# Hoover and Taft to Speak For Harding

## (Continued from page one)

Nationally prominent women will attend, and all told about 5,000 women are expected to participate.

From Chicago 200 women are coming on an special train, there will be another special train from Dayton, Ohio, the home of Governor Cox, and another from Columbus. Some of the other speakers are Mrs. Alice Roosevelt Longworth, Mrs. Corinne Roosevelt Robinson, Mrs. Harriet Taylor Upton, vice-chairman of the Republican National Executive Committee; Mrs. Raymond Robins and Mrs. John Glover South, of Kentucky.

Next day, October 2, Senator Harding will leave the porch for a rural picnic and flag raising at Wilson Corner, Madison County, Ohio. This is a famous meeting point for political rallies. The picnic ground lies almost at the junction of three Ohio counties, Franklin, Madison and Union.

Progressive Answers Cox Governor Cox's assertion in recent speeches that Senator Harding seeks advice only from standpatners and reactionaries and ignores Progressives has been effectively answered by a telegram from Charles Sumner Bird, of Massachusetts, to Governor Cox and comment from the candidate himself.

Mr. Bird was a Democrat until he became a follower of Colonel Roosevelt. Mr. Bird in his telegram said that the opposition to you of such Progressives as Johnson, Poinsette, Beveridge, James E. Garfield, McCormick, Birdwin, Robins, and, in fact, practically all of the Progressive leaders who stood back of Colonel Roosevelt in 1912 and 1916, is a complete refutation of this oft-repeated, misleading and tricky statement of yours.

You, the chosen spokesman and willing sponsor of the Democratic Administration, are the last man in America to deserve the support or the sympathy of any one who has been a member of the Progressive party, or of any one who to-day holds in reverence the name of Colonel Roosevelt.

# Cox, Not Wilson, Running This Time, Governor Retorts

## Explains That No Disrespect Is Meant to the President; Closes His Tour of Kansas With 9 Speeches in Day

WICHITA, Kan., Sept. 30.—Domestic and international subjects were mingled with the League of Nations issue by Governor Cox of Ohio in nine addresses to-day in Kansas. He closed his campaign in the state with a large meeting here to-night at the Forum.

In response to the statement of the Governor referred to on Mexico which was made to-night at the Forum, the Governor referred to the statement of Senator Harding, his Republican opponent, regarding "protecting" American citizens and interests, and added:

"It is one thing to talk about protecting American citizens, no matter where it might be, but when an adventurer goes into a hornet's nest and knows where the hornets are, and the States ought not to send a brigade of soldiers with him."

A man asked why President Wilson vetoed the Volstead enforcement law and the Governor replied sharply: "He gave his own reasons. And let me add, Wilson isn't running for President this year; Cox is running for President."

When applause for his Newton audience subsided, the Governor added that he intended no disrespect "to the man who will take his place in history with Thomas Jefferson and Abraham Lincoln."

Russia, the candidate declared, should be admitted to the League of Nations as soon as its requirements could be met. Asked regarding the league's attitude toward Russia if this nation was a member, the Governor replied: "The league would be compelled to keep her out of Russia and permit the Russian people to work out their own salvation. And Russia will."

# City to Have Plenty of Coal

## Large Supply Due Soon; Price Is \$3 a Ton More Than Last Fall

No coal famine threatens New York this winter, according to leading dealers. While no coal for home consumption has been received at Atlantic tide-water since April, due to the anthracite coal strike, they predicted yesterday that before cold weather New York will have an adequate supply.

Because of railroad congestion and shipping troubles in the West orders have been issued by the Interstate Commerce Commission to fill orders for that section first.

Dealers urged consumers here to buy only what they actually needed for immediate use in order to conserve the supply on hand, promising unlimited deliveries before December 1.

Coal now is selling at from \$14.50 to \$15 a ton, according to grade. This is an advance of \$3 over last fall's prices, and is attributed to the increased freight rates of 40 per cent and increased wage schedules.

Francis M. Hugo, Secretary of State, accompanied Judge Miller at the Rotary Club luncheon and spoke briefly when introduced by George C. Diehl, president of the club.

The gubernatorial candidate is accompanied by George A. Glynn, state chairman, and Mrs. Arthur L. Liver, state vice-chairman. The party will remain in Buffalo to-night and leave early to-morrow for Tonawanda, N. Y., where an address is to be given by Judge Miller. The party goes from Tonawanda to Batavia in the afternoon and to Leroy, N. Y., in the evening.

# Col. Roosevelt's Widow Backs Republican Ticket

## Election of Harding and Coolidge Is Vital Need of the Country, She Says

Mrs. Edith Kermit Roosevelt, widow of Colonel Theodore Roosevelt, whose son Theodore is actively campaigning for the Republican National Committee, yesterday gave to the press, through the committee, the following statement urging the election of the Republican candidates for President and Vice-President:

"The country's vital need is the election of the Republican candidates, Warren G. Harding and Calvin Coolidge. Only will the full measure of Americanism in the next Administration be attained if the people shall declare for the party which holds true nationalism as its high ideal. It is not necessary to forget our duty to our neighbor in doing our duty at home."

"I never before, with such a sense of obligation if we would first bring back our country to its stable place and then try strong endeavor for the general welfare in all lands."
