

# MOOSE DECLARE FOR 1916 TICKET

## Roosevelt and Johnson Favored at Missouri Conference.

### CALL BY PERKINS FOR MEETING HERE

#### Old Parties Still Controlled by Graft, Resolutions Assent—1912 Stand Upheld.

Kansas City, Mo., Nov. 20.—The leaders of the Progressive party in Missouri favor entering the 1916 campaign with full national, state and county tickets, headed by Theodore Roosevelt and Hiram W. Johnson. That attitude was expressed in a resolution adopted by the party leaders after a conference here to-day.

The action of the conference followed the announcement of George W. Perkins, of New York, chairman of the national executive committee of the party, that he had called a meeting of the committee to be held in New York, November 29. The purpose of the committee will be to arrange for a meeting of the national committee, at which a date and place for a national convention will be fixed.

Resolutions adopted to-day by the Missouri Progressives included the following declarations: "We see nothing in the present attitude of either of the old parties that holds out any promise for the future. As in the 1912 campaign, the powers of graft and special privilege are in control of the old party organizations and are openly preparing to write platforms and nominate candidates in harmony with their interests. "We, therefore, stand squarely on our national platform of 1912 and favor the nomination of national, state and county tickets on that platform." The mention of Roosevelt and Johnson came at the end of the day's conference. Judge Albert D. Norton, of St. Louis, Progressive candidate for Governor of Missouri, in 1912, offered a motion, which was passed, that the meeting declare itself in favor of placing the two 1912 candidates at the head of next year's ticket.

# HUGHES'S NAME TO GO FROM PRIMARY BALLOT

## Nebraska Official Also Will Let Thompson Withdraw.

Omaha, Neb., Nov. 20.—After having notified State Attorney General Reed that he would be guided solely by his own judgment in deciding whether the name of Justice Hughes would stay on the Nebraska primary ballot, Secretary

of State Pool made it known to-day that he would accept Mr. Reed's view and allow the Justice to withdraw. The formal ruling of the Secretary of State will be issued immediately on receipt of a written request from Justice Hughes that his name be withdrawn reaches him. Mr. Pool has been advised that the letter is on its way.

The declaration of Mayor Thompson of Chicago on hearing at Kansas City that Republicans had filed a petition carrying his name as a Republican candidate for President will, it is said, decide the same ruling when Mr. Thompson's letter of withdrawal reaches the Secretary of State.

# 100 WOMEN HEAR MRS. ATHERTON

## Mount Holyoke Alumnae Told How California Suffragists Run Campaign.

Mrs. Gertrude Atherton, the novelist, yesterday addressed more than one hundred women at a meeting of the Mt. Holyoke Alumnae Association of New York at the Hotel Martinique. At a business session in the morning, at which Miss Harriet Prescott, president of the association presided, Miss Amy Ferris exhibited the old red and rose designs for decorating the recreation room in the Students' Alumnae Building, which the association will furnish. Following a luncheon Mrs. Atherton told of the success of California women with suffrage. She said, in part: "With a vote of the hayseeds, who the suffragists went out on the highways and byways to find and to talk to, won for the women."

"The vote of the hayseeds, whom went back to California was that the styles were no longer discussed. The question now was: 'For whom are you going to vote?' But many women did not take an interest in politics. I was asked to stir them up, and in an interview I referred to those who did not come as oysters. Ten thousand women came out and voted rather than submit to such an opprobrious title. "The women have done a great deal. There is now a minimum wage law, a child labor law and a mother's pension act. We have women police, who look after the children's playgrounds." Among those present were Mrs. Walter H. Gilpatrick, Mrs. S. L. Cutler, Miss Harriet B. Prescott, Mrs. J. W. Hubbell, Mrs. I. W. Sylvester, Mrs. J. C. Faulkner, Mrs. L. B. Smith, Miss Rowena Keyes, Mrs. Edwin Fairley, Miss S. Emma Demarest, Miss Ida Galloway, Mrs. S. Van R. Trowbridge, Mrs. J. Morgan Rowe, Miss Frances H. Abbott, Mrs. Henry M. Sneyd, Miss Charlotte Morrill, Mrs. William J. Barry, Mrs. Edwin Atwell, Mrs. J. D. Walton and Mrs. E. O. Hovey.

# CHICAGO JUSTICE PRAISES OSBORNE

## Great Day for Prison Reform When He Was Made Warden.

### SAYS JOLIET MAY ADOPT THE SYSTEM

#### Westchester Citizens Call Mass Meetings to Pledge Defence Fund for Inmates.

Residents of this city and Westchester County are turning toward the support of Warden Thomas Mott Osborne in the grand jury investigation of crimes committed at Sing Sing, according to advices received at the prison yesterday. Mass meetings are being organized and generous returns are being made toward a fund to defend the twenty-two convicts who were indicted Friday.

Tuesday evening citizens of Mount Vernon will assemble to protest against what they consider political opposition to the Osborne regime, and on that evening a meeting for the same purpose will be held at Cooper Union in Manhattan. These will probably be followed by other rallies at which indictments of Mr. Osborne's methods will be given. A meeting has been scheduled for a week from to-night to be held in New York.

