**BRYAN IN CAPITAL FOR PATRONAGE**

**Urges Attorney General's Appointment of "Deserving Democrat."**

**STRONGLY CONDEMNNS FOREIGN LOANS**

**Ex-Premier Declares They Might Drag U. S. Into War—Abuses New York Papers.**

Washington, Sept. 16.—There being a bill in the Chautauqua season, Colonel William Jennings Bryan, ex-Secretary of State, returned here to-day and took up his favorite pastimes of patronage hunting and abusing the New York newspapers.

Mr. Bryan spent nearly an hour urging Attorney General Gregory to appoint William H. Thompson, a "deserving Democrat" who has long been a loyal supporter of the Peaceless One, as United States District Judge for the Northern Division of Nebraska. Mr. Thompson is chairman of the Democratic State Committee of Nebraska, and has been regarded as a "stalking horse" for the Bryan organization in Nebraska.

The Department of Justice is said to be favorably disposed to the candidacy of C. J. Smyth, of Omaha, who was special counsel for the department in the Pacific Coast telephone cases, but whether this disposition will be overruled by the desire to placate Mr. Bryan and keep him in a good humor toward the administration could not be learned. A former friend of the President, Herbert Daniels, is strongly backing T. W. Woodrough, of Omaha, while other candidates for the place are S. S. Sidner, of Fremont, and Robert Patrick, of Omaha. The vacancy would result from the death of Judge William H. Mungler about two months ago.

**Abuses New York Papers.**

When asked what he thought of the "heat" in the international situation, Mr. Bryan declared to forecast, but began to abuse the New York newspapers.

"The thing that has impressed me as I have returned to the East and read some of the New York papers," he said, "is the presumption they manifest in instructing the President so minutely each day as to just what he must do and what must not be done. It is impudent enough for them to do so if they were disinterested, but when their bias is known it is the more surprising that they should resort to give advice to the President. They speak for a very small percentage of the people and misrepresent those for whom they do speak."

**Condemns Foreign Loans.**

"Have you any comment to make on the proposed loan for the Allies?" Mr. Bryan was asked.

"I have expressed the opinion," he said, "that the loaning of money to belligerent nations makes our position neutrality more difficult because it gives the loaning groups a peculiar interest in the success of the countries to which they loan, and it tends to create division among us at a time when there should be unity. It is no pecuniary advantage which can come from the making of a loan can compensate for the danger. This action invites our citizens to divide themselves each seeking to aid the side which he sympathizes with. Loans to belligerents are not prohibited by international law, but viewed from the standpoint of public policy I think public opinion should be against it. It would tend to drag us into this war."

**DUMBA WILL GO, BUT HIS WORK GOES ON**

Austrian Consul Warns Countrymen Here Not to Make Arms.

Johnstown, Penn., Sept. 16.—Austro-Hungarians living in this city have been warned by Baron Hauser, Austrian Consul at Pittsburgh, not to engage in the manufacture of munitions for the Allies under penalty of imprisonment or death.

Baron Hauser's warning is printed in the Johnstown "Herald," a small Hungarian newspaper. It informs Austro-Hungarians that their government is watching them, and that those who help manufacture supplies for the Allies are liable to execution if they return to their home country.

Baron Hauser's message says that he was directed to send out such a warning by the Austrian Embassy at Washington. Although Ambassador Dumba's name has been requested, the work of warning subjects of Austria-Hungary to get out of munition factories will be done, in the opinion of the consul.

**BRITISH WARNED TO BE PREPARED TO GO TO MEXICO**

Rockefeller Fund Gives \$25,000 for Relief Work in Capital.

**CARRANZA MUST AGREE TO TERMS**

Conference Will Discuss Conditions Under Which He May Be Recognized.

Washington, Sept. 16.—The British Embassy has sent orders to its consuls and consular agents in the Villa territory, in Mexico, to advise with their American colleagues concerning conditions there, and to leave the country if their judgment so dictates. This action was taken following the notice sent by the State Department to American officials and citizens within Villa's lines to leave Mexico or forfeit the protection of this government.

When the Rockefeller contribution came yesterday, in response to a request from General Devol, the Red Cross's Mexican Relief treasury had been empty since September 1.

