Both Factions Send Envoys to Rome to Complete Terms; Agreement Reached on Most Important Issues

ROME, Sept. 19.—On invitation of Premier Giolitti the employers and metal workers have sent representatives to Rome to continue the negotiations on the points not yet agreed upon, looking to a settlement of the strike. An accord already has been reached on the following points in dispute: First—There is to be an increase in wages of four lire daily, except that workmen from eighteen to twenty years of age and women above twenty-two years of age receive 30 per cent of the increase, while women below twenty years of age and boys of from fifteen to eighteen years will receive 25 per cent thereof.

Second—A vacation yearly with full pay for all workmen who have served at least twelve months. Third—After three years' service an employee shall be entitled to two days' full pay for each year of service unless they shall have been dismissed as punishment or have left voluntarily.

Provision Made for Revision Fourth—Seventy-five per cent of the increase contemplated in the first paragraph is to be considered an allowance for the high cost of living, and power is to be given to decrease it proportionately in case there is a diminution in the cost of living.

Diaz Gets Final Warning Ordered to Leave Mexico or Federal Troops Will Be Sent to Capture Him

By George E. Hyde

SALEM, Mass., Sept. 19.—Mrs. May Adelaide Milles, daughter of Ariel Milles, wealthy tobacco grower of Tarzaville, Conn., and her husband, Edward D. Milles, of this city, were arrested here today charged with the murder of an automobile.

They were married yesterday and came here in the car, closely pursued by Mr. Mittelton in another car. The police were informed by Milles, who is an adjuster for an insurance company of Hartford, Conn., met the young woman at her home several months ago, became engaged, but her father objected to the marriage.

Yesterday Milles met Miss Mittelton in Hartford, and they drove in an automobile to Thompsonville, where they were married yesterday by the Rev. William O'Brien. They then drove to Boston, where they spent the night, coming to Salem today.

Mr. Mittelton followed in his limousine, and he was seen to advise them at the Salem police station, charging that they had stolen from him the car in which they had traveled. Mrs. Milles told the police that her husband had given her the car last winter when he was going to and from her home and a training school for teachers in Hartford, where she was studying. She met Milles in Boston, and they exchanged only a few words with him. Friends of Milles furnished the \$1,000 bond demanded.

Kincaid pleaded with his wife to withdraw the charge of assault and battery which she had filed. She agreed if he would promise to be good in the future. Kincaid promised.

Kincaid was arrested Wednesday upon information by Mrs. Kincaid. He was released on bail. Justice Swift decided that it was an ideal case to take to a feminine jury, and he set Saturday evening for the trial.

Irish Seize 200 Autos for Arms Raids

Pleasure Seekers' Cars Taken by Armed Bands in Mid-Tyrone; Country Homes Are Searched

MacSwiney Better After Brief Sleep Greenwood Offers No Hope of Government Freeing Hunger Striker

BELFAST, Sept. 19.—With twenty automobiles captured from week-end pleasure seekers, Sinn Féiners in mid-Tyrone Saturday carried out one of the biggest raids for arms in the history of Ireland. Early in the afternoon, when large numbers of persons were starting on week-end tours, a body of men armed with revolvers stationed themselves at the entrance to Gortin Glens, a favorite drive, and held up all motor cars, the passengers being sent to the farmhouses adjacent.

When twenty machines had been captured a gang of 100 masked men, all heavily armed and led by an officer, descended from the adjoining mountainside and entered the cars, the drivers of which, with revolvers at their heads, were compelled to drive the raiders to the country, visiting the houses in search of arms.

Greenwood Answers Irish Demands Sir Hamar Greenwood, Chief Secretary for Ireland, has informed the magistrates of County Louth that he can hold out no hope that the British government will reverse its decision in the case of Lord Mayor MacSwiney of Cork, on hunger strike in protest against the magistrates recently sent a communication to Sir Hamar demanding full self-government for Ireland, with powers not less than those enjoyed by any dominion, and calling for the immediate release of MacSwiney. The Chief Secretary's reply to the magistrates says: "I can hold out no hope of reversal of the decision of the government in the case of the Lord Mayor of Cork."

Guarantee No Interference Detectives O'Hara and McCoy left Hamilton with their prisoner at 6:17 last night. Their departure was preceded by a lengthy conference between Mr. O'Hara, chief of the New York department of justice agents and immigration representatives of the United States and Canada. Joseph E. Alvarez, American Consul at Hamilton, also attended.

Mr. Sloan and the New York detectives had an understanding with the officials that there was to be no interference with Fischer's crossing the border or elsewhere until he reaches New York.

Two authorizations signed by Fischer, one authorizing him to proceed to New York, and the other instructing him to agree to his removal, were exhibited by Mr. Sloan. The barrister said he was not sure that the first authorization was the real authority, but he guaranteed O'Hara and McCoy. Otherwise, he said, he would protest his client's removal and demand a further inquiry into his sanity while he is still in Canada.

In a remarkable interview, the first authorized for publication since his detention, Fischer revealed the inner workings of a mind profoundly learned in the occult and a perfect faith in the conclusions drawn from wide-spread occultic subjects.

In connection with his contention that a violent headache assails him when a catastrophe impends, it was recalled here yesterday by officials who were interviewing him Friday afternoon, only on condition that absolute custody be guaranteed O'Hara and McCoy. Something is either happening or is about to happen somewhere in the world.

