

HEALTH LEADERS TO BATTLE NEW PLAGUE MENACE

Find Children Forced Out of Country Spread Disease Returning Here.

SLIGHT DECREASE IN CASES REPORTED

Parochial and Private School Opening Dates To Be Changed—Capital Conference Called.

The United States Public Health Service yesterday joined with the city Health Department to meet a new menace in the spread of infantile paralysis.

There have been cases in which children from New York were taken ill with the disease while visiting in the country.

Baby Turned Out at Night

A case where a sick child was turned out of a boarding house in Fallsburg, Sullivan County, at 4 o'clock one morning is described as "outrageous" by Dr. Haven Emerson, Health Commissioner.

Paralysis Victims Requiring After Care

Paralysis victims requiring after care will be permitted to come to New York, but not until at least one month after the onset of the disease, and then not by train or steambath.

One Hundred and Seventy-five New Cases of Infantile Paralysis

One hundred and seventy-five new cases of infantile paralysis were reported to the Health Department yesterday, a decrease of eight from the Wednesday figure.

All Schools to Open Late

Parochial and private schools, as well as the public schools, are to remain closed until danger to pupils from the disease is over.

House-to-house canvass on

The house-to-house canvass to seek cases of the disease was begun yesterday in Manhattan and Brooklyn.

Boys Given Away as Babies, Return to Mother After 14 Years

Mistreated by Foster Parent. They Say, When Discovered Playing in Berlin Cafe by Ambassador Gerard—Court Fight Now for Guardianship.

Mrs. Edward Dunn, of 305 West Twentieth Street, was reunited yesterday to her two sons, whom she had not seen for fourteen years.

An arrangement was made through Miss Jennie Swezey, of the Bethlehem Chapel, a branch of the University Chapel Presbyterian Church, through which the boys were returned to their mother.

The father of the boys, John Joseph Haggerty, died in 1906 at the Metropolitan Hospital, 174 West 11th Street, where he had gone for treatment, and Mrs. Haggerty, who recovered, married Edward Dunn.

Walter L. Hawley, of the Society for the Prevention of Cruelty to Children, investigated the case, and Superintendent of the Willard Parker Hospital, of 50 West 112th Street, went yesterday afternoon with his family physician to the Willard Parker Hospital.

The little girl was one of eight who offered their blood yesterday to Dr. Abraham Zinger.

Amé Aldred, fourteen, a daughter of the vice-president of the People's Hospital, of 50 West 112th Street, went yesterday afternoon with her family physician to the Willard Parker Hospital.

PROFFERS OF HELP FROM OTHER STATES

Experiments Show That New Treatment Gives Hope for Future.

Amé Aldred, fourteen, a daughter of the vice-president of the People's Hospital, of 50 West 112th Street, went yesterday afternoon with her family physician to the Willard Parker Hospital.

"If my blood can save only one victim from suffering," said the girl, who had infantile paralysis eleven years ago, "I don't mind undergoing the pain."

The little girl was one of eight who offered their blood yesterday to Dr. Abraham Zinger.

Amounts varying from three to eight ounces were extracted from each.

The blood is made into a serum, the action of which is somewhat similar to the diphtheria anti-toxin.

LEAPS FROM TOP OF SINGER TOWER

Tuberculosis Victim Had Notified Detectives of Plunge He Planned.

A body fell from the Singer Building Tower yesterday at noon, and after striking the projecting roof at the thirteenth story landed on the opposite sidewalk of Broadway.

Amid the screams of terrified spectators, a few of whom missed their inches, a traffic policeman calmly muttered, "The movies," and turned to keep straight the traffic that clogs that part of the thoroughfare at noon.

Five minutes later, when Richard Daley, the traffic officer at Cortland Street and Broadway, flashed the news to Headquarters, Detective Callahan hung up the telephone receiver and faced his partner, Detective Bulger.

The two men hurried to the Greenwich Street police station, and after identifying the misshapen mass by paper in the clothes, read to a group of reporters, signifying noon, he addressed to the Chief of Police and the other to Mrs. Natalie Tiechman, the suicide's sister, with whom he lived, at 1153 Simpson Street, The Bronx.

The decision of the railway men to demand an increase has caused some surprise in view of the agreement entered into last October when a small wage increase was granted to the men on condition that they would make no further demands during the war.

The announcement of the unions today gets around this difficulty by asserting that the duration of the war has extended beyond the period contemplated in the October agreement.

Garet Garrett's Business Man's Financial Page

Financial news that every business man wants, written in a way he can grasp quickly and clearly—that's what Garet Garrett gives you every day in The Tribune. To-day, in addition to Mr. Garrett's interesting editorials, read two big articles on the financial situation in two of the fighting countries. "Cashless Trade in Germany," written abroad by a man who is on the ground and knows, and "War Finance in Canada," by S. Roy Weaver, The Tribune's special Canadian correspondent—both are important, as they reveal actual present conditions in these countries. Better place a standing order with your dealer to-day. Tribunes always sell out early, you know. Every day in The Tribune

MOVIE OWNERS FIGHT CITY'S PLAGUE ORDER

Say It Has Put Them on Verge of Bankruptcy.

Six weeks ago children under sixteen were barred from motion picture theaters because of the rapid spread of infantile paralysis.

