

Manning Fines Craig \$250 in Contempt Case

Penalty Imposed as Result of Sale of \$1,000,000 of Corporate Stock After Injunction Was Issued

Wallstein Advises Court Comptroller Refuses Apology and Says He Will Appeal to Higher Tribunal

Comptroller Charles L. Craig yesterday was fined \$250 and costs for contempt of court by Justice Manning in the Supreme Court in Brooklyn as the result of violating an injunction of the court forbidding the sale of \$1,000,000 of corporate notes of the city of New York.

The injunction was signed February 13. The sale of the bonds was made between February 15 and 17. The action was brought by William J. Schiefel on behalf of the Citizens Union and was argued by Leonard M. Wallstein.

Comptroller Craig, who was present with his counsel, William E. A. Mayer, assistant Corporation Counsel, said he would appeal from the conviction and fine. He was given opportunity to apologize to the court, but remained silent. His counsel, turning to Judge Manning, said:

"Everything the Comptroller cares to say he said in his affidavits answering the motion to adjudge him in contempt. He has nothing further to say now."

Wallstein Defends Charges Justice Manning then asked Mr. Wallstein:

"Has counsel for the plaintiff any suggestion to make?" "The court has found the defendant Craig guilty of contempt of court," replied Mr. Wallstein. "Disrespect of the court and the law is nowadays all too common. If such disrespect is permitted to continue with impunity the end of the institutions upon which our liberty rests is in sight."

"And yet, for the fair name of our city, I would not suggest that this defendant be committed to jail unless he refuses to purge himself of the contempt of which he stands convicted. "At the same time, this court is present the defendant was lamely and remains in the discharge of his sworn duty," has found his attempted excuse "a trifling one," has found that the "failure in his bounden duty" and that he should be held to a strict accountability."

Penalty Declared Necessary

"If, therefore, officials now or hereafter in office are not to be misled into the belief that disobedience of the Supreme Court of this state is a trivial thing, some penalty must be imposed in this case which will stand as a warning. Therefore, I submit that this defendant first be required publicly to apologize to this court."

"Secondly, I suggest that, at a meeting of the Board of Estimate and Apportionment, the defendant Craig present a resolution which will annul all transactions which have been the cause of this contempt of court. "Thirdly, I suggest that the Comptroller be required to pay a fine of \$250, together with costs of \$90 and costs, and that, furthermore, he submit certified copy of the resolution of the Board of Estimate and Apportionment annulling the aforesaid transaction. If he does not comply I suggest that he be confined in the

High Heels and Low Necks Defended by Dr. Copeland

Women Thrive on Silk Hose, Flimsy Raiment, Tight Corsets and Cosmetics, Says Commissioner, in Showing City-Bred Outlive Their Country Sisters

Distressed womankind, whose costumes and cosmetics have been subjected to attacks by local clergymen and aerial bombings by Lieutenant Belvin W. Maynard, "the flying parson," found a defender yesterday. Armed with a thousand word statement, Dr. Royal S. Copeland, Health Commissioner, rushed to the defense as gallantly as any knight errant, and is prepared to fight mightily against all traducers of silken hose, high-heeled shoes, tight corsets, and scant and flimsy raiment.

"Let her wear them if she wants to," proclaims Dr. Copeland. "They're all of them good for her." As for rouge and powder, the defender of the sex is not at all sure he would not use them himself if he were a woman. He admits he is against the use of hair dyes, but otherwise—no word of criticism and many of praise for all varieties of feminine embellishment.

"Bless my soul!" the doctor said. "If the dear ladies want to wear silk stockings and high-heeled shoes, or ought else that appeals to their feminine hearts, let them indulge the desire and forbid them not."

"Powers of Adaptability Unlimited" "There is, after all, something wonderful about the powers of the human animal to live in every condition of civilization or barbarism. Our powers of adaptability are unlimited."

"In spite of doleful predictions, the lamentations of the prophets and all the preachments of the wise, fair women live and thrive, and she has in many ways done so, whether in the modern refinements of dress or in the costumes of antiquity."

Dr. Copeland has not launched his counter offensive directly against the ministerial calamity howlers who have been bewailing modern modes of dress. Instead, he has leveled his lance, primarily, against certain physicians of Paris who have expressed the belief that influenza was brought about by the wearing of sheer silk stockings by women.

"If," he says, "we assume that the majority of Parisiennes who wear the extremely thin hosiery are unmarried women—and there is good ground for such an assumption, which is surely not necessary for me to explain in detail—the utter absurdity of this reported silk stocking theory easily can be shown by figures."