Information received by Charles J. O'Connor, representative in Mexico City of the American Red Cross, from General Devol at Washington, that no more funds were available for Mexican relief work, caused much anxiety among Americans and other foreigners, as well as among Mexicans, when the news became generally known in Mexico City on September 2.

Mr. O'Connor called General Devol that more than 160,000 inhabitants of this city were dependent on some form of charity, and that the Red Cross was supervising the feeding of more than 30,000 indigent persons.

Applications for assistance from 22,000 families embracing approximately 99,000 individuals have been entered at Red Cross headquarters in Mexico City. Mr. O'Connor called that withdrawal of the relief work from Mexico at this time would be followed by many deaths from starvation.

At the beginning of its work here Red Cross agents traced and rescued many thousands of children from the lack of proper nourishment.

Mexico City health authorities became excited on September 2 over the discovery of more than a dozen cases of typhoid fever.

Great surprise was expressed at the Embassy over the American order. No reports have been received by the Ambassador of any unusual epidemic of typhoid fever in the Villa territory, reported by the State Department, have not been mentioned in the reports of British consuls.

Coville Barclay, counselor of the British Embassy and Acting Ambassador in the absence of Sir Cecil Spring-Rice, called on Secretary Lansing yesterday and asked him on the Mexican situation. It is understood that Mr. Lansing told him the order to Americans to leave Villa territory was a "measure of precaution."

As told in The Tribune, the order is believed to be a forerunner of negotiations having in view the recognition of Carranza as the legitimate government of Mexico. The order is believed to be made on American citizens by Villistas prompted the warning to Americans.

It is expected that the United States will issue an embargo on arms shipments to General Villa and his partisans, to prevent their accumulating stores of military supplies before Carranza's recognition.

The Pan-American conference would not deny to-day that Carranza's invitation to a conference on the "international aspects" of the Mexican situation would be accepted. The understanding is that Carranza would send delegates to Washington. Secretary Lansing said to-day that such a conference certainly would not be held on Mexican soil, as suggested by Carranza's invitation.

The purpose of the conference will be to discuss Carranza's claims and to inform him of the conditions he will have to meet before the United States can recognize him. Among the requirements are to cease all military operations, to indemnify for the losses of foreigners during the civil strife in Mexico, a general popular election, and to guarantee the future safety of the lives and property of foreigners.

The administration, it is believed here, has decided to recognize Carranza's government, provided the requirements are fulfilled. Official announcement of this decision will be withheld for some days. The Pan-American conference will be held in New York on Saturday, Sept. 18.

Further relief work by the American Red Cross in Mexico City, where there has been made possible by a contribution of \$25,000 from the Rockefeller Foundation.

Brownsville, Tex., Sept. 16.—Bandits believed to be those who recently killed two American civilians were discovered to-day on the Frenos tract, ten miles north of here, near the Mexican field. They are being pursued through the brush. It is believed one bandit was wounded.

Private Harold Y. Forney, of Watertown, N. Y., died to-day from wounds received in Monday's fight with Mexicans at Los Indios. His death has been requested, the work of killing subjects of Austria-Hungary to get out of munition factories will be done, in the opinion of the consul.

**HOPE CZAR SETS CHANCE RELEASES "BABOUSHKA" FREE INNOCENT PRISONER**

Friends of Aged Revolutionist Ready to Bring Her to This Country.

Hope for "Baboushka," "little grandmother," sprang to the hearts of New York Russians yesterday at the news that the czar had granted amnesty to all political prisoners. Into many minds flashed a plan to bring their idol, whose real name is Catherine Breshkovskaya, to this country, and in the luxury with which they would surround her to wipe away the memory of her years in a Siberian prison. It was only a month ago that a letter from her to Alice Stone Blackwell brought the news that the aged woman was to be transferred to Yakoutsk, a place even more dreary and cruel than her former prison.

"Let her only be free," cried Dr. Paul Kaplan, a leader among the Russian liberals of the lower East Side, "and we'll have her here soon. It is necessary to start a fund to bring her over. The money will just pour in voluntarily from her friends in Russia."

"We have not much faith that the rumor of amnesty is true—not since the news has come to-day of the closing of the Duma. The two acts are contradictory. The czar would not do such a liberal thing as to free the political prisoners one day and then close the Duma the next. No! I fear that rumor about the prisoners was started in London to help the big loan by making a little pleasant sentiment."