Leading exhibitors, who control 700 theaters in the city, are now greatly modified within the next month, sixty per cent of the picture houses in the greater city would be forced to close their doors with their owners bankrupt.

Conditions have now become deplorable," Lee A. Ochs, president of the National Motion Picture Exhibitors' League, said yesterday. "The film industry in this city has never been hit so hard before. If theater going were taking in \$100 a day, now get \$20, the proprietors think they are doing well."

CHILDREN CAN'T TRAVEL WITHOUT PERMIT

New Jersey Health Board Makes That Ruling.

Trenton, N. J., Aug. 10.—The State Department of Health today promulgated a new chapter of the Sanitary Code to become effective on August 15, which provides for what amounts to an almost absolute embargo upon children moving about.

The new regulations require that certificates be issued to children under sixteen years of age who wish to travel and that each certificate shall show the date and the hour at which it was issued.

Each certificate must bear the signature of the child and in case it is youthful, of the parent. Working children coming into the state from outside must have their certificates renewed every seven days. This may be done by countersigning an old certificate.

TO FIGHT NASSAU PARALYSIS

Oyster Bay, N. Y., Aug. 10.—A thorough "clean up" of Nassau County similar to that inaugurated in Oyster Bay by Colonel Roosevelt is being started today by Leslie R. Williams, deputy State Health Commissioner.

Dr. George Draper, of the Rockefeller Institute, and a staff of six physicians whose services were secured through the subscription of \$40,000 by the wealthy residents of the county.

Deputy Commissioner Williams stated to-night that there was urgent need for clean up of every section of the county.

Already 175 cases of infantile paralysis have been reported in the county. Two new isolation hospitals were opened to-day, at Hicksville and Roseton, where the disease from Oyster Bay and Glen Cove were taken to the Hicksville hospital and a dozen were taken to Roseton.

It was decided at a meeting to-day of the board of health of Hempstead to turn the poor farm there into an isolation hospital.

PRESIDENT SHIFTS RESERVE OFFICERS

Harding Made Governor and Warburg Vice-Governor.

Washington, Aug. 10.—W. P. G. Harding was designated to-day by President Wilson as governor of the Federal Reserve Board, to succeed Charles S. Hamlin and Paul Warburg, who resigned as governor and deputy Frederick Delano.

ROOSTER OWNER TAKES REVENUE ON PARROT

She and Rival Owner Disagree About Bird Noises.

Mrs. Charlotte Neil, of Riverdale Avenue, Yonkers, recently taken to court by neighbors who complained of her noisy rooster, yesterday adopted reprisals. She obtained a summons for Clarence Schwartz, who lives in the same building, to try to silence his parrot.

Parrot whistling, she alleges, annoys her. First she attributed the disturbance to Schwartz himself, but on investigation learned the offender was the bird.

HOLLWEG IN VIENNA TO CONSULT PREMIER

Will Continue Negotiations Over Conquered Territory.

Berlin, Aug. 10.—An official communication issued to-day says that the Imperial Chancellor, Dr. von Bethmann-Hollweg, accompanied by Gottlieb von Jagow, the German Foreign Minister, has gone to Vienna to visit Baron Burián, the Austrian Foreign Minister, to continue the conference concerning the territory occupied by the Central Powers.

Fall from Roof Kills Boy

Herman Ruben, thirteen years old, of 1709 Third Avenue, fell from a roof yesterday while flying a kite and was instantly killed. The boy was playing on the roof of his aunt's home, Mrs. Mary Karnetsky, of 505 Ninth Avenue.

POPE WATCHING IRELAND

Pontiff Anxious for Pacification of the Green Isle.

London, Aug. 10.—The Irish situation is being followed by the Pope with the keenest interest, according to the Liverpool Post, which states that the Pontiff is most anxious for the "pacification of Ireland." In an article in to-day's issue the paper says:

"The Pope and the statesmen of the Vatican are most anxious for what is described as 'the pacification of Ireland.' This anxiety has been made known to the Irish Catholic hierarchy through the most direct sources and, of course, it has not escaped attention. The Rector of the Irish College in Rome has been in close association of late with the diplomats and statesmen of the Vatican, and has conferred again and again with the Pope's confidants, including Cardinal Gasquet, who has recently been in England."

LOVERING HILL WINS HIS THIRD WAR HONOR

New Yorker Is Again Cited for Conspicuous Bravery.

Paris, Aug. 10.—Lovering Hill, of New York, who is in charge of one of the sections of the American Field Ambulance, has been cited for the third time in the French army orders.

The citation, which is signed by General Nivelle, is for "difficult and dangerous service during the period from June 22 to July 2, in which he showed again the finest qualities of forgetfulness of self and devotion to his service and to his men."

Karl K. Kitchen in Ludlow Street—Yvonne Garrick on Ocean.

Karl K. Kitchen, writer and traveler, is in Ludlow Street jail in default of a \$3,000 bail bond in a suit for divorce brought in the Supreme Court yesterday by Mrs. Mary Oakes Kitchen.

Miss Yvonne Garrick, until recently leading woman in "The Boomerang," is on the ocean, having sailed at noon yesterday on the steamship Cedric.