Silk Stocking Theory Shattered "It is not reasonable to assume that the single women are more likely than the married ones to indulge themselves in expensive millinery, hosiery and the

er of non-jail of Kings County until he can sue."

Fine Imposed by Court

Justice Manning then took up the suggestions of Mr. Wallstein one by one, saying: "The Comptroller has not seen fit to apologize. I take it that he is guided by counsel and is standing on his rights. That, of course, he is entitled to do. Regarding the second suggestion, I cannot compel him, so far as I know, to do this. As to the third suggestion, I hereby fine the defendant Craig \$250, together with the costs and expenses of this proceeding."

30% In City Schools, Says Copeland

Survey Shows That Proportion Among 19,000 Children Examined Need Supervision or Medical Care

Condition Is "Appalling" Milk Price Partial Cause, Average Child Gets Cup and Half a Day, He Says

Dr. Royal S. Copeland, Health Commissioner and chairman of the Fair Price Milk Committee, charged at yesterday's session of the committee's inquiry in the high milk price that a recent survey had revealed more than 300,000 children suffering from malnutrition, partially because of the present milk price.

The survey was completed on November 29, the Commissioner said. The children of thirty-four schools were examined and divided into four classes by the examining physicians and nurses. The grades included: No. 1, excellent; No. 2, good; No. 3, needing special attention; No. 4, requiring medical treatment. Thirty per cent of the children examined were included in the last two groups, he asserted.

The figures were introduced during a discussion between I. Elkin Nathan, secretary of the New York Milk Conference Board, the distributors' organization, and Dr. Copeland.

Copeland Tells of Survey "There is no question about one thing," the Commissioner said. "We must have a lower price for milk. I saw a report in an afternoon paper that Loton Horton had taken exception to a remark of mine that 300,000 children in this city were suffering from malnutrition. I want to say that I stand for that statement—that there are 300,000 children or more suffering from the lack of proper nourishment."

"The figures of a recent survey just completed bear out my contention. More than that, it was shown by an investigation conducted by Health Department nurses, veteran nurses, too, that of 19,000 children examined the average child received less than 1 1/2 cups of milk a day."

The commissioner added that the committee reorganizing the present system of milk distribution, which would insure a lower price for milk.

"Let us distributors have the brains, the experience, the power and the money to do something," he said to Mr. Nathan. "We want you to aid us in wiping out the appalling conditions prevalent in this city."

Table Read Into Record Dr. Copeland's table of figures on the investigation was introduced into the record. It reads as follows:

"Results of special survey of pupils in selected schools in the Borough of Manhattan, showing their nutritional status according to Dunham scale:

Table with 4 columns: P.S., No. 1, No. 2, No. 3, No. 4. Rows list various schools and their corresponding student counts for each grade.

Herbert C. Hooks, treasurer of the Nestlé Food Company, testified that a year ago the company was capitalized at \$250,000 and at present its capitalization is \$15,000,000.

ALBANY, Dec. 3.—Milk distribution put on the basis of a public utility was recommended today to Governor Smith in a report signed by twenty-three members of his reconstruction commission. The commission declared that it has reached the conclusion that is the only way to meet the milk situation and secure public confidence in the conduct of the industry.

It says it has found legal precedent that would justify such control, and its legislative committee, in conjunction with the bill-drafting bureau of Columbia University, is having legislation framed to bring about the public utility regulation of the distribution of milk.

A detailed report of the recommendation of the committee and the proposed legislation soon will be sent to the Governor.

The milk situation also was discussed in a letter of Vice-President John D. Miller, of the Dairymen's League, made public by President William E. Dana, of the State Council of Farms and Markets. Mr. Miller calls the preliminary report of George Gordon Battle, Governor Smith's special investigator of the council, as "an attack upon the farmers of the state."

He said that Commissioner Battle had an opportunity to perform a real public service in connection with the milk situation, but that the opportunity was thrown away when he transferred to his own organization "which can only add to the feeling of antagonism that has grown up between the city and country, to allow which should be our every aim."

Sister Is Sued by Heiress Mrs. Emilia E. Sauer, of Kearny, N. J., began a proceeding in the Surrogate's Court yesterday to have her sister, Mrs. Anna Evans, removed as executrix of the estate of their father, Jacob Appell, a real estate operator, who died in 1915. Mr. Appell left an estate valued at \$345,000 and personal property of about \$100,000.