"In closing the Duma the czar has opened the door to a revolution. The people already are very uneasy and excited. With their country defeated everywhere they will be desperate. There will be revolution in two months if the Duma is not called soon."

**"NEW ERA" WOMAN BANS WEDDING RING**

Actress Marries War Correspondent After Strike Romance.

A friend played traitor to Gregory Mason, the war correspondent, shortly after he had married Miss Eleanor Flowers, leading lady of "Bought and Paid For" in Jersey City yesterday afternoon. They had intended keeping their marriage a secret.

"Hello!" someone called over the telephone five minutes after the couple returned to the apartment at 251 West Eighty-seventh Street, Manhattan. "That Miss Flowers has married Gregory Mason?"

The former Miss Flowers is from Tennessee. Her husband is a cousin of John Mason, the actor, and a nephew of Professor Daniel Gregory Mason, of Columbia University. He met his bride when she was aiding the strikers of the Garment Makers' Union, several years ago. Mr. Mason was reporting the story for an afternoon paper.

When Mr. Mason was sent to Mexico to correspond for the "Outlook" that old adage about "absence makes the heart grow fonder" took on a new lease of life. "He was so tall and manly," the bride said yesterday. "I just couldn't resist him. But I've made my promise he won't interfere with my stage career. Will you, Greg?"

"Most assuredly not," she replied. "The bride wore no wedding ring. Questioned about this, Mason turned to her. 'You tell all about it, Eleanor,' he said."

Mrs. Mason explained that she was a "new era" woman, and did not believe in rings of any kind. She saw no reason why a man shouldn't and a woman should wear a wedding ring, and the ceremony was performed without one.

Mr. Mason will sail for Russia on the Kursk next Monday as correspondent for the "Outlook." His wife will go with him.

Thompson Committee Seeks Further Light on "L" Third-Tracing.

George McAneny, President of the Board of Aldermen, has been asked to testify before the Thompson legislative committee to-day regarding his recollection of the controversy over the contracts for third-tracing the elevated lines of the Interborough Rapid Transit Company. Milo R. Maithe, former member of the Public Service Commission, said yesterday he understood that a prominent official of the company had objected to the contract that gives the contractor a percentage of 15 on the cost of the work. Mr. Maithe said he never had heard of a contract such as that drawn with the T. A. Gillespie Company, which provides for the payment in cash at the office of the company for the work done up the 15th of each month.

**BIG DEAL FOR FUSES REVEALED IN LETTER**

Unmailed Note to A. Stillman, of Aiden, N. J., Made Commission Arrangements.

Herbert Beatty, sixty-two years old, who said he was a cousin of Admiral Beatty, U. S. N., and the New York representative of the German Krupp company's submarine department, at a yearly salary of \$50,000, was arrested last night and locked up in the West 10th Street station following his refusal to pay a \$35 taxicab bill, incurred, it was charged, by using the machine twelve times.

He was taken to the Men's Night Court, but before his arraignment his wife, who had been notified by the police, arrived at the court from her home, 235 West 10th Street, and gave the chauffeur, Albert Keenan, a check for the amount due. Word of the arrest was carried to Magistrate Krotel. When he learned that the taxicab had been set free, he ordered the clerk to entertain no complaint and discharged Beatty.

Beatty said he was a lawyer of 43 Exchange Place. The chauffeur said that he got a call from Beatty's home and was instructed to take his fare to the Exchange Place address. For twelve hours after that, Keenan said, he drove Beatty around, the man stopping in various places to make purchases. When Beatty refused to pay the bill the chauffeur had him placed under arrest.

In the station house, Beatty told a Tribune reporter that he represented the Krupp interests here, but refused to go into details. He asked that Chief Magistrate McAdoo be notified of his findings in a letter written to the "Place," was not mailed. The letter was addressed to "Austin Stillman, of W. Stillman and Co., Aiden, N. J." The letter read:

"We beg herewith to confirm the commission arrangement as talked between ourselves, as follows: 'We will pay you a commission of one per cent upon the gross business in fuses and detonating pins which may be done by us, directly or indirectly, with or through persons introduced or placed in touch with us by you.'

