance forbidding the taking of dogs into places where groceries, meats, fruit and other foods are displayed for sale has been on the statute books for some time, but has not been enforced.

Notices have been printed calling attention to the law, and these will be distributed among the shopkeepers, who will be instructed to post them in a conspicuous place in their stores.

Troop, of Scranton, Penn., send German shepherds, the breed also favored by Mrs. C. H. Sted, the Oatridge Kennels and Mr. and Mrs. Vernon Castle.

Points and setters have more quality in good looks and field records than any ever entered for a New York show.

There are fifty-two entries in the variety classes, which are really championship contests, as all breeds are eligible, according to the conditions.

BASKETBALL RACE WAS WELL FOUGHT

Yale's Intercollegiate Title Gain at Expense of Fast Field.

ITS FIRST SUCCESS IN SEVERAL YEARS

Brown, of Cornell, the Individual Star at Scoring, Followed by McNichol.

Fewer races in the Eastern Intercollegiate Basketball League have been keener than that which wound up on Friday night, when Yale, by smothering the hapless Dartmouth five, clinched the college championship with a record of eight games won and two lost.

The most remarkable feature of the record of the Yale team was the fact that in the games in which it was beaten one point was the margin of defeat in one contest and two points, after an extra period, in the other.

It was the first basketball championship that Yale has won on the court since 1906-07, when Hack Noyes's team swept through the league.

Cornell was second, with seven games won and three lost; Princeton and Columbia were tied for third and fourth places, with six games won and four lost.

Pennsylvania was fifth with three games won and seven lost, while Dartmouth was last, with not a victory in ten games.

The games of the year demonstrated that the rules will need but little tinkering for another season. There were not extremely rough games, and save in one instance the officials seemed to be leading the teams well in hand and to apply the rules fairly.

The standing of the teams for offensive and defensive strength is shown in the following tables:

Brown, the doughty Cornell forward, earned his place in the hall of basketball fame by overhauling McNichol, of Pennsylvania, in the final game of the season and thereby taking the individual scoring honors.

In the high jump, it was announced that the bar would be placed at a certain height at the beginning of the contests to insure an earlier ending.

It has been found necessary to put forward the indoor swimming elementary championships from April 10 to the morning of April 17, and they will be held at the West Sixtieth Street baths.

The Devon Dog Show Association has selected May 22 for its annual show. It is the aim of the bench committee to make the affair even more elaborate and complete than any of those held in the past.

The special prizes to be offered will be more numerous than usual, and many innovations will be introduced.

Only Four Crews to Row at Poughkeepsie

Eastern Colleges Will Be Unopposed by West This Year.

DATE OF CONTEST WILL BE JUNE 28

Columbia Hardest Hit by Graduations, Only Two Veterans Remaining—Penn Well Fixed.

Columbia, Cornell, Pennsylvania and Syracuse are the only colleges that will have varsity crews in the intercollegiate regatta at Poughkeepsie this year.

There is no hope that Annapolis will send a crew to the Hudson, because the Middies are prohibited rowing races of a greater distance than a mile 550 yards.

It is not believed that the small field will detract from the interest in the regatta. The stewards will not follow regatta.

At Syracuse there remains Wabshaw; Sanders, No. 2; Keuhn, No. 1; Frost, No. 4, and Giles, stroke of the 1914 crew.

It would seem, therefore, that unless the criterion is a false one Pennsylvania would have the least difficulty in putting together its 1915 crew.
