

DEMOCRATS FEAR BRYAN CRUSADE

1916 Victory Dimmer Since He Spoke Out Against Defence Plans.

WILSON COUNTS ON REPUBLICAN HELP

Congress Floor Leaders with Former Secretary, Who Wants No Army or Navy.

Washington, Sept. 18.—Democratic politicians here are uneasy to-night as a result of W. J. Bryan's utterances of the last two days on the question of national defense.

Close friends of the former Secretary of State declared today that he would oppose any building programme in the naval bill at all this session.

It is believed President Wilson will stand behind the recommendations of the General Board this year, whatever they may be, and it is not likely that the board will recommend less than three Dreadnoughts, with perhaps two or three battle cruisers or scout cruisers besides.

Mr. Bryan, his friends who have followed him in the last few days declare, will oppose anything at all that shows more appropriations to maintain the army and navy already have.

As to the army, Mr. Bryan thinks it is useless to build more forts, or to equip those we have with heavier guns.

REV. DR. HILLIS, OF PLYMOUTH CHURCH

Pastor whose alleged explanation of his financial troubles may involve him in a \$50,000 libel suit.

HILLIS TANGLE DEFIES FRIENDS

Continued from page 1

ance with his instructions such a suit has been begun, and Dr. Hillis has been served with the summons.

The papers in the case have not been filed. It was said yesterday that the reason for the delay was to give Dr. Hillis a chance to make a public denial of the two interviews.

Mr. Coombs said he believes these differences would be amicably settled within a short time.

Mr. Ferguson looked after Dr. Hillis's business affairs for five years, and it was said a controversy arose between them over certain commissions Mr. Ferguson had charged for his services.

It is understood that Dr. Hillis maintained that some of the commissions had been charged on business unconnected with his own personal credit in large amounts to extricate his pastor from various unsuccessful business enterprises, and that when he refused to use his own credit further the rupture resulted.

BORAH IN RACE FOR PRESIDENCY

Republican Union Says Senator Is Choice of State of Washington.

CANVASS SHOWS HUGHES SECOND

G. O. P. Leader Declares Party Will Be Defeated if Bosses Rule Convention.

Washington, Sept. 18.—Senator William E. Borah, of Idaho, was formally placed in the race for the Republican nomination for President next year by the National Progressive Republican Union here to-night, which issued a statement saying the Idaho Senator is the choice of the Republican leaders of the State of Washington.

The canvass showed, according to the Union, very little interest in the candidacies of Weeks, Whitman, Sherman, Burton, Cummings and others. On the other hand, the conservatives among the state party leaders cast their straw ballots for ex-Senator Rupp.

E. E. Flood, president of the State Agricultural Board, declared that Borah was "the biggest man in American politics; the man of the hour." Werner A. Rupp, who was Republican state chairman of the campaign of 1912, came out in strong terms for both Borah and Hughes.

Mr. Coombs said he believes these differences would be amicably settled within a short time.

Mr. Ferguson looked after Dr. Hillis's business affairs for five years, and it was said a controversy arose between them over certain commissions Mr. Ferguson had charged for his services.

It is understood that Dr. Hillis maintained that some of the commissions had been charged on business unconnected with his own personal credit in large amounts to extricate his pastor from various unsuccessful business enterprises, and that when he refused to use his own credit further the rupture resulted.