"These commissions are to be payable only when payments are received by us or upon delivery by us or for our account, and the business which we may contract for, as a result of your efforts on our behalf, until the close of the present European war, very truly yours, 'Signed HERBERT BEATTY.'"

**GERMAN FLYER'S GUN SENT PEGGOD DOWN**

Two Aviators Fought 8,000 Feet in Air Over Belfort.

Amsterdam, Sept. 16.—The story of the death of Adolphe Peggod, the French aviator, who was killed recently near Petite Croix in a battle in the air with a German aviator, is related in a letter to his father, which was published in the "Tageblatt."

"While flying," says the letter, "the forts of Belfort opened fire against me, the shrapnel burst round in the clouds. I tried to evade the range of the enemy's guns when suddenly a French machine approached. The fighting took place at a height of 2,600 metres (about 8,000 feet)."

"The first thing I did was to swing sharply in order to obtain a firing angle to the flank. My observer, Lieutenant Billitz, immediately fired the machine gun which, after the third shot, refused to work. Meanwhile Peggod, who was flying very low, executed a sharp curve to the left, whereby I got him on the flank, and Billitz, whose machine gun again was in order, gave him his last shot."

**SEARCHLIGHT WAR FOR BUSINESS MEN**

Trophy Cups To Be Presented to Marksmen in Company K—Cahalane Undergoes Ordeal.

Plattsburg, N. Y., Sept. 16.—Plans were completed to-day for a night battle by searchlight on Saturday evening, September 25, in which regulars, business men, infantry, cavalry, artillery, signal corps, machine gun platoon and hospital corps will participate. The troops will march about six miles south of this city on Saturday forenoon, the Reds encamping on the Tedford farm, near Salmon River, while the Blues will bivouac on the Fitzpatrick farm, east of Peru.

Soon after nightfall hostilities will begin, and it is expected the battle will rage until midnight, when the troops will turn in for the night, perhaps to be routed out again about 3 a. m. by a surprise attack.

Men in K company have presented to the company eight trophy cups, to be awarded to the members of the squad who make the highest total scores in rifle practice.

Police Lieutenant James J. Skehan, of the training school of the New York City Police Department, is the sergeant in command of the K company platoon, in which his superior, Inspector Cornelius F. Cahalane, is a humble private. In spite of the heat of the last few days, Sergeant Skehan has had his platoon out drilling and marching without mercy. There are indications that Sergeant Skehan is enjoying ordering Inspector Cahalane around.

Lieutenant Truesdell, camp quartermaster, ordered his motor trucks out on a test trip to-day to Lyon Mountain Village and return. The total distance the heavily loaded trucks are to make is sixty-two miles, and the road leads over Danmore Mountain, where the elevation is 2,065 feet. The trucks will be compelled to climb some of the steepest grades in the Adirondacks, and it is thought if they can do this route satisfactorily they will be able to go almost anywhere.

**HOPES TO BREAK MRS. LESLIE'S WILL**

Alabamian Coming to Claim Share in Her Big Estate.

Roanoke, Va., Sept. 16.—On his way to New York City, where he will make an effort to break the will of Mrs. Frank Leslie, involving a very large estate, A. E. Bayol, of Dothan, Ala., is visiting friends here.

Mrs. Leslie had no near relatives, and while some of her estate went to relatives of her husband, a large part of it was left to other persons and to institutions. Mr. Bayol will try to break the will for himself and three other members of his family, on the ground that they are the next of kin, including L. A. Sanderson, of San Francisco; Noel Davonport, of Colton, Cal.; and Mrs. Ida Mountain, of Mobile, Ala.

Mr. Bayol has spent months in preparing a family tree which shows that Mrs. Leslie and Mr. Bayol's father were first and second cousins, being related on two sides.

**Ship Surgeon Testifies**

Mrs. Leslie Was Queer

Coincident with the filing in the County Clerk's office yesterday of an affidavit by Dr. John Russell Kelly, surgeon of the steamship Rotterdam, that Mrs. Frank Leslie, when a passenger on the vessel acted in an irrational manner, there was a proceeding before Surrogate Fowler in his chambers over Mrs. Leslie's will.

There are several suits pending in the Supreme Court by grandchildren of Mrs. Leslie for shares in the estate of his second wife, who left the bulk of her estate to Mrs. Carrie Chapman Catt, to be used for the suffrage cause. The grandchildren assert that under conditions imposed on Mrs. Leslie by her husband as to the distribution of the large part of it was to go to them.

