ALBODON

THE habit of brushing the teeth can be made a pleasure as well as a benefit to young people if parents will furnish them a dentifrice that tastes good and yet is in other respects all that a dentifrice for young folks should be.

ALBODON DENTAL CREAM

is purely a toilet article, and because of a high percentage of cleansing ingredients keeps the teeth whiter and more brightly polished than any other preparation on the market. Show young people how well their teeth can look and they will take pride in keeping them looking well. There is no better medium for this than ALBODON DENTAL CREAM.

Ideal for everyone and especially for the young as it is free from harmful grit and artificial coloring, and never hardens in the tube. The economical family dentifrice because all can use it with safety, and a single tube lasts five or six weeks.

EVERY DEALER SELLS IT. Send your address to The Albodon Co., 7 W. 45th St., New York, for a free copy of "How A Modern Dentifrice is Made," an interesting, illustrated booklet.