Mayor Sends Message to Irish MacSwiney will send the following message on behalf of himself and the hunger strikers in Cork jail to Irishmen throughout the world, thanking them for their sympathy and prayers, according to The Daily Mail: "To-morrow I shall have completed forty years of age. I am thankful to be going without help, my faculties are as clear as ever. I attribute this to the spiritual strength I receive from my daily communion, bringing me bodily strength, assisted by a world of masses and prayers."

Food Prices Take General Drop; Decrease Here Was Six Per Cent

WASHINGTON, Sept. 19.—Twenty-seven of the forty-three standard articles going into the American family market basket decreased in price between July 15 and August 15. In making that announcement today the Department of Labor's Bureau of Labor Statistics made public figures showing that in the thirty day period ending with the middle of August the retail price of potatoes fell 44 per cent and the price of cabbage went down 41 per cent. The drop in sugar prices is placed at 14 per cent; most kinds of meat decreased in price.

Eggs went up 11 per cent in price during the period. With this exception and that of pork chops, which increased 5 per cent, the increases in other foodstuffs were 2 per cent or less.

Police Get Law to Explosive In Bomb Plot; Death Wagon Horse Was Shown in Brooklyn

International Terrorist Plot Seen By Italian Police; 6 Suspects Held

GENOVA, Italy, Sept. 19.—The police are following every clew that might lead to the arrest of the perpetrators of the bomb outrage in the Stock Exchange here last Friday. They feel they may possibly reveal the existence of an international terrorist plot, extending perhaps to the United States.

Six Hungarians, said to be Communists, were arrested Saturday at a hotel alleged to be a rendezvous for radicals. The men had plenty of money but no identification papers.

Two high explosive bombs, similar to the one which exploded in the Stock Exchange, have been found by the police in a livery stable, although so far the persons who hid them there have not been discovered. Attempts have been made to blow up several fashionable restaurants, one of which was located in the Stock Exchange building.

The police have determined that the Stock Exchange bomb had been manufactured recently and for this reason there is some suspicion that it was turned out by a plant operated by workmen.

LONDON, Sept. 19.—Three persons have been killed and six injured as a result of an explosion in the Ionfola Powder Factory at Mantua, says a Rome dispatch to the Exchange Telegraph Company. The explosion, which damaged several houses, is believed to have been caused deliberately.

100,000 Visit Scene of Blast in Wall Street

Financial District Crowded All Day With Sightseers Moving in Endless Procession Under Police Guard

No Vehicles Permitted to Interfere With Pedestrians; Buses Have Big Day

Fully 100,000 sightseers yesterday visited the scene of the Wall Street explosion. Men, women and children came from all sections of the city, and many came from out-of-town.

Those who arrived early were permitted to inspect at leisure the marks of the metal slugs in the walls of the Morgan building, the Sub-Treasury building, the Assay Office and adjacent structures. In the afternoon police and detective force had been posted on the south side of Wall Street and west on the north side.

Small boys without carfare were among those who made pilgrimages to the financial district from considerable distances in the city.

Officials of Trinity Church reported the greatest attendance at services in many years. Many of the visitors rambled about the graveyard inspecting old headstones.

Need British Passports All Ports of Entry Will Be Strictly Supervised; Registration With Police Provided

LONDON, Sept. 19.—The conditions which will govern the entry of immigrants into Palestine, just made public by the administration of the district, are contained in dispatches from Jerusalem today. Each immigrant must possess a passport issued by the British consul of his city, ample proof that he will be able to sustain himself for at least a year, and a certificate as to his physical fitness.

The authorities are believed to have found a clew that may lead to the solution of the Wall Street explosion.

Way Often Open To Solve Crime

The evidence has been unearthed by Fire Department operatives, who in checking up the shipments and storing of explosives within the city and its environs are reported to have discovered certain facts of vital importance.

The authorities are believed to have found a clew that may lead to the solution of the Wall Street explosion.

Dr. Manning Calls on Church To Fight Reds

In view of repeated assertions by powder company officials that no shipments of explosives passed through the heart of the financial district Thursday, and that none was expected by contracting firms erecting structures in the Wall Street district, it is assumed that the department investigators have not been able to account for a quantity of explosives. It is inferred by those in touch with the situation that the missing explosives may have been used in the huge bomb that killed thirty-three persons and injured about 400 others.

Clews Lead to Jersey

There was considerable excitement at the Department of Justice headquarters over the disclosures said to have been made yesterday morning. No details of the nature of these discoveries could be obtained, but it is believed that they dovetail with revelations made by the Fire Department.

He rebuked "intellectuals" for their share in the work of spreading discontent, as well as those who encourage them.

Horshoes Identified

The authorities are not without hope that the fragments of the mangled horse may yet lead to the perpetrators of the crime. Great stress is placed on the statement of a Peterborough, a horse-shoer in the shop of Finigan & Kyle, 85 New Chambers Street, Brooklyn, who says he made the two front shoes of the dead horse two weeks ago. He declared he kept a non-shing album, in which there are very few in this city, and that he recognized his work by the nails, pad, and the distinctive mark his assistant, John Haggerty, put on the shoe.