**ONE MOSS LEADER IS OUT FOR PERKINS**

C. H. Woodward Follows Club Into District Attorney's Fold.

Collin H. Woodward, Republican leader in the Assembly District who backed Frank Moss for the regular designation for District Attorney, has come out for District Attorney Perkins. After his club had endorsed the District Attorney on Wednesday night Mr. Woodward personally assured him that he would do all in his power to secure his nomination in the primaries.

The general campaign committee for Mr. Perkins was organized yesterday. Mr. Perkins was elected chairman, M. W. Clapham treasurer and Langdon P. Marvin secretary. On the committee are the following who are not members of the Republican organization: Democrats Albert Kerr, Charles C. Burlingame, Alfred A. Cook, Sumner Gerard, brother of Ambassador Gerard; Henry G. Gray, son of ex-Judge Gray; and Joseph M. Frisbie, ex-crusader. James B. Cotton, William H. Hotchkiss and Amos Pinchet.

On the stump last night Frank Moss asserted that one district captain had been asked to resign for favoring him. He refused to do so.

"Mr. Perkins says he is defeated in the primaries he will not run," said Mr. Moss. "Good reason. He will not be on any ticket. He tried for the American ticket and lost. He tried to get out. Now he says, 'Mr. Moss, I am too far ahead to deal in absurdities.'"

**RUMORS FLOCK AGAIN AT PLYMOUTH CHURCH**

Trustee's Resignation Said to Involve Finances of Dr. Hillis.

A stir was caused yesterday in Brooklyn when it was announced that Frederick W. Starr, acting chairman of the Board of Trustees of Plymouth Church since the resignation of Frank L. Ferguson last April, has resigned. It was said that Mr. Starr announced that he was resigning because of the outgrowth of his financial relations with Dr. Newell Dwight Hillis, pastor of Plymouth Church, and because of the fact that Mr. Starr announced that he was resigning because of business matters, old rumors as to the relations of Dr. Hillis and the church were again set in motion.

It was also learned yesterday that F. W. Hinrichs, personal attorney for Dr. Hillis, has invited prominent members of Plymouth Church to meet him this afternoon at 3:30 in the law office in Manhattan. All that Mr. Hinrichs would say last night about the purpose of the conference was that he would lay before the members a statement as to what Dr. Hillis had been doing during his absence from Plymouth Church for the last six months. The latter is at present in Brooklyn, having returned about a fortnight ago from an extended Chautauqua circuit in the Middle West. He declined to discuss any phase of to-day's meeting.

For the first time in years the Tombs census is below 600. Yesterday's figures were 579, and unless circumstances set the District Attorney's eyes to reduce the number still further next month.

Speedy indictments and trials, Mr. Perkins says, have left only 225 District Attorney prisoners, compared with 472 a year ago yesterday. Of these 143 are awaiting trial, while last year there were 345. At present 600 indictments are pending, compared with 988 last year.

Road Puts 600 Men at Work Under Weehawken Police Guard.

Six hundred strikebreakers were put to work yesterday on the West Shore Railroad docks at West New York and Weehawken to take the place of the men who walked out on Wednesday, when their demands for higher pay were refused. A large force under a special guard of fifty policemen worked all night. No trouble was reported.

The railroad officials declared that they would not submit to the strikers' demands. They will keep the police guard for a few days as they fear that the strikers may begin a bombardment of the docks with stones from the Fallsides.

Warning Issued by Justices After Sentencing Driver to 6 Months.

The maximum penalty of one year in prison and \$500 fine will be imposed hereafter on persons found guilty of driving automobiles while intoxicated. This was announced by Justices Meloney, Herbert and Salmon in Special Sessions yesterday after imposing a sentence of six months in the penitentiary on Julius C. Dennis, a chauffeur, of 422 Cumberland Street, Brooklyn.

Justice Meloney said that the criminal carelessness of chauffeurs had become so flagrant that drastic measures would have to be taken to curb them. Two cases daily, he said, and two dozen awaiting trial showed the deplorable state of affairs. Dennis was committed without the option of paying a fine, and Justice Meloney recommended that his license be revoked.
