

**HUGHES CARRIED STATE BY 118,527**

Canvass Shows That Calder Won Over McCombs by 232,250

**PROGRESSIVE VOTE IS BELOW 10,000**

Parties Must Now Sort to Petition to Nominate

Albany, Dec. 12.—The plurality of Charles E. Hughes over Woodrow Wilson in New York State was 118,527, according to figures compiled by the canvassers of the force and made public today. The canvass did not include the vote cast by the National Guard at the Mexican border.

Guardians of the Mexican border. The million-dollar vote numbered only about 4,000, and thus cannot have any appreciable effect on the result. Acceptable to the figures, Mr. Hughes received 570,116 votes and President Wilson 451,589.

Other results follow: For Governor, Charles S. Woodman, Republican, 548,250; Samuel P. Bush, Democrat, 624,812; a plurality of 161,130. For United States Senator, William F. Calder, Republican, 528,901; William F. McCombs, Democrat, 604,751, a plurality of 75,850.

**Band Issue Carried**

It was stated that the proposition for a \$100,000 bond issue for forest preservation purposes had been adopted and that the proposal for a constitutional convention had been defeated. Although total figures were not given, the canvassers' figures show that the Progressive, Independence League and American parties lose their state party identity by reason of the fact that they failed to secure the votes for Governor required to maintain it. This means that until they poll sufficient votes at a future gubernatorial election they will not be permitted to nominate by acclamation, but will have to resort to the petition process.

**Vote on State Officers**

The vote for the remainder of the state ticket, except for Chubbert V. Pound for associate judge of the Court of Appeals, which was not completed, was:

Lieutenant Governor: Edward Scheer, 588,770; Thomas J. Kreuzer, 624,785.  
 Secretary of State: Frank M. Stange, 517,612; Frank M. Stange, 517,612.  
 Controller: Eugene A. Travis, 717,212; Joseph W. Masters, 6,694.  
 Treasurer: James L. V. B. 338.  
 Maurice S. Cohen, 590,722.  
 Attorney General: Embury, 516,329; William Farley, 612,254.  
 Engineer: Frank M. Williams, 511,241; Henry B. Beebe, 617,630.  
 Chief Judge, Court of Appeals: Frank H. Hiscock, 528,232; Almet F. Jenks, 604,872.

In the foregoing the Republican and Democratic candidates are named in that order in each instance.

**To Tabulate Guard Vote: May Change Results Here**

The ballots cast by the National Guard troops from this city at the Mexican border arrived at the office of the Board of Elections, in the Municipal Building, yesterday, and the ballot boxes were formally opened in the presence of the county chairman, or their representatives, of the various political parties from the five city boroughs. The ballots will not be officially counted and canvassed until December 21, when the Board of Canvassers, made up of the members of the Board of Aldermen from the different counties, meets to tabulate the vote.

No preliminary count of the ballots for the various candidates was made yesterday. The total number of ballots cast by the soldiers at the border was 42,414. These were 1,956 from Manhattan, 1,283 from Brooklyn, 487 from The Bronx, 234 from Queens and 71 from Richmond. The soldier count is likely to change the result in the 10th and 25th Assembly districts, where the successful candidates for the Assembly in both cases won by less than fifteen votes. Friends of Judge James A. Delany, of general sessions, are hoping that he will overcome the lead of 715

**SUFFRAGE TO WIN, HOLLIS PREDICTS**

Senator Says New Hampshire Is Ready to Grant Ballot

**REFERENDUM VOTE WOMEN'S VICTORY**

Election Proved Surprise to Old Line Political Leaders

(From The Tribune Bureau.)

Washington, Dec. 12.—The people of New Hampshire are ready to grant the ballot to women, according to Senator Henry F. Hollis, of that state who confidently hopes that the Legislature this winter will grant partial suffrage and that the constitutional

convention next spring will "recommend to the people a woman suffrage amendment" to the state constitution.

The voters' approval of this call for a constitutional convention was one of the two big surprises which New Hampshire gave the old-line political leaders at the recent election. It had been confidently predicted that equal suffrage would be nipped in the bud, so far as the Granite State is concerned, by the defeat of this call.

In a letter to Mrs. Walter McNab Miller, first vice-president of the National American Woman Suffrage Association and chairman of its Washington committee, Senator Hollis says: "I have been for many years a firm believer in full suffrage rights for women, and my belief strengthens with what I see in suffrage states.

"The past campaign demonstrates that women take practically the same interest in politics as the men, and that their judgment on matters of really vital importance is more independent and more likely to be sound."

**House Committee Hears Miss Addams's Vote Plea**

(From The Tribune Bureau.)

Washington, Dec. 12.—Woman suffrage as an antidote for war was the theme of Miss Jane Addams, president of the National Woman's Peace Party and international president of the Woman's Peace Party, before the suffrage sub-committee of the House Ju-

diary Committee today. Women should have a voice, she declared, in the question of peace or war.

Miss Addams begged the Democratic majority of the committee not to let the states' rights theory stand in the way of the national suffrage amendment. She pointed out that the woman voters had upheld the ideals of the Democratic party, and, further, that the child labor bill, a violation of states' rights, had been passed by a Democratic Congress.

"Our peace party," said Miss Addams, "is composed of women who are interested primarily in peace and suffrage because we believe that women ought to have the chance to vote on the great subject of peace or war, or rather, should vote for the men who decide on a policy of peace or war.

"The question, of course, as I understand it, before this committee now is the problem of a Federal amendment, and one can easily understand that a party committed to states' rights, as is the Democratic party, finds it rather difficult to consider the Federal amendment as such.

"Some of us are very discouraged at the prospect of one state after another referring the matter to a referendum. In New Mexico it would take twenty-five years to change the constitution in order to give suffrage to women. In many of the other states it could not be done without a delay of three or four years. This method merely allows the nation to be in (if I may use the expression) a higgledy-piggledy state in regard to women's voting."
