Flint's Fine Furniture GUARANTEED.

What you get for what you pay—the answer.

All definitions of true economy may be summed up in the return secured for the amount spent. The "cheapest" Furniture is that which gives the lengthiest service—and a degree of beauty in design and finish which returns to the household the satisfaction and pride of ownership that is always felt in the possession of Furniture of intrinsic worth. On that basis

FLINT QUALITY DEPENDABLE FURNITURE

affords unequalled service and full return on every dollar expended.

80 YEARS OF SPECIALIZING

have given us immeasurable experience in the production of Furniture that long outlives the memory of its cost. It is the value represented which, in reality, makes Flint Quality Furniture an economy in every sense.

If You Contemplate Building or Refurnishing

You will feel well repaid by an inspection of our displays. The modest prices we ask in relation to the qualities shown will be a revelation to you in view of today's inflated costs, and the variety of designs in suites and individual pieces is extensive.

THE FLINT GUARANTEE

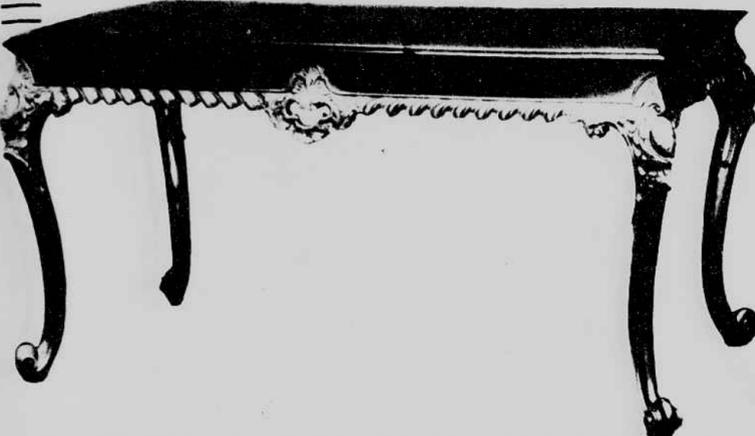

covers every question of quality of materials employed, the integrity of construction, durability of finish and that length of service to which the purchaser is properly entitled by reason of the reputation of our products—and the confidence reposed in us.

WE INVITE COMPARISON

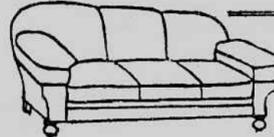

It is the only real test of values. We want you to see our offerings. There is absolutely no obligation to purchase. A visit to Flint's will post you as to what is meant by FLINT QUALITY, and put you in position to draw a parallel between Flint productions and what is commonly offered.

Bedroom, Dining Room, Living Room and Library Suites

in a great diversity of Period and other motifs and in all the woods which have best stood the test of fitness. No matter what general scheme of decoration your home assumes, or what separate room scheme you wish to match, you will find here designs in harmony.