Mrs. Sauer said in her petition she was entitled to the income from one-sixth of her father's estate. Instead of receiving this income, said Mrs. Sauer, her sister has granted her an annual allowance of \$800. Mrs. Sauer also alleged Mrs. Evans had paid from \$25,000 to \$30,000 from the estate to a lawyer, whom she retained as legal adviser in place of their brother, Albert Appell, an attorney and co-executor.

Wanamaker's The Christmas Store

The Thanksgiving Sermon

and patriotic oration stopped at a halfway station and the patriarchal Pastor shot off— "Count your blessings! Sing it!"

And the people stood and sang until the rafters rang— Yes! Count your blessings and re-count them, but do not discount them

The war is over and do not forget it! Give us the Senate plan of new bridges between the nations and all the world will unite together, coming and going.

Give honor to the noble President who conscientiously and laboriously did his best, within an inch of sacrificing his life.

Let US quickly strike General Grant's chimes and "let us have peace."

With the early and final adjustment of the Senate's duties under the Constitution of the United States, the waves of unrest and fear will settle down; business, labor, the railroad situation will be righted and, instead of H. C. L. will begin to slowly restore the good times L. C. L. (lower cost of living), which will surely come along when everybody goes to work again and stops talking and lecturing and holding meetings.

[Signed] Joe Wanamaker, December 4, 1919.

Twenty-five women's very fine Costume suits Originally \$250 to \$575 now \$145 to \$250

These are the finest suits we have had in the Fashion Salons this season. Made of the most luxurious materials—silk duvetyne and peach-bloom, in black, midnight blue, Pompeian red, taupe, gray and brown—trimmed lavishly with lynx, gray squirrel, mole and nutria.

Second floor, Old Building.

BEADED BAGS FROM PARIS Specialized at \$13 to \$35

Last summer when we went to Paris to collect hand-bags for Christmas we not only searched for the most exquisite (very costly) bags, but we made a special effort to assemble a large collection of beautiful bags which we could specialize at moderate prices—namely \$13 to \$35.

Two styles—drawing and with frame—but many attractive designs. Other French beaded bags up to \$500.

Main floor, Old Building.

Song Recital in the Auditorium Thursday at 2:30 Under the direction of R. A. AUGUSTINE First Gallery, New Bldg.

\$6,850 Christmas handkerchiefs for \$4,790

Every handkerchief is of pure Irish linen. Wherever there is embroidery, it is done by hand.

A canvass of the city—made to enable us to save our customers time and trouble—shows that there are no values to equal these in all New York.

FOR WOMEN 6 for \$1 Rolled hem, tape handkerchiefs—a very fine quality. Hemstitched handkerchiefs, 1/4-inch hem.

6 for \$1.45 Fine, sheer handkerchiefs, shire hemstitched, 1/4-inch hem.

6 for \$2 Fine linen with a variety of designs in hand embroidery.

Individual handkerchiefs in two styles, with hand-made initials; every initial in the lot, but not in each style.

FOR MEN 6 for \$3 Rolled hem, tape, old-fashioned handkerchief.

Good size, hemstitched, 1/4-in. hem. 6 for \$4.50 Taped, hemstitched, fine linen.

6 for \$1.50 Hemstitched. Excellent value. 75c each 328, extra large, 1/4-inch hem, shire hemstitching.

Today, Main floor, Old Bldg.

"The Quilting Party" of today is held in the day-time, between 9 and 5:30 in the cosy shop on the Fourth Gallery of the New Building. Here are the loveliest quilts one could wish for, filled with soft down or wool, and covered with silk or satin or sateen in exquisite colors.

Just now we wish to let everybody know that, after long waiting, we are ready with our much-called-for: Wool-filled quilts at \$21 and \$32

They are all full size; all tufted covers; the \$21 quilts covered with Japanese silk; the \$32 quilts covered with an all-silk satin. Beautiful color-tones. And—very moderately priced.

Fourth Gallery, New Building.

A Paris idea applied

to the glass jar for Milady's bath crystals and to the bottle for her eau de cologne.

The clear glass jars and bottles are hand-painted in unique designs and color-schemes—the idea of a famous Parisienne. The jars are filled with the famous

Wahna bath crystals (exclusive with Wanamaker's) in these refreshing scents—verbena, geranium, Melisande, or Ixia—\$7.50 to \$14.50. The bottles, unfilled, are \$3.75 to \$5.75.

Toilet waters in (pinch) bottles An innovation—and quite unique. 16-oz. size, \$5; 24-oz. size, \$6.50. Numerous charming colors.

Main floor, Old Building.