Warden Osborne in his recent addresses has urged audiences to help the convicts, and in the single day down by the Westchester Grand Jury there have come to the prison contributions and assurances of gifts aggregating \$320. The Osborne methods were enthusiastically praised last night by Chief Municipal Justice Harry Olson, of Chicago, who visited Sing Sing yesterday before leaving for the West. As he went from the prison he declared that he would do all in his power to have the humanitarian system of treating prisoners introduced into his own state. Mr. Olson, who was summoned as an adviser to the Constitutional Convention at its recent sessions, in a written statement told just how he regarded Sing Sing. "The Mutual Welfare League," he said, "was a revelation to me. I have seen nothing like it heretofore, and I shall call it to the attention of the warden of the Illinois penitentiary at Joliet. "The chief trouble here, I believe," he continued, "is that the people misunderstand the real Sing Sing and think it is only motion pictures and ball games. "Frank P. Wade, of Buffalo, a member of the State Prison Commission, visited Sing Sing yesterday and announced that he would prepare a report on conditions there. This is expected, will be vastly different from the document composed by Dr. Rudolph Diebling.

# IMPERIAL VALLEY SHAKEN

Los Angeles, Nov. 20.—Reports received here early to-night stated that a sharp earthquake was felt at 4:15 o'clock this afternoon throughout the Imperial Valley and other points in Southern California. No material damage had been reported.

At Yuma, Ariz., residents rushed from their homes and business houses. Clocks in Yuma were stopped.

# 500 SCOUTS SHOW THEY'RE PREPARED

## Boys in Rally at King Park Demonstrate First Aid and Other Feats.

A practical demonstration of Boy Scout preparedness was given at King Park, Jamaica, yesterday afternoon, when about 500 members assembled for a grand rally of the Queensboro council of the Boy Scouts of America. First aid, lifesaving, tracking, signalling, cycling, campcraft and wall scaling

were only a few of the things at which the youths showed themselves to be adept.

The first act on the bill was a grand review before National Scout Master Dan Beard. A speech of welcome and congratulation was made by Borough President Maurice E. Connolly, who also presented emblems to certain scouts for special merit in scoutcraft. The scouts then made an orderly retreat, and took up various points around the field as camp sites. From the site occupied by the Jamaica District council, a troop of bicyclers raced out on the field. One of the number fell to the ground, ostensibly hurt. His comrades immediately jumped from

their wheels and formed a pyramid, the apex being a small boy who signalled with two flags to some one at the other end of the field.

A motion picture operator shouted: "Hold the pose!" but the captain cried: "Don't you mind those photographers. Here's a man hurt, and needs your assistance." So they dutifully rushed to the victim's succor and proceeded to bind both his legs in splints made of flag sticks and leggings. Also they bound his arms and swathed his head in many yards of bandage. Other performances showed boys climbing a wall by means of long poles, tent pitching and kite signalling. About 5 o'clock various mothers began to get worried, and the programme was brought to a close when it got too gold to be comfortable, even for such a staunch and hardy crew as the Boy Scouts of America.

# SUES GOVERNOR DUNNE IN PRIZE CATTLE CASE

## Mrs. Durand Starts \$100,000 Action for Slaughtered Herd.

Waukegan, Ill., Nov. 20.—A suit for \$100,000 damages was filed by attorneys to-day for Grace G. Durand and Scott S. Durand, owners of the famed Guernsey herd of blueblood cattle slaughtered at Crabtree Farm, in Lake County, on November 9.

Among the state and Federal offenders named as defendants are Edward F. Dunne, Governor; D. S. Houston, Secretary of Agriculture; R. M. Patterson, L. F. Brown and B. J. Shanley, members of the Illinois Livestock Commission; C. E. Dyson, State Veterinarian, and Frank Smejkal, veterinarian, who is alleged to have shot at Mrs. Durand. This action does not mean the abandonment of any other actions resulting from the slaughter of the herd owned by Mrs. Durand nor the abandonment of contempt proceedings against the defendants or agents or others who are said to have violated the injunction and slaughtered the herd. Clarence Diver, attorney, declared when asked whether Mrs. Durand intended to drop the prosecution on contempt charges.

# SCIENTISTS TO PASS ON DEFECTIVE BABES

## Chicago Coroner Forming Board to Decide Their Fate.

(By Telegram to The Tribune.) Chicago, Nov. 20.—Coroner Peter M. Hoffman, acting on the recommendation of the six physicians on the jury which investigated the death of little Allen Bollinger, Jr., began to-day the formation of a scientific board to pass judgment in future cases in which doctors plan to permit the death of infants supposedly doomed to be mental and moral defectives. City Health Commissioner Robertson is cooperating with the coroner.

The verdict and recommendations of the jury, with all the evidence presented at the inquest, will be sent to officers of the Chicago Medical Society, the American Medical Association and all physicians and surgeons in the city, and their cooperation will be asked in the selection of the board. The coroner's jury urged the creation of a permanent board, composed of two or more physicians, whose integrity was above reproach, to be consulted in cases of this kind, and that every physician, before refusing to prolong life by an operation, should call in consultation two or more physicians to decide on the advisability of an operation.

The clergy from all denominations and official life and club life were strongly represented. Army and navy officers, policemen, firemen, Spanish War Veterans, members of the Gloucester Command, No. 5, of which Father Reaney was chaplain; members of the Army and Navy Club, and the Elks were present.
